December 9, 2024**

## **Western version of the collapse of the Soviet Union now indisputable**

Sometimes a decade's worth of news can happen in a single week. Last week was one such week. What is happening now is a Western version of the collapse of the Soviet Union. Regimes are falling in Germany, France, the US, the UK, Japan, South Korea, etc. In the coming weeks and months, many countries are likely to cease to exist, including South Korea, Iraq, Syria, Saudi Arabia, etc.

What we are witnessing is, in a sense, the collapse of the Western Roman Empire after almost 3,000 years of existence.

Let's look at what happened. Last week, Russian Foreign Minister Sergei Lavrov traveled to Malta for a meeting of the Council of Foreign Ministers of the Organization for Security and Cooperation in Europe (OSCE). The OSCE is the supreme military gathering place of the European people. It has 57 member states from Europe, Central Asia and North America.

<https://www.osce.org/participating-states>

It is the first time that Lavrov has visited an EU country since the beginning of the war in Ukraine. There he met with the Knights of Malta, the heirs of the Roman Empire and the Western military-industrial complex. There he called for "the creation of a pan-Eurasian architecture open to all countries of the continent and reflecting a new, polycentric world order that ensures a reliable future for the countries and peoples of this region."

<https://tass.com/politics/1882769>

At the same meeting, Turkish Foreign Minister Feridun Sinirlioglu was appointed Secretary General or Chairman of the OSCE. <https://tass.com/world/1883503>

The next day, Turkey invaded Syria.

It is clear that Turkey and Russia gave NATO and the US an ultimatum. Since Europe would not be able to defend itself against a combined Russian and Turkish attack for more than a few days, they had no choice but to give in.

A CIA source confirms: "The meeting between Lavrov and the OSCE in Malta was more of a show of force by Putin. There were some discussions on the sidelines. The bottom line was that Russia drew a red line to NATO and the US: ' It's time to stop the laundry service for Ukraine and everything related to it.'"

As a sign that the Khazarian mafia has caved, the fake Donald Trump tweeted:

"THE UNITED STATES HAS NOTHING TO DO WITH IT [the Turkish push in Syria]. THIS IS NOT OUR FIGHT. LET IT PLAY OUT. DON'T GET INVOLVED!"

There are many indications in the news that this is a combined Turkish-Russian power play. For one, "the jihadists who overthrew the government of President Bashar Assad in Syria have guaranteed the security of Russian military bases and diplomatic outposts in the country, a Kremlin source reportedly told the TASS news agency."

<https://www.rt.com/russia/609005-syria-security-guarantee-for-russians/>

When the rebels entered the residence of Maher al-Assad, Bashar's younger and brother commander of the elite 4th Armored Division, they discovered massive underground tunnels.

The question is: where is the money that was hidden in the black suitcases? As this video of people in his house shows, Assad left some crumbs for people. However, according to CIA sources, Assad took more than \$75 billion in gold, precious stones, property titles and cash to finance his exile in Moscow.

Turkish President Recep Erdogan says: "Now there are only two [experienced] leaders in the world. They are me and Vladimir Putin. I am not saying this because one of the two is me. But I have been in office for 22 years, "Almost as long as Mr. Putin. The others are gone. And we want our dialogue to continue. For example, politics ends in Germany when [Chancellor] Angela Merkel resigns."

<https://tass.com/world/1884249>

Many people in the West mistakenly think that this was an Israeli operation. The KM even released a video in which the avatar Benjamin Satanyahu takes credit. Nothing could be further from the truth. Erdogan says: "We must hold Israel accountable for its atrocities and genocide." <https://tass.com/world/1883365>

Israel admits its strategy of ethnic cleansing for the purpose of clearing land for Israelis to live, using the German Nazi word "Lebensraum."

The screenshot shows a blue header for 'THE TIMES OF ISRAEL'. On the right, there is a yellow button that says 'JOIN O COMMU'. Below the header, there is a circular profile picture of Dan Ehrlich, the text 'THE BLOGS Dan Ehrlich', a 'FOLLOW' button, and a notification bell icon. At the bottom of the header, there are navigation links: 'THE BLOGS' with a dropdown arrow, 'My Blog', and 'About Me'.

# Lebensraum Needed for Israel's Exploding Population

DEC 4, 2024, 4:27 PM

Please note that the posts on The Blogs are contributed by third

Israel's population is projected to grow to 11.1 million by 2030, 13.2 million by 2040, and 15.2 million by 2048. That's why hanging on to the West Bank is such a contentious issue... 'lebensraum.'

These people need places to live in a nation short of land mass. Compare Israel to its neighbor Jordan, which has a smaller population, yet about five times the land area. If Israel is to maintain its agricultural industry its exploding population will to grow up, in high rise apartment complexes, as well as out, possibly into Judea and Samaria.

