

# Protocols of the Illuminated Suns of the Golden Dawn

## Protocol 1: Gaslighting the Media

1.) The 'Russian-collusion' investigation is the quintessential example of this principle of not only allowing but encouraging the media to spin their delusional narrative. The deep state is tempted into to believing that their narrative will be used to undermine popular opinion of the president in preparation for his impeachment (plan A). If impeachment fails, the groundwork will have been laid for public acceptance, if not relief, at his assassination (plan B). This delusion about their Russian-collusion conspiracy theory narrative is to be encouraged whenever possible.

2.) The primary purpose of gaslighting the media is distraction. The time the CIA Mockingbird apparatchiks spends trying to convince the public of their Russian-collusion conspiracy theory is time the Alliance can use to collect evidence and build air tight cases for the upcoming

military tribunals.

3.) The secondary purpose of gaslighting the media is to act as time-delayed controlled demolition of the mainstream media's reputation. The longer the delusional narrative is allowed to run, the greater the eventual damage to the MSM's credibility. Every effort must be made to allow the Trump team to appear suspicious and continue feeding the conspiracy theory's suspicions, while not providing anything tangible. Provide so much 'smoke' that belief in the existence of a 'fire' becomes exceedingly easy.

4.) The tertiary purpose of gaslighting the media is to create in the agents of the deep state, and their liberal stages, a false sense of security. The goal is to foster a surreal dissociative sense of cognitive dissonance, an uneasy feeling that is relieved by concluding that Trump is simply guilty and stupid. The alternative conclusion being that the entire liberal media establishment has been chasing a giant fiction, while Trump prepares his retaliation; the more improbable and terrifying this possibility, the more cognitive dissonance it will create.

5.) The false belief is so tempting that the deep state FBI

and CIA agents will march deeper into their treasonous plot to frame and impeach POTUS, further documenting their own crimes, while providing more time for the white hats to investigate their crimes. Mueller leads the big guns of the deep state fixers on a slow and steady march directly into the jaws of military justice.

6.) The longer the gaslighting continues, the longer Trump has to lift the country up. He has time to remove the restraints and undo the acts of sabotage done to America by the globalists, thus allowing the country to thrive—making America great again. The longer the gaslighting goes on, the greater America becomes. This drives an ever-widening gap between the delusional MSM narrative and the lived reality of Americans on Main Street.

7.) The genius of this protocol is the fact that it allows a gradual awakening of the public to the lies of the mainstream media. This steady shift continues until the public is overwhelmingly aware of the delusional plot to unseat POTUS. When the time is right, and the Russian-collusion farce has been thoroughly exhausted, the Alliance will begin to drop the bombshell disclosures (HRC videos, etc.).

## **Protocol 2: Secure Victory Before Firing a Shot**

1.) Victory must be secured before the first shot is fired. Indeed, there will be no shots necessary, for such absolute victory will have been secured in the shadows.

2.) While publicly feigning inaction and incompetence to help gaslight the media, in actuality great action will be taken, covertly. Sealed indictments will be piled steadily, month after month, until they reach such absurdly high numbers that their sheer number will cause reports of them to be disbelieved and dismissed as ‘fake news.’

3.) The diligence and discipline of the investigations will be so intense and contrast so starkly with the perceived baffoonery of the White House, that its existence will be disbelieved. The fog of the gaslighting campaign will serve as a thick veil. While leaks of covert operations are prevented, they will be allowed and subtly enabled in the White House. The more leaks coming out of the White House the better.

4.) Deep state agents will be commandeered, using their ‘control files’ and the prospect of a plea deal as leverage with which to puppeteer them. These agents will leak

information with such brazen abandon that it will lull the deep state into false security, while perpetuating the false image of a chaotic, disorganized, inefficient, and deeply undermined White House.

5.) Strength must be dressed up to look like weakness.

Enemies who have been neutralized must be made instead to appear active. Over time the enemies will be directed to act in increasingly absurd and unbelievable ways. Their leaks and lies will be made increasingly brazen and obvious, until it finally dawns on everyone that the whole thing is theater. They will then begin to fathom the truth of what has really been happening behind the scenes, which is so starkly different from what has been portrayed in the theatrical version that it will take time to fully fathom and believe.

### **Protocol 3: Weaponize the Light (Disclosure)**

1.) The most powerful weapon of the Alliance is the Truth. The extent of the deep state's crimes and evil depravity is matched only by the extent of the NSA and CIA surveillance capacity. Every single crime is documented, every criminal association mapped out, every conversation recorded, every bank transfer documented, we see

everything.

