

Benjamin Fulford: Weekly report from 13.05.2024

Antiilluminates TV • May 08, 2024

This article is exclusively the opinion of the author. He does not necessarily have to reflect the view of anti-luminum TV.

Anti-48luminati TV assumes no liability for any content of this translation!

Start of translation:

The failure of the WHO pandemic agreement means that the sheep will soon be released from the human animal farm

The victory of the whites in the battle for planet Earth is now becoming apparent in several respects. For example, Reuters reports: "The talks on the elaboration of a global pact to combat future pandemics have been concluded without a draft agreement before the expected deadline...the World Health Organization on Friday."

<https://gazette.com/news/us-world/pandemic-treaty-talks-to-wire---first-deadline-sources-say/article-8342a6e0-0569-5c86-963a-6b261ec8a6.html>

We have also learned from Pentagon sources that the millions of male illegal immigrants of military age who have had come to the US since 2021 have been brought to ensure the planned implementation of the (now failed) WHO pandemic agreement of the Khazarian mafia. These men are now being rounded up and sent

home.

There are many other signs of the defeat of the KM, which we will discuss below. The impact is far greater than most people are aware of. A good metaphor for what will happen is the film "The Island". In this film, people lived in an underground bunker and they were told to protect themselves from a natural disaster. However, happy people would soon be allowed to go to an "island paradise". In reality, these people were clones whose purpose was to supply rich customers with organs. The journey to the "island" meant organ harvesting and death. At the end of the film, the clones were released into the freedom to live their natural life.

The same thing will happen with all of us. We are now living a short, miserable life and literally work ourselves to death, far before our natural lifespan. Soon we will all be free, work 20 hours per week or less and live like millionaires for thousands of years.

If this sounds unlikely, consider the effects of the following message:

A British girl regained his hearing after being the first person in the world to participate in a groundbreaking new gene therapy study.

<https://news.sky.com/story/british-girls-restored-in-pioneering-gene-therapy-trial-13131548>

This was achieved by adding some genes in the region of their ear. This is only proof that we are able to change our genes as we want. This means that we can change the genes that shorten our lifespan. We can also add super forces such as the radar capabilities of a bat or the eyes of an eagle.

So far, the planet's rulers have forbidden to use medicine to improve humans. The only thing that the medical profession is allowed to do is to cure diseases. This resulted in pharmaceutical companies having received several trillion dollars incentives to create diseases to earn money by cure.

The Rockefellers and other owners of the private non-governmental organisation WHO have invented cancer, HIV and countless other diseases to do just that. Imagine that instead they could earn trillions of dollars to improve people.

The old establishment has put forward all kinds of flimsy excuses as to why we must forbid people to improve their genes. They are also flimsy. They say, for example, that this would create a genetic gap between rich and poor. The answer is to make this technology accessible to anyone who wants it to be. They say they could cause permanent genetic changes that are passed on to children. This is a lie, because we have the opportunity to reverse these changes if we want. The only legitimate argument they make is that we need to make sure that the technology does not have unexpected side effects. This means that careful examination is required.

It will be a question of free decision. Just like the ama for the technology of the 19th century. have decided, many people will choose to lead a short, genetically improved life. That would be their decision and who knows, perhaps evolution proves them right.

However, many of us will have the desire to become practically immortal superhumans. My wish is to turn me into a dolphin one day so that I can explore the ocean. When I am finished with the exploration, I can return to the human form. This is already technically possible.

The Khazarian mafia, which belongs to the WHO, had very different plans. They

wanted us to become genetically incapable of opposing their rule. Their plans provided for the assassination of 90% of humanity. All survivors (with the exception of KM members) should be given digital IDs, which should attach access to food to food to food and all other survival necessities to a point of obedience (social credit). They also had human breeding farms in Ukraine and elsewhere. There, female people were kept as sex slaves until they were disposed of at the age of about 25. They gave birth to infants who were tortured to gain Adrenochrom and used as meat. They would also breed obedient supersoldiers to enforce their rule.

The secret battle for planet Earth took place between these two alternative timelines for the future. What was the release of humanity to develop it wanted, and thus trigger a new Cambrian explosion. The other was the permanent enslavement of humanity in the service of a self-proclaimed Nazi superpleter.

The Nazis have now been comprehensively defeated. The death of Klaus Schwab Rothschild, Bill Gates, Hillary Clinton Rockefeller and others have ensured this. Soon further KM-Domino stones wants to fall.

