The papers for a new international system are being prepared while the satanic rule implodes

Lawyers and bankers are working on the documents for a new international system, which is to be gradually introduced from this autumn to 2025. This work is necessary because if the details are not worked out correctly, big problems will arise if things

lead to massive changes in the world. This fine-tuning takes time. However, it must be clear that it is not a transfer of power from one secret group to another. The new system is handed over to people so that "the meek inherit the earth".

In the meantime, the satanic "rule-based world order" will continue to implode. This means that we will experience a lot of turbulence as the last Satanists desperately fight to keep control of the planet and avoid war crimes tribunals.

The most recent sign of this was the murder of Iranian President Ebrahim Raisi and his companions. Several Israeli reports and other well-known reports now report that it was an assassination attempt by the Israeli Mossad.

Multiple Israeli accounts & other well known accounts now reports that it was an assassination done by Israeli Mossad.

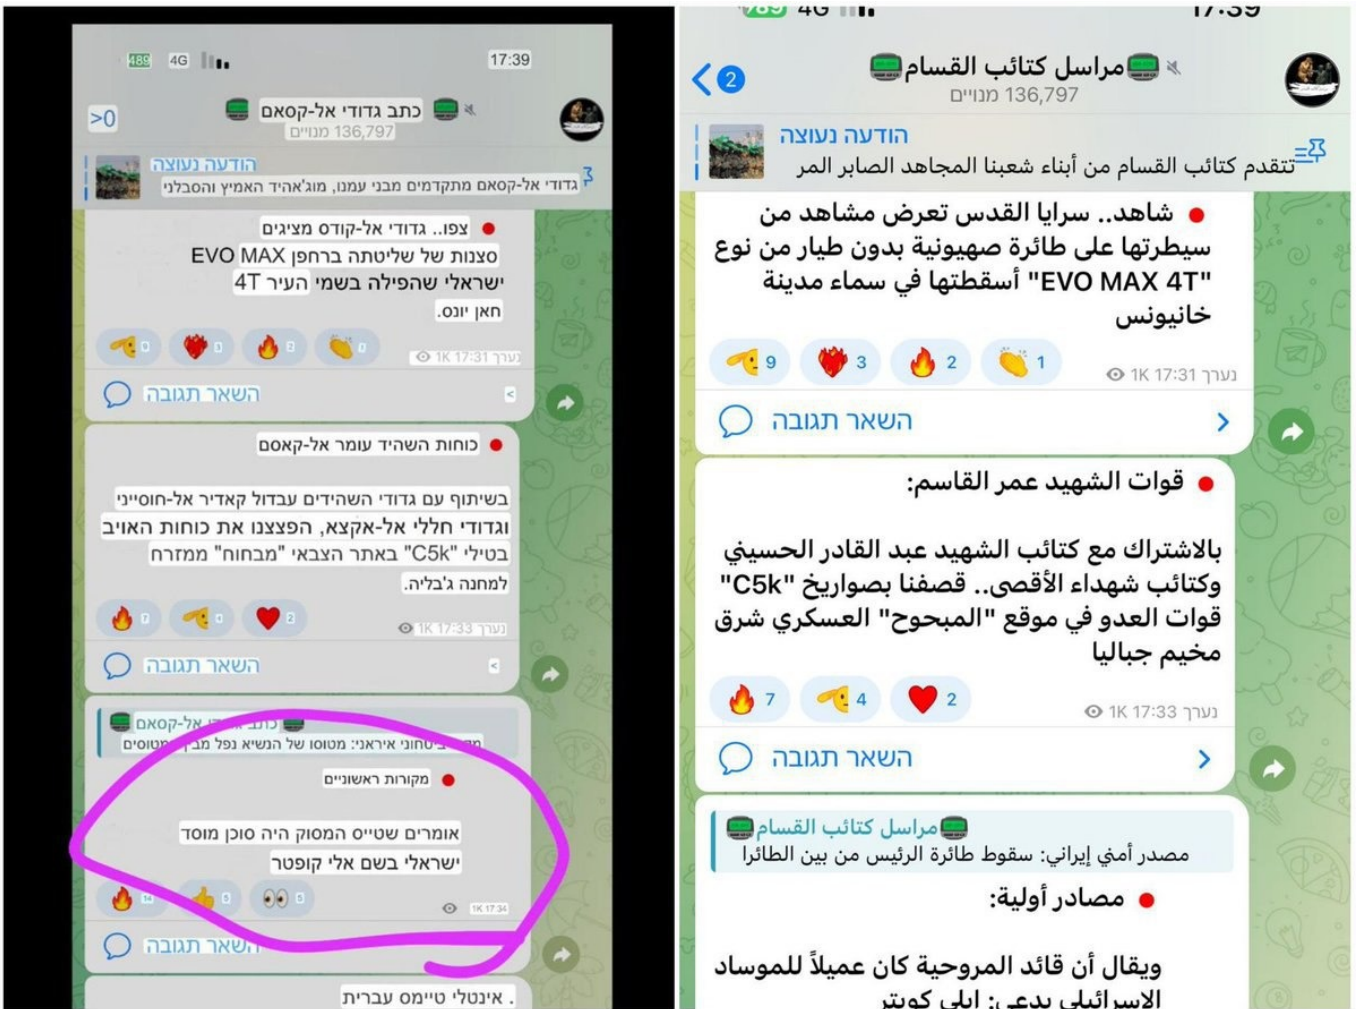

If Iran finds any evidence that Israel was behind this incident then we are about to witness a dramatic geopolitical shift that will light up the whole region.