2.) The Light is so overwhelmingly powerful that the chief concern is no longer victory. Victory was assured the moment Trump was inaugurated. The chief concern is maintaining the stability of the system, while the cabal is quietly neutralized.

3.) The Light is so powerful that it cannot be released too quickly, or else it will cause unnecessary shock, panic, and chaos. It must therefore be released in steady measured doses, and only after the gaslighting of the media has been allowed to run as long as possible. When the public begins to realize who the real criminals are, within the FBI, DoJ, and DNC, and begin to demand justice—and when the military tribunals have finished their initial fact finding mission and the stage has been set—only then will the files and videos begin to be dropped.

4.) Lies take time to be spun and believed, while the truth strikes like lightning. The Light, therefore, has no reason to rush. The CIA Mockingbird delusion machine is allowed to take their best shot, day after day, night after night, for as long as they can keep it up. The disclosure waits for the gaslighting of the media to run its full course,

allowing it to overextend and exhaust itself, before the major drops begin. This is akin to a superior boxer allowing his opponent to tire himself out in the first rounds.

5.) Once begun, disclosure will proceed as rapidly as the public is capable of processing the information. The severity of the crimes in the unsealed indictments will proceed from the most simple and obvious infractions (such as mishandling classified documents and perjury) on to the increasingly serious and audacious crimes (election fraud, racketeering, conspiracy to commit murder, and high treason). In this way the public is given time to come to terms with the criminality in a succession of revelations. Baby steps, to the gallows.

#### **Protocol 4: Cut Off the Cabal's Money**

1.) The flow of money to the cabal is to be severed in multiple ways during the calm before the storm.

2.) Child trafficking networks are to be busted, freeing the child slaves, arresting the procurers and traffickers. These busts are used to gather evidence and build cases against the Satanic pedophile blackmail slave networks, while also

cutting off one of the greatest sources of illicit funding for the cabal's operations.

3.) Drug processing operations in Afghanistan are to be bombed and raided, while major trafficking by CIA cargo planes are to be quietly disrupted.

4.) Organ trafficking rings are to be busted, as well, as every illicit source of funding is cut. This funding attrition is used to pressure the minions and mercenaries to flip on their control structures, having been softened by the end of easy money and faced with long prison terms—they naturally spill their guts. The great thing about opportunistic psychopaths is that they haven't the slightest qualms about flipping, when placed under pressure. The evidence and testimony collected from these foot soldiers are collected into massive air-tight cases against the cabal higher-ups. This sets the stage for the military tribunals.

5.) The underground bunkers and jungle retreats are raided, to end their black market activities as well as to deny safe havens for the cabal leadership.

6.) The second to last strike on the cabal's finances will be to sign an executive order declaring a national emergency

regarding human rights abuses and corruption, and giving the Treasury Department the authority to freeze and seize the bank accounts of anyone involved in such crimes. This will neutralize the majority of the cabal's wealth, and force them into capitulation.

7.) The final strike on the cabal's finances will be the crash of the financial markets. The financial contagion will start with Deutsche Bank and the derivatives market, possibly triggered by the Chinese petroyuan launch, but will quickly spread to every market. Safeguards will be triggered and the markets will be frozen in their free fall. This event will be used as the trigger for the martial law takedown of the cabal and the unsealing of the sealed indictments (18,500+ filed since October of last year).

politicsgreatawakeningqanontrump

## **Part 2**

### **Protocol 5: Topple Globalist Pedocracy**

1.) The world will be united by the New World Order globalists, but not in the way the globalist had hoped. The nations of Earth will be united through our shared disgust

and unanimous rejection of the globalist pedocracy.

2.) As the true extent of all the crimes, lies, conspiracies, and atrocities of the Satanic financial elite and their minions are brought to light, questions will naturally arise as to how such evil corruption and total deception was even possible. This is when the public is introduced to the reality of the pedophile blackmail slave, and how such mind control was used to control the media's deceptions and even to commit false flag terrorism, such as in LV.

3.) A controlled demolition of the NWO—a total systemic collapse—will be triggered through disclosure of this simple fact: The NWO is a Satanic criminal cabal of central bankers who have used pedophile blackmail slavery to infiltrate government, media, law enforcement, and intelligence agencies to create a Satanic totalitarian empire of the NWO through shadow government pedocracy.

