Hey guys, your favorite E-girl, **D.Va** here

Let me tell you the story of how I became the strongest Overwatch member.

You probably already know this, but it all started with a company called **P.T.G.**, short for **Predator Technology Genetics...**

After **Moira** took an interest in working with them, I agreed to become her test subject.

2024

She hooked me up with P.T.G.  
I became their regular customer,  
so much so that they sent me a new  
MEKA for testing.  
That MEKA was about to change  
everything.