In this sense, let us take a look at the geopolitical news of last week, because they are a snapshot of the shifting timelines.

The biggest change was due to the collapse of the Khazarian mafia states of Israel, Ukraine and the USA.

This is due to the alliance to liberate the planet, which is led by Russia, China and the white ones of the western military-industrial complex.

Russia's contribution was particularly noteworthy last week. As a sign that free

people can determine their own future, Russia has just announced its 2030 goals. The 82 goals include "maintaining traditional moral and spiritual values" to make Russia the fourth largest economy in the world, increasing the population, becoming a high-tech superpower, creating a "comfortable and safe living environment", promoting the "goodness of the environment", etc.

<https://tass.com/politics/1785313>

Sovereign nations such as Russia are planning their own future. Slave states such as the USA are forced into wars that are not in the national interest and impoverish their own population.

This is Mikhail Mishustin, the chairman of the Russian government and true ruler of Russia.

He is not a dictator, but the head of a committee that Putin uses as a PR avatar.

<https://tas.com/politics/1786307>

Russia has put its plan into practice and launched a massive offensive against Ukraine on all fronts. The Ukrainian resistance has collapsed and the war in Ukraine has ended practically, as Polish intelligence, CIA and Russian FSB sources agree.

The US military has agreed to this. We also learn from Pentagon sources that while the false Joe Biden has signed a bill that offers Ukraine arms deliveries worth 61 billion dollars, but in reality nothing has been or is not delivered.

The Russians note that the term of office of Ukrainian President Vladimir Zelensky on 21. May end and no election has been scheduled for his successor. "Zelensky's popularity is in free fall. The population blames him for the prolonged war war and the postponement of the presidential elections. Ukrainian politicians are reportedly discussing who will be the next president and how they can legitimise him," reports French journalist Thierry Meyssan.

<https://www.voltairenet.org/article220840.html>

Since the war in Ukraine is almost over, the next step will be revenge for the destruction of Yugoslavia, Serbian intelligence sources say. Chinese President Xi Jinping was in Serbia last week, saying, "China is supporting the Serbian government in its measures to protect the country's territorial integrity on the Kosovo issue." <https://tass.com/world/1785671>

Background: Bill Clinton and Rockefeller destroyed Yugoslavia to acquire the huge resources of strategic minerals in Kosovo. To this end, they destroyed Yugoslavia and turned the area around the mines into the criminal trunk state of Kosovo. This is now over.

After Ukraine and Kosovo, the next domino that if will be Israel. Last week, the UN General Assembly voted by an overwhelming majority in favour of Judea's (Palestine's) accession: 143:9, with 25 abstentions. This prompted the Israeli ambassador to the United Nations to shred the UN Charter before the Assembly with a paper shredder.

This time, the US will not stop the world from forcing Israel to end its genocidal behavior. The alliance of white hats forced US President Joe Biden to say, "I made it clear to Bibi and the war cabinet that they will not receive our support."

This prompted Prime Minister Binyamin Netanyahu to say that Israel was prepared to "rank alone" in his war in Gaza and "to fight with our fingernails".

<https://insiderpaper.com/netanyahu-says-israel-ready-to-stand-alone-after-us-arms-warning/>

"The noose around Zionist Israel is suffering. The avatar scomeer Netanyahu needs to become really nervous or has already gone into hiding," comments a Mossad source.

For many, the noose will probably literally rise. On Friday, Colombian President Gustavo Petro called on the International Criminal Court (ICTY) to issue an arrest warrant against Prime Minister Benjamin Netanyahu, whose city crime as "murdering" because of their war in the Gaza Strip.

<https://politiko.com.ph/2024/05/11/colombias-petro-urges-ic-arrest-warrant-for-netanyahu/politico-global/>

The United Nations Security Council has been called for an an an an immediate and independent investigation into the mass graves involving hundreds of Palestinian bodies near hospitals in the Gaza Strip, which were found in the course of the Israeli regime's months of aggression against the besieged area.

<https://www.presstv.ir/detail/2024/05/11/725372/United-Nations-Security-investigation-mass-graves-Gaza-Strip->

The Israeli people agree. In Israel, riots are taking place, demanding the resignation of Binyamin Netanyahu.

The fact that this headline: "In a 2018 letter asking Netanyahu to finance Hamas appeared in the Israeli news is a sign that the KM avatar Benyamin Netanyahu is at the end.

