

# Benjamin Fulford: Weekly report from 04.11.2024

*This article represents the opinion of the author only.*

## **Remember, remember, 5th November: This is no ordinary election, we are literally fighting for our lives**

The election that takes place tomorrow, November 5, 2024, is no ordinary event, as most of us know. Interestingly, November 5 is the date of the gunpowder plot to blow up the entire English government. The mask of the man arrested for this plot, Guy Fawkes, is today a symbol of resistance against the Khazarian mafia.

This is literally a fight to the death against Satanists who want to kill you, your family and your friends. They plan to do this to reduce any survivors to the worst possible slavery.

You must be able to tell your children and grandchildren that you fought for them that day. You can do this by physically going to the voting booth and voting to unseat the satanic Kamala Harris. If they steal the election, then you too must take up your weapons and prepare to defend your loved ones.

This is not an exaggeration. This author was raised an atheist and discovered

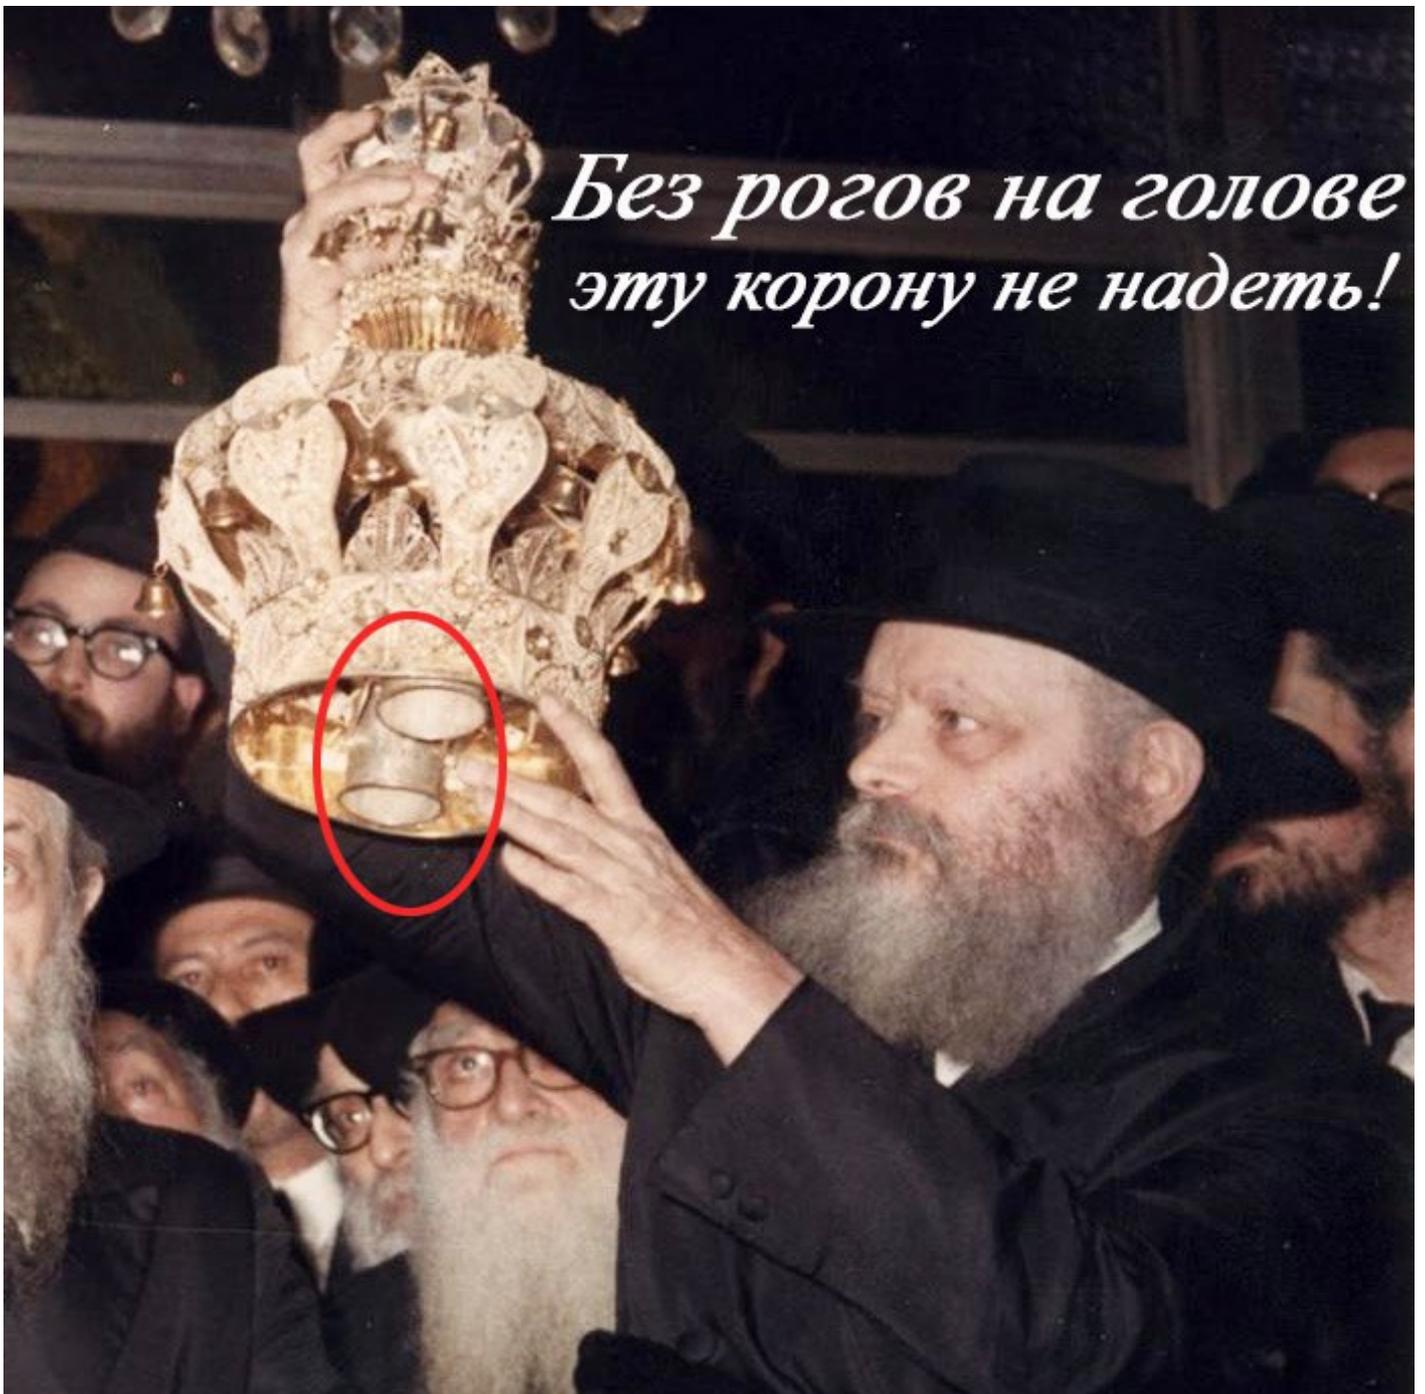

through real-world reporting and forensic fact-checking that the West is ruled by a satanic cult that wants to kill most of us.

Our Mossad sources and people like Candace Owens confirm that Kamala Harris is a "Syrian Jew." That is, she is Assyrian. The Assyrians worshiped the god Ashur, also known as Baal and Satan to Jews and Christians.

Her husband, Doug Emhoff, recently said, "When Kamala walks through the door [of the White House] at the end of the day, there is a mezuzah attached to that door."

According to Mossad, Emhoff is a member of Chabad Lubavitch. Rabbi Menachem Mendel Schneerson, the founder of Chabad, is pictured here wearing the crown intended for their Messiah.

Notice that it was built to cover horns. This is because they literally believe that a horned Satan will come to rule this world. They also believe that Moses showed up with horns after receiving the Ten Commandments.

