

Enter a random bar in some random place of nowhere particularly.

Sat a beautiful gorgeous lean girl in glasses sipping down some booze, drinking away the daily woes and worries as they melt away with each sip!

In the corner of her eye she spots a cutie in sight this gothic bottom heavy girl with cup breasts

The girl comes up to her with the reddest face she's ever seen.

"Hi.. um.. your lean beef patty aren't you?" She asked.

"Yeah so what if I was what's it to you stranger?" Patty replied.

"Um.. I'm sure you probably get it alot but I'm a big fan and I was wondering if maybe we could chat a bit? Maybe get your autograph?" She squeaked in embarrassment trying to act cool under the pressure.

Patty usually wasn't the type to indulge in random interactions like this but on this night she was vibing so she didn't care.

"Sure, take a seat!"

"Thanks!" She blushed.

"So chat away!" She responded as she did.

She said her name was Vanessa.

She gabbed about favorite music or favorite workout routines? All the meanwhile patty answered such this one by one with her glossy horny eyes glistening up and down the girls body in a rubbernecking fashion.

She rambled on about little things from trivia to personal stuff the entire time patty could feel the vibe that this lean thick cutie was giving her as she tried her best to hid the factor she was crushing hard as conversation went on.  
meanwhile..

"BARTENDER! ANOTHER ROUND!" patty screamed.

As time went on as they chatted with each sipping, and getting more and more comfortable in conversation. Which eventually that fun would lead to a peculiar question from Vanessa.

"Hey um.. I know it's late and this is awkward but I've always wanted to take some lessons from you, learn some moves and JoJo poses etc." Vanessa explained.

As Patty's ear perked up.

"Would you humor a girl like I  
Me in some late night training?" She blushed.

Patty took deep thought at the girls answer almost going into a thicker like pose doing so.

She wasn't the type to do this.. she thought.

She also was not usually one to be giving private late night tutoring sessions with strange fans she randomly met at bars, but who knows maybe patty was feeling a bit too horny and wanted to try her luck and see if she's could get lucky with this thick goth beauty that was seated beside her? Or maybe it was the booze talking her into bad ideas? who could say?

Either way, Patty was feeling confident with the decision at hand, giving Vanessa's answer a surprising "sure, why not?"

But the following answer she would give would lead them both into the craziest night of their life's!

With that patty suggested the two of them at least go somewhere more private to work out and "train". Leading to both of them heading out of the bar together in hunt of the perfect motel room to exercise in.

The two of them got into Patty's car  
And drove off into the night Patty's mind still racing as she wondered if this was a good idea or not? But yet shrugging it off because of horny stimulus and the booze got her too fucked to think clearly otherwise. Vanessa continued to chat.

"I can't wait to get those lessons, it's gonna be fun! Vanessa exclaimed.

Oh I'll definitely teach you a personal trick or two of mine before the nights up! Patty winked.

Vanessa blushed, hearing the softness in her tone she knew what patty had in mind. Vanessa wasn't dumb she hasn't said anything but the whole night she's caught a majority of Patty's advances and glares towards her and to be honest she'd be lying if she said she didn't feel the same. Vanessa's kinda had a crush on the tik tok star ever since she first laid eyes on one of her videos some time back, and when her eye caught glimpse of her as she approached her in that bar her Brain had been racing with horny thoughts too. Her utmost deep fantasies just playing on repeat! But what she couldn't imagine is before the night's end one of her deepest dreams would come true!

With that they eventually reach their destination. A place far off in the middle of a nowhere highway where the two could train in peace. Patty heading up to the desk as Vanessa waiting outside for her to book something and grab some keys.

Patty heads out of the front desk room, The two of them grabbing there bags from the car as they started their journey to there room all the meanwhile Vanessa couldn't help but stare at patties lean tight ass and long lengthy thighs whenever she got a chance to glance as both girls were in a pretty hazy state from the booze still in there system.

The girls arrive, patty placing the key into the door. And with a turn the door pops open and Vanessa hops in first as Patty gets a good look at her plump jiggling ass as her bubble butt bounces in. Patty unable to contain her excitement and bites her lip a bit at the dirty thoughts racing through her drunk horny mind.

It was then the girls unpacked, setting their bags inside the bathroom as Patty stepped in to change.

