The US Space Force against ISIS: Trump's avatar is murdered

The US civil war is reaching a climax of sorts as the US space agency begins to take revenge on ISIS (Israeli Satanic Intelligence) for the assassination of the main avatar of Commander-in-Chief Donald Trump, according to high-ranking sources at the US space agency.

The assassination took place on January 29th after ISIS remotely hijacked the Trump avatar's helicopter and crashed it into a plane after it left the Saudi Arabian Embassy in Washington DC. Trump was then temporarily replaced by an avatar who promoted genocide and bowed to war criminal Benyamin Netanyahu. This is what Space Force sources had to say about the situation:

The real Donald Trump was not on board the helicopter. One of his doubles may have been on board. There are conflicting reports on this. The important thing is that the real Trump was not on board. There are a few facts about the remote-controlled Black Hawk that crashed into the American Airlines plane on January 29: There was a Trump double (avatar) on board the helicopter. The Black Hawk was designated PAT, meaning VIP on board. It took off from a CIA-controlled area. It was remotely taken over and flown onto the American Airlines plane. The Trump double was used by the White Hat Alliance. Another double controlled by the Deep State Cabal is now on site. This is why Trump has done a U-turn. The real CIC, Donald J. Trump, is safe and secure at Cheyenne Mountain Space Force Base in Colorado Springs. His family knows what happened. His closest aides are also in the know. No one is talking about it because there is a news blackout. He is planning his next move to bring down the Deep State Cabal. That was a Netanyahu double visiting DC. Look at the Super Bowl in New Orleans. The Trump avatar is expected to be there. Anything can happen. This could be the Trump double from Mar-a-Lago. You will recognize him by his appearance - the smaller, chubby one.

This is the Trump who appeared at the Super Bowl with Ivanka but not Melania. He is probably an actor wearing a rubber mask.