Erdogan wants to ensure that these Nazis are brought to justice.

Erdogan says Syria has had enough wars and the Syrian people deserve freedom, security and peace in their homeland. He adds that history will record how his country successfully passed the test of humanity "despite all the propaganda to the contrary."

<https://www.yenisafak.com/en/news/turkiye-does-not-have-eyes-even-on-pebble-of-any-country-president-erdogan-3695440>

Our own sources in MI6 and elsewhere confirm that the Sykes-Picot Agreement, which divided the Ottoman Empire into the balkanized group of countries we now see in the Middle East, is coming to an end. We hear that after Syria, Israel and Egypt are next in line to fall. This could potentially extend as far as Morocco and also include Saudi Arabia and the Gulf states.

Our Iranian sources confirm that they are now negotiating new borders with Turkey, which means that some kind of revival of the Persian and Ottoman empires is taking place. "The two treaties of Golestan and Torkemanchay, by which Iran took away 18 cities of the country, are fake and have no validity. Both treaties were written, stamped and signed by foreigners without Iranian involvement," the sources say.

The Middle East is not the only place where borders will be redrawn and countries will disappear.

It looks like the agreement between East and West to create a seven-region council to address issues affecting the entire planet is coming to fruition.

Sources in the Asian secret society contacted the White Dragon Society last week and said they had confirmed the validity of contacts with the Pentagon, the Vatican, Russia and the British Commonwealth. Meetings are now taking place at the highest levels of power in Asia. It seems there is a split between hardliners who want China to dominate the entire planet and moderates who advocate a polycentric world.

While China debates, the West continues its regime change.

Last week, during a visit by Canadian Prime Minister Justin Trudeau, Donald Trump proposed merging Canada with the United States.

<https://www.foxnews.com/politics/trump-suggests-canada-become-51st-state-after-trudeau-said-tariff-would-kill-economy-sources>

While Trump has said Canada could be the "51st state," the reality would be different. The United States of America would combine the 50 US states and 16 territories with the 10 Canadian provinces and three territories. This would overtake Russia and become the world's largest country by area. There is also talk of building a new capital from scratch, possibly in Manitoba or North Dakota.

The rest of the Western world is also preparing for major restructuring after Trump takes office on January 20.

Meanwhile, the power struggle continues in North America as the Khazarian Mafia Nazis continue to fight for their own lives.

The Nazi regime in Canada, for example, knows that it faces the death penalty for its actions. This evil regime in Canada is trying to force retirees to end their lives through euthanasia by imposing massive taxes on the pensions of people who are over 75 years old.

<https://www.infowars.com/posts/uk-seniors-would-have-huge-tax-incentive-to-choose-assisted-suicide-if-it-became-legal>

The same government confiscates firearms from Canadians and sends them to the Nazis in Ukraine. They are all hanged.

In the US, the KM are also desperately trying to install a fake Trump to keep control. This Trump just published a delusional post full of lies:

600k Russian soldiers were not lost.

Russia and Iran are in a weakened state?

Israel and its combat successes?

China can help?

The same fake Trump is taking credit for Bitcoin's historic rise above \$100,000. Trump, who launched his own crypto platform in September, wrote on Truth Social to his social media followers: "CONGRATULATIONS BITCOINERS!!! \$100,000!!! YOU'RE WELCOME!!! Together we will make America great again!"

We are witnessing what appears to be a significant "astroturf" campaign to convince federal and state governments to launch significant Bitcoin (BTC) purchase programs, using taxpayers' money and funds borrowed with ever-increasing debt to finance BTC held on governments' balance sheets . This will solve a major problem

facing Bitcoin billionaires - how to liquefy their holdings in a market that is not wide and deep enough to allow them an exit in a major pump, says Catherine Austin Fitts.

She notes that there is increasing debate about how to use the "\$500 trillion in land and minerals owned by the US government."

"In the video, Lutnick is practically drooling while talking about it. He can taste the trillions.... Pretty obvious. Oops, he's another Zionist Jew. Nothing to see here," a Mossad source comments. He is Mar-A-Lago Trump's pick for Secretary of Commerce.... Working with Elon Musk to create the DOGE..... Department of Government Efficiency.

Of course, the land and minerals cannot disappear through the back door, as was the case with black budget technology and the Pentagon's missing \$21 trillion.

Our CIA and NSA sources confirm that the agencies have a backdoor into Bitcoin and that they are pumping up the price to convince suckers to put real money into

this scam so they can repeat their pump-and-dump scam. They just pumped it up to over \$100,000 and soon it will be like the former Zimbabwe dollar, with fantasy numbers running into the trillions of dollars.

The last I heard, you can't buy things on Amazon or anywhere else with Bitcoin. Stay away.

