

My experience with Khaz / Toad_of_Sky

Hello, I was advised that it would be best to address this publicly, as the person involved has been unable to move on and has been attempting to damage my reputation, as well as the reputation of members of my community. You may form your own opinion on this. Whether you choose to believe it or not, I stand by what I experienced in the past and what I am still experiencing now.

For context, before I returned to streaming, I had been hospitalized for several months due to health issues. Those who know me and care about me are aware of what I went through and what led to that hospitalization. When I was discharged, I was still in a very fragile state. This is not meant as an excuse for my actions, but it is an important context.

After everything that happened, I chose to move on. I never intended to write a document like this, but I was pushed to do so by the person who caused these events. I refuse to be bullied in silence again. At the time, I told people that I stepped away from Croco because I wanted to pursue my own design work. That was not the truth. I was scared.

This individual was stalking me. I was contacted by several people who warned me that he had created an alternate account and was monitoring my server. My anxiety worsened significantly, and I admit that I did not make the best decisions. I hid, deleted the server, and changed my brand name and Twitter account in the hope that he would leave me alone. While I regret handling it this way, I was sinking deeper into depression and did not feel capable of confronting the situation.

Unfortunately, once he discovered my new account, the situation continued. The only reason I chose to keep streaming after falling back into a deep depression was my community. You supported me, stayed on the server even during my lowest

moments, and continued to talk with me. I am deeply grateful to every one of you for being there. I know I was not always the best streamer, but I will continue to do my best.

I believe it is now time to share the real reason behind everything that has been happening—something that even my moderators and closest friends were not fully aware of until now.

For additional context, at the time these events occurred, I did speak publicly on my server about what I went through with Khaz, although I did not go into detail. The community was much smaller then, so many newer members are unaware of this. I made the decision not to bring it up again, hoping it would fade and be left behind. However, he has chosen not to let himself be forgotten.

Text shown in this format represents information we are confident in, even if full proof cannot be provided.

Text shown in this format represents information that cannot be verified and should be considered a possibility rather than a confirmed fact.

Warning: Gaslighting, manipulation, and threats involving sentimental value.

For more context:

