Arrest Records

An arrest usually occurs when a law enforcement officer is investigating or trying to prevent a crime, detaining someone and depriving them of their liberty. Arrests may occur during a traffic stop, for example, or as a result of an arrest warrant issued for a person of interest. An arrest does not mean a person has been convicted of a crime, however. This only means they may have been detained by police or another officer at some point in time. We do not guarantee that the information provided below is accurate, complete, or related to the individual searched.

Criminal/Traffic Records

Criminal offenses are those which result in a conviction in the court of law and a sentence of jail time and/or fines. Misdemeanor crimes result in up to one year in jail; felonies carry sentences longer than one year.

Traffic offenses can include anything from tickets for speeding to driving under the influence. Moving violations are very minor, but a criminal offense such as a DUI means that person has been convicted in court and provided a sentence. Other major traffic violations include reckless driving and driving with a suspended/revoked license. We do not guarantee that the information provided below is accurate, complete, or related to the individual searched.
