## Main game:

All the possible NTR choices would be defined like **this**. These choices won't show up if you pressed 'Don't show such content'.

- **Be supportive of Felix** (+1 Felix and Diana)
- Be supportive of Diana (+1 MC and Diana)
- Just leave

After the first scene you are in the free mode.

On top on the right you can find tabs with profiles and maps. There's a small white bar on the bottom of MC's profile if you want to cheat and add everything you want.

MC has these stats:

- *Money*
- *Mana (resets every day after grandpa's house event)*
- *Suspicion (if you have 100 suspicion, you get bad ending; every day it decreases by 1)*
- *Stamina (you can increase that by masturbating in the shower or with a hooker, more stamina opens more scenes with the hooker)*

Girls have these stats:

- *Affection (increases by doing different events at home)*
- *Corruption (increases by having certain amount of affection during a certain event)*
- *Obedience (increases by having certain choices, in this version you can increase only Elisa's obedience)*

Also, in the options there are fetishes which you can turn on/turn off(NTR, squirt, internal view)

MC's main story:

- Go to Ralph between 9 to 11 to go to grandpa's house
- When you get there, you can look at the lock or at the camera. To continue, press the area on the left

  - *Jump over the fence*
    - *Run away (30 suspicion points; police scene)*

  - *Go to the police (police scene)*

- Now you have **night-vision goggles** and a **key** to the grandpa's house, you can return to the grandpa's house by pressing on the bed and choosing to wait until night, but before that you should buy a mask at the pharmacy(in the mall) (-20\$; a mask)
- When you get to the house, you navigate there and move between rooms. Open the first door on the left, you can find 20 bucks there (+20\$) If you open the door near the stairs you can find 200 bucks there (+200\$). To find a 'portal', you need to go up to the second floor, and go through the door and press on the cupboard at the back of the room.
- Now you're in the pocket and there you can also move between rooms and see different things. On the table you can read a note from grandpa. After that you need to teleport back by touching the globe, but you need mana from an egg which you can find from one of the rooms(Now mana reserves reset every day) . Location 'library' is now open.
- Choice after a scene with Diana and Matilda
  - Go in boxers (*Bad ending*)
  - Go naked (*Diana corruption point*)
- Find Ashandra at the library(works from 9 to 18). You can pick both scenes and go further, it doesn't give any stats or suspicion. Now the 'Dark street' location is open

**16:00** Talk to Elisa in her room, she wants you to buy her a **swimsuit with a pareo**, you can buy it in the mall (-200\$), when you buy a swimsuit, talk to her at 22:00 in her room and gift her bikini, then wait in your room (click on the bed) to begin Elisa's event. # 0.2 Update

## **Main Story:**

### **Ashandra:**

- Wait a few days for the story to continue(if you're using an old save, you may need to talk to Ashandra in the library again)
- Meeting with Ashandra, you can look through her flat(you may find something interesting or not interesting)
- After the 'test' you have a problem and you have a choice:
  - *Do what she wants(Opens femdom route with her)*
  - *That's her fault, she's gonna fix it*

- Doctor comes and you get an interesting scene. Enjoy! After the scene you'll have 5 more stamina.

### **Auction:**

- Click on your bed to start the auction. Not much for choices or different dialogues here, the different dialogue might come up if you don't have a lot of money, and there's also a choice if you want someone to suffer(or enjoy, I guess) or not

### **Pocket:**

- Go to the pocket and in the ritual room click on the circle to start the ritual. Now the game begins.
- After what happened you can ask your new friend something but nothing exciting here(yet). And now the new location is opened 'Antenatal clinic' where the doctor works. You can visit it now or a little bit later when you'll need it.

## **Elisa:**

- To start the new chapter of Elisa's story, if you have 100 affection, then help with her homework at 16 and ask her for coffee in bed and then sleep to get the new scene in your bedroom when she asks you to help her and you have a choice:
  - *You have me*
    - *Visit the antenatal clinic(all details below) to get ready for the report and then at 16:00 help her with the report.*
  - *You have me and Felix(available only if she has 2 depravity or more)*
    - *Talk to Felix at his office at 19 or 21, then visit the antenatal clinic(all details below) to get ready for the report and then at 16:00 help Elisa with the report.*
- After both of options you get a new scene if you ask for coffee in bed after helping her with chemistry. And the scene progresses the more you do it.