The KM are trying to get money from bitcoin because their Ukrainian money laundering has been cut off. Spokesman Mike Johnson says there will be no new funds for Ukraine under Biden.

The Biden administration is also reportedly considering preemptive pardons for people on Trump's "deep state" list, including Adam Schiff, Liz Cheney and Anthony Fauci.

The US government is also trying to pass HSB 737, a bill in 2024 that would grant pesticide manufacturers immunity from prosecution for poisoning Americans.

The appointment of Kash Patel, who has vowed to pursue Trump's critics, as FBI director has scared the crap out of members of the president's inner circle.

It appears that the pardons are an attempt to get a Truth and Reconciliation Committee instead of war crimes trials for the KM Biden regime. Pardoning Hunter Biden means that his general immunity prohibits him from invoking the 5th Amendment. So if they call Hunter to the stand and ask him, for example, "How much money did you launder for the big man through Ukraine?" Hunter cannot

invoke the 5th Amendment and would be forced to testify or go to jail for contempt of court.

Hunter would be forced to talk about things like his involvement with Seneca Technology Partners (RSTP), which is run by Hunter Biden and Christopher Heinz, John Kerry's stepson. RSTP had Metabiota in its portfolio. Metabiota worked closely with Anthony Fauci in developing bioweapons in Ukraine.

<https://www.globalresearch.ca/razao-pela-qual-blinken-quer-que-ucranianos-de-18->

In addition to pardons for high-level KM criminals, others appear to be trying to hide. UnitedHealthcare CEO Brian Thompson appears to be cashing out all of his stock options and staging his own death because he was about to be forced to testify about his company's HUGE role in COVID deaths.

## FINAL REPORT: COVID Select Concludes 2-Year Investigation, Issues 500+ Page Final Report on Lessons Learned and the Path Forward

### Science

After a 2-year investigation, a House of Representatives committee investigating the COVID-19 pandemic has released a wide-ranging final report criticizing the actions of several U.S. science agencies and concluding that SARS-CoV-2 did not originate naturally, as many scientists think, but likely leaked from a lab in Wuhan, China.

The Republican-led Select Subcommittee on the Coronavirus Pandemic conducted more than 30 interviews, held numerous hearings, often fiery and partisan, and reviewed more than 1 million pages of documents. The panelists [heard from scientists](#) on both sides of the debate about the origins of the virus. And they grilled officials such as [Anthony Fauci](#), former director of the National Institute of Allergy and Infectious Diseases (NIAID), about his institute's role in research some committee members think could have started the pandemic.

Biowarfare was also a massive money laundering operation. Did you know that the December 2022 \$1.7 trillion omnibus bill included \$335 billion for the avian flu "pandemic," including the use of "surveillance tools" against Americans?

Richard Koshimizu of the Japan Independence Party says Bill Gates paid a Japanese professor named Hamaoka millions of dollars to develop a type of bird flu that can infect mammals, including humans.

For his part, Bill Gates has been criticized on social media for referring to India as "some kind of experimentation lab" in a recent podcast. It seems as though he wants to simultaneously threaten and bribe India to give him protection. No one is going to protect you, Bill, no one.

This comes at a time when a court is ordering the FDA to produce another "million pages" of Pfizer's C19 injection trial documents.

## CONCLUSION

“The liberties of a people never were, nor ever will be, secure, when the transactions of their rulers may be concealed from them.” Jonathan Elliot, *The Debates in the Several State Conventions on the Adoption of the Federal Constitution, as Recommended by the General Convention at Philadelphia in 1787*, at 169–70 (ed. 1881) (statement of Patrick Henry). The Covid-19 pandemic is long passed and so has any legitimate reason for concealing from the American people the information relied upon by the government in approving the Pfizer Vaccine.

For the reasons set out above, Plaintiff's Cross-Motion for Summary Judgment is **GRANTED**, and the FDA's Motion for Summary Judgment is **DENIED**. It is **ORDERED** that the FDA shall produce the responsive EUA file **on or before June 30, 2025**.

**SO ORDERED** on this **6th day of December 2024**.

The KM are also still trying to evade justice by killing us. Here, psychopathic idiot Dr. Peter Hotez threatens us with "big things coming our way starting January 21st" and then lists the following things that "will befall the Trump administration":

bird flu, new coronavirus, SARS

Mosquito-borne viruses, dengue

Zika, Oropouche virus, yellow fever, whooping cough, measles, polio

The only thing that will happen is that Hotez and his fellow bio-terrorists will be brought down and charged with mass murder.

It looks like the KM's crimes in weather warfare are also being exposed. FEMA is behaving in an extremely shady manner as James O'Keefe investigates the response to Hurricane Helene in North Carolina. FEMA officials "immediately turned their badges inside out" so they couldn't be identified. Meanwhile, a FEMA whistleblower admits that "the bureaucracy didn't help people."

