# Historical 'Q' Wars, Massacres, Assassinations, and PsyOps, 1717-2012

A Grand Lodge

The first Grand Lodge was founded only a few years after George I, the first Hanoverian king of the Kingdom of Great Britain, ascended to the throne in August 1714 and the end of the first Jacobite rising of 1715. **_Officially, the Grand Lodge was founded on 24 June 1717,_** *St. John the Baptist's day, when four existing Lodges gathered at the Goose and Gridiron alehouse in St Paul's churchyard, London and constituted themselves as a Grand Lodge. It is this date which is often cited as the 'founding' day of Freemasonry in its modern sense.*

- Freemasonry was founded in the year 1717.
  - "Q" is the 17th letter of the English alphabet.
- The word "Freemasonry" contains a partial anagram of the word "storm."
- "Master Mason," the name of Freemasonry's third degree, contains an anagram of the word "storm."

Since the year 1717, Freemasons in the Western world have planned and directed dozens of wars, massacres, assassinations, religious-political movements, and psychological operations that incorporate the core conceptual elements of "Q", specifically the following:

- The letter "Q" (literal or phonetic).
- The letters "c/k-u-e" (the spelling of "Q").
- The number 17 ("Q" is the 17th letter).
- The word "storm" (usually in anagram form).
