Psychiatric Evaluation Note

Patient Name: Ibrahim Elbially

Record ID: 22■IB■041

Summary of Presentation:

Patient reports experiencing multiple internal voices providing unsolicited commentary. Speech characterized by persistent high velocity yapping accompanied by a distinct cosmic sparkle in the eyes. Patient additionally asserts that he invented the greatest non-digital game ever created, which was subsequently stolen by a time traveler. General delusions of grandeur.

Assessment:

Expressing sustained frustration regarding alleged temporal intellectual property theft.