Further proof of the KM weather war: The Japanese embassy in Spain sent SMS alerts to Japanese citizens in Spain on October 28 and 30, warning them of a climate catastrophe in Valencia. The Spanish government not only failed to warn the population of what was coming, but, according to Polish intelligence, stood by and did nothing for three and a half days.

Then there was the massive importation of criminals through the KM to the West. In the US, at least 400,000 known criminals and 13,000 convicted murderers crossed the border illegally during Joe Biden's presidency.

<https://www.infowars.com/posts/open-borders-have-created-a-terror-attack-time-bomb-in-the-us-in-2025>

There are also countless Chinese males of military age who have entered the United States illegally with large amounts of cash.

The Chinese have warehouses full of US cash, which they print as a receipt for their cumulative trade surplus with the US. It makes sense that they use this KM cash for various operations around the world, including the US and Canada.

The KM also continues to carry out assassination attempts on White Helmets. Scott Bennett, a former US Army officer and long-time analyst for Press TV, has just died at the age of 53. "Two weeks ago he was in great shape. And suddenly, for no reason at all, he dies of cancer, which, according to his numerous friends, he never had," says the editor-in-chief of the RT media group, Margarita Simonyan.

In a report to the US Congress on Ukraine, Bennett wrote: "Non-military targets are attacked, irreparably damaged or destroyed, and civilians are deliberately murdered in the process."

"He was a true patriot and a member of the WH Alliance. He was certainly taken out with an mRNA injection that causes turbo cancer. It usually hits the pancreas," said a Pentagon source.