<https://www.ynetnews.com/article/bk8mgcefr>

The one-sided reporting in favour of Israel has also come to an end in the US media. In the following video, Piers Morgan had Israeli government spokesman Avi Hyman fidgeting when he asked him about the number of civilians killed, although he had exact figures on Hamas "terrorists killed."

Israel has been ruled by a gang of criminals since 1948, without the population noticing, says Thierry Meyssan. He notes

Israel allows the most extensive money laundering operations and serves as a refuge for some of the largest criminals in the world... A Palestinian Liberation Organization (PLO) official told me that he was a witness to a group of diamond dealers who arrived without customs control and were escorted by the military. These men and a few customers exchanged diamonds and cash and then left the country incognito. This type of trade could not take place in any other state.

<https://www.voltairenet.org/article220830.html>

For example, it was announced that Jared Kushner was supporting plans to turn the Gaza Strip into the next Dubai, including an international airport and a duty-free zone, once the genocide of the Judahites (Palestinians) has ended. Jared Kushner is now a target of the highest priority.

https://twitter.com/ismource-news/status/1787858972911034667?ref_src=twsrc%5Etfw%7Ctweetembed%7Ctweetembed%5E187857972911046Ctft%5E995684845e777bps3A%2Fumreads%3D240138

The reality is that the attacks on Gaza have been stopped. "The Israeli-Palestinian conflict is now a zero-sum game. He has come to a standstill. Thanks to Iran and Russia. Any alleged attacks on the refrigerators of Rafah are CGI and old videos,"

says a Mossad source.

Of course, many KM-slaves of Israel will go down with the evil ship. In the video below, you can see KM Foreign Minister Anthony Blinken Mitt Romney explains that Israel's PR fails because social media give people a direct view of what is happening and arrives with emotional resonance.

Romney says: Yes, that's why we have banned TikTok!

The reality is that society that US will collapse with Israel. The white hats take over the power.

Pentagon sources say that the US with CIC Trump could really be at the forefront of a continuity government. Pascal Najadi has published video footage of the landing of the military in Guantanamo Bay (Gitmo), the arrest and execution of Hillary Clinton, and martial law in the USA.

The news video is old, but why should Najadi publish it now? It was completely deleted from the MSM. "They seem to be on ABC News with George Stephanopoulos and Fox News. That is certainly wild," says a CIA source.

Of course, the fight still rages. As soon as the video was released, a false, masked, Hillary Clinton was summoned to the scene, whoimed that in 2024 the last election could ever be. "This is a wild interview at CNBC's Morning Joe. You can see the line of her mask on her neck. Very clear," comments a source from the Pentagon.

Our own sources say that the material is published via Hillary again to prepare for an an an an an official announcement of her death. One sign that they are preparing for it is that many sources have sent us old, stressful material over Hillary. This video shows, for example, how guilty Hillary Clinton was as US Secretary of State under President Barack Obama.

The KM also had former US chief of staff, Mark Milley, to delete it, to say that the US has killed a large number of innocent people and there have no right to con Israel to itdemn its actions in Gaza. "Look at Milley, that's not the real one. This is an avatar/double. As we know, the real Mark Milley is in GITMO," says a Pentagon

source.

There are further signs that something is changing in the US. For example, Judge Cannon has postponed Donald Trump's trial for secret documents in Florida indefinitely. Perhaps he realized that he was fooled with a fake political reality TV show.

<https://www.politico.com/news/2024/05/07/trump-classified-docs-trial-delay-florida-00156680>

Then this article about the Epoch Times, which was operated by the State Department, appeared. Trump alleged has secret plans to nationalize the Federal Reserve

The Federal Reserve could soon be federalized - if an alleged plan by former President Donald Trump and his allies proves to be true. It is claimed that a secret 10-page document circulates in a small group in President Trump's team and provides for changes to the Federal Reserve that could significantly change fiscal policies in the United States.

It could be too late. Nebraska has joined dozens of US states that call gold and silver money and enact laws that say that "money does not include a digital

currency of the central bank."

<https://mises.org/power-market/nebraska-ends-income-taxes-gold-and-silver-declares-cbdcs-are-not-lawful-money>

The nationalisation of the FRB would not change the fact that the US is bankrupted to the rest of the world.