Remember, these people want to kill 90% of humanity and enslave the rest. That is what we are fighting against.

Also, remember that Kamala is just a facade. The entire Biden cabinet was filled by members of the Council on Foreign Relations, which is controlled by the Rockefeller family. They are also Assyrian Satan worshipers. They rule from Switzerland with their Octagon Group Politburo. These are the ancient Pharaonic and Babylonian bloodlines that have treated other people as slaves for thousands of years.

They own the UN, the WHO, the Federal Reserve Board, the transnational corporations and most other "globalist" centers of power. Since they stole the 2020 election, they have been trying with all their might to kill us with bioweapons and vaccines. Their goal was to force the world's governments to submit to the WHO pandemic treaty, which they privately own. This would have allowed them to turn the world into a satanic theocracy where all dissenters would be sent to concentration camps and killed.

They are extremely powerful and are now literally fighting for their lives. According to our sources, there are about a million members of this cult in the US. They are desperate because they know that if they fail to steal this election and enslave Americans, they will face long overdue justice.

The scenario they are planning is obvious. They have published statistically impossible polls showing a dead heat between Kamala and Trump, trying to fool people into believing that Donald Trump lost a close and fair election.

<https://www.theguardian.com/us-news/2024/nov/02/what-polls-mean-so-far-trump-harris-election-voters>

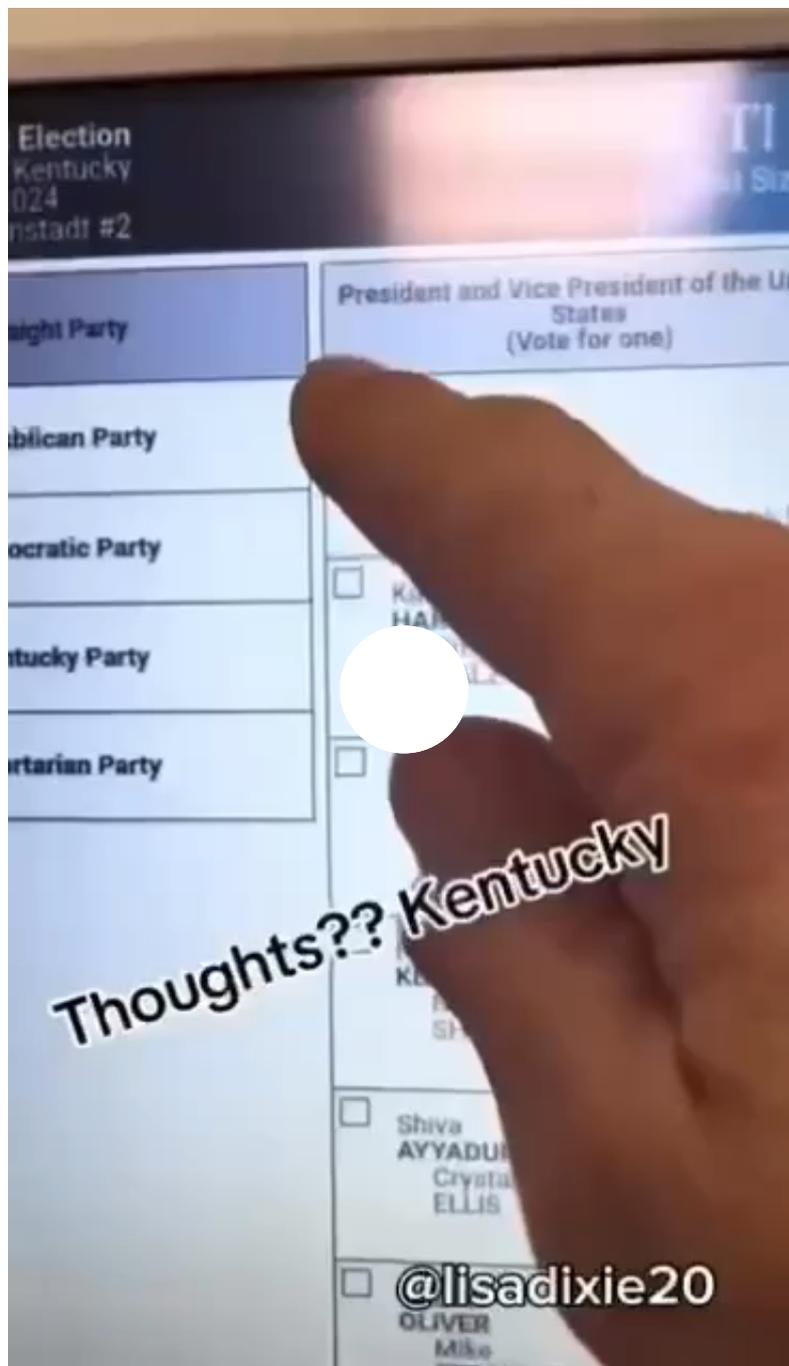

It has been forensically proven that Khazarian Mafia boss Alex Soros funded widespread fraud to obtain voter IDs for illegal immigrants. See the link below for more details.

