GENERIC WHITE GUY DIES IN RACE RIOT

MAYOR OUTRAGED

CHICAGO, ILLINOIS - Tensions are brewing in Illinois. Some black guys decided to disturb the peace in an attempt to win their rights back, killing a generic white dude. "This is the single greatest tragedy of our generation," says Steven Grey, another local white guy. "I can't believe the dozens of black people we lynch every year would fight back. It's even more of an atrocity that they claim it was in self-defense!

Clearly they were just discriminating against the white people and wanted an excuse to kill them." The Mayor of Austin has also vowed to fight back, and the governor has promised to send the militia if the riots start up again.
