The schools are running the African National Congress program in exchange for Saudi Arabia, Qatar, and Russia paying into the Rockefeller, Rothschild, Malloch Brown (Soros), TerraMar (Epstein/Maxwell), and Pacific Council networks of British intelligence. It's all treason. They're all foreign agents.

Remember Bill Gates being the front for Common Core and bribing every school district to accept it? He is a Knight Commander of the British Empire who had a secret meeting in 2009 with Soros and Rockefeller.

The communist stuff is a front for the OIC. The Muslims have been strategically dumping money on British agents who are communist dupes (because they all support the PLO), and on anyone corrupt enough to be a mercenary.

The entire network is taking orders from the PFLP through McKinsey which had a listed terrorist organization running its knowledge systems.

It looks like Soros started funding the communists and the bin Laden network in 2003 after they were strong influences on the Iraq War protests. Soros and Podesta started the Center for American Progress that year. In 2006 the Daily Kos banned all of the Jews who opposed Hamas and Hezbollah, which was a huge influence on the direction the Democratic Party would take. When Obama was elected he put Soros's people in charge of the government and he gave them control of national security in 2011 when Peter King tried to hold hearings on al-Shabaab recruiting in Minneapolis.

In 2014 all the schools started running the Safe Space program. That came from MPAC, a front for al-Qaeda and a partner of the Pacific Council. In 2015 they ran Transgender. That was a joint operation of the EU (Hivos) and the Palestine Solidarity Committee.