Vanessa playfully waited in excitement as to what. Who knows as she sat her thick thighs upon the bed, her feet nervously kicking as she did. The anticipation was almost killing her as just then patty stepped out the bathroom.

"Forgot my gym clothes bag" she said as Vanessa practically lept back in awe as the sight she was met with was stunning and jaw dropping as patty was completely nude head to toe! (except her glasses.) Vanessa's eyes practically popping out her skull, as her face turned tomato red in excitement! Patty glanced over realizing the obvious.

"Oh! My bad. Not used to changing with people nearby, but what do you think? Like what you see?"

Vanessa gulped.

"Giving that red face of yours I could guess that's a yes" patty deducted.

Such a glorious sight Vanessa thought her eyes locked in at every glorious bit of this goddess from her perky breasts resting on top of her perfectly toned abs, down to her tight toned pussy leading down her muscular legs!

as her bare feet patterned across the carpeting inching towards Vanessa in a slow yet sensual tone, gaining closer and closer as Vanessa's heart began to race! The beat growing louder the closer she got until she was clad nude and inches away from her face, her eyes jotting downward to only be met with Patty's titties flopped below her face and her thighs resting that tight pussy into her lap. Vanessa was frozen in fear and arousing bliss as Patty leaned in to seductively grabbing her arm as she whispered deeply into her ear.

"You know we could skip all the training and get straight to the fun stuff?"

Patty pulled said arm close to her groin placing said girl's fingers deep into her slit before blushing and moaning deeply.

"But I did promise you some training though.." she moanfully whined.

"So being a woman of my word you just gonna have to wait till after gym hours to get this Golden goose!" She winked.

Seductively removing her fingers, patty hopped off Vanessa's lap, her tight toned ass walking away as she bent down in front of her to grab her shorts and sports bra..

Vanessa sighing as her heart beat slows only to race once again as she too changed into some sporty goth attire as patty put her through rigorous training throughout the next two hours!

It was a exhausting time yet every minute of it Vanessa's mind flooded further with her dark horny fantasies glancing them all at Patty as each thought aroused her more than the next.

The two hours would pass as Vanessa would announce..

"I think a break is needed."

"Fair enough," Patty responded.

"I'm just gonna get in a few more push ups really quick!"

She would then grab a towel and move off to the side.

Vanessa drying the sweat from her brow as she was eyeing every pose and movement that she made her head glaring and she gulped hard as her eyes traveled up and down her lean form as she bent and moved her feet propped up on her tiptoes as she dove downward to the floor her ass perked up in the air as her head dived down revealing every inch of her abs flex as she dove as low as possible before uplifting from said pose.

It was then after shaking off the sweat from her workout that she walked over slowly wiping away the sweat from her glistening abs before asking Vanessa

"Hey do you think you could grab me a water out of my bag?"

"I.. um.. what?" Patty again looking at with a puzzled face as Vanessa was still starstruck by her beauty before regaining composure and shaking it off.

"Um.. yeah no sweat!" Vanessa exclaimed.

Vanessa walking into the motel bathroom tried to calm herself from walking away from that godly sight! Meanwhile the wheels were turning deep inside Vanessa's head as little did patty know this whole night she wasn't the only one with ulterior and horny motives!

As Vanessa reached deep inside her inner pocket pulling out a small sugar like drink packet of some kind which only read "Air force energy" in big light blue lettering. Something devious was afoot as Vanessa opened up the water bottle (at first taking a sip to avoid suspicion.) Before dumping the tasteless contents inside as with a quick shake the blue tone of the water turned crystal clear as Vanessa topped the cap on it before heading back outwards to patty.

"GREAT! you found it!" She said as patty outreached her hands to grab the bottle with the unknown mystery contents placed inside.

"I hope you don't mind? Was a little thirsty myself so I took a sip." Vanessa exclaimed.

"No worries" patty at this point having no suspicions of the gothic girl as the night has dawned her pretty trustworthy up to this said point.

Til was then Vanessa's eyes begin to glow as she watched patty chug down this former water turned mystery fluid as her body glowed covered in glossy sweat as deeply internally Vanessa had the most devious grin of all time!

Patty had pretty much downed the entire bottle of water in seconds exclaiming "AH!.. THAT HIT THE SPOT!".

as Vanessa's anxiety grew over whatever was gonna happen next. At first it wasn't much patty did notice feeling quite full after the chug as the pressure would only take pace and increase? As the next sign to rear it's ugly head was the burps as patty had this sudden uncontrollable urge to belch? (as embarrassing as it was.)