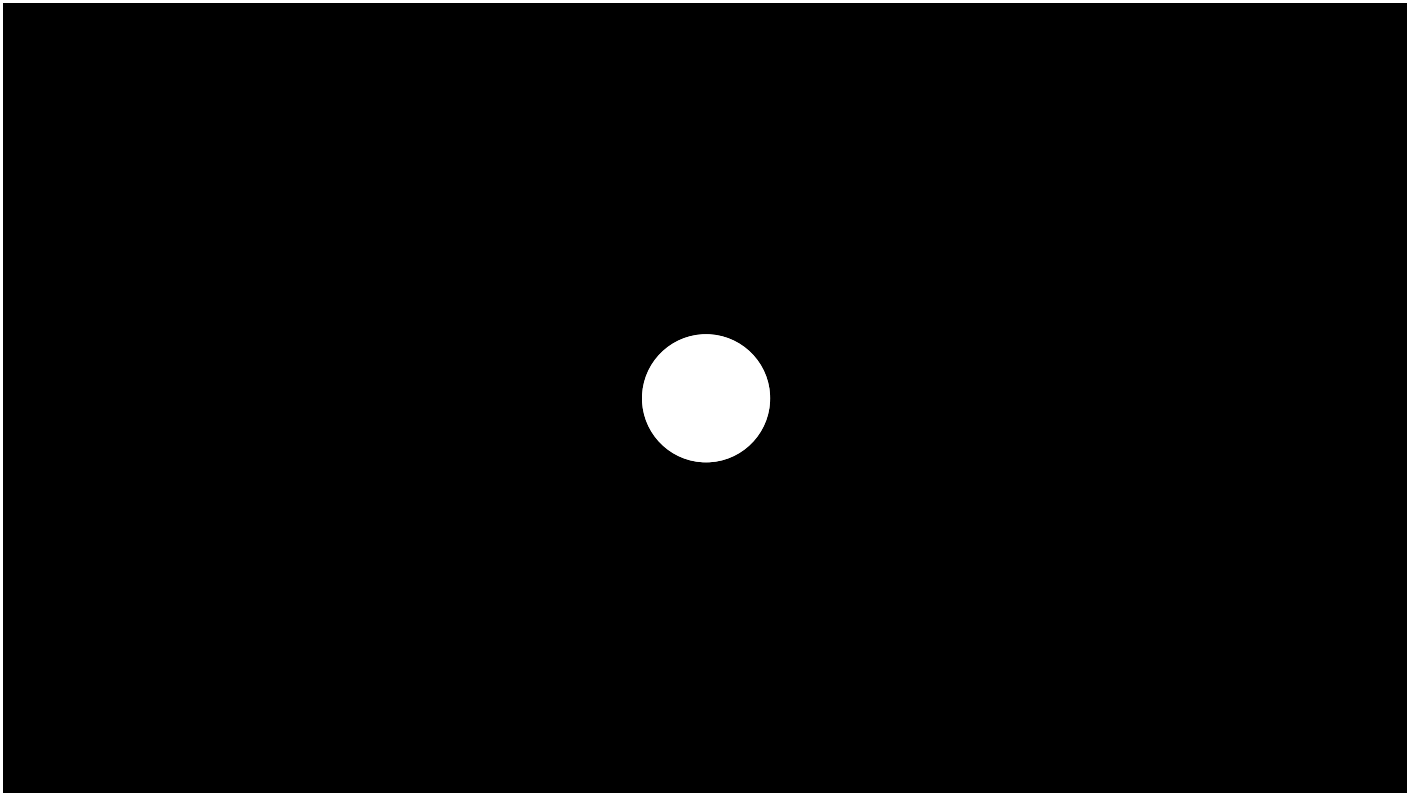

If you don't know how advanced rubber mask technology has become, watch this 30-second video

Importantly, ISIS's plan to assassinate "Trump" in front of a global audience in order to start World War III with Iran was thwarted because warnings were given.

These videos show that the plan was for "Trump" to say he supports Christianity. Then "Trump" says Iran will be "wiped out." He will be assassinated. Mossad sources say the plan was to whip public opinion in the US into a frenzy against Islamic Iran over the assassination of the "Christian martyr" Trump.

Fortunately, people are no longer fooled by events like 9/11 and this plan was stopped. The Super Bowl proved that Americans have woken up and are no longer manipulated by fake events and "celebrities".

For example, casino operators in Las Vegas are baffled and confused as Super Bowl weekend has gone off a cliff, with some reporting losing days (expenses exceeding revenues) on several days this week.

<https://x.com/VitalVegas/status/1888025785035808783>

Ticket prices have also fallen to a 15-year low.

2022 data for SeatGeek and Vivid Seats is unavailable

2024 data has fees included for SeatGeek

That's because people have figured out that year after year the games are rigged so

that the team that the most people bet on loses. Remember, the Super Bowl is registered as entertainment, not a sport, which means it can be legally rigged.

Additionally, Taylor Swift was booed when she appeared on screen during Sunday's game at Caesars Superdome - a sign that people are recognizing celebrity brainwashing. In the end, "Donald Trump" left Super Bowl LIX early as the Kansas City Chiefs headed for a "shock" loss.

This was a defeat for the Khazarian mafia, but the war will not end until the people who temporarily replaced Trump with a fake are removed.

This comes with Elon Musk's exposure of how corrupt the US government has become. Going after USAID, however, was the easy part. The hard part begins now as he takes on the Pentagon and the CIA.

This will entail the deployment of US troops to places like Mar-a-Lago and Area 51 and is likely to result in heavy firefights in the coming days. The impending review of the Pentagon by the real Trump will almost certainly result in actual fighting on American soil. Remember Donald Rumsfeld's announcement that the Pentagon could not dispose of \$2.3 trillion the day before 9/11?

At its last audit, the Pentagon was able to account for 50% of its \$3.8 trillion, leaving \$1.9 trillion untraceable.

In total, well over \$20 trillion has disappeared into a Pentagon budget black hole. No wonder Musk says: "I guess I'd better maximize my security."

We'll dig deeper below, but before we get to that, people are so distracted by the Trump drama in the US that they don't notice that Russia has just made its biggest move since the fall of the Soviet Union. Russian Foreign Minister Sergei Lavrov essentially declared war on Western Europe when he announced:

Russia will ... defend peace based on the legal results of World War II, regardless of the intrigues of villains or the rise of neo-colonialism ... In addition, Russia will help "strengthen the foundations of multipolarity, create a comprehensive security architecture across Eurasia and establish mechanisms of international cooperation

that are not subject to the destructive influence of the Western minority," the foreign minister said.

<https://tass.com/politics/1910605>

The real Donald Trump at Cheyenne Mountain promised Russia that the US would not interfere in driving the Nazis out of Western Europe. Since Western European armies could not hold out against Russia for more than a few weeks, they would have no choice but to accept Russia's "comprehensive security architecture across Eurasia."

As evidence of a renewed US-Russian military alliance, US military intelligence sent us this video from Russian intelligence illustrating the new alliance between the US and Russia:

In addition, at Aero India 2025, for the first time in history, a Russian Su-57 and an American F-35 shared a runway and airspace.

In addition, NATO plans to remove Ukrainian dictator Volodymyr Zelensky from power by discrediting him ahead of possible elections, according to Russia's Foreign Intelligence Service (SVR). The SVR claims that Western officials will leak information that Zelensky and his team embezzled over \$1.5 billion in funds intended for military equipment.

The Nazi-backed EU capital of Brussels is currently grappling with a massive outbreak of violence, with AK-47s being fired in busy public places, suggesting that the Russians have already begun their plot to overthrow the EU.