- Also you can buy her new clothes at the shop and gift her at 22:00 in her room

### **Antenatal clinic:**

- In the clinic you get a scene with Victoria and her assistant. Enjoy!
- After the scene you can visit her for different things:
  - *Donate sperm (for 100\$)*
  - *Buy girls' medical cards(500\$ each), they can be displayed in their profiles on the top right*

### **Diana:**

- When you have 50 affection, help her at the kitchen in the morning, you'll start working out together at the living room at 14-15. She has nothing to wear so you can buy her new sportswear in the shop. You can gift it to her when she's in the room in the evening.
- If you have 100 affection and you've done 4 workouts with her you get a scene in the morning with her and Felix. The dialogue might be different, depending on your previous choices. So now you'll go to the onsen.

### **Onsen:**

- Go to the onsen and you have choices whether you want it to be more private or open to the public:
  - *Public bath*
  - *Private bath(Drinking sake or not doesn't affect the scene but it will affect the story later)*  
Also, if you have more stamina, you get a bonus!
- Now you can shower with her after a workout.

Also, now with your boosted stamina you can access more new scenes with a hooker. Better buy a **condom** in the pharmacy ;)

Added in the 0.3 Update: Internal view for hooker scene and auction scene

# 0.3 Update

## Amelia:

- When you have 100 affection, watch TV with her at 10:00 to start the cinema scene. You have different choices during the scene:
  - Split the bill
  - Forcibly pay for her (+1 Depravity)
  
  - Calm her down
  - Rein her in (+1 Depravity)
- When you have 150 affection, massage Amelia in her office when she asks you to teach her to massage. During this time Felix comes into the room. MC wants to invite Felix with them to the spa. You can:
  - Don't invite him
  - **Invite him**

Either way, you go to the spa in the city and enjoy the scene! Also, make sure, your stamina is to the max, so you get that bonus scene. A little secret: in the options in fetishes you can turn on/turn off the option whether you want to see the squirt or not.

- After you're back from the spa, you can now massage Amelia on the massage table and for that you need... a table. You can buy a table in the furniture shop(in the mall, 200\$) and also clothes for her to wear in the clothes shop (in the mall, 150\$). Without the clothes you won't be able to massage her at the table, so make sure to buy both. You can gift her the outfit when she's in her room. There is an option whether you massage her or she massages you. After 5 massages by her if you click to touch her boobs, she will remove her bra.

## **Diana:**

- You can now get a handjob from Diana in the morning. Come to her in the kitchen and feel her ass to start the first scene. Conversations are a little bit different if you're on the different routes. Now you can get the handjob every morning. You can cum on her face(increases her submission) or on her boobs. After you came 5 times on her boobs, she will take her bra off.

### **ONLY ON THE NTR ROUTE:**

- When you have 200 affection, you can work at the bakery and then you'll get a visit from Gordon and Way. Diana sees that and wants to confess so you go after her to church. After the scene, talk to Diana in the morning. Then, work at the bakery again to call Way to the bakery. You come up with a plan. Now, Diana can 'work' in the bakery when you work for Dottie in the morning.

Also, you can check out new shower animations if you do wash each other in the shower a lot.

Other scenes:

- In the clinic, Victoria will be tired of sucking dick while donating the sperm so now you can fuck her or her assistant with the condom.(If you don't have it, Victoria will offer you one, but next time, better bring some, you can buy them in the pharmacy in the mall)

# **0.4 Update**

Couple of guidelines for this update:

- Play some scenes A LOT. Some scenes have continuation or different variations if you repeat them a lot

- You need STAMINA. Repeating all these scenes will require stamina, so get it up(literally) or just cheat(you can cheat by pressing on the stat in the profile menu)
- Now you can make everyone more submissive, for now it's just changing dialogue.
- There's now fetishes options in the menu, you can turn on/off anything you want
- There's total experience in the profiles menu(in their medical records; total experience is added for kisses too on the NTR route).