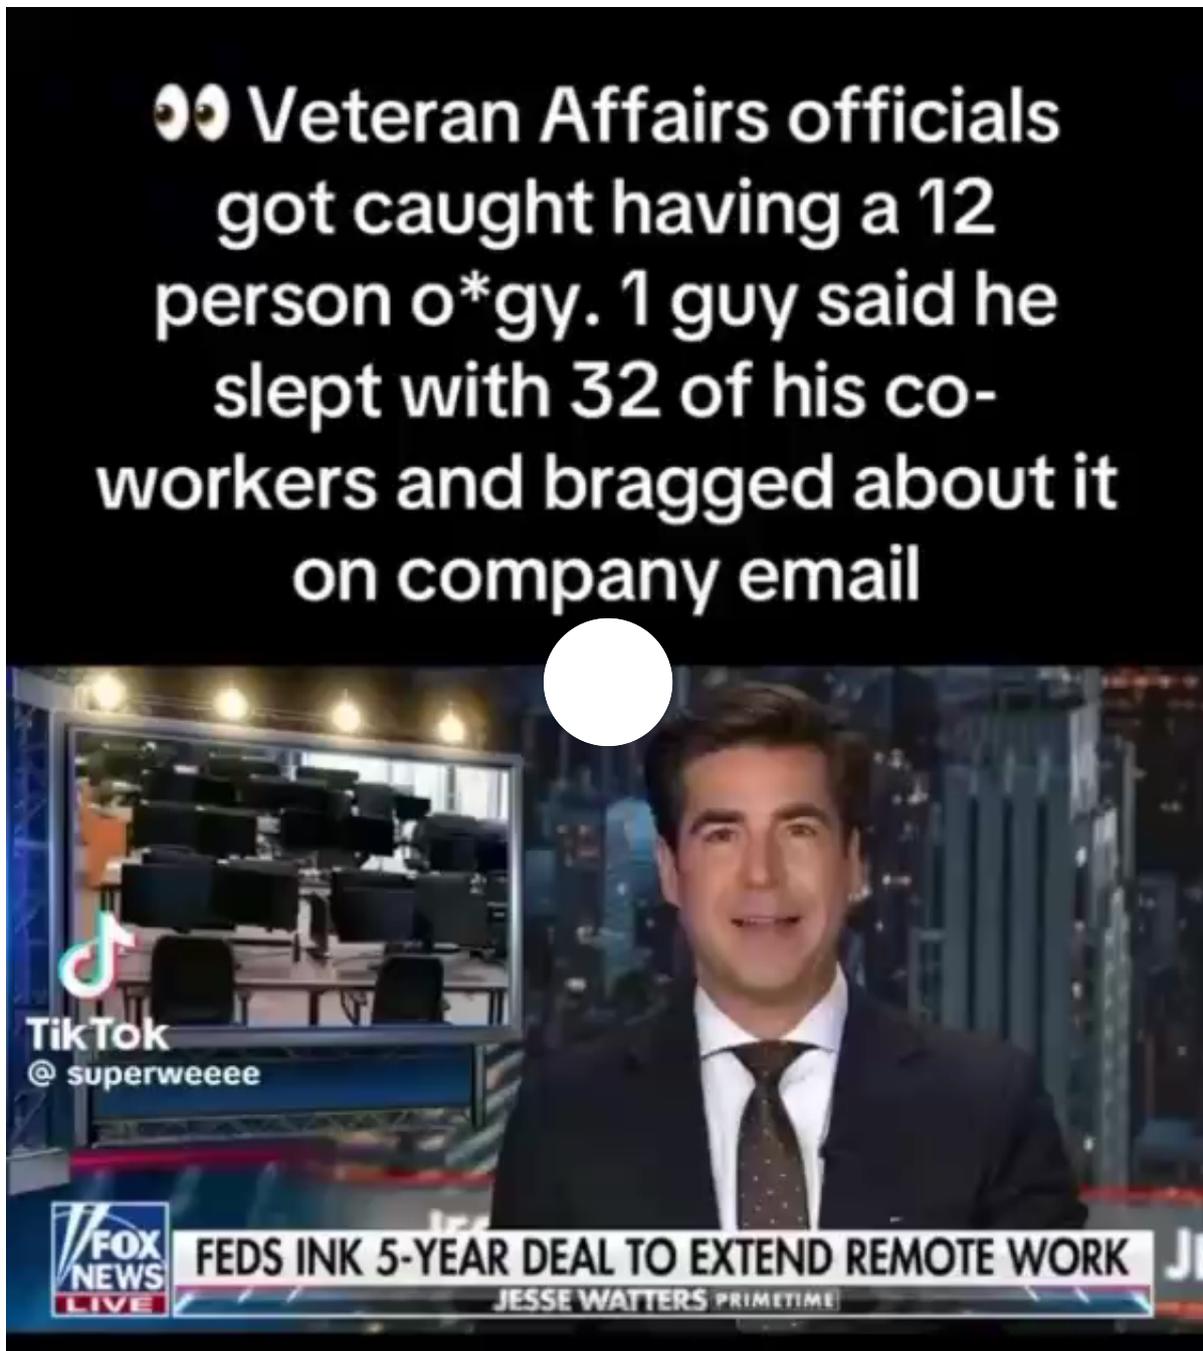

The white hats couldn't stop Bennett's murder, but they still have time to protect a new Boeing whistleblower who says people are going to die because of safety at their satellite factory and that the company is only concerned with profit. Let's make sure he doesn't "commit suicide or slip in the shower and break his neck" like his fellow whistleblowers did.

The pursuit of profit without regard to the human cost is a sign of a failed regime.

In another sign of how degenerate the current regime is, Veterans Affairs officials

were caught having an orgy with 12 people while on duty. One of them claimed to have slept with 32 of his colleagues and bragged about it in a company email.

Pentagon sources say the real Trump must get the Supreme Court to act quickly in the Brunson case to put an end to all this rest before January 20, because "otherwise the United States is finished."

