VAMPIRE

THE MASQUERADE

History

Prelude

Annie was born as the only daughter to a moderately privileged Catholic family in the early 60s. She learned to manipulate people from an early age with her youthful demeanor of innocence. In the 70s, she embraced punk rock for its counter culture/themes of disillusionment with the world. In high school, she fell in love with her mysterious art teacher Luca, who revealed himself to be a vampire and Embraced her after she graduated. She had a whirlwind romance with Luca while they traveled the country in the 80s. Annie became a neonate in the 90s and established herself in Chicago, just after the War of Chicago ended, and started up an alternative music magazine called *Second City Underground*. Four years ago, Luca revealed that he had a new protégé child, so Annie, feeling discarded, went into a frenzy, killed the fledgling, and diablerized Luca. She has managed to keep this a secret to this day thanks to Luca's reputation for disappearing for long periods of time.

Goals

Goal #1: Keep the *Second City Underground* afloat.

Goal #2: Find new purpose in unlife.

Goal #3: Keep her diablerie a secret by any means necessary.

Description

Race: Caucasian

Nationality: American

Height: 5'2" (157 cm)

Weight: 102 lbs (46 kg)

Between being Embraced at 18 and her overall youthful features, Annie is easily mistaken for someone younger than she looks, let alone how old she truly is. If she leaves her hair naturally blonde, she looks like a cherubic angel, which she plays up to make people underestimate her. She's generally regarded as harmless and treated like a raucous, punk-to-the-bone little sister, which suits her just fine.

Annie dresses in patched leather jackets, authentic band t-shirts, and ass-kicker boots. She chain smokes out of habit, rides a well-maintained Triumph, and is known for her acerbic reviews of alt music in her indie magazine, *Second City Underground*.
