PROFESSIONAL EXPERIENCE

Full-Stack Web Developer (Founder, ZJP Ventures) 2024 – Present

ZJP Ventures LLC · Chicago, IL

- Build and ship full-stack web applications end-to-end — React front-ends, Node.js services, and deployment on Render and GitHub.
- Delivered and maintain production sites for seven commercial and service clients, owning everything from data and back-end logic to UI and launch.
- Built back-end integrations including a Google Apps Script pipeline that logs leads to Sheets and triggers automated SMS and email notifications.
- Engineered AI voice and SMS agents (Bland AI, Twilio) and n8n workflow automations to connect client front-ends to live business operations.
- Stood up a DTC Shopify storefront with Klaviyo flows and SEO, and manage GA4 and Google Business Profile across clients.

Supervising Manager & Mentor 2022 – 2024

Globe Life — Liberty National · Insurance Sales

- Earned Illinois Life and Health insurance certifications within the first three months, demonstrating a fast grasp of complex regulatory requirements.
- Collaborated with business owners and their teams to assess needs and implement tailored benefit solutions across their companies.
- Promoted to a leadership role and completed advanced training in Texas, then recruited, trained, and mentored a team of new agents on a repeatable model.

Owner & Lead Painter 2021 – 2024

365 Painters LLC · Chicago, IL

- Ran a painting company across residential and industrial projects, managing the full lifecycle from client acquisition and quoting to completion and invoicing.
- Performed minor interior and exterior construction, maintaining a quality-first standard that produced repeat clients.

Foreman 2019 – 2024

CertaPro Painters · Chicago, IL

- Progressed from Apprentice to Foreman through demonstrated reliability and leadership, coordinating crews and projects from walkthrough to sign-off.
- Held 100% customer satisfaction through clear communication and high-quality work.