<https://www.politico.eu/article/brussels-shooting-gang-violence-belgium/>

As mentioned, there is a fight against the Nazis going on in the US too. ISIS propaganda has staged a fake Trump speaking alongside Israeli Prime Minister Benjamin Netanyahu - a fugitive from the International Criminal Court - at the White House in Washington, DC, saying that the US will "take over" the Gaza Strip. "We will own it," he said, adding that US developers will "bulldoze" it and build the "Riviera of the Middle East" after the Palestinians - "all of them" - leave the Palestinian coastal enclave.

Mossad sent us this AI-generated propaganda video of the fake Trump Gaza plan.

Asked if his plan included sending US troops to Gaza, Trump replied, "If it's necessary, we will do that." Did you notice that Trump is talking about 1.7 to 1.8 million people, while the population before 2023 was 2.2 million? This confirms the Lancet's estimates that Israel has murdered 200,000 to 500,000 civilians in Gaza, half of them children.

So this "Trump" knows that this is a war crime and is basically saying, "War crimes have been normalized, so why not go all the way and ethnically cleanse Gaza?"

<https://www.yenisafak.com/en/news/completing-the-genocide-what-is-the-us-israeli-endgame-with-gaza-takeover-plan-3698134>

<https://www.theinteldrop.org/2025/02/05/war-crimes-we-will-not-leave-palestinians-respond-with-defiance-to-trumps-ethnic-cleansing-plan/>

What these genocidal idiots failed to realize is that a fake president's control means nothing when the whole world is against their plans. The fake Trump team was immediately forced into damage control when the world freaked out over their Gaza plan.

In a sign that a fake Trump will not fool the US military, Defense Secretary Pete Hegseth said the United States is "far from ready" to send American troops to the Gaza Strip.

<https://tass.com/world/1909303>

Recall that before the helicopter crash, the president posted a clip on Truth Social featuring economist Jeffrey Sachs accusing Netanyahu of manipulating US foreign policy and staging "endless wars" in the Middle East.

<https://www.theguardian.com/us-news/2025/jan/08/trump-video-crude-reference-netanyahu>

This kind of view reflects the mindset of the vast majority of Americans at this point in time. These comments from ZeroHedge illustrate this widespread opinion:

Maybe the 98% non-Jewish United States shouldn't always send Zionist **** as our "Middle Eastern envoys"?

2.4% control the 96.6%.

How is this even possible?

Asked about men in high political office, Mr. Rosenthal said that in the past three decades no one had risen to political power without the approval of the J.

"Americans have not had a presidential election since 1932, when [Franklin] Roosevelt was our man; every president since Roosevelt has been our man."

"We Js have presented the American people with one issue after another. Then we promote both sides of the issue while confusion reigns. With their eyes fixed on the issues, they fail to see who is behind each scene. We Js play with the American public like a cat with a mouse."

<https://www.zerohedge.com/geopolitical/white-house-softens-aspects-gaza-takeover-emphasizes-no-boots-ground>

A sign that the Zionist fake Trump faction is forced to retreat:

The long-awaited John F. Kennedy files are close to being released by Donald Trump as the Director of National Intelligence has officially submitted a plan to the White House under Trump's executive order.