But within the delirium and light headedness she felt as this nauseous feeling flowed over her just as her suspicions of Vanessa took hold the final sign started as right when patty asked her directly in dizzy haze "what did you put in my drink?"

Patty's only returned response was a devilish grin as Vanessa's smirk could no longer be held back as within the moment of that demonic smile patty was meant with a shocking revelation as..

"GURGGLE"

"BLORP"

"BLOOOMPPH!"

As Patty's belly began all kinds of sounds before a large swelling swoosh followed by a audible hiss took hold as looking down at her abs Patty's lean tight six pack began to balloon! As Patty's belly began to rapidly swell like a growing party balloon being blown up fast! As her muscle definition slowly began to soften into a round soft yet tightening pudgy as she would grab her growing flap in shock as it beach balled in her hands.

"WHAT DID YOU DO TO ME!" she asked.

As Vanessa replied with "must have been something you ate?"

Before Patty's eyes glance over. "THE WATER!" she realized.

"But why?" She tried to ask but was cut off by the weight of her ballooning belly as it caught her off balance with it's ballooning size causing the tictok fitness trainer to fall back onto the hotel bed.

As she could no longer see her feet from her massive guts size patty could still feel something was off as Vanessa watched in glee as her once toned thighs began to swell and fatten like the round balloon cones they were becoming, patty could also feel as her cheeks would cause her to slightly rise off the bed. Her boobs also following in growing suit as both flesh mounds above and below her expanded like soft ballooning pillows, but acting almost sloshy as if slightly filled with water?

Patty tried to regain her balance as well as her composure as she asked Vanessa once again.. "Why?"

But Vanessa's response had no real motive, you see, Vanessa wasn't lying about the geeking out over her and the goggling eyes as she helped train her. But when Vanessa had this one rare opportunity of having her celebrity crush right in front of her. (as well as coming to the realization she had that packet.)

It was almost like something clicked in her head that this must be fated! Again Vanessa had no guarantee whatsoever it would work! But when she was down partying in New Orleans some time ago she came across a strange magic shop! Now Vanessa wasn't a big believer in magic but the shop intrigued her. So she decided to pop on in and give everything at least a once over look by. As the moment she stepped in the doors her eyes glazed over artifact after amazing artifacts! (Half of which look like they should be in a museum!) The shaman welcomed her.

"WELCOME TO MY SHOP OF SPECTACLES DEAR GIRL! I HAVE THINGS FROM BEYOND WORLDS AND DIMENSIONAL DREAMS! ALL YOU BUT HAVE TO DO IS LOOK!" HE EXCLAIMED!

"Well I'll surely let you know if anything catches my eye" she winked.

But sadly nothing really did? I mean yeah there was a lot of cool looking stuff! But not of which seemed useful. She pondered for a while but it wasn't until she was about to leave that something did catch her fancy at the counter she saw some packets in which she asked the old man.

"Excuse me?what are those?"

"These just energy packets, my dear nothing special!" He retorted.

Even so it was at least in Vanessa's eyes the most practical seeming item she's come across..

"How much?" She asked.

"Are you sure about this sweetness as these energy packets aren't for the faint hearted!" He asked.

"Yeah I could definitely use a pick me up lol" she said

"Well just warn you at least you see this energy drink mix here it will make you light on your feet! Drink this and you float past any competition! Just remember use only a salts pinch at a time as you may receive some unwanted bloating effect!" He explained.

That word "BLOATING" caught her eye most you see Vanessa had a little known inflation kink. She'd dream of making others become big fat huge balloons or even becoming one herself! She'd fantasize about expanding all day in different forms, different ways!

Ubering out with a firehose in her ass? Or maybe floating in the local parade as a spectacle for all to see!

As you see she had actually forgotten about these packets leaving them sitting around in her pockets for some time!

And remembering those words bloating the shaman told her on this night of all things! Got the head wheels turning!

So when patty asked, she explained such things to her in detail but then ended her reply with "motives are in sequential".

Meanwhile, Patty just kept freaking out over her expanding mass. As the horny troll that was Vanessa was ecstatic! Watching her grovel and panic in embarrassment as she swelled. It was fuel to her horny bliss fire! But watching wasn't good enough as curiosity consumed her!.. she just had to touch!