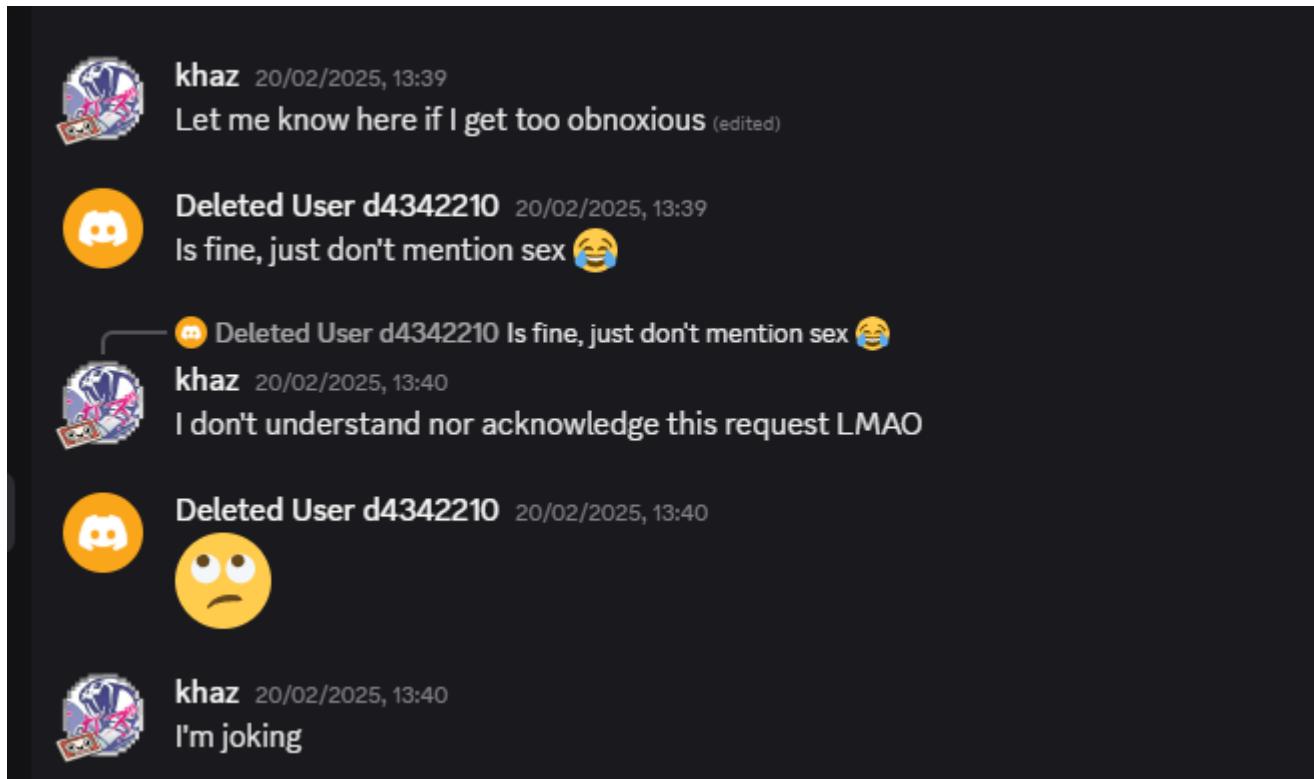

Khaz is in late thirties

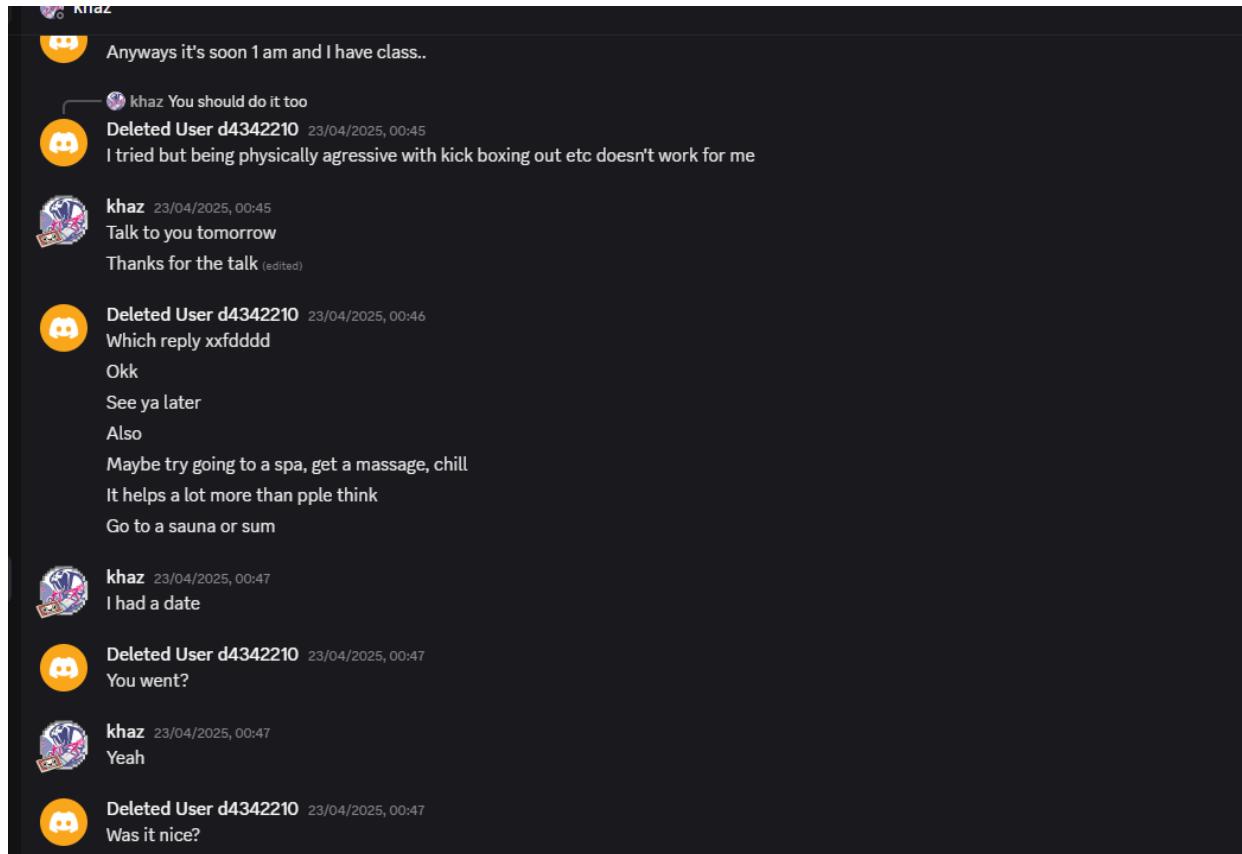

I was born after 2000.