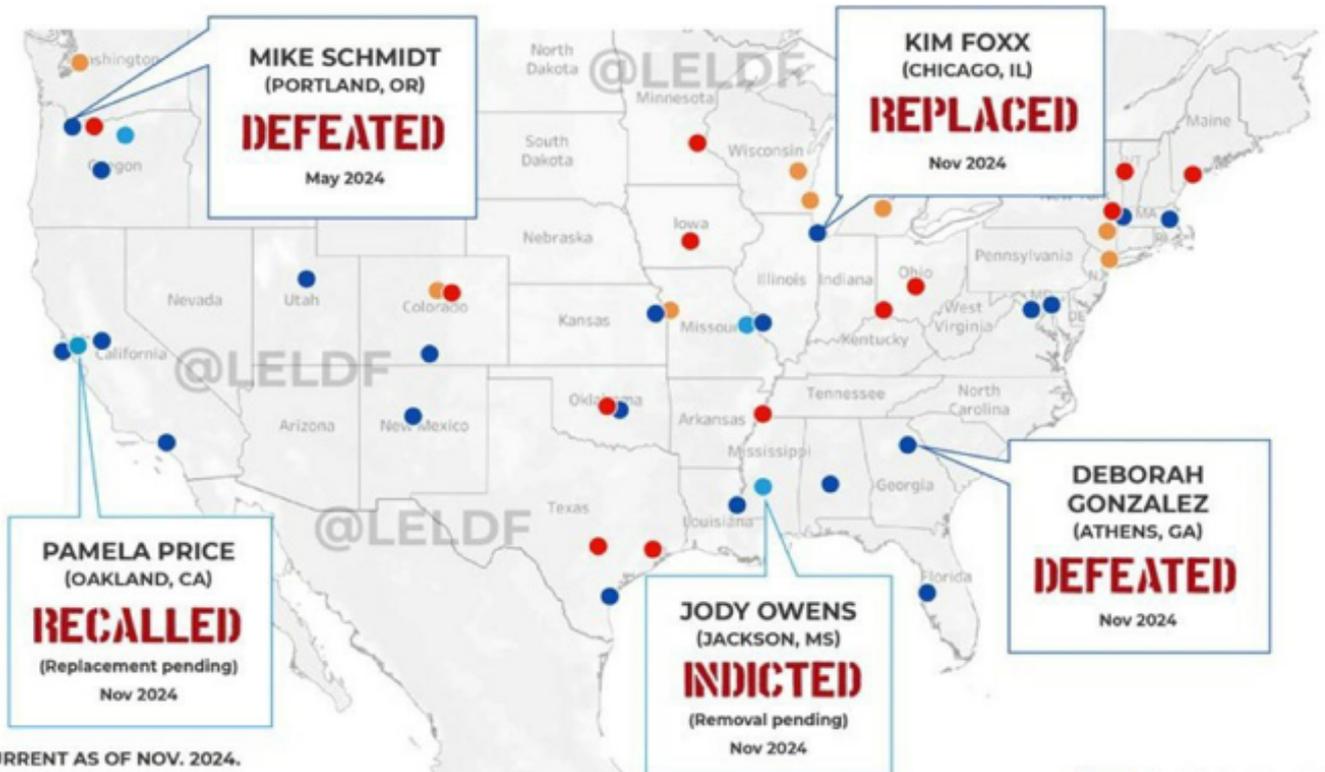

The real Trump is, of course, active too. In a new interview, he says he will pardon

people involved in the storming of the Capitol on January 6, 2021, including those who pleaded guilty on his first day in office.

<https://thehill.com/homenews/administration/5028872-trump-pardon-jan-6-rioters/>

Further evidence that the white coats are on the case is that 21 George Soros-backed prosecutors have been fired since 2022 and replaced by prosecutors who are "tough on crime," according to a recent report.

## SOROS-LINKED PROGRESSIVE PROSECUTORS SINCE 2022...

\*CURRENT AS OF NOV. 2024.

METHODOLOGY: Soros-linked DAs are defined as meeting two of the following three criteria:

1. Receiving campaign support from Soros-funded or affiliated groups;
2. Participating in Soros groups' sponsored programming including conferences, trips, and forums;
3. Signing 3 or more public statements or amicus briefs coordinated by Soros-funded criminal justice groups (i.e. Fair and Just Prosecution).