Iran's Supreme Leader Ali Khamenei says: "If we find evidence that Israel is involved in the Iranian President's helicopter crash, we will respond beyond the imagination of Israel and its allies."

After Raisi's death, the next Supreme Leader is most likely Ali Khamenei's son Mojtaba Khamenei, which means a return to dynastic rule in Persia. However, it has not yet been decided who will be the dynastic rule.

If Raisi is indeed dead, the key takeaway is not really who succeeds him (that's the 1st VP Mohammad Mokhber, but only as a caretaker for 50 days before an election).

Khamenei's son, Mojtaba Khamenei.

It is clear that this is another desperate attempt by the satanic Zionists to trigger World War III to murder much of humanity. Remember that Khomeini was used by the Rothschilds to play his role in their planned Gog (Shanghai Cooperation Organization) war against Magog (G7) Armageddon.

As part of this planned show, Brigadier General Esmail Qa'ani, commander of the Quds Force of the Iranian Islamic Revolutionary Guard Corps (IRGC), sent a warning

to Britain, Germany and France after the trio launched its fighter planes to defend the Israeli regime against one of Iran staged retaliation last month. In other words, since Israel was prevented from starting a total war with Iran, they will try to use European countries instead.

<https://www.presstv.ir/Detail/2024/05/16/725664/Iran-commander-warning-UK-Germany-France-warplanes-Israel-Operation-True-Promise>

Sources of the Pentagon's Planetary Liberation Alliance saying what will happen instead is that Israel will stop being a state and the Israeli puppets will be removed. "The game is over for Netanyahu and his close confidants," says the source, adding: "Persia could return to the Pahlavi dynasty. Crown Prince Reza Pahlavi is being prepared. He works with the WH alliance ". Here you can see his father King Pahlavi trying to educate the American people about his Zionist inspectors.

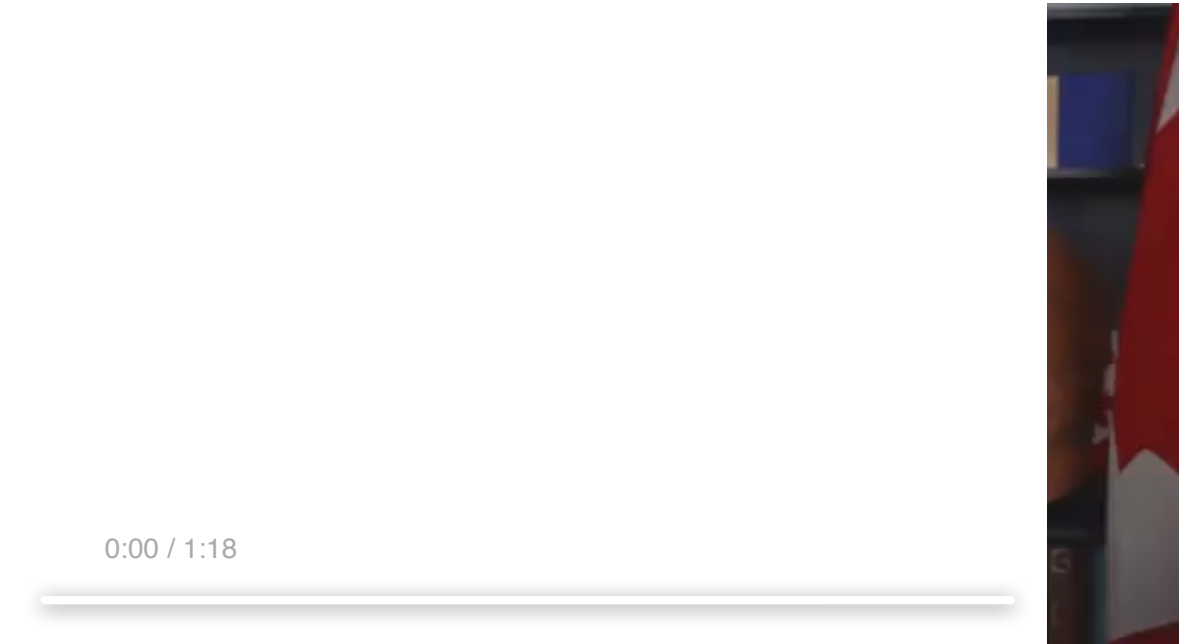

0:00 / 2:25

"The Persian people are definitely turning away from the current rulers," says the source.

A move away from the current rulers is also necessary in most western countries. This means that the white cap military still has a lot of house cleaning to do before the new financial system and the new international architecture begin.

This cannot happen under the current western leadership. An example of this is the false Canadian opposition leader Pierre Poilievre, who can be seen below as he lies about Israel. What about his statement that the Jews have lived there for 3,000 years? It is a lie. That is the country of Judea. Don't forget that Poilievre was bribed with money that was stolen from the Canadians by fraudulent PRC tests. It is a safe bet that he will also be blackmailed. The same applies, of course, to the vaccine mass murderer Justin Castrudeau.