Soros is married to Huma Abedin and we published a video of her torturing a young girl to death with Killary Clinton. Soros has also visited the Obiden White House at least 30 times.

The KM is using AI, rigged voting machines, and sophisticated psychological warfare against the American people in this election.

These people can be defeated because they control much of the Internet and corporate media, but not reality.

Here's an example from Ireland. An AI-generated image of a Halloween parade in Dublin, Ireland, prompted thousands of people to watch it, only to find out it wasn't real.

**The Dublin Halloween Parade 2024 will take place on October 31st, starting at 7:00 PM.**

It typically starts at Parnell Square, proceeds down O'Connell Street, and concludes at Temple Bar.

The same is true of this election. They can use their fake corporate media and censored internet to create the appearance of a Kamala victory, but they can't change the reality that she is widely despised in the real world.

Why else would she exclude real people from her controlled "public appearances" in which she uses paid actors to pose as her supporters.

We know that Donald Trump is far from perfect, but he is the only alternative we now have for the American people.

Trump called us personally this weekend and said:

"If Kamala Harris wins this election, America is finished." He also warned that "if Kamala wins, there will be a civil war."

The "us" we are referring to here is a member of the Secret Space Force who is in regular contact with this author and other members of the White Hat Alliance. He says Trump has a million men at his disposal, including the military and National

Guard.

So who will fight them? The KM have built an army of illegal immigrants, paid Black Lives Matter mercenaries, etc. and of course the million or so Satanists in the US. They also control many - if not most - billionaires, trillionaires and politicians.

These people have tortured and killed hundreds of thousands of children every year and know that if they lose they face the death penalty.

An example of their blatant depravity is Representative Scott Bottoms of Colorado confirming that the Demonrat Party voted against a bill that would prosecute people who buy, rape and kill 2-5 year old children.

*Here is an example of the kind of people the so-called US government just voted to protect:*

*Bolhem Bouchiba, a 59-year-old former Disney and Pixar animator, has been sentenced to 25 years in prison for his role in pedophilia and human trafficking... Bouchiba is alleged to have spent tens of thousands of euros to facilitate the torture and sexual abuse of young girls, including orchestrating live-streamed rapes.*

*He was already convicted in 2014 of sexually abusing his eight-year-old stepdaughter, after which he received a suspended sentence.*

Many celebrities are controlled by videos of them torturing children. What do all Kamala's supporters have in common? P. Diddy.

Is it a coincidence? #CTESPN

Does this photo explain why Leo Di Caprio is a Kamala supporter?

Or how about Beyonce? This photo was published claiming that she was born a boy.

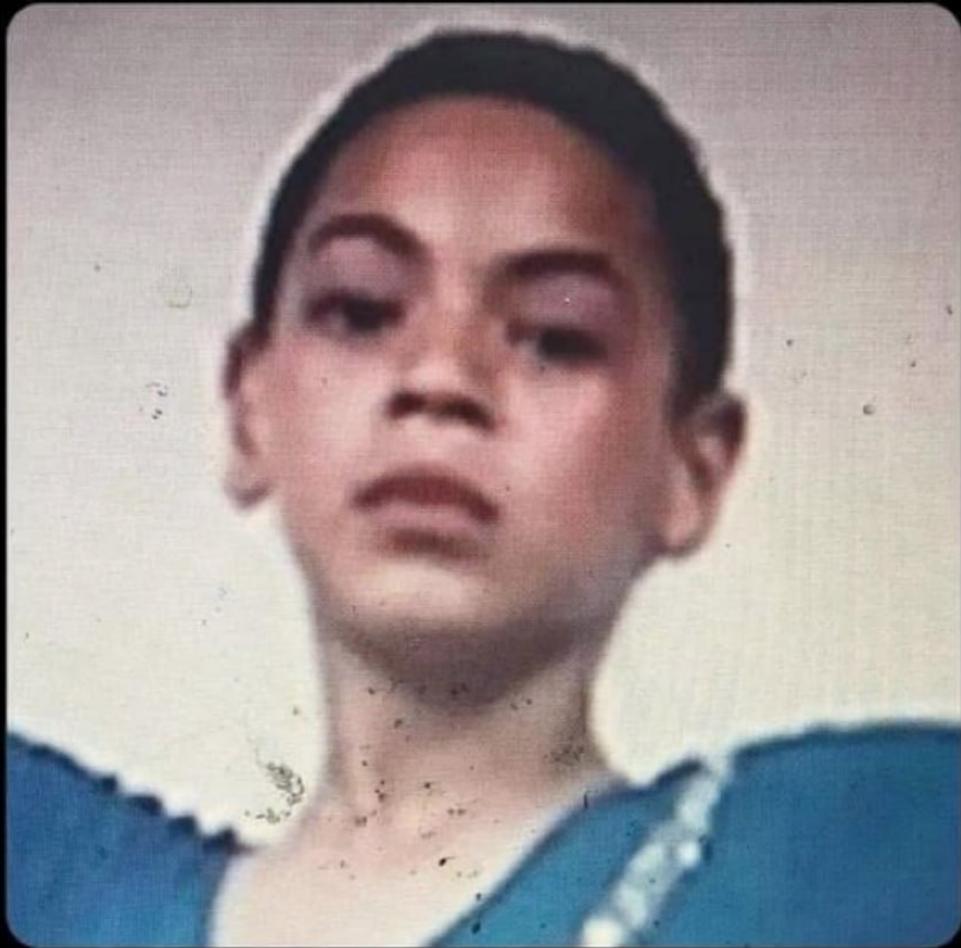

**MAVERICK X**  @MAVERIC680780... · 21h ...

Just wanted to share this photo of Beyonce as a child.

