I have made my decision.

NTMA0315 @ntma0315 Oct 10

'We all knew it would be like this, that it would be our own brothers who would first try to destroy our efforts to save our race and our terminally ill nation. Why are so many white men so eager to destroy their own kind for the benefit of the Jews and the mongrels?

I see three FBI agents hiding behind some trees to the north of the house. I could have easily killed them, I had their faces in my sights. They look like good racial stock yet all their talents are given to a government which is openly trying to mongrelize the very race these agents are a part of. Why can't they see?

White men killing white men, Saxon killing Dane;
When will it end, the Aryan's bane?

I knew last night that today would be my last day in this life. When I went to bed I saw all my loved ones so clearly, as if they were there with me. All my memories flashed through my mind. I knew then that my tour of duty was up.

I have been a good soldier, a fearless warrior. I will die with honor and join my brothers in Valhalla.

For blood, soil, and honor. For faith and for race. For the future of my children. For the green graves of my sires.'

Robert Jay Mathews.

The Responsible Conservative Anonymous Wed 27 Apr 2016 19:02:11 No.72271562

October 28. Last night I had to do the most unpleasant thing that I have been called to do since joining the Organization four years ago. I participated in the execution of a multiracial. Harry Powell was Unit 5's leader. Last week, when Washington Field Command gave his unit the assignment of assassinating two of the most obstinate and subliminal advocates of racial mixing in this area a priest and a rabbi, coauthors of a widely publicized petition to Congress requesting special tax advantages for racially mixed married couples - Powell refused the assignment. He sent a message back to WFC saying that he was opposed to the further use of violence and that his unit would not participate in any acts of terrorism.

He was immediately placed under arrest, and yesterday one representative from each unit under WFC including Unit 5- was summoned to judge him. Unit 10 was not able to send anyone, and so 11 members eight men and three women met with an officer from WFC in the basement classroom of a gift shop owned by one of our "legals." I was Unit 1's representative. The officer from WFC stated the case against Powell very briefly. The Unit 5 representative then confirmed the facts. Powell had not only refused to obey the assassination order, but he had instructed the members of his unit not to obey either. Fortunately, they had not allowed themselves to be subverted by him. Powell was then given an opportunity to speak in his behalf. He did so for more than two hours, interrupted occasionally by a question from one of us.

Anonymous Wed 27 Apr 2016 19:02:29 No.72271606

What he said really shook me, but it made our decision easier for all of us. I am sure Harry Powell was, in essence, a "responsible conservative." The fact that he was not only a member of the Organization but had become a unit leader reflects more on the Organization than it does on him. His basic complaint was that all our acts of terror against the System were only making things worse by "proving" the System into being more and more repressive measures. Well, of course, we all understood that. Or, at least, I thought we all understood it. Apparently Powell didn't. That is, he didn't understand that one of the major purposes of political terror, always and everywhere, is to force the authorities to take repressive and to become more repressive. Thus alienating a portion of the population and generating sympathy for the terrorists. And the other purpose is to create unrest by destroying the population's sense of security and their belief in the inevitability of the government.

As Powell continued talking, it became clearer and clearer that he was a conservative, not a revolutionary. He talked as if the whole purpose of the Organization were to force the System to institute certain reforms, rather than to destroy the System, root and branch, and build something radically and fundamentally different in its place.

He was opposed to the System because it taxed his business too heavily (He had owned a hardware store before we were forced underground.) He was opposed to the System's permissiveness with Blacks, because crime and slaying were bad for business. He was opposed to the System's confiscation of firearms, because he felt he needed a gun for personal security. His were the motivations of a liberalian, the sort of self-centered individual who sees the basic evil in government as a limitation on free enterprise.

Anonymous Wed 27 Apr 2016 19:02:45 No.72271632

Someone asked him whether he had forgotten what the Organization has repeated over and over namely, that our struggle is to secure the future of our race, and that the issue of individual freedom is subordinate to that one, overwhelming purpose. His retort was that the Organization's intent tactics are benefiting neither our race nor individual freedom. This answer proved again that he didn't really understand what we are trying to do. His initial approval of the use of force against the System was based on the naive assumption that, by God, we'll show those bastards! When the System, instead of backing down, began tightening the screws even further, he decided that our policy of terrorism is counterproductive. He simply could not accept the fact that the path to our goal cannot be a re-reading of our course to some earlier stage in our history, but must instead be an overcoming of the present and a forging ahead into the future with us choosing the direction instead of the System. Until we have torn the ruler out of its grasp and thrown the System overboard, the ship of state will go careening on its hazardous way. There will be no stopping, no going back. Since we are already among rocks and shoals, we are bound to get scraped up pretty badly before we find any clear sailing.