Westerners must understand that the Holocaust was a mass sacrifice to Satan to initiate satanic rule over the world. The temple that the Satanists wanted to build was to become a place for human and animal sacrifices. As part of their plan, the Satanists forced brainwashed Europeans to Israel and persuaded them to expropriate and murder the Judeans, who misleadingly call them Palestinians.

This press release from the US Military Central Command shows that this is no longer tolerated. It states that - with the support of US troops - an international relief effort to support the Judeans has begun.

<https://www.centcom.mil/MEDIA/PRESS-RELEASES/Press-Release-View/Article/3778584/trucks-carrying-humanitarian-assistance-begin-moving-ashore-via-a-temporary-pie/>

The Jews have now woken up in Israel and the United States. Lily Greenberg Call, a Jewish member of the Home Office, resigned and said Biden "has the blood of innocent people on his hands What I learned from my Jewish tradition is that every life is valuable, that we are obliged to stand up for those who are confronted with violence and oppression, and to question authority in the face of injustice," she said.

<https://www.middleeasteye.net/news/nakba-day-first-jewish-american-biden-appointee-resigns-over-gaza-policy>

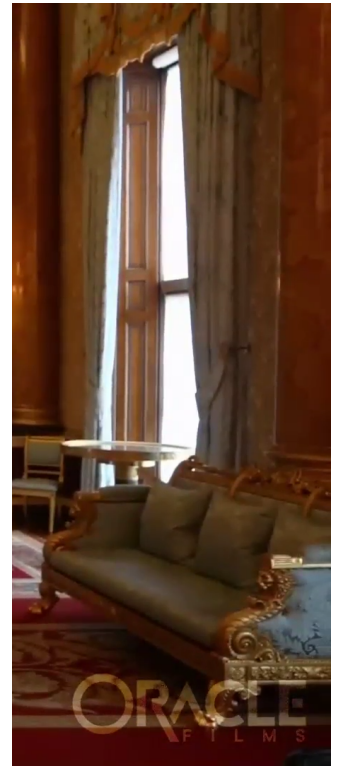

Awakened Jews like them hold massive demonstrations every day to demand the removal of the would-be dictator Benjamin Netanyahu. The provocation against Iran will not prevent its removal from this earth.

Its elimination will be part of a lot of elimination work to be done in the West before it is completely cured of its satanic contamination.

An example of this is the unveiling of a portrait of King Karl, who set fire to the Internet with his satanic images.

Charles was deployed 6 months, 6 weeks and 6 days after Queen Elisabeth's murder. The satirical video that shows him revealing the portrait is basically true. Even if we are told again and again that the original Charles is dead; as long as avatars or CGs are presented in the media of the world, the fight is not over

0:32 / 0:32

The BBC also reports that King Charles has given his son Prince William a prestigious post in the army to "symbolically hand over the baton". This is a German attempt to take control of the British military and it will fail, warns MI6.