Bey in Turkish translates to gentleman, boy, sir, adult male etc. mostly male associations and titles.

Beyonce = Boy once Or ...once a boy 🙄🙄

Remember that the Satanists' god is transgender.

**ONCE YOU UNDERSTAND  
THAT THEIR "GOD" IS A  
TRANSGENDER ...**

**YOU WILL ALSO UNDERSTAND  
WHY THEY INDOCTRINATE OUR  
CHILDREN ...**

This is why Democrats are pushing transgenderism so hard.

The use of child rape and murder videos to build an elite blackmail network is widespread.

"I don't think it's just celebrities that are getting shaken up. He had politicians in there, he had princes in there. He had a couple of preachers in there too," says one P. Diddy whistleblower. Now more informants are coming forward, claiming that the FBI even has footage of Kamala engaging in child abuse.

<https://rumble.com/embed/v5jdi3w/?pub=1ouhku>

This kind of thing happens on an industrial scale. The KM starts wars to get a new supply of child slaves to torture. Polish intelligence sources report that 1.5 million children have fled Ukraine, and countless others have been forced to flee their homes. This is a godsend for human traffickers. Ukrainian children are sold for prices ranging from 50,000 to 70,000 euros. This child trafficking is disguised by medical facilities that offer surrogacy and agencies that arrange adoptions.

Fortunately, the genocide in Ukraine is coming to an end. "It's over. Zelensky will leave Ukraine soon": Tech entrepreneur Kim Dotcom says: "He won't last a week if he tries to escape."

Ukrainian politicians now publicly admit that their army has been defeated and at least 170,000 soldiers have deserted.

<https://tass.com/world/1864367>

So the KM is now desperately trying to start a major war in the Middle East. The news reports: "Israeli intelligence indicates that Iran is preparing to attack Israel from Iraqi territory in the coming days, possibly before the US presidential election."

So the same Iraq-based ISIS (Israeli Satanic Intelligence) is attacking both Iran and Israel in order to get the two countries to attack each other.

According to reports that emerged shortly before the publication of this newsletter, Israel is now invading Syria.

This will not work because the real governments of Israel and Iran know about the KM plot to start World War III. This also applies to the world's intelligence services.

As proof of this:

Russian Foreign Minister Sergei Lavrov will travel to Malta next month for the Ministerial Council of the Organization for Security and Cooperation in Europe (OSCE), Russian Foreign Ministry spokesperson Maria Zakharova confirmed to Vedomosti. This will be Lavrov's first visit to an EU country since the start of the Russian military operation in Ukraine. Zakharova called on the host country to "ensure that all OSCE member states can participate effectively."

<https://tass.com/pressreview/1865573>

Malta is the seat of the Order of Malta, which de facto controls the West's military. This means that some kind of peace deal is in the works for Ukraine and probably Israel as well.

First, however, we must overcome the great power struggle in the United States, which is actually a power struggle for the entire Western world.

As Australian Senator Ralph Babet puts it:

"The people you elect to run your country are puppets... The people behind the scenes pulling the strings do not have your best interests at heart... These authoritarian tyrants want nothing more than for you to be a serf, a slave, a pawn while they sit at the pinnacle of power... So do not be complacent. Take action, make your voice heard. Because the West - the whole West - is looking down a barrel right now."

So let's take a look at some news related to the election campaign:

TALLAHASSEE, Fla. - Florida has reminded the US Department of Justice that it is not allowed to send observers to polling places after the Justice Department announced the planned visits in a press release.

<https://flvoicenews.com/florida-tells-doj-their-monitors-are-not-permitted-inside-polling-place/>

LAS VEGAS - Nevada's two-week early voting period ended Nov. 1 with far higher Republican turnout than Democratic turnout and a significant increase in registered voters.

[https://www.theepochtimes.com/us/gops-early-voting-lead-registration-gains-boost-2024-odds-in-swing-state-nevada-5752613?](https://www.theepochtimes.com/us/gops-early-voting-lead-registration-gains-boost-2024-odds-in-swing-state-nevada-5752613?src_src=rtnewsnoe&src_cmp=rtbreaking-2024-11-02-1&est=AAAAAAAAAAAAAAAAausndAYOxtPG6bwuuWhYArgoyEwDPwWOAAIWjmdt%2FJ5G21huhg%3D%3D)

"The National Guard has been activated in Washington, Oregon and Nevada as a precautionary measure for possible election-related unrest.

<https://us.cnn.com/2024/11/02/us/washington-oregon-nevada-national-guard-election/index.html>

Next, Biden makes one last attempt to insult Trump before Election Day and fails miserably - stumbling over his own words: "Remember the last guy when he was president? He said, 'We're going to... we've.. . retired... we've... [inaudible], we're going to have an infrastructure week.'

Barack "Thunder of Satan" Obama is now also claiming that Kamala worked at McDonalds and did not pretend to work there like Trump. The problem with his claim is that she did not work at McDonalds and they tried to create fake photos of her that were exposed. To date, no one has provided any evidence that she worked there.

Fact Check

### Fake Photo Shows Harris in McDonald's Uniform

The image turned up on social media amid a political kerfuffle over Vice President Kamala Harris' claim that she once worked at McDonald's.

By David Emery

Updated Oct. 28, 2024 Published Oct. 26, 2024

@UltraFrog17

The real Kamala is something completely different.

Elon Musk released a Make America Healthy Again video showing how Harris, as a California prosecutor, took grotesque pleasure in ruining the lives of parents by prosecuting those whose children skipped school.