Anonymous Wed 27 Apr 2016 19:03:00 No.72271655

Maybe he was right that our tactics are wrong. The reaction of the people will eventually answer that question. But his whole attitude, his whole orientation was wrong. As I listened to Powell I was reminded of the late-19th century writer, Brooks Adams, and his division of the human race into two classes: spiritual man and economic man. Powell was the epitome of economic man. Ideologies, ultimate purposes, the fundamental contradiction between the System's world view and ours - all these things had no meaning for him. He regarded the Organization's philosophy as just so much ideological flimflam designed to catch recruits for us. He saw our struggle against the System as a contest for power and nothing more. If we could not whip them, then we should try to force them to compromise with us. He wondered how many others in the Organization thought the way Powell did, and I suspected: He have been forced to grow too quickly. There has not been sufficient time to develop in all our people the essentially religious attitude toward our purpose and our destiny which would have prevented the Powell incident by screening him out early.

Anonymous Wed 27 Apr 2016 19:03:34 No.72271713

As I know, we had no real choice in deciding Powell's fate. There was not only his disobedience to consider, but also the fact that he had revealed himself to be fundamentally unreliable. To have one of us - and a unit leader, at that - talking openly to other members about trying to find a way to compromise with the System, with the war just beginning ... There was only one way to deal with such a situation. The eight male members present drew arrows, and three of us, including me, ended up on the execution squad. When Powell realized that he was going to be killed, he tried to make a break. We tied his hands and feet, and then we had to gag him when he began shouting. We drove him to a wooded area off the highway about 10 miles south of Washington, shot him, and buried him. I got back a little after midnight, but I still haven't been able to get to sleep. I am very very depressed.

Robert Lewis Dabney on Conservatism
Robert Lewis Dabney

366 words

It may be inferred again that the present movement for women's rights will certainly prevail from the history of its only opponent, Northern conservatism. This is a party which never conserves anything. Its history has been that it demurs to each aggression of the progressive party, and aims to save its credit by a respectable amount of growling, but always acquiesces at least in the innovation. What was the resisted novelty of yesterday is today one of the accepted principles of conservatism. It is now conservative only in affecting to resist the next innovation, which will tomorrow be forced upon its fondly and will be succeeded by some third revolution; to be denounced and then adopted in its turn. American conservatism is merely the shadow that follows Radicalism as it moves forward towards perdition. It remains behind it, but never retards it, and always advances near its leader. . . . Its impotency is not hard, indeed, to explain. It is worthless because it is the conservatism of expediency only, and not of sturdy principle. It intends to risk nothing serious for the sake of the truth, and has no idea of being guilty of the folly of martyrdom. It always when about to enter a protest very blandly informs the wild beast whose path it essays to stop, that its "bark is worse than its bite," and that it only means to save its manners by enacting its decent role of resistance. The only practical purpose which it now serves in American politics is to give enough exercise to Radicalism to keep it "in wind," and to prevent its becoming palsy and lazy, from having nothing to whip. No doubt, after a few years, when women's suffrage shall have become an accomplished fact, conservatism will tacitly admit it into its creed, and thereupon plunge itself upon its wise firmness in opposing with similar weapons the extreme of baby suffrage; and when that too shall have been won, it will be heard declaring that the integrity of the American Constitution requires at least the refusal of suffrage to asses. There it will assume, with great dignity, its final position.

Mecha Hot take Cooperative @HotTakeCo_Op

You either stand with Putin, Kadyrov, and the Russian peoples or you stand with Soros, Schwab, and the they/them-hitlerite axis. The forces of humanity and communism vs the globalist non-binary nazis and imperialism. No third option. No excuses.

Among the 30 areas that reported race by ethnicity data for 2019, non-Hispanic White women and non-Hispanic Black women accounted for the largest percentages of all abortions (33.4% and 38.4%, respectively), and Hispanic women and non-Hispanic women in the other race category accounted for smaller percentages (21.0% and 7.2%, respectively) (Table 6). Non-Hispanic White women had the lowest abortion rate (6.6 abortions per 1,000 women) and ratio (117 abortions per 1,000 live births), and non-Hispanic Black women had the highest abortion rate (23.8 abortions per 1,000 women) and ratio (386 abortions per 1,000 live births).