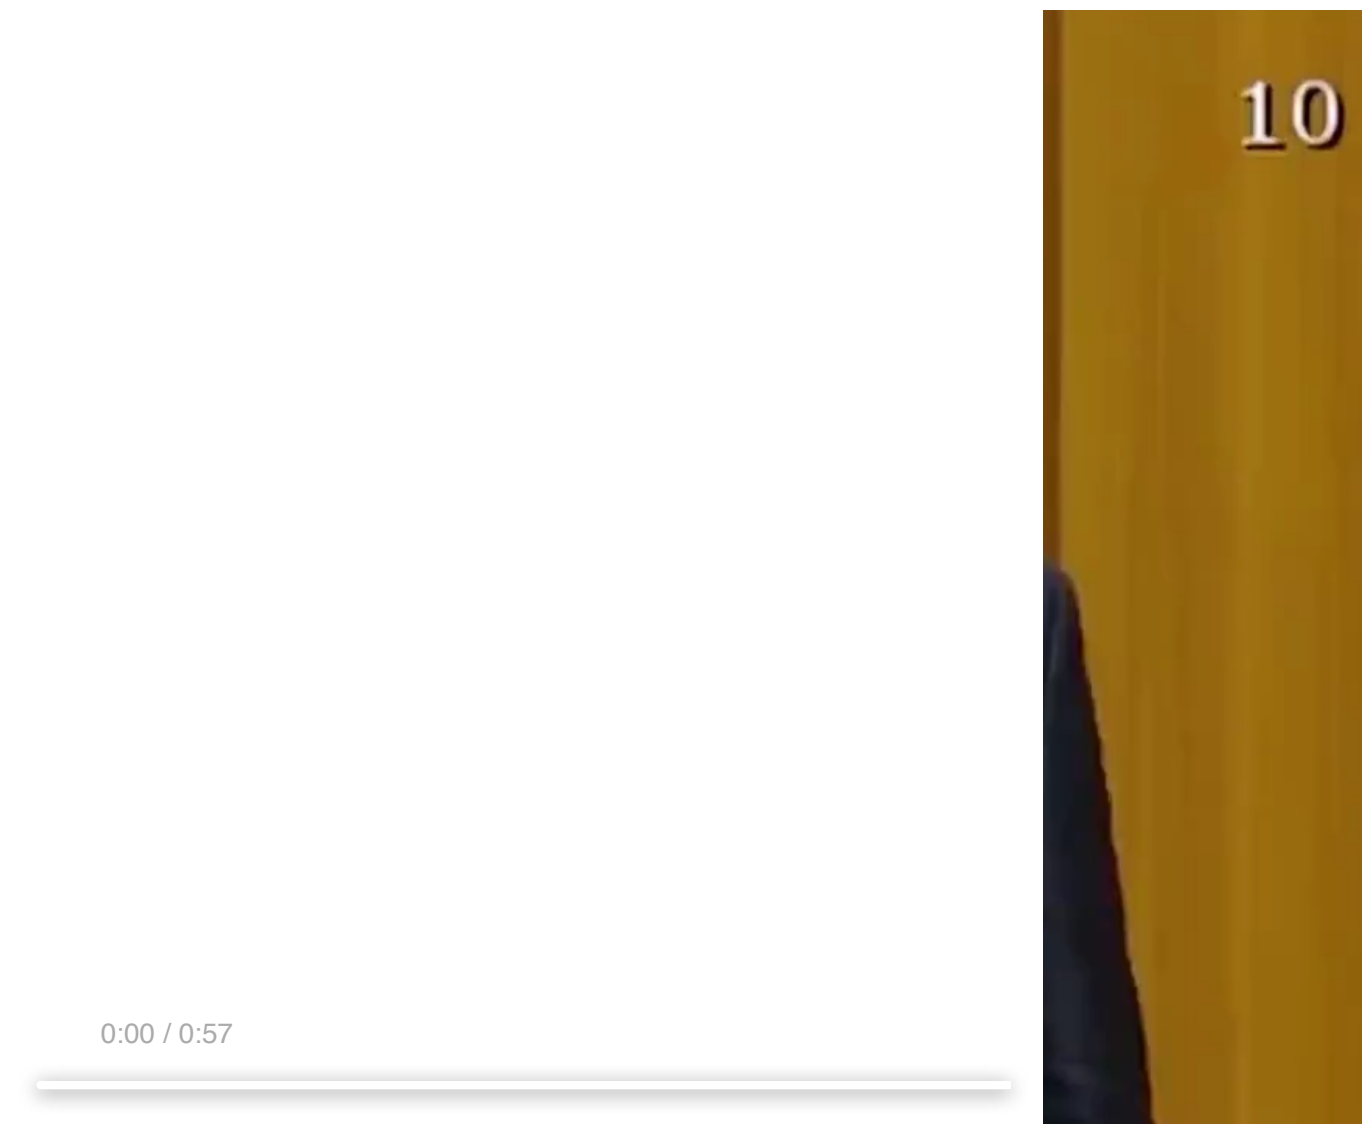

<https://www.bbc.com/news/uk-69002623>

Kate Middleton, who friends of Princess Diana claim to have been sacrificed to Satan, will not be at Charles' Wimbledon Parade. They have not been seen in public since Christmas.

<https://x.com/ShadowofEzra/status/1791815035313881130>

MI6 sources said they are fighting hard to remove the German-related Satanists in England and Ireland from power, and that this will happen sooner rather than later.

It is also in crisis in Australia because the government has just passed a satanic digital identity card with the beast sign. Minister of Labor Stephen Jones says it is completely "voluntary", but then he accidentally reveals that companies can "prescribe" it.

In a likely related process, "Google Cloud accidentally deleted the Australian pension fund's private cloud account worth \$ 125 billion... Although the service restoration began on Thursday, it may take some time for the investment balances to reflect the correct numbers. (Translation: the money is gone)."

https://www.business-standard.com/world-news/google-cloud-accidentally-deletes-125-billion-australian-pension-fund-124051800606_1.html

It looks like the Rockefellers are looting Australian pensions in addition to the Japanese ones to stay in business.

This is related to vaccination passports and COVID-19 vaccinations. The government knows that the vaccines kill people, and it "intentionally prevents doctors from

reporting vaccine deaths," warns Senator Malcolm Roberts.

The MI6 informs us that the former treasurer Peter Costello is a top satanist in Australia and a high-ranking target of the white hats.

Costello was rewarded with a convenient job at the World Bank for saving the Australian special forces' attempt to save Madeleine McCann from a satanic ritual of sacrifice

had betrayed, according to MI6. McCann was the biological daughter of George Soros, who was brought up as a special "sacrifice bride" for Satan. EU Commission President Jose Manuel Barroso and Belgian kings, along with many other western elites, were involved in the sacrificial ritual, it is said.

The Biden government in the United States is now basically admitting that it is involved in child trafficking for the purpose of torture and sacrifice. Guatemalan Secretary General Ángel Pineda leads an investigation into child trafficking on the border, which led to a raid by the charity Save The Children, formerly led by First

Lady Jill Biden. Pineda claims that the Biden government threatens him and that he "plays with fire".

<https://tr.im/world/guatemala/guatemalan-official-probes-child-trafficking-claims-biden-admin-interference>

The US government admits that 85,000 unaccompanied minors have disappeared since the Biden government began, and is now threatening government officials to investigate. It is the same as admitting that they murder children en masse.