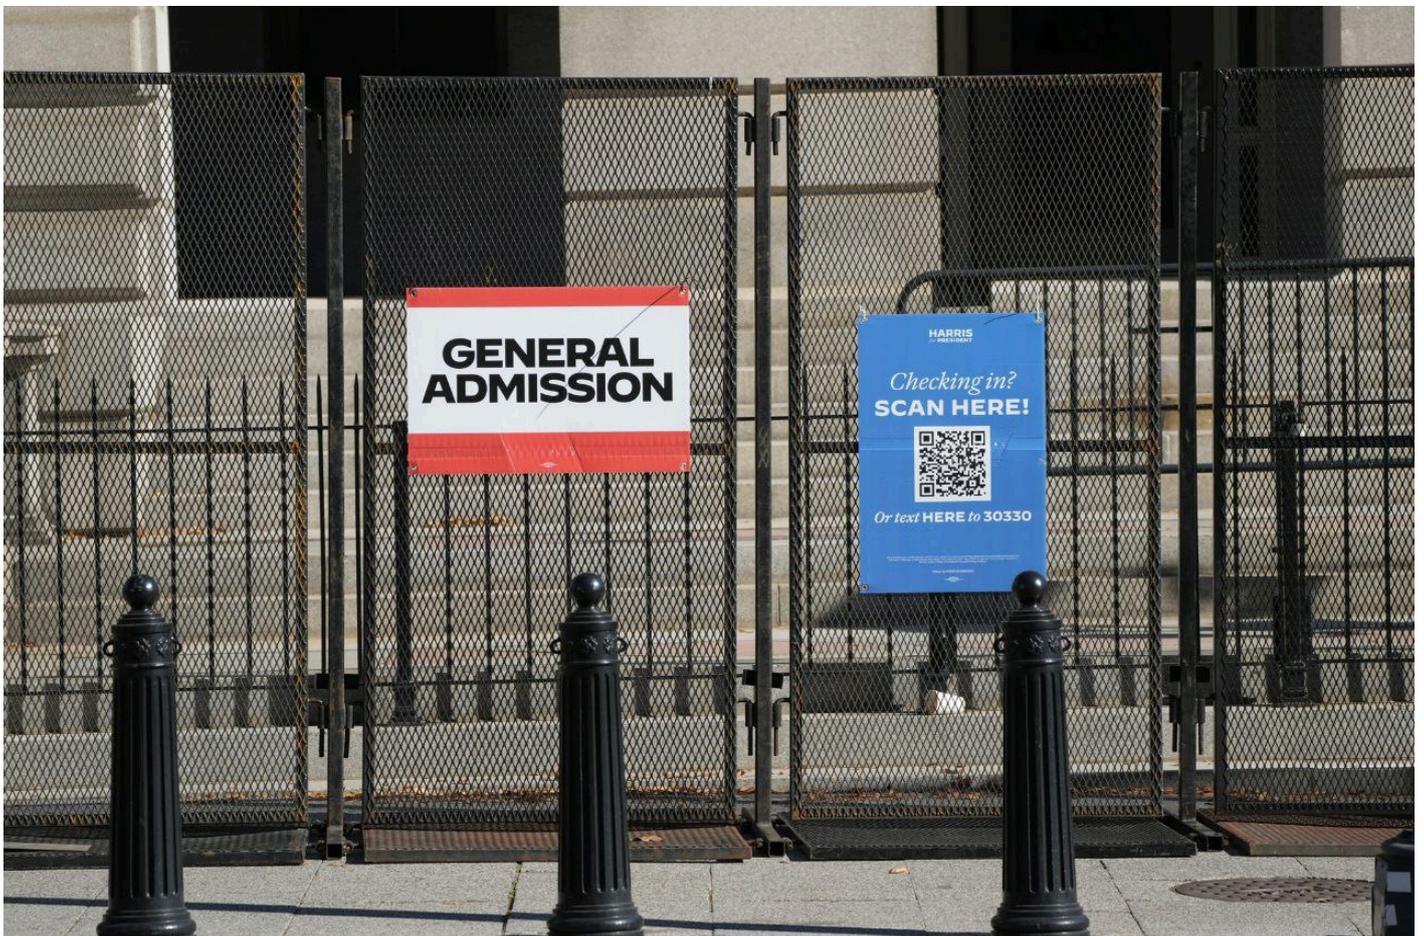

"I learned that with the stroke of a pen I could charge someone with a minor offense, that person could be arrested, that person could lose their job, that person could lose their standing in the community," she says in one clip. "Weeks later I could drop the charges, but their life would be changed forever.

In this campaign, each side has used fake images of their opponents. That's probably why the world was presented with an image of Joe Biden biting a baby and Trump riding on a garbage truck.

