Jesus Christ do I hate journaling it is so fucking gay. I have to sit here and write some bullshit but I really don't want to. I'd rather be napping since I didn't sleep well ~~the~~ last night and could really use some rest but I said earlier that I'd ^{rather} not take a bed pass and would prefer to make the most of my limited time here.

As Community leader, if I were to go back on that I'd look like a huge faggot. So here I am, putting my thoughts on page as they come to me.

I hope I can finish the rest of Pt. 1 of the Andy & Leyley (sp?) stream, that should be possible in the bio bed during "meditation treatment" since I now have admin access. That's a good fucking stream! I feel bad that Zax (my strong hunch!) stole not only her laptop

but also her favorite games that hold lots of sentimental value. It was obviously a nigger-tier move to cause Pilly Pain & I can relate to a similar situation. My X took my dead mother's antique fucking chairs that she told me she always wanted me to have. (hey Pilla my mom's dead LFG!!!)

So yeah, I'll get at least another hour of that stream in @ 6 tonight.

IDK why I didn't start w/ that stream yesterday and put the (cat food stream on first.

the bed vibrates with the bass frequencies & when she started crunching the dry treats it felt like i was being vored. (Too bad i'm not a vore-fag or that would have been pretty cool. But since I'm not, it sucked)

Had 3 more "meditation" sessions in the bro bed (watching the first andy + leley stream!) made it to 3:46:05. It's weird, In groups this week we focused on intergenerational trauma and then I trip out to the most miserable example someone could imagine of it. NGL, At one point I was in tears like some kind of fag. It's not something I could relate to but some of the other people's stories here were paralleled ^{with} what was portrayed in the game. I'm debating posting this on the TVA, but that will cut into my time a bit... eh? why not. I'll do it b/c I know thhrang would get a kick out of it & he's helped me out while I'm stuck here. ~~the rest~~.

> Shout out Thhrang, Red Rage, Dogbone, formerly Pipa, restless rain, Bronze, BP Branan, Furious G, FAP, Security, Hff201, & even Realticle the kike.

P.S. - 2:09:16 = Good Sound Post!

PPS: Fuck, forgot my bro Helkar! + the rest of you fags!