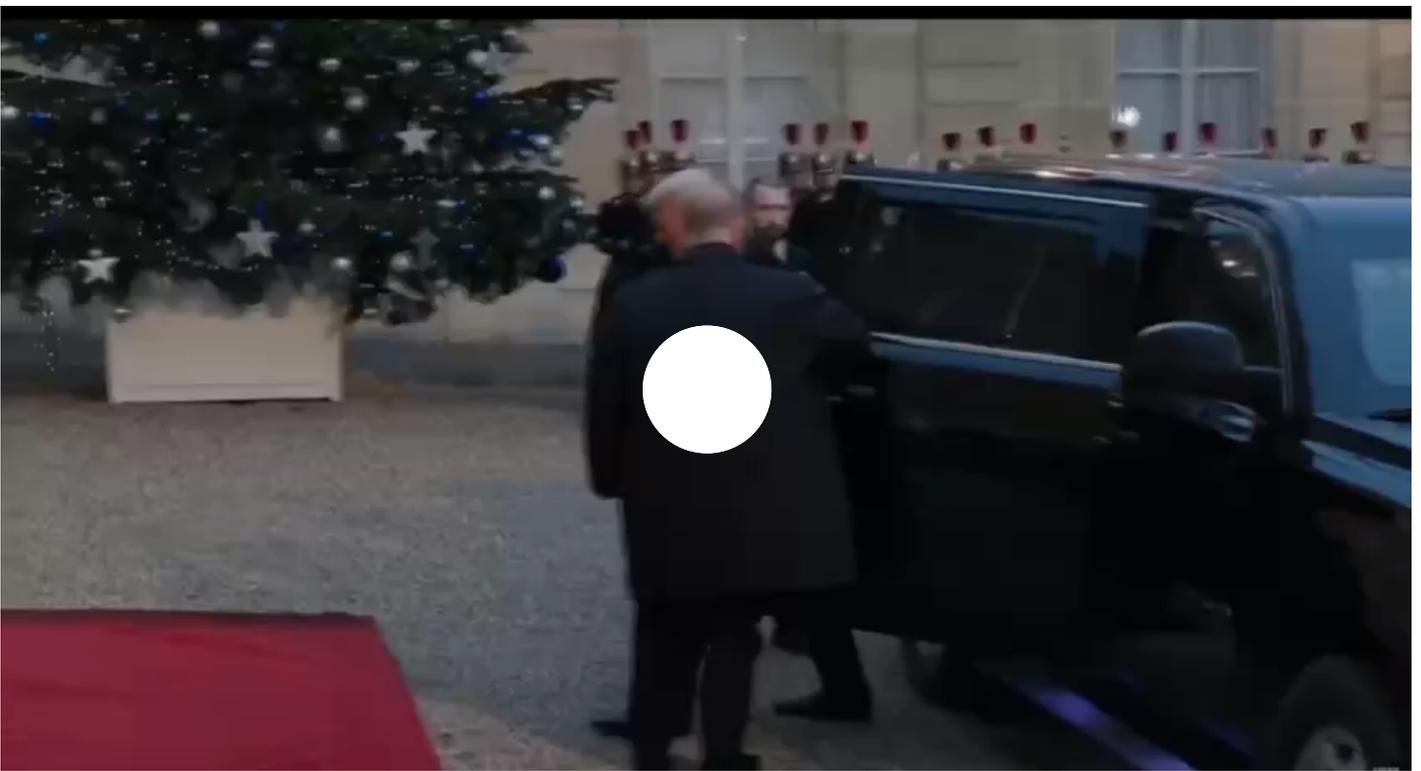

Europeans are also taking action. Slovakia is the latest country to declare that the "vaccines were an act of bioterrorism."

In France, the government collapsed last week and the country is now in a holding pattern. France is now ruled by Jean Michel de Rothschild, who presents himself to the world as Brigitte Macron, according to French intelligence sources. President Emmanuelle Macron died two years ago and is now represented by an avatar. The sources add that this can be confirmed by looking at the ears. In any case, Jean Michel is in poor health, according to the sources, so the French regime is looking for a new leader. "The boat of transition is now in dry dock, but will set sail in February or March," said a source close to Jean Michel de Rothschild. This was agreed with the fake Trump, who visited France last week, the source said.

Abaca Press/INSTARimages

Parliamentary elections are also scheduled for February 27 in Germany, so this country is also in a waiting pattern.