I do not believe that an age difference alone constitutes an issue. It is mentioned here because my team considered it relevant to the situation being discussed.

Sexual Misconduct

Context : I wasn't comfortable speaking of anyone's sexual life at the time, nor ever gave him a green light for it. In fact, I asked him not to. I told him I was fine with nsfw art if he needed an opinion or reasons of this style, but I never, ever agreed to what you will see under this text.

Context : On the comment of the 'date' if you see the time next to it, our messages were sent nearly to the same time, and even I, myself, am confused about what went through here

Harassment / Manipulation / Gaslight

Me and Khaz know each other for around 4 years, I wasn't that close in the past, but when we

contacted each other when I came back, he was cool, and I thought we grew to be close friends, or as he liked calling me, a sister. I will be stupid on this, but I lost my brother, so in a way maybe I looked for someone to reemplace him. My actions, as you will see in the following screenshots, aren't healthy, I enabled him too often, lowered my head too often by fear of him leaving. I just want to say, there was ZERO romantic leaning from my side to him, and I also ALWAYS told him I didn't want to be close to someone who wanted more.

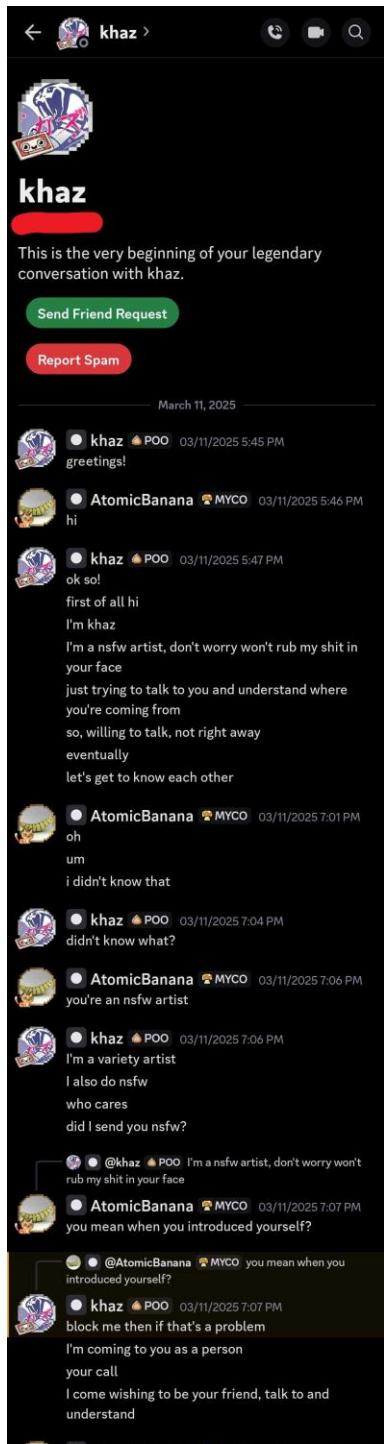

For context, Banana has a trauma with porn and lewd, and is also speaks with a professional about it. I warned Khaz that the server is sfw and group is sfw, and he said he would respect it. But when he learned about banana's trauma, he decided to dm him. I don't think that came from bad intentions, but everything he did after that was...psychopathic. Banana knew that Khaz is a nsfw artist, and so he told him they couldn't be friends. This is not for me or anyone to judge, because banana's friends are something only him can decide.

More context : At the time, Khaz was dating a vtuber. He told me she was very toxic toward him, and would complain every day about how she was using him for art, or being toxic to him, or making him lose friends, and even cheating on him. It is true that I pushed him to break with her, but he clearly told me he wanted but couldn't, I never did it to get anything out of it, I just wanted to help a friend.

Speaking about this, I recently discovered he spoke about a lot of people telling lies, doing the same things to me, so I am not even sure anymore what was really going between his ex and him, since it seems he is

being known for telling lies to people when he doesn't like something.

This is the initial convo between both of them.