The Managing Director of the International Monetary Fund, Kristalina Georgieva, warns that debt service in the US - which is currently at around 34 trillion dollars - consumes more than 17% of government revenues, whereas in 2015 it was less than 7%. "This cannot continue forever, because the burden on the US will paralyse the spending necessary for debt service," says Georgieva. "This money has an opportunity cost factor... it does not go to emerging economies, where it can finance jobs and business opportunities for American companies.

<https://finance.yahoo.com/news/imf-chief-kristalina-georgieva-calls-180732346.html>

One sign of how these debts are wasted is that Biden provided 7.5 billion dollars to charge electric cars in November 2021. Today there are seven charging stations with a total of only 38 parking spaces.

<https://www.zerohedge.com/markets/your-tax-dollars-work-75-billion-has-produced-just-7-charging-stations-across-four-states>

This headline is another example of a completely wasteful and dysfunctional government:

"Chicago's mayor wants 1 billion dollars more for schools, although 43% of teachers are chronically missing."

<https://www.zerohedge.com/markets/chicago-mayor-wants-1-billion-more-schools-even-though-43-teachers-are-chrononly-absent>

The trillions spent on the medical industry also went almost exclusively to pharmaceutical companies and intermediaries and not to doctors. A survey conducted by AMN Healthcare 2022 in 15 major metropolises found that it takes an average of 26 days for you to visit a doctor. According to a 2024 Medscape report, nearly 50 percent of doctors report that they feel burnt-out

<https://www.zerohedge.com/medical/whats-behind-americas-doctor-crisis>

Here in Japan, the waiting time is often zero minutes.

A large part of the trillions of bidder debt funds landed in the hands of the usual suspects such as BlackRock and Vanguard, who have bought private homes throughout the USA. In the following video you will see new houses in Las Vegas, Nevada, which are only offered for rent

This is a sign that the KM wants to abolish residential property and make everyone "own nothing and is happy" debt slaves.

The video below is an example of how the KM has hidden their plans with predictive programs under the label "Conspiracy Theory". The script was released in a comedy show. They knew they could show it and nobody would believe it. You can hear how the laughter from the can be inserted into the show.

The fact is, however, that the rest of the world has woken up and no longer finances this corruption and this madness. The whole rotten structure collapses before our eyes.

Even the Europeans have renounced the Rockefellers and the KM. One sign of this is that the IMF warns of the US attempts to seize Russian assets, which is largely in Europe.

<https://tass.com/world/1785389>

In November 2023, the Members of the European Parliament voted for the dissolution of nations, the elimination of borders, the abolition of property, the nationalisation of industry and... the replacement of democracy by the dictatorship of a European party, warns Jerzy Kwasniewski - President of the Polish Ordo Iuris Institute for Legal Culture.

A great resistance was held in Belgium last week at a conference (NatCon) organised by European conservative circles. When Nigel Farage, the architect of the Brexit movement, entered the stage, the police suddenly stormed in and

announced the immediate end of the event.

The organisers of the event complained and reached that a Belgian administrative court ordered the end of the police blockade the next morning. It turned out that the police operation was based on the orders of Emir Kir, the mayor of this Brussels district, which which which which w conference hosted personalities of the "conservative, religious rights". He added that the organizers' vision is "not only conservative, but also reject the legalization of abortion, same-sex relations, etc. and supports national sovereignty."

One of the leading Eurofascists, the President of the European Commission, Ursula von der Leyen, said to reporters on Monday after a trilateral meeting with French President Emmanuel Macron and Chinese President Xi Jinping. "The world cannot absorb China's surplus production."

<https://www.zerohedge.com/geopolitical/eu-leaders-confronts-chinas-xi-over-trade-paris-summit>

The truth is that China has a better system and that it is only a matter of time before we all work for the Chinese, if the West does not overhaul its own system.

But before this happens, the resistance of the KM still has to be bundled. Here you can see how Alex Soros is plotting against Trump with Cindy McCain.

John McCain, who was executed for treason, has his daughter, who is following in his footsteps.

Alex Soros pays over the Soros Foundation protesters who burn the American flag.

As this example from Penn State University shows, they also pay for the ongoing unrest on campus in the USA. These are not students. They are professional activists paid by Alex Soros and the Rockefeller Foundation.

Next, you can tell you about the Democrats in Massachusetts that ILLEGALS take precedence over our VETERANS.

In order to make it easier for minors to minor children, to disappear and be deported, the Biden administration is also seeking an end to the special judicial oversight of child migrants.