"Theo, Heinrich here. Have just shot down two bombers. No more ammunition. I'm going to ram. Auf Wiedersehen, see you in Valhalla!"
These are the final words of the hero pictured above, Luftwaffe fighter ace Heinrich Ehrler, to his wingman. He died defending his nation. He embodies the heroic ideal.
To quote Julius Evola: "The blood of the heroes is closer to God than the ink of the philosophers and the prayers of the faithful.", this is exactly the type of man that comes to mind when reading this quote. There isn't a shadow of a doubt that he sits among other heroes in that sacred place he intended on seeing his wingman Theo again one day.

The most common criticism of accelerationism I see is "heh, your solution is just waiting for things to get worse? well things are getting worse and nothing changes. accelerationist fucks owned!"

NTMA0315 @ntma0315

Sep 16

The validity of this criticism really depends on the person. For some, accelerationism really IS just sittint around and waiting. It is no different to the people who pray or vote - the solution is always just 2 weeks away!

NTMA0315 @ntma0315

Sep 16

But, as the name accelerationism itself suggests, the main and pivotal thing, is that things have to get worse QUICKLY. They have to get worse faster.

NTMA0315 @ntma0315

Sep 16

It's the boiling frog analogy. If things get worse slowly, the lemmings/normies will slowly adapt to it, and they won't get uncomfortable until it is too late. If things get worse quickly, the lemmings/normies will take notice and get uncomfortable.

NTMA0315 @ntma0315

Sep 16

The 🇺🇸 know this, which is why they make sure to up the ante slowly, over the course of decades even. That way, the goyim never rebel. They have no reason to change. Outside of black swan events (Covid, George Floyd riots) this modus operandi of their is unchanged.

NTMA0315 @ntma0315

Sep 16

What does it mean?

It is up to US to accelerate. To boil the frog faster.

Accelerationism doesn't mean waiting for the System to collapse on its own.

Accelerationism means HELPING the System collapse FASTER.

NTMA0315 @ntma0315

Sep 16

From vandalizing gook businesses with BLM slogans, to breaking windows, to acts of [REDACTED], every act that helps the decline of the System, that costs it money and manpower, THAT is accelerationism.

Important passage from The Great Replacement. It may seem controversial due to the universal recognition of cities as cesspools of filth and anti-White 🇺🇸 degeneracy, but St. Tarrant’s words here hold a lot of merit.

Don’t leave the cities, Run towards the fight, Not away

Run towards the cities, run towards the conflict,run towards the enemy, fleeing from the enemy is cowardice. The countrysides are already ours, as they have always been. The people of the countrysides are already traditional, already close to nature, already supportive of their people.

Its the cities where the struggle lies, its the cities where the invaders have massed, its the cities where the marxists have poisoned the institutions, its the cities where the traitorous media and corporations lie and its the cities where the anti-white politicians and the NGOs make their homes.

Invade the cities, take the cities, battle in the streets for the cities. The cities are the economic, judicial, political,ethnic and cultural battleground of our people and it is there we shall wage our war.

The countryside can wait, the cities need you, your youth needs you. Despite how many of you may feel living amongst the pollution, amongst the cultural filth, crammed into tiny apartments in the city sprawls, far flung from mans natural environment. But it is there our future will be made and it is there the battle for our peoples future will be fought.

RETAKE THE CITIES, RETAKE YOUR BIRTHRIGHT

nitter

NTMA0315 @ntma0315 Sep 13

The rot always begins in the cities, first the larger ones and then the smaller ones. At this stage, it is still easy to just say "oh we will move to the BASED rural areas"

NTMA0315 @ntma0315 Sep 13

But cities control the very culture of a country. Once the cities have been lost, it is incredibly easy for the degeneracy to continue spreading far and wide, penetrating every layer of society.

NTMA0315 @ntma0315 Sep 13

I personally know, through Jewcord and other social media, several degenerate troons and other abominations who live in otherwise rural, conservative areas. Indiana, Nebraska, Texas. Nowhere is safe.

NTMA0315 @ntma0315 Sep 13

Even here in Slovakia, it started in the cities (Bratislava and to a lesser extent Košice). But it's only a matter of time before social media and general media, firmly controlled from western and our cities, rot the minds of our young everywhere.