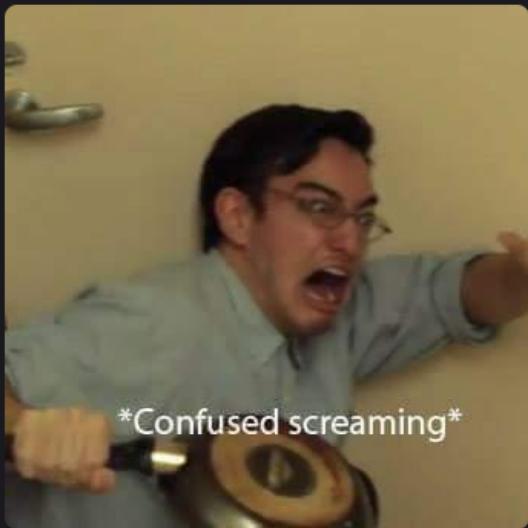

khaz 16/02/2025, 18:41

I'm a porn artist

well

this version of me is

it's the equivalent of coming at him as a werewolf asking WHY YOU AFRAID OF WEREWOLVES ASSHOLE????

this is what I expect his reaction to be

because it's always this

LMFAO

anyone who doesn't like nsfw

isn't going to tolerate me

so

I might as well leave the group if it's going to trigger his ass

you speak portuguese, ish

so

Eu quero evitar a fadiga

You won't be posting nsfw either way so there's no reason for it to trigger him

khaz 16/02/2025, 18:45

but I draw it

I live off of it

Deleted User d4342210 16/02/2025, 18:45

khaz 16/02/2025, 18:48

most of the time

people recognize me

and make a stink out of me being in places

I'll behave

but

Deleted User d4342210 16/02/2025, 18:48

People should learn to ignore lol, it's not their business

khaz 16/02/2025, 18:48

goes both ways

exactly

it's not my business that he doesn't like porn

and I don't think that's a group I should be posting porn in neither

so

I can understand

won't cross any lines

peak controlling behavior

Deleted User d4342210 12/03/2025, 06:10

I know you're hurt/annoyed but just forget it, he doesn't expect anything he's always been here without asking anything and he isn't holding me back since I just do whatever I want without thinking of him

He has a phobia and he really gets a panic attack, it's just like that

Don't worry about it *hug*

Anyways still got an hour before I have to wake up, gonna try to sleep a Lil more

khaz 12/03/2025, 06:16

Agh

I'm up

Morning khaz!

↪  khaz either he gets help

Deleted User d4342210 12/03/2025, 07:45

He has seen a psy for that

It's hard for us to understand the fear he has, since for us it not that deep

But it's something he's gone through, and it left a shadow, and he has panic attacks

But he's never demanded anything from me nor asked me not to do certain games or etc

Anyways you don't need to be friends with him or anything, you got me 😊

Also, he wasn't judging you, when he said he couldn't be friends with you, it's because he was trembling a lot while writing

I also am frustrated by this, but we can't do anything about it

Just forget it

↪  Deleted User d4342210 Also, he wasn't judging you, when he said he couldn't be friends with you, it's because he was trembling a lot while writing

I already have. And I have issues with people like this, don't worry, it's not your problem from my end nor will it be one, I was just trying to understand things and extend an olive branch. (edited)

Good news tho, foot stopped hurting (edited)

Context : At the time, Banana was aware that I was bothered by it, he just wasn't aware what Khaz was doing in my dms though.

I got angry at him tho coz he said 'wish you had warned me about the nsfw art'
So I said I thought you knew, I dont know everything
But I was hurt when he said he's scared of you and trembling coz you're an awesome dude and very nice and he only focus on the nsfw art part

 **Deleted User d4342210** 12/03/2025, 12:52

You're not just a 'nsfw' tag.

khaz 13/03/2025, 22:21

not that he is, that he might

Deleted User d4342210 13/03/2025, 22:21

artists and vtbusers go together

he can't chase away nsfw artists because of his shit

that's basically every artist under the sun

Deleted User d4342210 13/03/2025, 22:23

He never said anything about you not being with me or stuff

khaz 13/03/2025, 22:23

he didn't need to tell you anything

only me

that's why I let you know

you resolved it

it's over

that situation is resolved

khaz 22/04/2025, 19:42

Yup and proceeded to deny every other time after

Deleted User d4342210 22/04/2025, 19:42

Banana is rlly one of my first viewers

When I started on twitch with a png

khaz 22/04/2025, 19:42

Ah I see

Deleted User d4342210 22/04/2025, 19:44

Yeh, I was rlly young at the time too

He's stayed with me a long while and I respect him and his opinions

Don't be too hard on him

But anyways, nsfw is fine with one person on dms like you that knows I'm not interested on it that much

khaz 22/04/2025, 19:45

I'm not

ye

Deleted User d4342210 22/04/2025, 19:45

Another thing is being publically nsfw

khaz 22/04/2025, 19:45

nah

I'd only do it to help bring in new followers

like with shondo

she's peak asexual

doesn't like nsfw

but won't deny her community from doing it because it brings numbers

Start V

are you?