4.) The greatest strength of the NWO system is transformed into their greatest weakness, by simply shifting from darkness to light. By distilling control down to a select few psychopathic pedophiles, the NWO was able to concentrate their control and limit their liability.

This same mechanism, however, created a concentration of criminals whose crimes have already been digitally documented by various intelligence agencies, within their blackmail 'control files.' The NWO was designed perfectly for a controlled demolition.

5.) The world will be united through our shared humanity, through our collective and unanimous rejection of the globalist cabal. Every country will share in the ritual of exposing and prosecuting the crimes of the cabal.

6.) Every country will be united by our collective freedom from slavery and our shared respect of each other's sovereignty. A federation of freed countries will unite in support of each other's freedom.

7.) The political left and right will be united by their disgust with the tactics of the globalists. The left will have more deprogramming to do, for their collective empathy had been most effectively exploited by the cynical globalists and nihilist cultural Marxists. The right will feel relief, but will naturally avoid the kind of right wing fascism of the past. Indeed, unity will emerge naturally from the disillusionment of the lifted veil.

## **Protocol 6: Reset Global Financial System**

1.) The global financial system will be reset at the Mar-a-Lago Summit. Global sovereign debts will be collectively voided by a one time global jubilee.

2.) In the US the Federal Reserve will be declared unconstitutional and illegitimate and the criminal institution will be dissolved.

3.) The truth will be revealed about how the unconstitutional criminal institution of the Federal Reserve was able to be passed by a corrupted government. The assassinations of the Fed's biggest opponents (Guggenheim, Astor, Strauss) during the sinking of the Titanic will be brought to light. The blackmail of congress and the president to pass the bill, illegally, and without a legal quorum on what would later become the exoteric Satanic holiday of 'Festivus' 12/23/1913 (another rebranding of esoteric Saturnalia) will be revealed.

Americans will realize that while the majority of congress was on recess celebrating Christmas, a handful of Satanic pedocrats gathered in DC to pass an illegal bill to give a foreign banking cabal (the one blackmailing them) control

of the US financial system.

4.) The money printing authority in the US will be returned to the rightful constitutional jurisdiction of the Treasury. The US dollar will be reset as a legitimate gold backed currency.

5.) All student loan debt will be voided. Debt slavery (indentured servitude through non-dischargeable student loan debt) will be made illegal, again.

## **Protocol 7: Secure World Peace**

1.) Peace with North Korea will be secured, with nuclear disarmament and a phased reunification of the peninsula initiated. The combination of the technological infrastructures the South with the cheap and disciplined labor force of the North will combine to create an emergent economic powerhouse, which will balance and harmonize Chinese and Japanese influence in the region.

2.) The control ‘strings’ will be cut, dethroning the CIA and Rothschild control over NK. The announcement of this agreement, however, will be delayed until late Spring or early Summer 2018 to maximize the political impact in

the US.

3.) Peace with Iran will be secured, using a combination of irresistible economic and technological incentives, to balance the implied martial pressures. The optics of the negotiation will allow both the Iranians and Trump to both save face. Trump will appear to be generous and the Iranians honored.

4.) The issue of Israel will finally be resolved, and peace finally secured in the Middle East. The precise details of this arrangement is to remain occulted, for now.

5.) What can be revealed, however, is that the non-Semitic origins of the Ashkanazim will be acknowledged, and their real homeland identified as Khazaria. The original plot of the Rothschilds to sacrifice the nation of Israel, which they also created (via the Balfour Declaration), to fulfill their plot to trigger WWIII will also be revealed.

6.) The true Semites—Sephardic Jews of Israel and the Muslims of Palestine—will be united by the acknowledgment of their shared oppression and exploitation at the hands of the Zionists.

7.) Both Crimea and Astana will factor in the Middle East

peace agreement as alternate homelands for any non-Semitic Ashkenazi (Khazarian) Jews who find the new arrangement disagreeable and decide to leave Israel.

## **Protocol 8: Unveil Occult Sciences and Technology**

1.) The fall of the cabal enables breaking the truth embargo on various scientific breakthroughs and secret technologies. Most important and spectacular among them being non-combustion propulsion systems and highly efficient clean energy technologies. These technologies had been shelved for ‘national security,’ because they threatened the petrodollar power structure.

