

# Crossroads Tabern

by Daniel Siskind

June 12, 2000

Dear Brickmania Enthusiast,

My kindest thanks to you for purchasing Brickmania model kit 002 "Crossroads Tavern" I certify that this kit is an original design and is part of a series of small run, hand crafted "Brickmania" model kits created and assembled by myself.

This kit was lovingly hand crafted and built using only new LEGO® building blocks. This being a fan created model kit, it is was crafted without endorsement or acknowledgment from the Lego Group, who is in no way responsible for this kit.

I made every effort to assure that all of the pieces to build the depicted model are included in this kit and they are of new, uncirculated bricks. Please excuse the odd finger print or dog hair as this kit was assembled at home by a real human being, not in a factory full of machines. If a piece is missing or of unacceptable quality, feel free to contact me for a replacement part.

Because of the limitations presented by the currently available editing tools, these printed instructions are not as clear as I would like them to be. To aid in completion of this kit, I have included a parts-per-step reference list at the end of this manual.

Sincerely yours,

Daniel Siskind