This former taboo subject is now becoming mainstream knowledge. Aaron Rodgers and Tucker all recall that Ghislaine Maxwell was charged with child trafficking and probably worked for the Mossad, that Epstein did not kill himself in the federal prison, and talk about the Bohemian Grove and secret societies that blackmail the elites in our society. Normalize the exposure of the elites who commit crimes against children. Boom!

People also wake up and realize that many of their so-called leaders are fake. In an awkward attempt to cover up this, the false President Biden invokes the executive privilege to prevent the publication of the recordings of his own interrogations with special investigator Robert Hur. Because the interviews have proven that the one who plays the role of "Biden" is too senile to go to prison.

President Trump has already accepted the CNN debate invitation for June 27.

He has also accepted your proposal for a debate in September. But we believe there should be more than just two opportunities for the American people to hear more from the candidates themselves. With the soaring inflation of Bidenomics costing America's hardworking families at the grocery store and at the gas pump, with our border being totally overrun, with chaos at home, chaos across the world, chaos on our college campuses, we should have one debate per month.

Therefore, we propose a debate in June, a debate in July, a debate in August, and a debate in September, in addition to the Vice Presidential debate. Additional dates will allow voters to have maximum exposure to the records and future visions of each candidate.

We believe the American people deserve more than what the Biden administration has to offer.

With best regards,

Chris LaCivita, Susie Wiles, and The Trump Victory Team

If you look at the details, you will find that there will be no live audience for this debate. In other words, it will likely be a fake CG show with actors and AI.

The whole thing is probably supposed to distract people, while the Khazar mafia is preparing for an "emergency", a black swan, as CIA sources report.

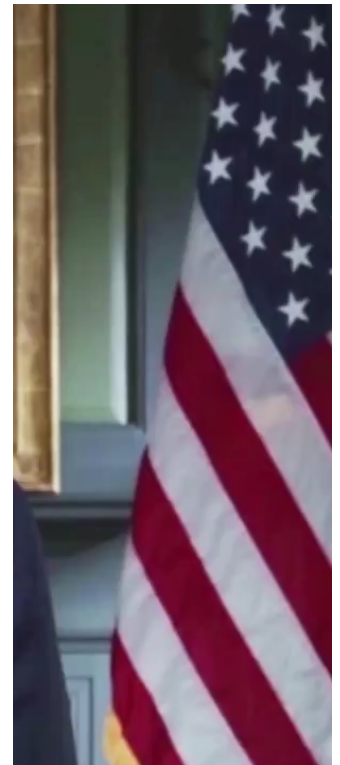

It looks like the KM is not only planning a kind of black swan, but also a pink swan. The US State Department has just issued a worldwide travel warning about terrorist-motivated "violence against LGBTQI + people and events". So stay away from big LGBTQ events etc. far away if you don't want to become collateral damage.

<https://travel.state.gov/content/travel/en/traveladvisories/traveladvisories/worldwide-caution.html>

The black swan will likely be a kind of pandemic used as a pretext to impose totalitarian rule on the Americans. Greg Reese and others report that the federal government is conducting a large-scale criminal operation in which it floods the country with untested foreigners, distributes it across the United States, and provides it with housing and financial support. They are also supplied with weapons to enforce the United Nations' disease X shutdown plan.

[https://greese.substack.com/p/un-troops-being-brought-in-as-migrant?initial_medium = video & publication_id = 706779 & post_id = 144574447 & triedRedirect = true](https://greese.substack.com/p/un-troops-being-brought-in-as-migrant?initial_medium=video&publication_id=706779&post_id=144574447&triedRedirect=true)

Donald Trump warns that Democrats want to use bird flu to manipulate the 2024 elections.