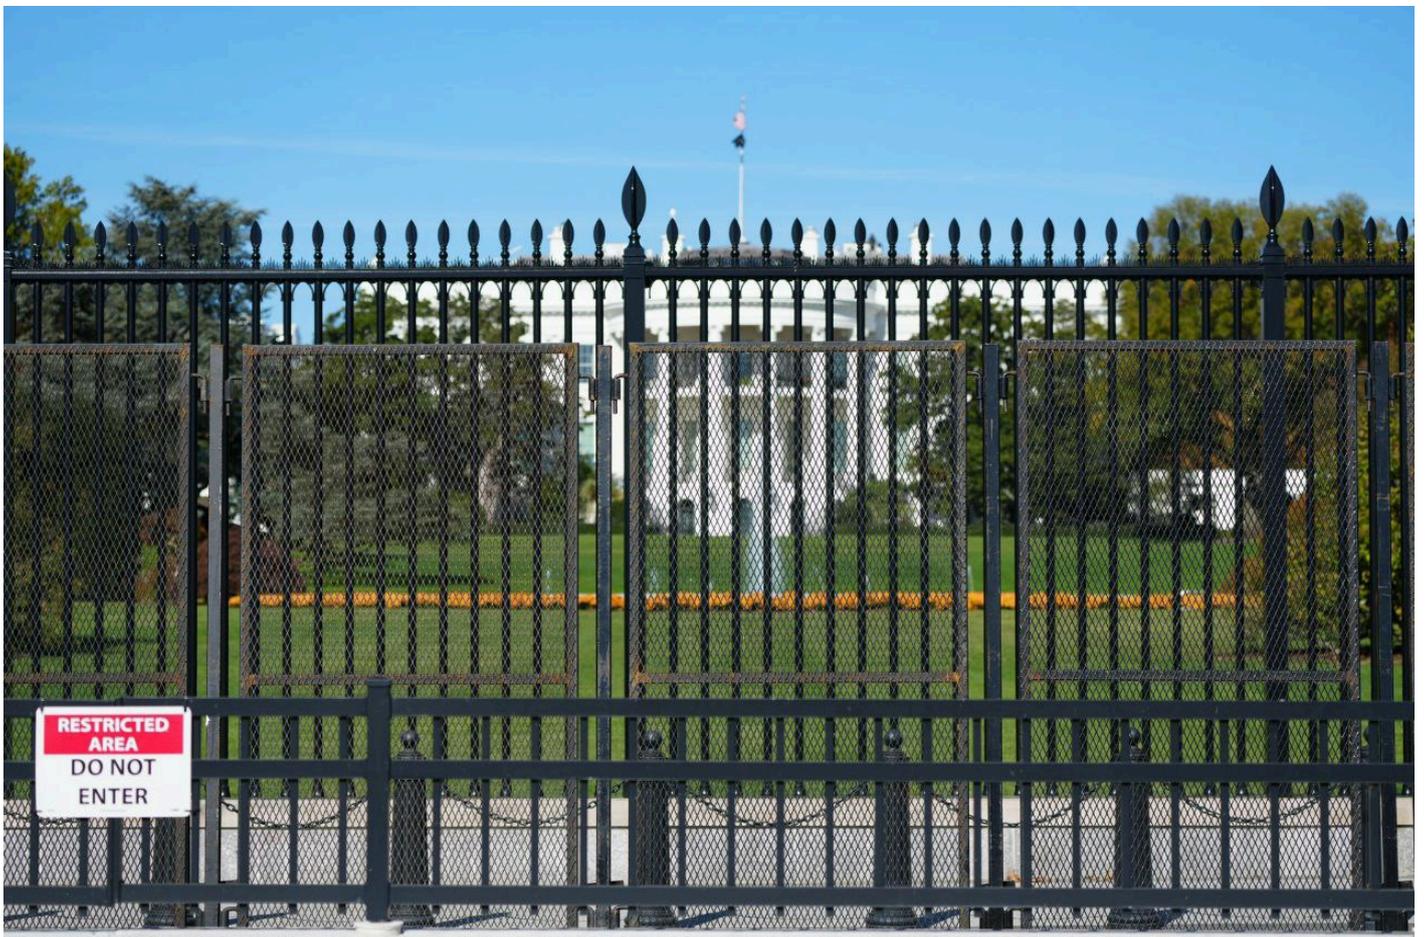

There are also widespread predictions that this election will be accompanied by very serious violence.

In anticipation of this violence, Washington DC is boarded up and the White House is surrounded by barriers.

It is also reported that preparations are being made to assassinate over 100 members of Congress. As we were about to publish this report, a source in the Pentagon sent us this photo, which supposedly shows a gallows on which politicians are to be hanged.

Many believe that these congressmen are guilty of mass murder. The documentary "Thank You Dr. Fauci" premiered in New York a few days ago. This documentary is "an indictment of the 'scientist' who killed 20 million people. This trailer has already been banned by his propaganda partners, the big tech and media billionaires," commented a doctor from the Pentagon.

<https://tydfmovie.com/about/>

We note that Fauci has not appeared in public since we reported that he committed "suicide" by stuffing himself with toilet paper.

However, other KM medical mafiosi are still at work. Here you can watch Google Chief Health Officer Karen DeSalvo explain how Google manipulates internet search and works with the WHO, NIH and governments to suppress/censor content and representations they disagree with.

As WHO terrorist Tedros explains: "It's time to be more aggressive against the anti-vaxxers. They used Covid as an opportunity and all the chaos they are causing."

Meanwhile, Fauci's successor Mandy Cohen and Senator Chuck Schumer are calling for another COVID-19 vaccination with a mischievous smile on their faces...

Not to mention the overwhelming evidence that these vaccines were, quite simply, instruments of murder.

Trump promises to appoint vaccine justice advocate Robert F. Kennedy Jr. to clean up the pharmaceutical industry, so that a Trump victory will bring justice to these criminals as well.

One sign that this process has begun is a resolution in the Louisiana House of Representatives calling on the Department of Health to investigate the last 10 years of sudden infant death syndrome (SIDS) incidents in the state and compare each report with the child's vaccination history.

Robert F. Kennedy Jr. says: "On January 20, the Trump White House will order all US water systems to remove fluoride from public water. "Fluoride is an industrial waste that has been linked to arthritis, bone fractures, bone cancer, IQ loss, neurodevelopmental disorders and thyroid disease."

**Robert F. Kennedy Jr**  

@RobertKennedyJr

On January 20, the Trump White House will advise all U.S. water systems to remove fluoride from public water. Fluoride is an industrial waste associated with arthritis, bone fractures, bone cancer, IQ loss, neurodevelopmental disorders, and thyroid disease. President [@realDonaldTrump](#) and First Lady [@MELANIATRUMP](#) want to Make America Healthy Again. [@michaelpconnett](#)

This is just one of literally thousands of poisons that the KM has introduced into substances we use or consume every day. RFK Jr. has a big fight ahead of him.

Another battle is brewing over the KM's use of weather warfare. Spain was the most recent victim of such an attack. King Philip of Spain was pelted with mud by angry people in Valencia, where more than 200 people died during the flooding. In Valencia, it rained as much in just 8 hours as it did in a whole year.

MI6 says King Philip (who is allegedly Crown Prince William's real father) is being blackmailed by the KM with weather weapons because they want him to hand over the money he made from the international drug trade. MI6 also says that far more people died in the attacks than are reported: "There is an underground car park aka a mass grave."

