It's time to name your fellow white people. Turns out that Honduras is literally run by Jews that in classic Jew fashion has managed to get the locals to refer to them as "The Turks". (politics)

Submitted 4.8 hours ago by shadow332

They all have "Turkish" names like Rosenthal and Goldstein, actual families that are of the [handful of Jews](#)  that own over 40 percent of the Honduran economy. [This is Nelly Jerez](#) , Honduras' sub-secretary of international relations. She is in charge of and oversees migrant issues in Honduras. Why does she have an Israeli flag in her office? Why does it have the same prominence as the Honduran flag?

All these trucks and random stars of David that keep showing up everywhere? Yeah, so what happened was when Hillary was SoS she arranged a deal where Israeli mercenaries overthrew the government and gave it to the Jew families. Look there if you want to know what the hell is going on with this caravan bullshit. You think Jews don't operate in shitskin countries? Ha, low IQ populations are even easier than the white nations. This is all happening right in front of you and the reason [the media hasn't said a goddamn thing](#)  about who is funding this shit is because they don't rat out their own in fear of causing the kind of "antisemitism" that would really piss off the goy.

Another thing to add: ever wonder why Guatemala of all places moved their embassy to Jerusalem two days after the US? Literally the second country in the world? Easy to dig up that connection too.

Ok, so here's the info on Pueblo sin Fronteras and CARA: The Caravan Organizers. Grab a cup of coffee or tea and have a read:

Background: A caravan of migrants crossed into Mexico recently from Central America. Their end goal is to enter the United States. This caravan was organized by Pueblo sin Fronteras with the support of numerous NGOs and charities. The main umbrella organization is the CARA Pro Bono Project. CARA is an acronym representing the Catholic Legal Immigration Network, the American Immigration Council, Refugee and Immigrant Center for Education and Legal Services, and the American Immigration Lawyers Association. All of these organizations provide legal services to illegal immigrants in the United States. Does there support of Pueblo sin Fronteras make them accomplices in violating immigration law, 8 USC 1324, themselves? Ask ICE.

According to research done by Glenn Beck and his team, the paper trail from Pueblo Sin Fronteras leads back to a group called CARA Family Detention Pro Bono Project. CARA encompass two legal groups, the Catholic Legal Immigration Network, Inc. and the American Immigration Council. Guess who's funding them? ... none other than radical leftist billionaire: George Soros.

Soros has given over half a million to support illegal immigration in the past. However, since the immigration debate heated up in 2015, Soros has stepped up his game. In 2015, Soros through 'Open Society' gave the Catholic Legal Immigration Network \$970,000 and over that same year, the American Immigration Council \$350,000.

When our military and law enforcement agents die trying to stop this invasion, we will have the evidence to seize Soros's funds and charge him as a terrorist.

Just to point out, you already have more than the population of Canada worth of illegals in your country. And they vote.

Why do jews who like israel want to fuck up the united states?

If our economy tanks because of too many illegals, that means Israel gets less money. If our military sucks because currently, the combat branches are mostly white, but you make it so that there aren't enough white people to have a military, Israel gets less protection.

If the US didn't exist at all, the arab nations would fuck Israel up. Their one or two nukes wont save them. The arabs will take a loss of a city or two in exchange for wiping out israel.

So why do these jews seem to constantly undermine the one powerful nation that supports their homeland?

▼ The Muslims are the ones who collect JIZYA regularly from non-Muslims and collect ZAKAT from each family annually for the purpose of Islamic interest. The Islamic doctrine of Hijrah means that for those Muslims who can manage to migrate to a non-Islamic nation should do so for the purpose of establishing a worldwide Islamic caliphate WITHOUT BORDERS. The left is propelled by Islamic financing - just think of Zakat . From 1.8 billion adherents to Islam worldwide to pay towards Islamic interest (which in the Koran about 68% of it is about the infidel.)

▼ Great post. There are also organizations such as "**Grantmakers Concerned With Immigrants and Refugees**" (**GCIR**) who Soros also donates to (\$100,000 - \$199,000 in the GCIR 2016 annual report), who will be used to distribute the funds to other causes, muddying the waters so that the money trail isn't quite as easy to follow.

Soros also donates to "**Border Network for Human Rights**" (**BNHR**) who are also there on the ground with the caravan. That's from the 2016 Foundation to Promote Open Society tax return, the sum being \$150,000.

There will likely be many, many more too, including all of those providing material and logistics support, food, water etc.

Most of South America is totally taken over by Jews. Peru had a Jewish President and Argentina has one of the largest percentages of Jews in the world. The people in those countries are way too fucking dumb to ever realize it though. That's what they want here and in Europe.