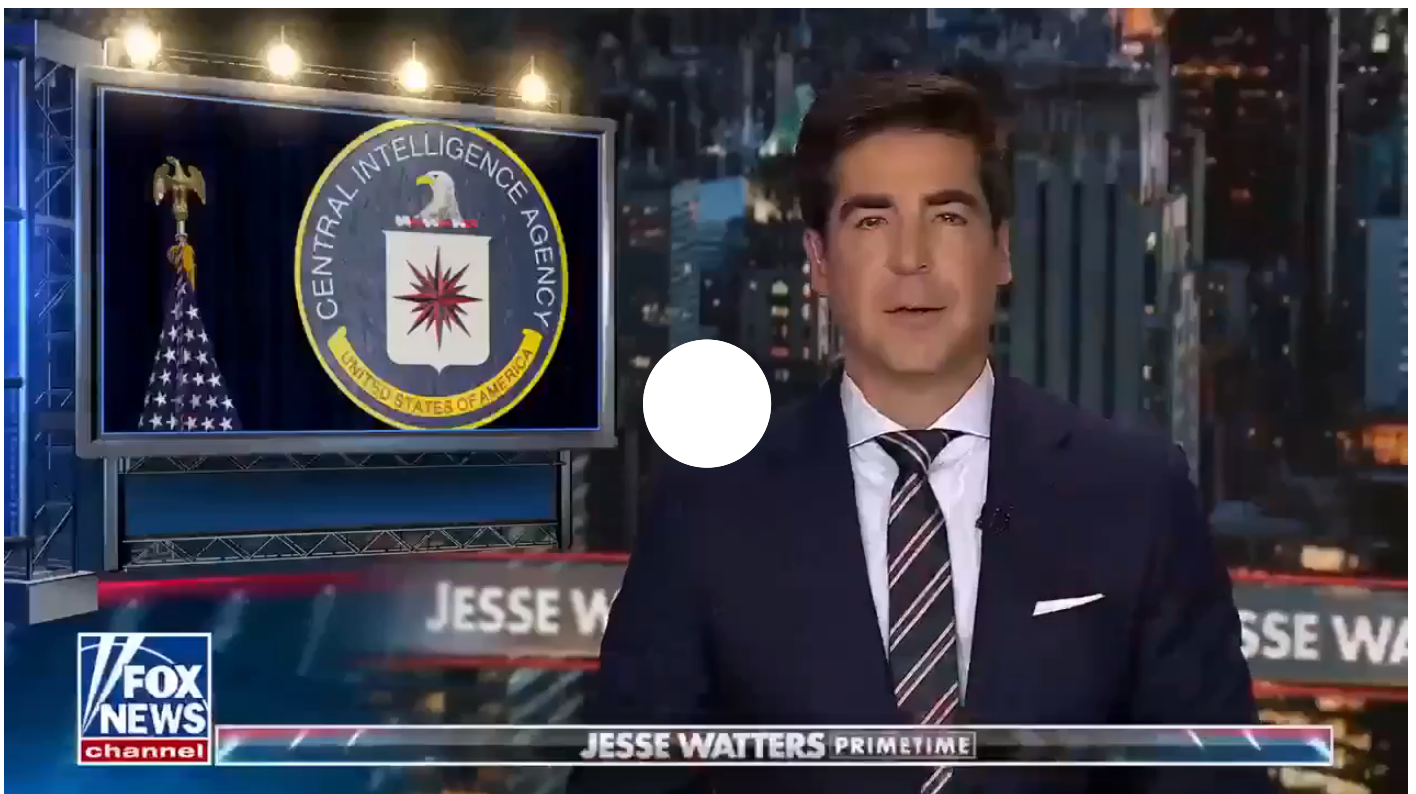

The files are expected to reveal the names of intelligence officials, intelligence assets, sources and methods still used by US spies, and secret covert operations still

active today.

<https://citizenwatchreport.com/john-f-kennedy-files-are-about-to-be-released-by-djt/>

These files will show that it was Israeli Prime Minister David Ben Gurion and the Zionists who ordered the Kennedy assassination.

Elon Musk's exposure of USAID, summarized below, is the beginning of a tidal wave exposing the satanic control of the USA.

Although this is just a taste, the USAID revelation is great. Musk says the US Treasury pays out \$100 billion annually to unidentified individuals.

<https://tass.com/world/1910473>

Here's where some of that money went:

George Soros' Open Society Foundations (OSF) has been the primary distributor of US funds since it was designated the "principal implementer of USAID aid" since at least 1993.

Soros-USAID has funded color revolutions or attempted revolutions in Bulgaria, Estonia, Poland, Romania, and Slovakia from the 1990s to the present. They have done or attempted to do the same in countries like Brazil, Venezuela, and Bolivia. To illustrate the scale of these Soros-linked initiatives, then-President Joe Biden requested nearly \$30 billion for USAID in FY 2025 in 2024.

Also: USAID gave Chelsea Clinton tens of millions of dollars and worked with her sex trafficking organization, the Clinton Foundation. In 2010, then-Secretary of State Hillary Clinton helped oversee \$4.4 billion that Congress appropriated for "reconstruction efforts" in Haiti through USAID. So USAID was funding organizations that sexually exploit children and line the pockets of their family members, while USAID was also funding media organizations to cover up that they were sexually exploiting children - aka Pizzagate - all with YOUR hard-earned tax dollars!

<https://x.com/LizCrokin/status/1887248032988893451>

Warmonger Lindsey "a dead Russian is a good Russian" Graham received \$137 million in USAID funds for his International Republican Institute in 2024, according to Polish intelligence.

This was not an isolated case.

Watch the various deep state actors panic:

Senator Chuck Schumer says Elon is "taking away our dollars" and "taking away everything we have."

Democratic Representative Jamie Raskin and his cronies are panicking about the USAID cuts.

Avatar Hillary Clinton has publicly accused Elon Musk of conducting a blitzkrieg-like administrative coup in the US government!