If you've done one of the previous breakthrough scenes(Amelia's spa scene, Elisa's project or Diana's onsen scene) you get a scene when you can shave your balls. If you've done Diana's onsen scene, you can ask her to shave your balls and get an extra scene with her. Or just shave them by yourself. You'll be able to repeat the scene later if you go to Diana when she's in the bathroom in the morning.

### **Elisa**(to get to 200 affection):

- When you have 150 affection with her, do a morning(6:00-7:00) workout with her and agree to go after her. Now you can get her to 200 affection. At 170 affection you could ask her to change her clothes .

When you have 200 affection with all the people in your home, you get a new harem scene and a MAJOR choice of what to do with Felix. It's based on your previous choices.:

- **Make him your associate**(appears only if you supported him until now, from now on you share everyone with him)
- **Make him a cuck**(appears anyway, now he watches you have fun with everyone)
- Make sure he doesn't get in a way(appears only if you were against him all the time, from now on you have everyone to yourself)

Then you meet Victoria on the beach and go to her water house. You get a scene there. Now every day is either a normal day or a hot day. On a hot day you can visit the water house. There you can do different activities.

- Diving with Elisa. The first time you do it, she'll ask you for scuba gear. Talk to Victoria (go to lower level and take the elevator to her), then you can buy the compressor (furniture store, 500\$) and a swimsuit for Elisa (clothes shop, 300\$). Then talk to Elisa to show everything and go back to diving now with scuba gear. You find a cave and you get a scene there. Also, there's a choice, if you decide to blackmail her, she gets more submissive. After that, you can return to the cave again, and if you do this scene more, you can unlock another scene (look at the total experience, should be unlocked on 10).
- Massage with Amelia (and Diana) on the deckchairs. You can massage Amelia there, after a few times Diana also wants some massage. And the more you do it, the further the scene goes, also after you're done with Diana, you can continue having fun with Amelia. After a few times you get caught, but actually it's a good thing, it's a new scene, obviously it varies depending on what route you chose with Felix. You can repeat it and also have fun with Amelia and her anus (and get further if you get total experience to 10)

#### Scenes at home:

- If you watch TV at 20:00 in the living room, you can get a new scene. And also, if you do this scene again and again, you can get further in this scene so everyone is involved.
- At 17:00 visit Elisa at the pool and get a new swimming competition. After a competition there's a new scene. You can repeat it later.
- You can join Diana in the shower on the first floor at 21:00 even without working out with her.

### Some other additions:

- Gallery (go the pocket and ask Demon for some 'Memories', not all the scenes but most of the scenes)
- New x-ray animation with Victoria in the clinic

# 0.5 Update

## Dottie

- Get 20 affection with Dottie by working in the bakery and finish the Diana route scenes and you get a scene with Dottie. Dottie has a problem and you can help her, also you meet another person who lives on the farm. You can decide how you answer to her, for now it doesn't make difference. But will do in the future updates. Also, you can have a peek while she's sitting although she won't be happy about it.
- Now you need to buy a pump in the shop (150\$) or you can find it in the basement of the shed (Go to the shed, then cellar, then use an arrow on the left and you can find it on the shelf)
- Get back to Dottie with the pump and go put it on. You find out more about Dottie. There you get two choices.
  - Help her
  - **Blackmail her**
- I think it's self-explanatory, then you wait until the next evening for the call from Dottie, then go meet those who've been bothering her. If you're on Diana's dark path, you will meet an old friend.
- After three days, you feel the lack of... milk. So she tells you to come in the evening to her farm where you can get some milk. So from now on you can do it twice a day. In the morning and in the evening. And also, you earn money from that. Also, you can enjoy the scene

or make it go faster by... pressing the boobs on the top of the bottle.... You'll see what I mean.