"HEY, WHAT ARE YOU DOING!" Patty screamed.

But Vanessa had no response she was just lost in the softness of Patty's expanding, pushing her hands deeply into her rubbery belly, surprised by the touch of what felt like air filled marshmallow fluff as she played and squeezed this mallow consistency to her heart's content!

"HEY, STOP THAT!" Patty squealed.

"Well you were the one who wanted to save the fun stuff til later? And mmph you're soon soft!, I can't help myself!" As Vanessa pushed Patty onto the bed, plopping onto of her groping and kissing to her utter delight as patty just watched in fear as each toss and turn left her body to bulge and squeak in all different directions yet all the same those fears we're mixed with arousal from each sensitive touch and squeeze the thick gothic delivered as with each bit of new growth her sensitivity grew making her highly warm yet slightly wet, and the more time would go one things would increase harder!

The kissing increased, as Vanessa was licking, groping, and tounge fucking everything in sight! One hand squeezing her bloated balloon of a boob, the other feeling up her fat thighs as it climbed downstairs to finger and flick her bean which only flustered patty more! Vanessa's using her teeth, grabbed one side of her sports bra. Pulling it down off her her swollen breast, quickly removing the hand the was groping the other so she could pull her nipple closer. All the while still having one hand deep inside her puffy inflatable cookie jar, which now felt like a blood pressure cuff as it closed tightly around her hand. vanessa wrapping her lips around pattys nipple as she tickled and licked it deeply with her touch, her teeth biting softly to hold grip as her lips lock around it. Patty bloating looking down in wonder what this crazy girl was gonna do next? As a deep inhale met the nostrils of her nose, as Vanessa too a deep exhale! Her cheeks puffing outwards as the flood of gas entered her nipple, Patty's eyes widened in shock as she kicked her feet to try to kick her off, only for her to stop in flusher as that sensitivity caused her bloated toes to curl!

The pressure was enough to cause her boob to shoot out in growth! As it's inflation became uneven from it's twin, her already bloated bbw arms fattening up further as the pressure increased ten fold! Patty at this point trying to smack and dislodge her lips from there place! But the more pressure that increased the more she'd be pushed back as her arms were being slowly pushed back from the air inside her, until she had no give Left! as strong as her muscles were, the air was stronger pinning them outwards into their traffic cone shape.

Vannesa meanwhile kept puffing as patty grew, watching and hearing as her fingers plunked and fwomphed, one. By. One.

As they puffed like sausage's until her

Hands became round like Inflated rubber gloves. Vanessa too noticed that Patty's puffy feet had the same effect happening as each to plumped and thomphed one by one into place. Vanessa unplugging her lips from Patty's nips. Slowly removing her other hand as well hearing a overstuffed patty moan in delirium as they came out all slimed up with her juices.

Her top hand slipping up and down from her body, while her lower slide upwards from her fat bloated thigh cone, and upwards to that tight drum of a balloon Belly in which both hands would meet. And squeeze! Vanessa pressing her hands and arms tight and softly into Patty's bloated star shaped body, each press causing patty a horny yet nauseated feeling..

"BUHP!.. please stop, I think I'm gonna be sick!" Patty exclaimed, trying not to throw up what would assumingly would be streams of air.

Vanessa plopping down on top of her causing a already bloated and gassy patty to burp even more.

"Nnuuh sugar plum, don't even think of flying around the room on me!"

"I'm not done having fun with you yet!" The devious girl smiled her body slithering down Patty's bloated stay puffed airbed of a Balloon form, as she snakely slithered off the bed and on to her knees on the floor. Vanessa's head now inches away from Patty's puffy gas filled pussy lips, as she could see the pitters of air sprouting out as both her pussy and anal regions were softly and leaking air.

"Well look at this my giant blimpy toy has been trying deflate on me already! Can't have any of that now can we?" Vanessa toyed with her in a teasing voice,

as patty moaned in haze "No.. what are you planning you balloon harpy!"