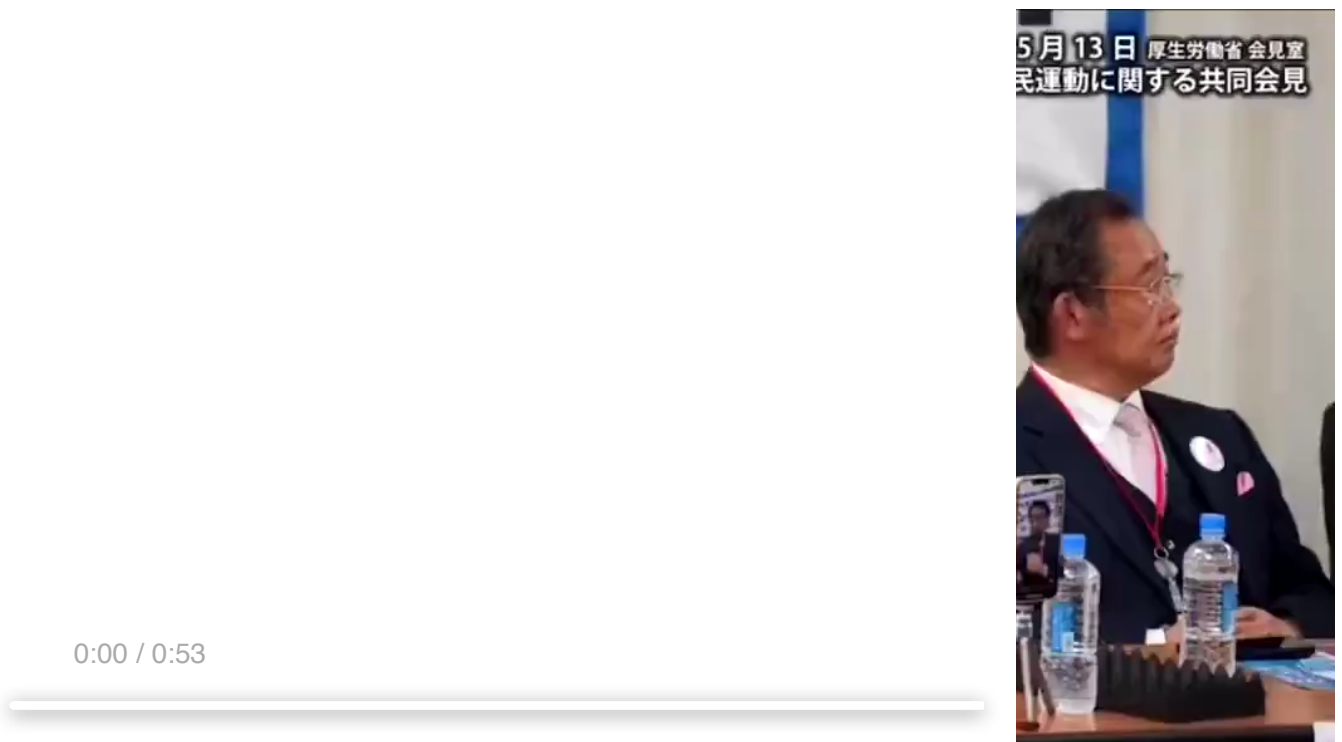

These elites will continue to release biological weapons and plan to enslave us until they are neutralized.

The planned pandemic in the United States is only part of a WHO satanic plan to use "Sickness X" to achieve totalitarian rule. Here, for example, you can see her slave Mitt

Romney calling for further government intervention, including vaccinations against avian flu.

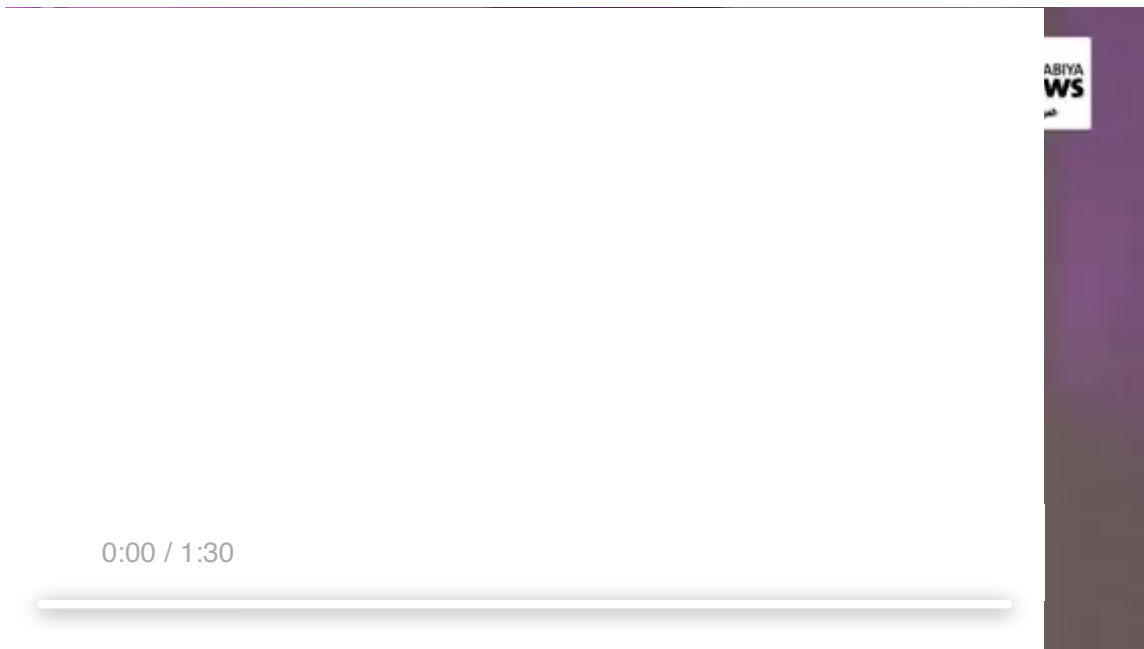

Fortunately, the WHO pandemic treaty negotiations in Switzerland are ineffective because a critical mass of governments and people have seen through their plan. Japan's highest cancer doctor, Dr. Masanori Fukushima, for example, says that COVID vaccinations are "basically murder". He adds: "Slovakia, the United States, the Netherlands, the United Kingdom and Japan are just a few of the countries that are opposed to the WHO pandemic agreement... We hope that we can draw the attention of the Japanese people and the rest of the world to the fact that the pandemic agreement provides a totalitarian framework for the global vaccine business".

His warnings have triggered massive demonstrations in Japan. The Japanese underworld is now actively hunting opponents of vaccination.

<https://www.lifesitenews.com/news/japans-most-senior-cancer-doctor-covid-shots-are-essentially-murder/>

As a sign that he is getting nervous, you can see WHO owner Bill Gates worry about "vaccination conspiracy theorists" here. It is a shame that this mass murderer is still at large, but it will not stay that way for long.