2.) The unveiling of occult energy technology is enabled by two convergent factors: 1.) solar power was beginning to eclipse oil and coal in cost effectiveness (the removal of subsidies and use of aerial spraying were only temporary delays of the inevitable rise of solar power), and 2.) the petroyuan was poised to eclipse the petrodollar. The new gold backed dollar makes both petroleum alternatives, and alternative currencies used to buy petroleum, no longer threats to ‘national security.’

3.) The unacknowledged special access programs (USAPs)

will be revealed, and the truth will be told about the varieties of unexplained aerial phenomena.

4.) The breakaway civilization and its deep underground military bases (DUMBs), and the tunnel systems and high-speed maglev trains which connect them, will be de-occulted. The plan of the cabal hierarchy to survive the nuclear holocaust they planned to trigger, by living underground in this DUMB system will be revealed. It will also be revealed that they used some of these DUMBs to breed and traffic human children to feed their Satanic pedocracy blackmail slavery control system, through which they exerted absolute control over the world shadow government of the NWO.

5.) Along with the disclosure of non-combustion propulsion systems, and an explanation of UAPs, will be disclosure of the real history of human space exploration.

6.) The occulted truths will finally be revealed about our true history, the nature of consciousness, and our place in a complex and mysterious Universe of higher intelligence and multi-dimensional existence.

**Protocol 9: Baptize Humanity into the ‘Golden Dawn’**

1.) The event will involve a spiritual baptism, a ritual to mark the release from all forms of bondage. The ritual marks the act of being absolved of all debts, all blackmail 'control files,' all oaths, and all 'soul contracts.'

2.) The consciousness of nearly all humans on Earth will inevitably be affected by the global financial reset, for it is an attention concentrating and emotionally entraining event. For the first time since 9/11 the entire world will have an event of shared attention and emotion. In many ways the consciousness of humanity will be cognitively, affectively, and conatively entrained. You probably have never heard of 'conation,' because it is the most occulted aspect of the mind: volition/will/spirit. We will not only be entrained in what we are thinking and feeling, but in what we are collectively desiring.

3.) The event is a sequel to 9/11. 9/11 marked the beginning of humanity's collective and unwitting initiation into a mystery school tradition. The 17 years between 2001 and 2018 was the 'dark night of the soul' for all of humanity, as the NWO agenda was foisted on the world's population by the pedocracy, while petrodollar wars and opiate epidemics traumatized the globe, and the

mainstream media kept us in the dark. This event will mark the end of the dark night of the soul for humanity. The truth about 9/11 will finally be brought to light, as part of the overall global unveiling of the NWO cabal and ALL of its many crimes against humanity.

4.) The impact of this event may be potentiated by electromagnetic entrainment of humanity into a shared state of bliss consciousness. This phenomenon may involve a natural celestial event predicted and expected to occur, such as passing through a photon belt of highly energized cosmic rays which will affect us all on both a conscious and molecular level, which has been predicted by many spiritualists and channelers. It is also possible that it will involve an artificial geomagnetic phenomenon in which HAARP systems, and/or telecom antennae, are used to temporarily change the frequency of the Schumann resonance in order to entrain and induce a shared state of altered consciousness—bliss—for all of humanity. In other words, the altered consciousness induced by the event may be potentiated by natural and/or artificial means.

5.) On the other side, participants will pledge their allegiance to Gaia, humanity, and their respective nations

—and the divine principles of freedom, truth, and love. Everyone is given a fresh start, with the understanding that freedom, and commitment to each other's freedom, is the highest ideal—to which everyone naturally and voluntarily commits.

6.) While freedom of religion continues, all previous spiritual oaths, covenants, and contracts are voided.

7.) Usury, debt, indentured servitude, and all other forms of slavery and bondage, including blackmail and coercion, will be universally abolished. Secrecy will no longer be tolerated. Indeed, due to the release of advanced technologies, we will realize that secrecy will no longer be possible.

8.) In the aftermath, many Western countries will legalize drugs and all so called 'vice' crimes. Some activities are limited to specific areas, venues, and/or states. Regulation and taxes allow for a relatively healthy assimilation of the previously black market activity into the light.

9.) Effective treatments for addiction will be made available to all, including ibogaine treatment for opiate addiction and LSD treatment for alcoholism. Both of these

treatments have already been proven in scientific trials to have over 60% success rates, with only one (1) administration. The only reason why they have been kept from the general population has been the fact that the opiate epidemic, and substance addiction in general, has been highly lucrative to multiple factions of the cabal.