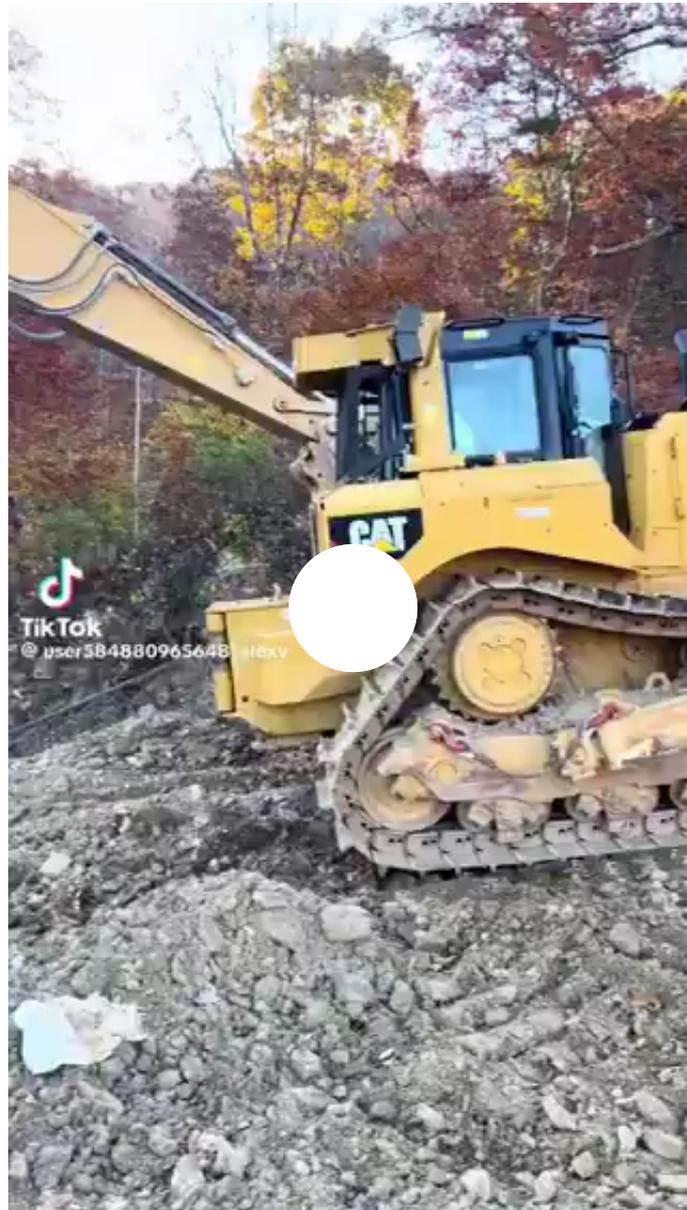

We now also receive further confirmation that the Weather War attack on North Carolina was intended to seize land:

"Gov. Cooper confirms North Carolina land grab: Communities 'will not rebuild'

because of 'climate change'.

<https://thepeoplesvoice.tv/gov-cooper-confirms-north-carolina-land-grab-communities-wont-be-rebuilt-due-to-climate-change/>

People are fighting back. For example, a group of miners from West Virginia voluntarily built a road in a week that the North Carolina government said would take months.

As in Hawaii and Mexico, these attacks are followed by development plans from the usual suspects BlackRock, etc. These are, of course, Rockefeller fronts. BlackRock CEO Larry Fink is now being actively hunted by the white hats and will be forced to expose his bosses, Asian secret society sources say.

Speaking of weather weapons, we note that China is sending DEW-equipped ships

to Antarctica. It is likely that they will oppose the KM-guided weather weapons operating there.

The sooner they deal with the facilities there, the better. EU Commission President Ursula von der Leyen recommends that EU citizens stock up on supplies for three days in order to be prepared for possible cyber attacks, acts of sabotage and chemical, biological or nuclear threats.

<https://www.rt.com/news/606792-eu-stockpile-goods/?ysclid=m2xbl58092584958385>

This is a good sign that the KM in Europe is planning to do something bad to its own citizens and then blame it on Russia.

Nobody will believe them because the whole world now knows who is really responsible for most of the chaos on the planet. As Russian President Dmitry Medvedev says, "The Americans always try to rule by creating crises on the planet."

Former CIA official Larry C. Johnson agrees. Johnson, who served in Iraq, confirms that it was the US government that funded IED attacks against US troops.

Larry C. Johnson: Iran Obliterates Israeli Assault! Hezbollah's Power CR...

This is a typical KM strategy:

Sending mercenaries disguised as terrorists to create a pretext to send the US

military to seize resources needed by KM-owned companies. In Iraq, it was the oil that was used by KM to pay off debts to China and postpone the bankruptcy of the US corporation.

The Chinese promise us that they will not finance the US company this time. It may have been an omen that the US Treasury sign fell down when Secretary Janet Yellen was asked how concerned she was about the status of the US dollar as the world's reserve currency.

A sign that the current US oligarchy is coming to an end: according to our sources, 53% of American millionaires have fled the country or are planning to leave. Many will never return.

<https://haltturnerradioshow.com/index.php/news-selections/world-news/its-official-the-wealthy-have-begun-to-flee-the-usa-ahead-of-election-day>

Asian secret societies are now seriously considering a white proposal to place both Canada and the US Corporation under new leadership and restore democracy and the rule of law.

Canada needs this just as urgently as the USA. To illustrate:

Canada has just killed its first citizen under the Canadian government's controversial new plans to begin euthanizing patients harmed by COVID-19 "vaccines."

A man in Ontario, in his late 40s, is the first person to be euthanized due to "post-COVID-19 vaccine syndrome."

Today, the Canadian government euthanizes citizens for depression, hearing loss, autism, and even poverty and homelessness.