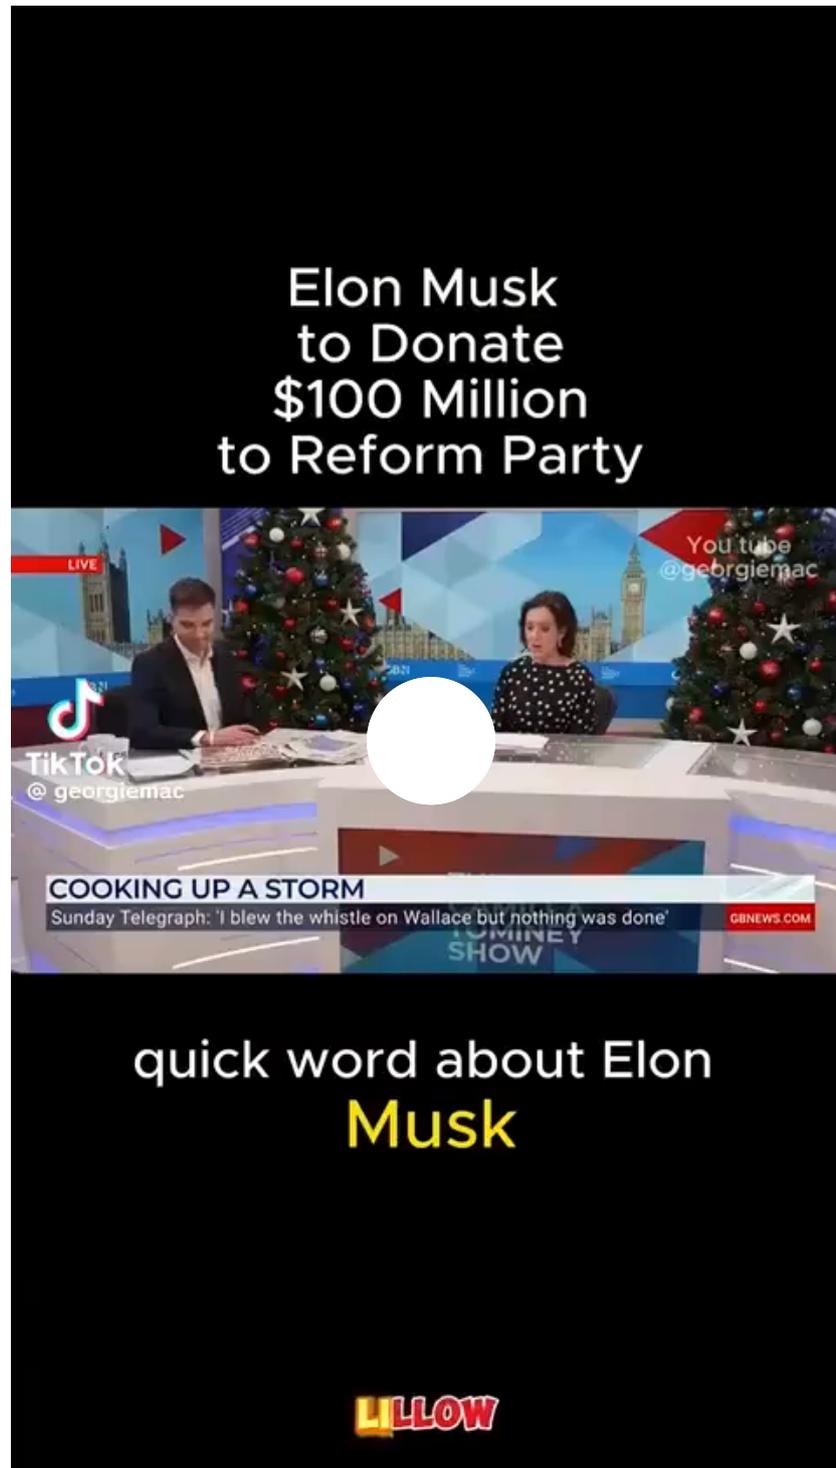

In the United Kingdom, the funeral of a British royal last week was attended by most members of the royal family, with the exception of Kate Middleton (now played by an actress), Charles and Camilla.

<https://www.brisant.de/royals/britisches-koenigshaus/thomas-kingston-tot-130.html>

The head of MI6 says there has been "significant discord within the ranks since the assassination of the late Queen and her husband" and that those responsible "will all hang".

In a sign that the US military also supports the replacement of the blackmailed pedophile Prime Minister Keir Starmer, National Reconnaissance Office spokesman Elon Musk is about to give Nigel Farage \$100 million to make him the next Prime

Minister and damage Keir Starmer.

<https://www.dailymail.co.uk/news/article-14144753/elon-musk-reform-nigel-farage-prime-minister.html>

Of course, regime change in Europe's three largest countries also means the end of the EU in its current form. This means that the days of the top satanic power broker and President of the European Commission, Ursula von der Leyen, are numbered. Here you can watch Ewa Zajączkowska-Hernik from Poland tell the

witch Ursula exactly what we all think of her and her witchcraft agenda.

But as events in Romania show, the fight is not over yet. There is a power struggle going on there, as independent candidate Calin Georgescu had his election victory stolen by Satanists. "The corrupt system in Romania has shown its true face by making a pact with the devil," he claims.

<https://www.rt.com/news/608886-romania-georgescu-annulment-coup-detat/>

A CIA source explains:

Romania is part of NATO's eastern flank and is at the forefront of the bloc's efforts to threaten Russia. Romania's Black Sea coast is a convenient route for transporting weapons to Kyiv. Its border with Moldova allows NATO to threaten Transnistria, a breakaway Moldovan enclave located between Moldova and Ukraine, where a contingent of Russian peacekeepers is stationed.

The Mihail Kogalniceanu air base near Constanta is currently being expanded and

is set to become NATO's largest military base in Europe.

However, after Russia's ultimatum to the West in Malta, it is clear that the battle for Romania is not over yet.

But the residue is not limited to the Western Hemisphere. East Asia is also seeing profound change. Japan's puppet regime, which has been in power for almost the entire post-war period, lost an election in October, meaning the country is now in standby mode until Trump sends a new US ambassador with new instructions.

Regime change has also just taken place in South Korea. Prosecutors there have launched a criminal investigation into President Yoon Suk Yeol after his attempt to impose martial law last week failed. His defense minister has already been arrested. The current rulers in South Korea are angry at the Biden regime for preventing their planned peaceful reunification with North Korea. That reunification is now expected to take place.

<https://www.cnbc.com/2024/12/08/south-korea-martial-law-fallout-deepens-as-prosecutors-close-in-on-president-ex-defense-minister.html>

Taiwan, for its part, will likely be invited to negotiations to form a new regime for a unified China, Asian Intelligence sources say. News on this is expected after the end of the Chinese New Year on February 3.

To conclude this week, it should be mentioned that Russian President Lavrov told Tucker Carlson:

Five nuclear states declared at the highest level in January 2022 that ... a nuclear

war can never be won, and therefore a nuclear war is not possible. We have this channel that is automatically activated when a ballistic missile is launched.

As for this Oreshnik hypersonic intermediate-range ballistic missile. The system transmits the message to the United States 30 minutes in advance. They knew that was the case and that they would not confuse it with something bigger and really dangerous.

[https://www.mid.ru/en/foreign\\_policy/news/1985783/](https://www.mid.ru/en/foreign_policy/news/1985783/)

This is a clear sign that the KM will not be able to escape justice by unleashing Armageddon and hiding in underground bunkers. The wheels of justice grind slowly, but they grind to dust.