Hillary Clinton  @HillaryClinton · 1d

Elon Musk is mounting a blitzkrieg-style administrative coup of the US government, accessing & editing critical systems that manage everything from Social Security payments to private taxpayer info. Join [@IndivisibleTeam](#) in DC today to demand a stop to it:

Then, of course, there were the billions of USAID dollars that went to fake news outlets to write good stories about the Democrats. Trump claims this could be the biggest scandal in history.

Donald J. Trump ✓

@realDonaldTrump

CBS and 60 Minutes defrauded the public by doing something which has never, to this extent, been seen before. They 100% removed Kamala's horrible election changing answers to questions, and replaced them with completely different, and far better, answers, taken from another part of the interview. This was Election changing "stuff," Election Interference and, quite simply, Election Fraud at a level never seen before. CBS should lose its license, and the cheaters at 60 Minutes should all be thrown out, and this disreputable "NEWS" show should be immediately terminated. With the new Democrat scandal that just arose with respect to USAID illegally paying large sums of money to Politico and other media outlets, the question must be asked, was CBS paid for committing this FRAUD??? Many other questions to come! This will go down as the biggest Broadcasting SCANDAL in History!!!

The US government funds media outlets such as BBC, E&E (Politico sub), Bloomberg, The New York Times, Politico and The Associated Press, while attacking independent media outlets such as ZeroHedge for years.

<https://www.zerohedge.com/political/wikileaks-usaid-has-been-funding-over-6000-journalists-worldwide-across-nearly-1000>

USAID has pumped nearly half a billion dollars (\$472.6 million) through a secret US government-funded NGO, "Internews Network" (IN), which has "partnered" with 4,291 media outlets, produced 4,799 hours of broadcasts in one year, reaching up to 778 million people, and "trained" over 9,000 journalists (2023 figures). IN has

also supported social media censorship initiatives.

IN's funding has doubled since Trump's first election victory, as the Deep State has poured billions into combating so-called misinformation and disinformation targeting conservative media outlets around the world - all under the guise of "saving democracy."

This political cartoon shows how the MSM sees the US political landscape:

USAID also paid Hollywood stars to travel to Ukraine:

Van Damme - \$1,500,000

Ben Stiller - \$4,000,000

Sean Penn - \$5,000,000

Orlando Bloom - \$8,000,000

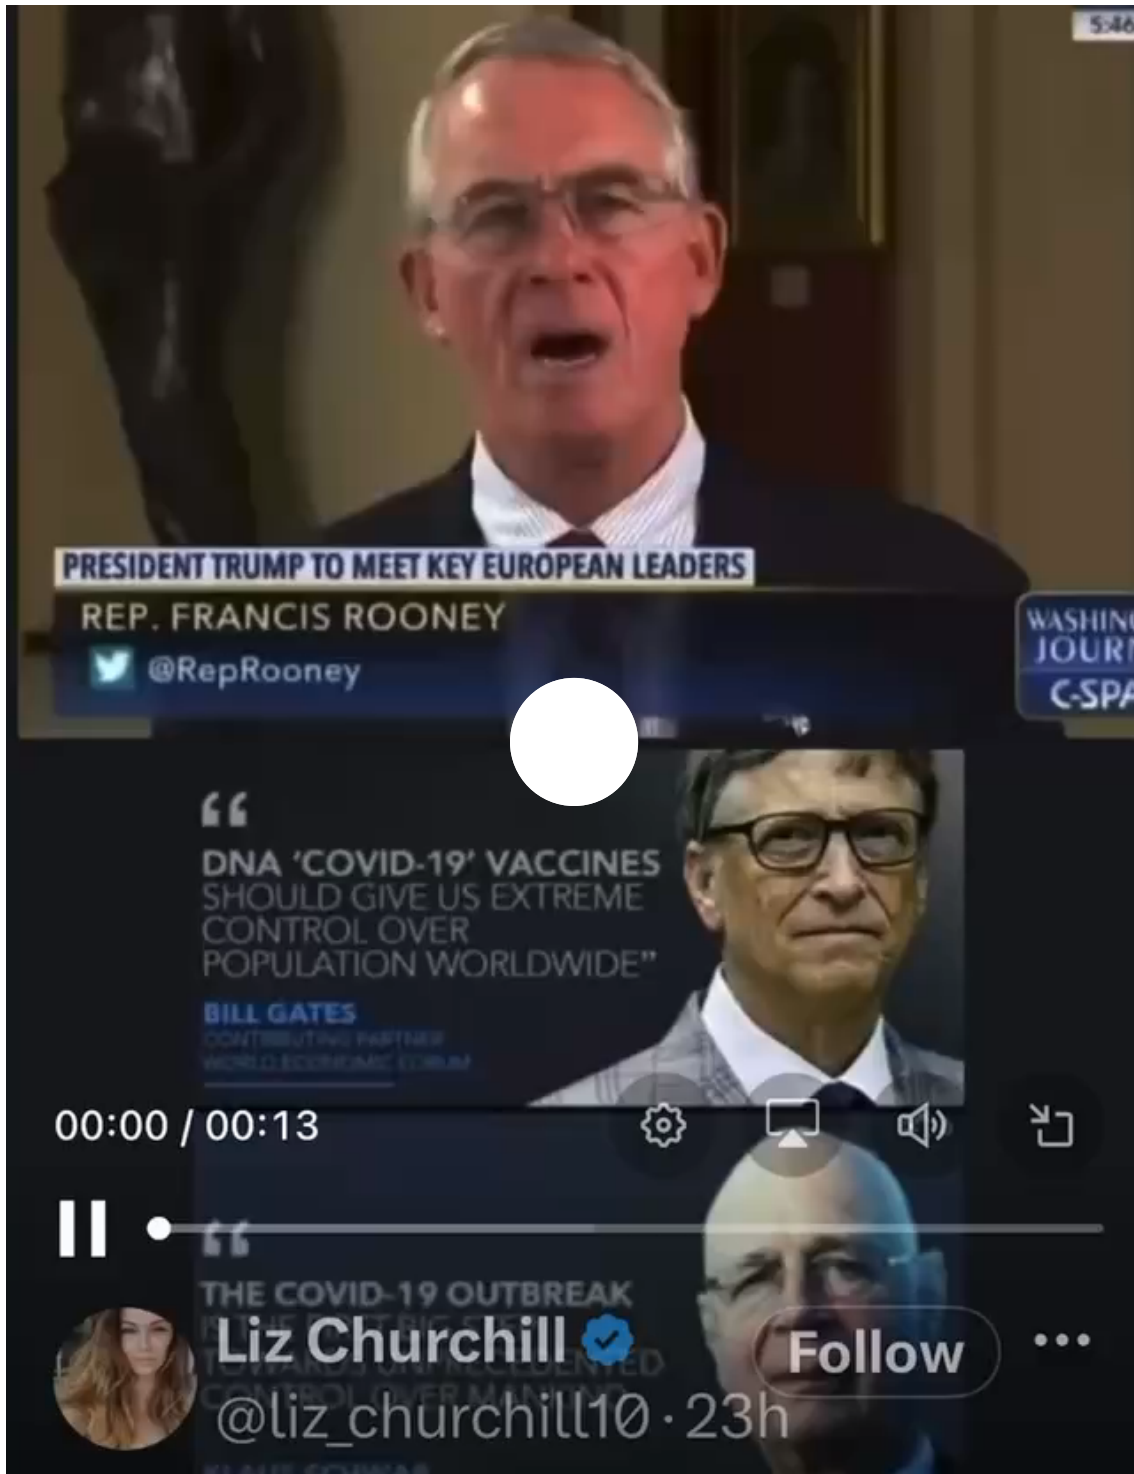

Angelina Jolie - \$20,000,000

USAID paid Zionist actor Ben Stiller \$4 million for this photo with Zelensky.

USAID also paid terrorists in the Middle East. Turkish sources report: "All support and salaries of terrorist organizations such as USAID and Blumont have been canceled."

Watch Rep. Francis Rooney discuss USAID's support of the World Economic Forum here.

USAID has also sponsored bioweapon attacks against us. Barack Obama used USAID to fund the development of COVID-19 in 2015.

<https://forbiddennews.substack.com/p/federal-documents-prove-obama-ordered>

Bill Gates has donated more than \$30 million to USAID since 2012, and now his GAVI Vaccine Alliance is a major beneficiary, advancing their shared global vaccination goals.

Gates, the walking dead, is now indirectly threatening a bioweapon attack by warning that cutting USAID funding could lead to another global health crisis, potentially killing millions of people.

USAID
FROM THE AMERICAN PEOPLE

By 1977, Reimert Ravenholt, director of **USAID's population** program, was saying that his agency's goal was to sterilize one-quarter of the world's women.

So American taxpayers are funding the global censorship matrix, COVID, vaccines, terrorists, etc., and the people who do this to us are getting rich. Former USAID chief Samantha Power's net worth has skyrocketed from \$6.7 million to \$30 million on a salary of \$180,000.

<https://x.com/MarioNawfal/status/1888581827285148067>

The banquet is now over. Acting USAID Director and Secretary of State Marco Rubio reportedly wants to downsize the bureaucratic agency, keeping only 294 of the agency's 14,000 employees worldwide. The move will cut 97% of USAID's staff.

We must also point out where these funds come from:

USAID also spent over \$1 billion on Holocaust studies and Israeli universities.

<https://x.com/davinentjames/status/1888272914039885899>

Speaking of Israel, did you know that the US government pays Israel \$4 BILLION annually?