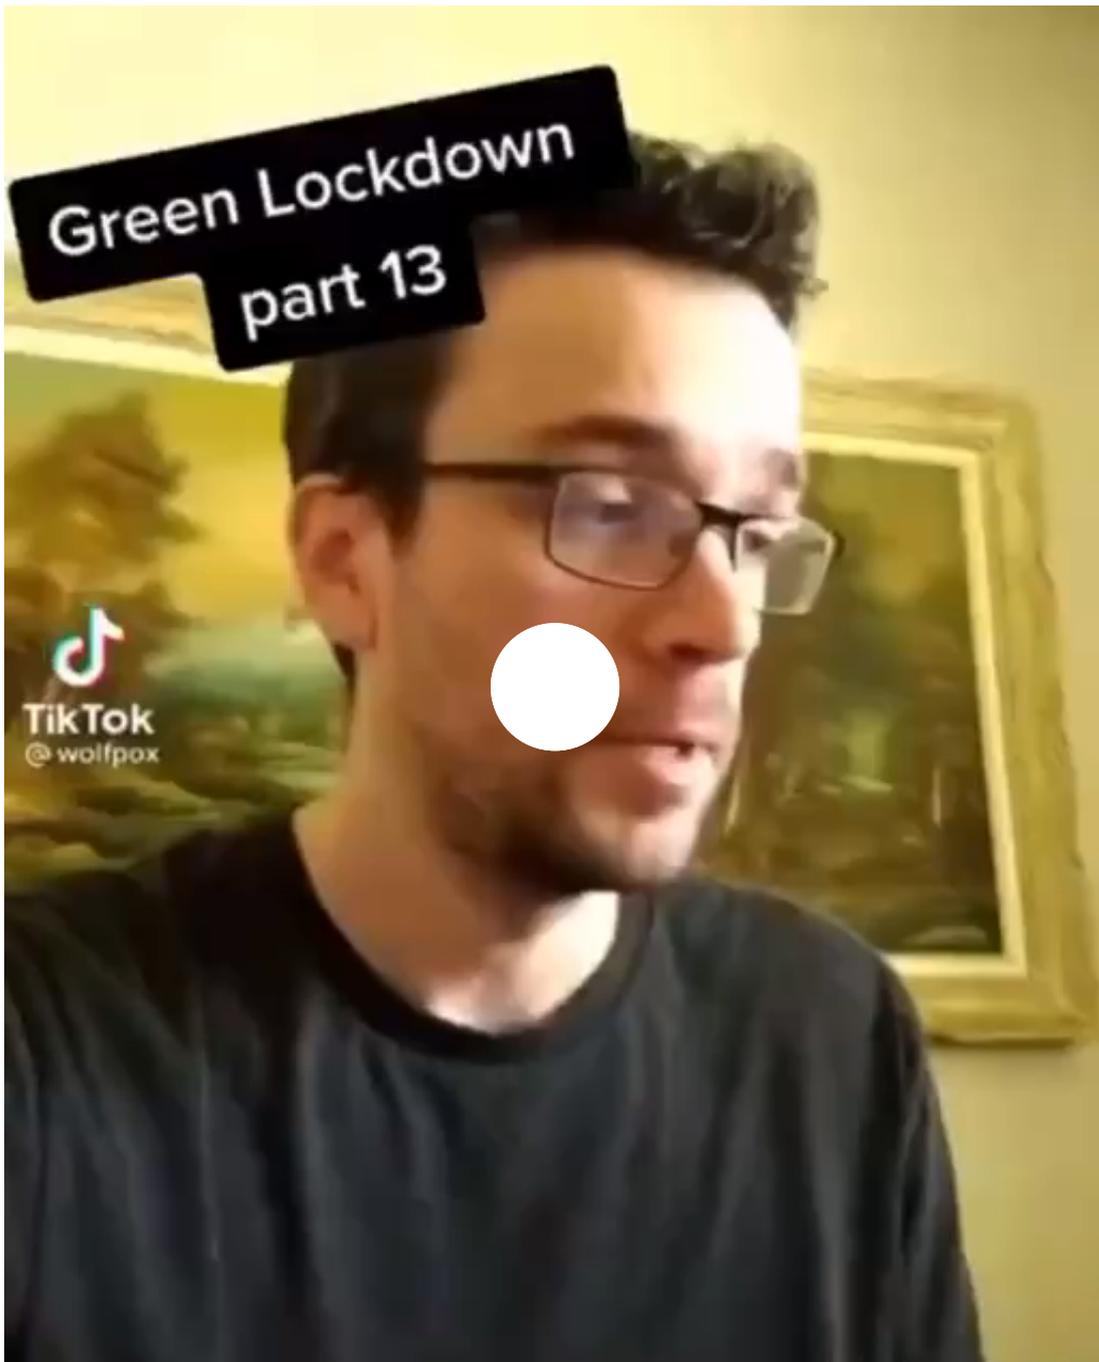

The government is even pushing to extend euthanasia laws to children and infants.

<https://slaynews.com/news/canada-begins-euthanizing-citizens-covid-vaccination-syndrome/>

Even if China does not finance the white hat takeover, the white hats must deprive KM of control over the central banks.

The alternative is that we all become slaves to the planned satanic financial system with the mark of the beast.

Mastercard has just launched a test case. They are offering cards that will force you to "decarbonize" your spending. Remember, we are carbon-based life forms, so this is inherently hostile to life.

Here is another development in the KM's anti-carbon campaign:

See.... Green Energy.... Major fire at a lithium battery recycling plant that triggered massive explosions and forced evacuations.

Fredericktown | Missouri

Japan is now abandoning the KM's plans for a lithium battery-based economy and is in the process of releasing the hydrogen genie from its bottle. Once they do this, the KM will be forced to give up its control over Western industrial policy. The

hydrogen age will begin.

Russia also continues to crack down on the KM's financial and economic system. A Russian court has ordered Google to pay a fine of around \$20 billion, more than the world's GDP and more than all the money in the world combined, for blocking pro-Kremlin media.

Russia knows that Google is controlled by the KM and this ruling is their promise to bankrupt Google. As a sign of how they view the current regime in the West, Russia's representative to the UN sent a very clear message to NATO last week

All this means that, regardless of the outcome of tomorrow's presidential election, the rest of the world has already broken free from the KM's shackles. Hopefully, the Americans will join them soon.

One final note this week: P3 Masonic sources tell us that "the author of Adolf Hitler's 'Mein Kampf' was not Rudolf Hess. Jesuit Father Bernhard Stempfle was the

author of Adolf Hitler's 'Mein Kampf'. Adolf Hitler just signed it." That's not what the former head of MI6 told us, but hopefully we will all soon learn the true history of our planet. One thing is for sure, we have been singing to about many things for a long time. The truth will soon set us free.