The crimes for which he and his KM Overlords are responsible go deep. Here you can see, for example, how Dr. Zach Bush explains how pharmaceutical companies prevent life-saving cancer treatments with "locking patents" so that they can continue to benefit from expensive and ineffective treatments. Basically, they keep cancer patients alive until they have collected all their money. In the 19th. Century, less than one in 20 people fell ill with cancer; today it is one of two.

These criminals and their political puppets are still trying to start a nuclear war. Here you can see, for example, how Senator Lindsey Graham calls on Israel to use nuclear weapons.

They also launched a CGI version of Victoria Nuland to call for missile attacks on Russia. These attacks and retaliation have already started.

There are huge fires in chemical plants, red rivers and other strange things that happen in Germany and are not reported.

AKTUELLER Chemie-Brand bringt GIFTWOLKE zu UNS und NIEMAND spri...

We suspect that these are Russian retaliation measures for German attacks in Russia.

"Any use of western weapons against peaceful Russian cities can trigger the use of stronger weapons to protect Russian citizens," warns State Duma spokesman Vyacheslav Wolodin. "Western politicians need to be aware of their responsibilities and do everything possible to prevent the situation from escalating into a global disaster," he stressed.

<https://tass.com/politics/1788879?ysclid = lw9dypomn3546205849>

As part of this struggle, attacks can also be carried out on politicians based on reciprocity. Polish Prime Minister Donald Tusk said he has received death threats on the Internet since the assassination attempt on Slovak Prime Minister Robert Fico.

The puppet leaders of the Khazar mafia must understand that there will be 100 times retribution if they kill politicians who oppose them. The days when they were able to

bring the world's leading politicians to their knees with death threats are over. Things will escalate.

The escalation will come when the Ukrainian regime breaks down. President Vladimir Zelenski's term of office ended today (20th. May), which means that he is no longer an official head of state. This means that Russia can now enforce the arrest warrant issued against it under international law. CIA sources say, "Zelensky is afraid to leave his hiding place because he knows there is an active contract." This headline is proof of this:

"Ukrainian President Zelensky cancels all upcoming trips abroad as Russia advances in the Kharkiv region."

<https://www.independent.co.uk/news/world/europe/ukraine-war-russia-zelensky-kharkiv-b2545622.html>

The collapse of the Ukrainian regime is now visible to everyone. "There was no first line of defense. We saw it. The Russians just went in. They just ran in without minefields," says Denys Yaroslavskiy, commander of a Ukrainian special reconnaissance unit.

<https://www.bbc.com/news/articles/c72p0xx410xo>

Why was there no defense? Mezha Anti-Corruption Center director Martyna Bohuslavets reports that millions of dollars earmarked for the construction of fortifications in Ukraine were instead "transferred to Avatar bogus companies."

https://humanevents.com/2024/05/14/funds-for-ukraine-war-diverted-to-fake-companies-report?utm_campaign = 64483 # google_vignette

In other words, Zelensky and his henchmen are busy looting at the last minute.

Now that the war in Ukraine is over, revenge for the destruction of Yugoslavia is pending. Chinese President Xi Jinping visited Serbia last week and said: "China supports Serbia's efforts to maintain sovereignty and territorial integrity on the Kosovo issue."

https://www.fmprc.gov.cn/mfa_eng/zxxx_662805/202405/t20240509_11301514.html

Then Tass reports: "Serbian President Aleksandar Vucic thanked the Russian authorities for supporting the territorial integrity of his country and respecting his sovereignty." "In a hint that Serbia is on the brink of war, Vucic said:" The path our country has chosen is not easy, but we expect the full support of all true friends of Serbia."

<https://tass.com/world/1788179>

Background: Yugoslavia was destroyed by Bill Clinton and Rockefeller to found the criminal hull state of Kosovo and to loot the mineral resources there.

As a sign that a revived Austria-Hungary is involved in this step, Xi made the following statement when he visited Hungary:

"China and Hungary will work together to advance China-CEEC (Albania, Bulgaria, Croatia, the Czech Republic, Hungary, Poland, Romania, the Slovak Republic, Slovenia and the three Baltic States): Estonia, Latvia and Lithuania) to advance cooperation on a larger scale... resolutely advocate international fairness and justice and advance the building of a community with a common future for humanity."

https://www.mfa.gov.cn/eng/zxxx_662805/202405/t20240514_11304319.html

This is part of a much larger Chinese plan to end US domination. In this context, China sold a record \$ 53.3 billion in government bonds and agency bonds in the first quarter of 2024 and bought gold instead. Gold has developed 75% better than US government bonds since 2020.

<https://sputnikglobe.com/20240518/china-sells-off-record-amount-of-dollar-assets-as-us-remains-the-worlds-bully-1118514205.html>

China is also cleaning its finance. China has arrested dozens of government regulators, bankers and chiefs of finance in a corruption network this year. Our Asian intelligence sources say this is part of a purge by Rockefeller and Rothschild agents.

https://www.scmp.com/news/china/politics/article/3263188/dozens-chinas-state-regulators-bankers-finance-bosses-corruption-net-crackdown-stepped-new-year?module=top_story&pgtype=homepage

A bitter struggle is also taking place in Taiwan, which is hardly reported.