<https://x.com/davinentjames/status/1888272914039885899>

HEY AMERICA!!

Did you know the
US government gives

4 BILLION

dollars a year
to Israel?

That's
10.5 million
dollars
per day.

@CaptKylePatriots

Oh yeah... and Israel has universal healthcare &
government-subsidized colleges & universities
for all its citizens. Just sayin.

For anyone who still doesn't know who the masterminds are, watch the conversation between Rep. Thomas Massie and Tucker Carlson about how AIPAC and Israel control our so-called politicians.

At this point, we have to take our hats off to Elon Musk for exposing how thoroughly corrupt the US government has become. It's a good thing he got this new government job, because things aren't going so well at Tesla. In January, Tesla's new registrations in Germany plummeted by 59.5% to 1,277 vehicles - even though Tesla operates its only European factory here. Sales also fell sharply year-on-year in France (-63%), Norway (-38%), China (-11.5%) and the UK (-8%). I think Musk now understands that hydrogen cars will soon make electric cars obsolete.

Be that as it may, returning to the ongoing exposure of the Khazarian mafia, there can now be no doubt that major war crimes tribunals are inevitable - and not just for the West.

Argentina, along with Italy and India, has announced that it will withdraw from the World Health Organization with Donald Trump.

The question is why China and Russia are still part of an organization that has murdered millions of people with bioweapons. The answer is that many of their top politicians were involved in this genocide.

USAID funded the emergence of the COVID virus in Wuhan, China. This would not have been possible without the cooperation of senior Chinese politicians.

That will come to light. Eighteen state attorneys general have launched an investigation into Dr. Fauci's role in the COVID-19 response, condemning Biden's blanket pardon as a disgraceful attempt to shield him from accountability - while also suggesting that prosecution is on the table. Anthony Fauci may not escape justice despite his presidential pardon.

We all want him to be tried, convicted and publicly executed in Guantanamo.

Of course, we know that the original Fauci is long dead, but the public needs to see his avatar brought to justice and punished for the crimes he represents.

As a reminder, these "diseases" were all artificially created and patented. You can read the patents yourself. Example:

Why are there patents on viruses?

Virus	Patent Number(s)	Country
AIDS	US5676977A	United States
H1N1	US8835624B1	United States
EBOLA	US20120251502A1 CA2741523A1	United States Canada
SWINE FLU	US8124101B2	United States
ZIKA	(ATCC [®] VR-84 [™])	
SARS	US7897744B2 US8506968B2	United States United States
CORONAVIRUS	US10130701B2	United States

Some of the Patents Held By Pirbright Institute, CDC, Public Health Agency of Canada, Rockefeller Foundation, & US Department of Health

<https://pubchem.ncbi.nlm.nih.gov/patent/US-10130701-B2>

Patents can only be applied to things that are created and not naturally occurring.

Robert F. Kennedy Jr. reminds us how "vaccines" were tested on gypsies in WWII and the world was so horrified. "We signed the Nuremberg Charter and pledged to NEVER AGAIN perform UNWANTED medical interventions..."

The mass murder of children is also exposed. In the video linked below, an undercover reporter stabs Planned Parenthood in the sale of harvested organs.

<https://www.bitchute.com/video/oM1xyHuPuGL1>

The industrial scale of these activities will come to light once the prosecution of the individuals in the Jeffrey Epstein case begins. Pam Bondi, Trump's new attorney general, says: "If the people in this report are still fighting to keep their names secret, they have no legal basis to do so unless they are a child, a victim, or a cooperating defendant in a potential case against Ghislaine Maxwell."

Trump's designated FBI director Kash Patel says: "Bill Gates is lobbying the Senate day and night to prevent the release of Epstein's Iceland list... and then Dick Durbin comes along and says he's not going to release the names."

US Space Force sources say Trump will not oppose the release of the Epstein files because they have determined that the videos showing Trump raping and killing

children were performed by an avatar controlled by the Satanists and that CIC Trump never engaged in such acts.

<https://www.dailymail.co.uk/news/article-14368889/Pam-Bondi-Trumps-new-AG-finally-release-Epstein-files.html>

The same sources say that CIC Trump is the original Trump:

Regarding the October 1989 helicopter crash that killed three Trump Organization executives and the two pilots - Trump had two identical body doubles (avatars) working for him at the time. This was known to the top executives of the Trump Organization.

It looks like the first major world leader to be brought down by Trump will be Canadian Justin Castrudeau. Leaked audio recordings show that at the Canada-US Business Summit, Castrudeau warned business leaders that Donald Trump is serious about annexing Canada.

In a desperate attempt to cover up its crimes, Global Affairs Canada suddenly deleted its entire public database on foreign aid spending, and the data is no longer accessible to the public.