But Vanessa just chuckled with a soft horny lip bite as her head pushed closer as she could now hear the faint sounds of hissing sounding like a squeaky deflating balloon with its volume turned low, Vanessa giving her lips a wet lip as she placed them firmly over Patty's puss. Sending shivers down Patty's spine as she felt the softness against her clit, Vanessa then violently plunged her finger deep into Patty's asshole! (sticking her pinky into the other)

As Vanessa began to lick and suck her inflated lips her tongue a tornado against her puffy swollen clit as Patty's body was sent into a whirlwind spiral of moans and deep seeded arousal from the swollen sensitivity of her nethers. Vanessa darting her tongue deep inside her as Patty bit her swollen lips as her entire body quivered! Vanessa panting heavily as she slurped up what leaked out. The panting raising in intensity as with each huff she has to inhale more and more until finally what was a ferocious huff for breath, became a puff! As Vanessa started blowing deeply inside Patty's pussy as each huff became a larger puff than the last, Patty's body becoming flooded with air once again as the poor balloon girl began to swell heavily once again! Her stay puffed star shaped body now ballooning fatter faster! Her belly on a swelling rampage as it's goal to become queen of her body, her limbs and arms absorbing into her form until her arms and legs were puffy little cones and rings of air filled fat. She was rounding out into more of a orb shape as with nowhere left to expand it began to stretch andorph to whatever shapes suited it. The puffing would deeply intensify for ten minutes straight! Patty moaning in loud aw the entire time as between the air being pumped into her, and Patty's tongue still erotically licking

her clit every which direction patty was helplessly consumed by arousal! Until finally Vanessa halted, disconnecting her lips from Patty's orifice, desperately grabbing her pussy lips like that of a balloon neck as to try to stop the air escaping. Reaching deep into her pocket to grab the her exercising hair ties, taking the very strong elastic straps and tying her pussy shut as to keep the air from escaping. As with a tight pull of and slap, and a deep moan from bloated patty.

Her lips were sealed right with little to no air escaping them. Hell! Patty couldn't even cum anymore without it shooting back up inside her. Vanessa pulling up her thinly stretched up before she stood up, roly patty off the bed like an oompa loompa rolling a blueberry, or a human rolling a oversized beach ball.

Patty making nauseated horny moans and burps the whole time as her body was trying to find relief and release any which way it could. Vanessa finally plopping the girl upwards into the floor.

Patty was a sight to behold! Towering over Vanessa in bloated height, her bra and panties now fitted back into place as her shorts now looked like thinly stretched panties over her tight inflated pussy lips.

"Wow just look at you, a big fat orb fitting for a parade!" Vanessa gushed in awe of the once toned tic tok fitness enthusiast now a taut and big balloon plopped out in front of her! Rubbing her hands all over her body as it still creaked and groaned

Aw.. looks like that the magic powder worn off.. don't worry I have more!" As Vanessa reached for another water bottle popping one of the last packets in her pocket shaking it up into the bottle but first..

"Hold on, I'll be right back!" Vanessa exclaimed!

Patty watch her eyes dotting around the room watching Vanessa's movements with worried moans as she muffled.

"What the hell are you doing you not you balloon obsessed freak?!"

"Me?" Vanessa replied.

" Well I figured it's been a few hours hasn't it?" As she rummaged about.

"Don't you think your followers would be curious for an update?" She screamed from the bathroom digging through Patty's bags for her phone. The girl saying "FOUND IT!" As she dragged it back into the other room.

Patty exclaimed. "You'll never get past the screen lock!"

"Good for me I already figured it out in the bathroom before as I got your water! Plus it wasn't hard. I mean I was with you all night and I've gotten more than a glimpse of you opening it!"

"Shit!" Bloated patty thought.

As Vanessa quickly and causally went straight to starting a stream?

"Now what should I title it?" She pondered.

"I know! How to work off that parade day helium!" She giggled.

"Please don't.." patty cried.

But Vanessa replied. "Already done!"

As a stream was started..

Followers and people popped in.

Everyone wondering in anticipation of what was up? Who was this lady? What was that big fat balloon in the background?

"Hello ladies and gentlemen! It is I your guest streamer Vanessa! Your probably wondering a combination of things right now! Where's patty? What's this balloon thing? Well you see this balloon thin IS PATTY!" Vanessa explained.

The chat flooded wondering what the fuck was going on?

You see THIS is my doing, well a little late night romance gone far kinky I guess you could call it? As for specifics no need to go through all that again but all you need to know is. your precious patty is now a balloon, she's taut full and super fun to squeeze! And what I want to know most is what you think of her, and what do you want me to do to her?