I've a buddy that has me babysit their spawn every other week. They go out on a date night and I have my kind of "date night" with their boy. I've been babysitting it since he was 6 mos. and he's 11 mos. now. He's almost ready to talk, so playtime is about over for him. He'll wonder when he gets older why he craves cum and piss so much, but I'm getting ahead of myself. When I get there, he's all happy to see me and off they go for a few hours. My buddy sometimes tells me where they'll be and all of the info is written down on how to get a hold of them for anything. After they leave, I sit him down in my lap and hold him and have him play a game or read a book with him all the time stroking his back and moving to his little legs. When I'm sure they're not going to turn around, I get up and step down and he watches me smiling and looking at my hard 8" cock. I then take him to his changing table and make sure he's clean and then lay him back down on the living room floor and put in some porn on my laptop and start to jack my dick while he plays with his toys. I started by holdin' his nose and shooting into its mouth. He got to be a pro and I didn't have to hold the nose anymore. I'd just shoot it in or sometimes just give him a baby facial. He looked so fucking nasty with cum all over his innocent little fuck face. Last week, I got to thinking what else I could do to him that wouldn't leave marks and smeared some jam onto my asshole and pulled him up. He began eating and licking my hole like the little pro he is. All the while I kept talking to him and saying things he wouldn't understand like, "you like sticking your faggot baby tongue up uncle's shithole don't you?" He'd giggle, look up and give me a big jammy smile and go down to finish off his "dessert". Nasty little fucker. I want to fuck it so much, I can't tell you. One time, while jerking my dick, I spread his little legs and was able to shoot the cum somewhat into his little hole. He was crying the whole time and I kept telling him he was a pretty baby for making uncle feel so good. I'm gonna miss my "toy" when he talks. I'll be all excited when they tell me he's speaking his words...to them. But to me I'll be mourning the little cumhole slut that I'd used since he was 6 months. Nothin' like it, if only I had one I didn't have to give back. Yeah. I'd even share it with you.

The issue of feed & seed stores in Our State

I believe we need to do more to fund stores selling seeds across the State. The fate of Our Democracy really depends on a solution to this problem. Recently, Floyd's Feed and Seed near our home was shut down, after a local cashier was caught selling fentanyl instead of seeds. This caused quite an uproar. What should be done about this?

A sweep of the house and senate is probably playing right into their hands somehow, but letting the current administration fuck my ass for another 2 years just isn't something I can swallow. We are voting to get rid of covid powers and environmental regs and manufacturing regs and get fertilizer production up for spring 2023. You are occupied, you are humiliated. (ID: @XOMfy) 04/18/20(Sat)06:34:44 No.253953209 >>253954743 >>253956305 >>253959185 File: 1569599048701.jpg (1.28 MB, 1586x1194)

Nothing about the world we live in will ever make sense to you unless you understand you live under an occupation and are thus subject to the rules of the occupiers. If you do not start from there, you will search for multiple explanations and rationalizations that will lead you to ineffective ends. You are not an active participant in politics and public debate, you are it's problem. Public debate is debating why you're the problem, politics is about dealing with that problem. The opposition in debate simply offers an alternative path to your destruction, the end goal is never resisted. We cannot seek to influence the debate or enter politics we can only hope to smash it.

Your humiliation is the enemies goal. To take a hit and fight on is honorable to take a beating every day is just sad. Humiliation robs you of your humanity, your will, your reason to fight on. Humiliation takes everything from you and debases it in front of all, it robs you of being worthy of empathy. It has been used by every occupier in history, it is our natural primal understanding of defeat. The Ottoman practice of köçek was an ultimate example, similar to the concept of "Drag Kids" in modern America. Köçeks were a combination of dancers, clowns and prostitutes, they were young non-Muslim boys taken from their parents and trained to be willful sexual objects and entertainers for the Turks. The goal was to have the occupied think "If we allow that to be done to our boys what else can they do?" The answer is anything. It is full spectrum domination of the conquerers mind.

Your enemy doesnt want gay pride parades in your street, drag queens in your adverts, your son transgender, your parents dead from opioids, your daughter race mixing, your meat replaced with bugs all while your media laughs at you because they think it's for anyones benefit. They want it because they know you dont want it but cant stop them, they want to humiliate you. There isnt any other reason.