- After Dottie has been milked five times, you get a scene where she meets doctor Victoria where you find out even more about Dottie. Also, you can now buy a Dottie's medical card(500\$) from Victoria to see her progress.
- So after Dottie has been milked 10 times, you see the growth of her boobs and you know that your sperm can get them back to normal. So to do that, Dottie can suck you off.
- After her boobs get 2000ml capacity (yes, it's an actual mechanic) or you got a blowjob 7 times, during a blowjob, you'll get a dialogue after which you can start doing it in the bakery. After a few times of doing it in the bakery, you can actually leave the door open and someone might come in. Maybe it will turn into something more later, maybe not.
- Don't worry, her boobs can't get too big ~~because she will die~~ because she will ask to suck you off to get them back to normal.
- After you bought her medical card, unlocked the blowjob in the bakery(or at least done the requirements listed above) and you have 240 affection, wait for a hot day for a scene with Dottie.
- If you're on a love path, you'll get a choice:
  - Agree and support (You embrace her as a cow now... What? Don't look at me like you won't choose it 😏)
  - Convince her (You don't embrace her as a cow. Spoilers: she wants to be a cow)
- Now, on the **love path**, get 1500\$ before the next hot day for a scene with Dottie. If you picked 'Agree and Support' and then you pick 'I love you, Dottie' you can pick something Dottie will call you from now on or if you don't or pick 'I'll take a gift' you can leave it as it is. Enjoy!
- If you're on the **dark path**, after the first scene on the hot day, wait for a week(you can't interact with Dottie in any shape or form), then

get to the basement to see how she's doing. Then buy a mattress in the furniture shop(300\$) and get 1500\$ until the next hot day. Here you can also choose a nickname for yourself if you want to. While she will be... a cow. Enjoy!

- If you milk her a lot, at some point, you can go to the basement and see a jug with milk, you can drink it to increase your stamina.
- After the hot day scene, you can now play with your um... pet, milk her, fuck her, the more you do, the more scenes open up, blowjobs, titfucks and sex, of course. Also, remember, if you milk her, her boobs get bigger, if she sucks your sperm, her boobs get smaller. Also, you level up by milking Dottie by yourself(by pressing boobs on the top of the bottle), so the milking can be done faster.
- As her boobs get bigger, you'll need to change the position and then you'll be able to train her ass by fingering it. After you've done it 20 times, you can now do anal as well.
- After you've done that, you can buy her a cow suit in a shop in the dark street and give it to her in the basement.
- Also, you can buy upgrades to store more milk: Additional fridge (2000\$), Milk Pasteurization System (5000\$) and Additional Storage Space (3000\$)
- If you haven't fucked her in a week and have done 15 blowjobs in a bakery, next time you'll ask for a blowjob in a bakery, you'll get to fuck her then.

### **Diana (DARK PATH ONLY)**

- If you've done all the scenes with Diana on this route before AND you've done a scene with Dottie in the clinic, then talk to Dottie to trigger the first scene. Then, wait for about 10 days and talk to Dottie and pick 'Call Landlady' for a second scene. Enjoy!
- At the end of the second scene, you'll choose if you want homeless people to come here or not.

- Now you can visit the glory hole at 12:00 and 14:00 if she doesn't have any visitors or just watch her with a client.
- Also, on any path, now you can ask Diana to shave your balls if you go to the bathroom in the morning.

## Amelia

- As you watch the TV with her late at night in the living room, now you can wake her up by fingering her ass.
- After watching TV a few times, you can buy her a new nightie(250\$) that you can buy in the shop. It will open new scenes in the evening, you'll be able to lick her while fingering her ass or you can get a footjob.
- Also, during the massage in her office, you can finger ass with two fingers if you've done it 10 times. And, by buying a dildo (400\$) in a special shop and after fingering her ass 20 times, you can try and put a dildo there. Special shop can be found in the dark alley late at night.

### Other new things:

- Special shop that was mentioned before. There you'll be able to find special outfits, special pills and other things that will be really helpful in the future updates
- Now you can turn on/off 'Hot days' in the options menu if you don't really need them.
- New fetishes 'Pregnancy', 'Smegma' and 'Rimming'. If you watch Diana's scene from this update, she REALLY loves smegma and Rimming could be added into your scene with Dottie on the hot day. Pregnancy only for dialogue purposes for now.