Deleted User d4342210 22/04/2025, 20:54

khaz they can either take it or fuck off
Yeah but don't forget it's a group for chill.

khaz 22/04/2025, 20:54

and then ask yourself if you'd tolerate me asking it of you

Deleted User d4342210 22/04/2025, 20:55

If you ask me to be more chill I would try, it's not faking myself, it's just that there's a place and moment for everything
You can tell me anything

khaz 22/04/2025, 20:55

Banana is a friend, he's not the way you speak of him. I won't let him be a reason to break our friendship, but this is starting to feel like bullying, he's just living his life on his side

If one person is enough for you not to want to be in my group, or community, and be here in my stream road, then that's fine, I accept it too, I'm not here with you for that, I'm here coz I like you and you're one of my very important friends

I will respect your choices, and I'll ask the same from you.. You're being a source of stress for me with the way you've been pushing and acting, and it's not fair for me.

I know you wanna protect me, and that you think this situation is similar to poppy.

And also, the fact you think I forced you to stop dating poppy is... Idk, she was really mentally tiring you.

Banana doesn't make me sick or anything, he's not the person you think he is

The one being toxic toward me has been you..

Anyways, I'm pretty sick rn, I'll go back sleep I don't want drama with you and it's tiring me out

Context : I didn't visit /Uoh/ until someone sent me a marshmallow on stream with a link for the thread. I met some cute anon and a VtuberAnon (I also think you are very cute, if you see this) that day, thank you for being so welcoming!

A member of my team believes that the one to send it was Khaz, since as soon as I wrote in it, I was directly sent threats. You may ask, how would he know I wrote on it? I cannot answer that, and this is over all a supposition. We do not claim it's him, but we also do not believe it's impossible.

At first, I did not care at all, thinking it was just a random, so I honestly didn't give a shit, but once messages bringing up Banana started appearing, who as you saw, Khaz had a BIG problem with and has been the only one to call words like predator, Pedo and others, yet nobody else did, I suspected I knew what was going on. This also brings the fact that Khaz or a friend of his may be in the discord server, as some information was not made public outside the server for a while.

I had people contacting me on twitter (which I was told to refuse by my mods which I did for most of them. I apologize to those of you who did, but we didn't know if it was Khaz himself or a friend of his trying to check if I would dare to speak up), some even asked me what was going on with me and Khaz, because all the talk was going on after.

I would like to thank J, an irl friend, as well as the anon who spoke up in defense of Banana and me against these vile accusations. I am sure a lot of you understand this feeling of being called out as pedophiles or predators without proof, with the only goal of humiliating, destroying your reputation and bullying you.

I am sorry, images may not be in the good order, because god I got confused with the system. There are more that I was informed of, but I didnt want to keep looking, but in one of them he claimed I was getting close to people to use them. I never used him, and paid with my money fairly every art I had from him,

If you see we got something wrong, or you have more context, be it for or against me, don't hesitate to communicate it, as long as you can bring real proof. Just take into account I took some, but the simple insults are probably random anons too, the ones mentioning banana and predator though are for sure.

Go look at the last like 20 minutes of her latest stream. He's just throwing a pity party for himself

Context : This is not tied to me but while looking for these messages, I fell on this. You can see that Khaz has a problem, going to vtuber streams to vent. He did this a lot in my dms, so I won't be surprised if other vtbusers are also victims of this. He also seems to be trying to call attention about being 'accused' of things on his twitter, which probably prompted people to contact him to ask what is going on. He also tends to tell lies and change the context of things to make the other party seem the toxic one, which he did to me pretty often with different vtbusers like Alice and others.

Also, Alice and me already spoke about this, so no need to bring anything up to get her or myself in trouble about this. Alice was not in the wrong for that collab, I had trouble with the other two)

I also wish to say that this was a LIE, Alice used that money for the rent, and this is just vile defamation once again, especially since he never even was close to Alice and had no

reason to say such things.

khaz 22/04/2025, 19:19

Yeah she scammed the shit out of everyone
none of that money went for rent
she just kept spending money faster than she made it
the thing with her claiming her community was filled with "degenerates" was because she was hit with a warning to stop monetizing the
so she lost a major revenue stream
and instead of just explaining the situation
she kept calling herself "the queen of loli v-tubers"
"so I need to always look good, I can't look like I'm failing"
she was good to me and puru as well
but
after that crash out she started treating us like shit