A flood entered chat! Dumbfounded at the possibility of how possible this even was? Others in awe at the sight before them. Some concerned for Patty's safety while others so this as another weird tik tok publicity stunt probably something to promote weight loss or some shit?

Meanwhile Vanessa's eyes were glued to the screen in bliss at all the things being said! Patty felt fear at the reaction on her face. And humiliated at the thousands and what there probably saying!

Wow! you should read some of these texts

Pats!

Cornstew69 said: holy crap she's huge!

Onionfunion replied: Yeah I know she's no lean patty anymore! More like a big Mac!

Sockconspiracy Said: Still not convinced this isn't some weird ai fetish thing?

Overlyworriedpanda worryingly replied : Well just how big can this beefed up sandwich get?

Cumloadlord snarked: No idea but I like it, stick her with a pin! MAKE HER BIGGER!

Aw you see they just love your new bloated state!

Mmumphh... patty sighed depressed with embarrassment like she's never felt before in her life

Tears forming on her face as from humiliation.

"Aw look at them Pats! They wanna see you bigger! You think we should give them what they ask for?" Vanessa grinned.

Patty moaned in protest "NO STOP!"

As the chat disagreed, chanting with balloon emojis confirming to Vanessa what they desired most!

"Well, I have to give the people what they ask for!" Vanessa smiled.

Her followers watching helplessly in anticipation as Vanessa tormented her.

as she started climbing Patty's round mass and plugging it deep into her fat lips as with no way to stop it, Patty violently protested, closing her lips denying it's entry before it final broke entry, then trying to mumble and scream as she tried to spit it out but could only just watch as her body chugged it with ease! Patty's body taking a volunatile reaction to its ingestion as she began to vibrate underneath Vanessa as a violent hissing noise followed Patty's body beginning to rapidly inflate once again!

Vanessa eyeing patty up and down as she stretched beneath her, her eyes glaring at every ounce of ballooning flesh as she grabbed it by the handful in glee! As the vibrations sent her arousing emotions in a spiral! Vanessa's heart began pounding ever louder once again with each cute and rubbery squeak Patty's body made sending her into deeper lust! Her eyes glancing at her cute red puffy cheeks all full like a squirrel collecting nuts for the winter as the extreme air pressure forced them forwards. Vanessa couldn't hold back the urge anymore, She was in love! Love with her very shape. Her head inching closer as her breathing got heavy at

the thoughts racing her mind and in the heat of things she grabbed deeply onto those fat cheeks, her face planting itself deeply into her swollen head, as another sloppy lip locker session began. Patty's eyes in shock with her loud moans of protest becoming ones of passion as her eyes lit up from the soft touch for the goth girl's lips, as Vanessa sucked and tongued her deeply. The moans sending the phone chat on fire with horny comment after horny comment! as at this point both girls were locked in the heat of passion!

Vanessa grinding and practically dry humping her workout obsessed balloon giving her face the workout of a lifetime! As patty's flesh continued to grow, groaning louder as the pressure from Vanessa's powdered concoction was potently filling, but Vanessa was about to increase the intake as the girls air intake was deepening onces again! As Patty's lips were met with a swift exhale as Vanessa blew deeper and deeper into her.

Now the expansion that was doubling on overtime patty was taking twice the intake and pressure into her body, rapidly ballooning and taking up room fast!

Patty forced to watch from the corner of her eye as her stream was getting a full view of it all with half the comments section being horny toads, while the other comments flooding in were mocking her! Calling her fat, useless, a blimp fit for a parade, some just chanting POP,POP,POP!

While others joked that they were about to pop all over their screen!

Patty's moans were filled with a mixture of things. anger at what's been done to her, sadness over her body shape she worked so hard and strived for being ruined

But most of all two that remained strong was the embarrassment and shame of her fans watching become this round shaped thing, a playtoy for someone's desire. And the other a rage of hormones fueled from the pressure that made her unbearably aroused! Not to mention this gothic beauty knew how to hot her buttons in all the right places. She didn't know what to feel at the sight of this beautiful face. Anger and despair? Desire and satisfaction?

Patty was in a whirlwind of flooded thoughts as the hissing finally drowned out some of that noise.

Her body would groan, her shorts, now panties as well as her workout bra were now paper thin! Stretching like string and tissue paper against her skin. And there constancy just as thin like tissue paper. As tears would for in the fabric as it began to rip apart from the strained pressure until..