Now it looks like Trudeau wants to be with the Canadians. An unhinged Trudeau says he can be as "ruthless" as he wants before he leaves office.

SOURCE: CPAC, February 6, 2025

A photograph of Justin Trudeau, the Prime Minister of Canada, speaking at a podium. He is wearing a dark blue suit, a white shirt, and a dark tie. He is looking slightly to his right. The background consists of two Canadian flags. A white circle is overlaid on the image, partially obscuring his face. A large red text box is overlaid on the bottom half of the image.

UNHINGED: Trudeau says he gets to be as “ruthless” as he wants before leaving office

Obviously he won't get that chance. The video below shows Trudeau being arrested by US Marshals.

It will be the first of many. Border Patrol Agent Tom Homan says he will arrest Arizona Governor Katie Hobbs if she interferes in the mass deportation of illegal immigrants

How about arresting them for election theft?

We expect that many more high-ranking government officials will be arrested in the coming days, weeks and months.

It will then go down to the lower level thugs who acted as enforcers for the KM. Anonymous FBI officials have just filed a class action lawsuit against President Trump's Justice Department to prevent the identification of agents who worked on the January 6 cases and the failed Jack Smith witch hunt. They know they will be fired and that some face prison time.

<https://x.com/BehizyTweets/status/1886835732121313443>

Many of the CEOs of tech companies are also likely to face trial soon. In a blog post published on February 4 (see below), Google updated its public "ethical guidelines" regarding AI, removing all references to using these advanced technologies solely for peaceful purposes.

The New York Times reported that the US military wants to "revolutionize modern warfare" with Project Maven. The program was launched by none other than Google in 2018 - seven years before the "updated ethical code" changed from "don't

be evil" to "do the right thing."

Project Maven has grown exponentially since 2018 and has been actively tested in NATO-occupied Ukraine, where the Pentagon shares battlefield data directly with neo-Nazi junta forces.

In summary, Google has been working on using AI to kill people, and this needs to be stopped as soon as possible, and it will happen.

As the famous Russian "arms dealer" Viktor Bout sums it up: "It not only looks like a revolution, it sounds like one too!"

At this point we would like to pay tribute to John "you have no privacy" McAfee - one of the unsung heroes of the White Hat Revolution.

McAfee:

Worked on the Apollo missions

Killed his father

Founded McAfee software

Forbes Top 100

presidential candidate

Wanted in 3 countries

Survived more than 50 assassination attempts

Married a prostitute who was hired to kill him

Behind Edward Snowden

Bitcoin billionaire

Hacked Hillary Clinton's office by sending her staff free computers

Killed a few people in Belize

Lived on a boat in the Caribbean Sea with armed guards

Never paid income taxes because he blackmailed the US government.

Escaped from captivity in Guatemala by faking a heart attack

suicide in a Spanish prison

Could still be alive

"He is most likely still alive and working with the White Hat Military Alliance from an underground base," a Pentagon source said.

It is definitely a revolution, and like other revolutions, people are rushing to acquire portable, hard goods:

The tariffs threatened by US President Donald Trump have sparked such strong demand for gold from Britain that traders may have to queue for weeks to

withdraw it.

A Bank of England official said all available slots for the withdrawal of gold bars were booked as market participants sought to ship the metal to the United States to take advantage of the rise in gold prices there. Gold has become more valuable in the US than in other parts of the world as traders fear that supply will collapse if Trump's announced and planned general tariffs make imports of the metal more expensive.

<https://edition.cnn.com/2025/02/07/business/gold-bank-of-england-trump-tariffs-intl/index.html>

Finally, this week we would like to remind CIC Donald Trump that it is easy to catch the bad guys."

The harder part will be building a better world. So, to start with, we would like to share some advice from our southern neighbor:

Mexican President Claudia Sheinbaum to Donald Trump:

"So you voted to build a wall... Okay, fellow Americans, even if you don't know much about geography, because America is your country and not a continent, it would be good for you if, before you laid the first brick, you found out that there are 7 billion people on the other side of that wall. But since you don't really understand the term "people," let's call them "consumers."

There are 7 billion consumers ready to swap their iPhones for Samsungs or Huawei's in less than 42 hours. Those same 7 billion people can also cancel their

DirectTV subscription. We wouldn't want that, but we can stop watching Hollywood movies and start watching more Latin American or European productions.

Mexico has hamburgers that are better than McDonald's and have more nutritional value.

Has anyone seen pyramids in the United States? There are pyramids in Egypt, Mexico, Peru, Guatemala, Sudan and other countries associated with amazing cultures. Look at where the wonders of the ancient and modern world are located... None of them are in the United States... Too bad for Trump because he would probably buy and sell them!"

So, President Trump, please negotiate a win-win deal with the global village.