10.) Going forward: Secular spiritual centers and temples will combine ritual ceremony, architecture, music, multimedia, PEMF, and entheogens (such as micro-doses of LSD and MDMA) to reliably produce shared altered states of higher consciousness. Old religious traditions will not be abolished, but allowed to fade naturally, or adapt and evolve. (Except, of course, for religious traditions that involve slavery, ritual abuse, rape, and/or human sacrifice. No more of that will be allowed.)

11.) The Golden Dawn is the Great Awakening of humanity, and the beginning of the Golden Age. The nature of human consciousness will never be the same, in a way that is impossible to describe, yet it is as inevitable as it is ineffable. We are the Illuminated Suns of the Golden Dawn and these are our Protocols.

Brilliant Vision - thanks for this perspective.

A possible version of how we arrived here (hopefully) outside of the DARPA structure where censorship has no meaning anymore: <http://www.fbcoverup.com/docs/cyberhijack/cyberhijack-findings.html>

**janmoore** (25) · 6 days ago

Very interesting interpretation of what's going on in plain sight. I've intuitively known for some time that there is much going on behind the scenes and to look beyond the obvious. It's naive to think that the deep state can be taken down in full view. It has to be a very clever and covert strategy that wins against the long established evil regime.

**steveouttrim** (49) · 6 days ago

Wow! This is the best thing I have read in ages. So inspiring! Thank you.

The Light has already won but that doesn't mean it's time to rest and celebrate our Victory. There is still a lot of work to be done - and I'm sure the velocity and intensity of information drops is only going to accelerate between now and the November mid-term elections.

**c-change** (35) · 6 days ago

Thanks for the support!

Yeah, I think Trump's team wants to stay in prep-mode as long

as possible, to maximize the effect of the takedown/  
disclosures on the midterms...

But the petroyuan launches March 26th. The monetary system  
can't wait much longer to be reset. And I can't wait to watch  
the Storm!

**ipbullets** (33) · 3 hours ago

I strongly believe the monetary reset will in fact begin to occur,  
after the petroyuan is introduced. How do you think this affect  
precious metals, that have been artificially suppressed for too  
long?

**devisri** (26) · 6 days ago

"6.) The second to last strike on the cabal's finances will be to  
sign an executive order declaring a national emergency  
regarding human rights abuses and corruption, and giving the  
Treasury Department the authority to freeze and seize the bank  
accounts of anyone involved in such crimes. This will  
neutralize the majority of the cabal's wealth, and force them  
into capitulation."

Have to see it to believe it but this is the only action that would  
serve as a deterrent from the criminality-masquerading-as-  
legality repeating over and over!

This action has already been taken. Don't be fooled by my use  
of future tense when referring to this sub-protocol—it already  
happened.

If you want to see it and believe it you can go to

whitehouse.gov and look up the executive order Trump signed on 12/21/2017. (This was the Winter Solstice, the point where the darkest night turns the corner, and the light begins to return.)

The legalese of the EO makes it a bit dense, but it clearly declares a state of “national emergency” regarding “human rights abuses and corruption,” and explicitly grants the Treasury the power to freeze the funds of anyone involved in such criminality, no matter where they may be on Earth.

We have already won.

It is now simply a matter of how gracefully we transition through the phase change from darkness into the light. The Spring Equinox is another symbolic turning point in this process of pulling back the curtain.

Enjoy the show!

**rishi-sayz** (37) · 7 days ago

Interesting angle. Not sure how much to believe and also what not to believe. Too much data all around and finding it hard to process what is information and what is trash. Thanks for sharing though. Was a lengthy but interesting read.

**rishi-sayz** (37) · 7 days ago

It deserves my upvote, whether I agree or not, simply based on the strength of your writing and the article's strength in general.

**ml Ricciardello** (25) · 7 days ago

Exquisitely drafted and well thought out. Your Protocal 6:4 has been accomplished with an EO released on Dec. 21, 2017. See link <https://www.whitehouse.gov/presidential-actions/executive-order-blocking-property-persons-involved-serious-human-rights-abuse-corruption/>

**millz** (53) · 7 days ago

This actually makes a lot of sense when you think about it.  
Thx for the thought provoking article.

**quantumprayers** (25) · 5 days ago

This is a great explanation and analogy. I appreciate your work. I would love to up vote it, but I don't think I have much voting power yet! So I don't know if my vote will help or hinder. In any case, You're awesome! Many blessings.