<https://apnews.com/article/unaccompanied-child-migrants-flores-biden-border-02aaf05a4e43c72c78add09d50c0332f>

Another sign of a desperate power struggle of the KM at the last minute came from Justin Castrudeau to Canada. He tries to adopt to "Online Harms Bill", which, among other things, The following provides:

Lifelong prison sentences for freedom of speech

Precontested imprisonment

Ex-post-facto law

Anonymous prosecutors etc.

<https://www.racket.news/p/blame-canada-justin-trudeau-creates?utm-source-mail-mail-idod-1042&post-id-1444&m-campaign-email-title-Freemail-true&r-f2uvx&Redirected&m-us-us-us-us-us-email>

Castrudeau is also trying to tax people fleeing from his tyranny.

<https://twitter.com/chigrl/status/1786876676854493272>

However, do not expect with the help of the false opposition leader Pierre Poillevre. His wife was CEO of SWITCH HEALTH, the leading provider of fraudulent COVID test kits for air travel in 2020.

<https://twitter.com/myhiddenvalue/status/1772733371841397192>

The desperate and cornered KM satanists are still planning a global pandemic as the Ave Maria measure to be arrested as a war criminal.

Here you can see how the former CDC director Dr. Robert Redfield explains that the main threat from the H5N1 bird flu comes from the US laboratories. "In the laboratory, I could make it highly infectious for people within months ... this is the real threat ... I believe avian flu will be the cause of the great pandemic."

At the same time, they are trying to blame China. "The letters from Congress below are part of an an an attempt by the KM to hold China active for COvid. We know that it was was was originally from Ukraine and then possibly sent to Wuhan and "slipped" from there. All this fraud was a plan of the KM, which was developed decades ago. This is the continuation of the circus performance for the sheep. The audience is getting smaller the more they wake up in reality," says a CIA doctor.

These are only signs that the KM is freaking out because of the continued reaction to their mass drug test.

The pharmaceutical companies are completely on their retirement on this front.

AstraZeneca, for example, has just withdrawn its COVID vaccine Vaxzevria "for commercial reasons".

<https://www.theguardian.com/business/article/2024/may/08/astrazeneca-withdraws-covid-19-vaccine-worldwide-citing-surplus-of-accine->

Pfizer has now agreed to resolve more than 10,000 lawsuits associated with cancer Zantac

<https://nypost.com/2024/05/08/business/pfizer-to-settle-over-10k-lawsuits-linking-zidac-to-cancer/>

If Pfizer admits that Zantac is causing cancer, do you seriously think that they have not infected the world with cancer with their "covid vaccine"?

If they didn't know, why did they offer their employees other vaccines or placebos?

<https://www.infowars.com/posts/exclusive-pfizer-whistleblower-leaks--email-offering-separate-and-distinct-covid-19-vaccines-to-workers/>

The Australian government has already paid millions of dollars in compensation for vaccination damage since the COVID-19 pandemic... This concerns vaccines approved by the Therapeutic Goods Administration (TGA), including the COVID-19 vaccines from AstraZeneca, Pfizer, Moderna and Novavax.

However, paying small compensation is far too little and too late. War crimes tribunals are inevitable for these people.

Meanwhile, the rest of the world is moving towards a new age of peace. The negotiations on a multipolar world federation of independent states are in full swing. A new UN headquarters wants be prepared in Laos. Working to release hundreds of trillion dollars to launch the new age is also progressing smoothly. But expect nothing before the summer, sources say that are close to the leadership of the White Hat.

The big question is what will be revealed to us once world establish peace ised.

We are still waiting for the anti-gravity technology, the Med bed, etc. to be made available to the general public.

There are even more amazing news possible. A sign that reality could change itself: Did you know that dozens of new types of clouds have been discovered recently? I wonder how they call the perfectly square, thin, right-angled cloud type?

We also note that the Vatican is preparing the publication of a document containing instructions for the discernment of supernatural phenomena.

<https://www.foxnews.com/faith-values/vatican-preparing-guidelines-apparitions-supernatural-phenomena>

"In reality, it is a matter of preparing for aliens to visit Earth. It is scheduled to take place in mid-July or August, and thousands will witness it," says a secret source of the space program.

Is it a Project Blue Beam event or will it be a Beyond Blue Beam event? We will see it soon.

Source: benjaminfulford.net