Taiwanese lawmakers "push, stagger and beat each other". The reason for this is that elected President Lai Ching-te will take office without a legislative majority. Parliament called for government oversight powers, including a controversial proposal, to criminalize officials who make false statements in parliament.

<https://f1one.info/taiwans-parliament-erupts-in-chaos-over-reform-dispute/>

Asian kings say that this battle in Taiwan is related to a dispute over whether the replacement for the UN should be located in Japan rather than Laos, as suggested by the Chinese.

The Chinese are also trying to do something about their imploding housing market and have announced a number of measures to boost the real estate market. They spend over \$ 40 billion to create affordable housing and promise to deliver unfinished houses. This is definitely too little and too late and much more needs to be done.

<https://english.news.cn/20240517/72f4c751d2474625adfafece477d7e16/c.html>

In a further late step, MP Thomas Massie (R-KY) announced the introduction of H.R. 8421, the Federal Reserve Board Abolition Act. The Massie Law abolishes the Federal Reserve Board of Governors and the Federal Reserve banks. The Federal Reserve Act, the 1913 law that established the Federal Reserve System, is also repealed.

"Americans are suffering from crippling inflation, and the Federal Reserve is to blame," said Massie, representative. "During COVID, the Federal Reserve created trillions of dollars out of nowhere and lent them to the Treasury Department to allow an unprecedented deficit. By monetizing debt, the Federal Reserve devalued the dollar and enabled a free money policy that led to the high inflation we are experiencing today."

<https://massie.house.gov/news/documentsingle.aspx?DocumentID = 395644>

In this context, Fed Chairman Jerome Powell was again tested positive for Covid (on January 18, 2023, his first positive test was)! "Who is tested for Covid these days? A: Those who get GITMOED! Enjoy your orange hitchhiker and your free meals in a guarded community, Jerome, "says Polish intelligence circles.

<https://www.reuters.com/world/us/fed-chair-powell-tests-positive-covid-19-working-home-2024-05-17/>

Of course, the United States cannot act alone because it is bankrupt against the rest of the world. You will have no choice but to accept the multipolar world built by the BRICS.

"It is very likely that the BRICS Pay blockchain payment system, which is not under the control of the United States, will agree on digital currency billing and the creation of new channels for payments between Russian and Chinese legal entities. The economy - both Russian and Chinese - urgently needs solutions, here and now," said Pavel Kuznetsov, Vice President of the National Coordination Center for International Economic Cooperation, to Izvestia.

<https://tass.com/pressreview/1789465>

The Russians also agreed to join the gold-based \$ 100 trillion future planning initiative agreed by Asian and Western white hats, according to Russian FSB sources.

The Russians also agree to the plan to replace the UN Security Council with a World Council with seven regions, the sources said. This emerges from the various reports on the major Putin-Xi summit last week.

Russia and China are working on a "more just democratic one.." "World order that reflects the real weight of the states and their associations," said Russian Foreign Minister Sergei Lavrov

<https://tass.com/politics/1787803>

President Putin described Russian-Chinese global cooperation after meeting President Xi Jinping as "one of the most important stabilizing factors in the international arena" and stressed that the two countries together uphold the principles of a fair and democratic world order that would increase reflects global multipolarity.

The Chinese head of state pointed out Beijing and Moscow's shared commitment to "fairness and justice" in relations and described the "mentality of the Cold War... Unilateralism, hegemonism, block confrontation and power politics ", which some nations are now pursuing as a threat to peace and international security.

<https://sputnikglobe.com/20240516/kissingers-nightmare-us-bid-to-crush-russia-china-economically-only-drives-them-closer-1118474909.html>

Russian President Vladimir Putin's recent visit to China will determine the future of the world, said Russian State Department spokeswoman Maria Zakharova. "These are important steps that will determine not only the future of our region, but also that of the entire planet," said the diplomat.

<https://tass.com/politics/1790193>

There is broad agreement with this opinion in the West.

"The emergence of block formation requires a fundamental change in the way international relations are conducted. The major powers must move from a zero-sum competition mentality to a more flexible framework that takes into account the concerns of a wider range of actors, not just traditional allies," said Professor Andrew Latham, who takes such views.

<https://thehill.com/opinion/international/4671482-as-american-global-hegemony-ends-multi-alignment-rises/>

Another sign of the decline of the "rule-based world order" is the full-page announcement by the Nigerian government in the New York Times announcing an auction of its oil reserves to benefit the Nigerian people. It looks like Nigeria has kicked the Rockefellers out and nationalized its oil.

Brazil is also fighting for control over its huge resources.

Last week we were told that Brazil was hit by floods caused by weather weapons. Now we hear that "a group of volunteers who want to save people from the floods in southern Brazil claim that they have been tempted to participate in an operation involving several thousand firearms from the airport in the capital of the state of Rio Grande do Sul , Porto Alegre."

<https://apnews.com/article/brazil-floods-firearms-aurus-airport-guns-police-41bfaae8597860aa2b16da3feb8fc031>

Unfortunately, we are unlikely to learn more because weather frogs are prohibited from talking about weather weapons, and this weather frog was unable to work in the news media after this report. This happens when you tell the truth and uncover the activities of the KM Deep State