"SHHRRIPPPP"

"BWOOMPH!"

exploded into confetti!

Good news for her at least is that wouldn't be glimpsing anything for long as the pop and would cause a kick to Patty's belly from Vanessa being startled and would in chain reaction cause Patty's flesh to bounce into the table holding it causing the last sight that to have to see be the phones tumble downward and a quick glimpse of nudity through the underwear rain before the screen shattering and breaking!

Vanessa letting loose a moment to curse.

"GOD DAMNIT!"

before realizing "SHIT!" as by letting go Patty's lips started rapidly losing air. With no way to pin her without her deflating Vanessa would just have to accept streaming this bliss any further as a lost cause, instantly going back to puffing what air she had lost and beyond. As her movie now was bigger! Like anyone inflation obsessed Vanessa wanted so desperately to see her grow! While some have their limits? Vanessa was one who was a hardcore believer that bigger is better! And anything else outside that goal was just a distraction

So she continued further each new puff and bloat changing Patty's form and filling her bigger than the last turning her into a party balloon of a mess as every part of her ballooned all over!

Patty trying any last pleas of reason!

"Vannneffa stopph! Towo fullph!"

But any plea fell on deaf ears as she was a woman on a mission!

Her body trying so desperately to contain a state of frame eventually lost its tug of war, as patty skin was too thin to strain. And with no fight to give it allowed infinite growth without struggle. This in turn causing patty to uber all over as her body tried to spring leaks a final fighting Chance against the growth! Patty's oversized nipples trying to compensate the most for the pressure by streaming out lactating large amounts of air being flooded into her as well as milk! But Vanessa was having none of it!, As she reached and stretched her legs till her toes meet the holes, plugging her big toe into each one of Patty's leaking boob gaskets, essentially plugging up what little her body was trying to stabilize all meanwhile never stopping her puffkiss assault as she continued to chug gallons down the once lean patty

There was nothing more she could do. Only await the inevitable

Her body swelling to Max capacity!

As between the power of that powdered drink mix and the lungfulls received from Vanessa all patty could do was helplessly Uber filling the room like the amorphous mass of a balloon she was becoming.

It was a pretty big room too! So needless to say she had plenty to fill!

But her body was showing signs of wear as her once light tan skin was now becoming a translucent mess as Vanessa moaned into her with each puff consumed by the horny rage deep inside her she was painfully unaware at just how big she had blown her, only conscious thought was

MOREEEE!!!

BIGGERRR!

CONSUME ME WITH YOUR TAUT SOFT FLESH!

These thoughts and more roaming through Vanessa's mind as Patty's was just gone! No longer able to feel pain or anything at this point, barely able to even moan anymore, her eyes locked on deeply into Vanessa, only thoughts internally passing her head was "how much more?"

"Just how much can I hold?"

All she knew was her skin was pass the point of return, her only other thoughts being the same as when she met Vanessa..

"Damn this girls cute!.."

But another pounded her in anger  
Wondering how she'd feel in her shoes!  
Yet also thought..

"I bet she'd make a cute balloon too!"

All the while Vanessa was still huffing and puffing with fury! Patty starting to feel a tingling sensation as suddenly her entire body violently wobbled. Vanessa noticing as it nearly threw her off Balance, yet she just gripped harder shrugging it off, as the vibrations felt like she was resting up on a giant parade balloon sized vibrator against her loins. the only distraction if gave was making her wet and hornier, in turn causing deeper puffing giving her a second wind of sorts.

All the meanwhile balloon beefcaked patty was just taking, and taking, and swelling, until her eyes shot open as if a deep sharp pain filled her all over! The only feeling she's had for a bit of time now? It was enough to finally cause her to scream out a deep loud moan of agony!

Pain so sharp, creaks so loud, deafening both girls ears til Patty's body rapidly swelled like a bunny eating pancakes until..

KADOOOOOOOOOOOOOOOM!

Patty's body shattered! Rubbery bits and such, splattering the entire walls in mayhem! Shooting Vanessa back like a bullet until she smacked the walls, dropping to the floor with her legs spread, pants soaked as she final cummed from the shock, and as the haze cleared a fear flooded her face..

Crap! I popped beef patty!

TO BE CONTINUED!

in Vanessa's rude lean awakening.
