

# From Noise To Nothing

*Love you all. Unconditionally.*

While being fucked bitch wanna be slapped,

I am calling her my queen,  
but she is a slut,  
that's a fact.

AND I AM A RAT snitching on my brothers,

Face to face we are like lovers,  
fucking faggots,

And I am the worst, fuck me,

be my king.  
Then get on your knees  
to put on my middle finger ring,  
So I got the bling,

That everybody values,  
like it meant to be something.

I go all out on human, and don't do no leveling,  
Everyone the same, that's why it is so bothering,

All of us boring,

all of us deserving beheading.

And what you gonna do about it, motherfucker?

Gonna take AK-47,

shoot up my home like a firecracker?

My family and me, all together being shot?

Why not? anyway one day we would rot.

It's fuck you,

fuck me,

and fuck everybody.

I don't take back what I say,

and am not gonna be sorry.

THIS IS NOT NO META this is the truth as it is,

Real like:

AIDS

CANCER

SYPHILIS

It's not a diss, it's not a hateful speech,

It's a result of 8 BILLION PEOPLE being on a leash.

I am the biggest piece of shit,

that's what makes me be great.

I am nothing and everything,

good / bad / neutral.

I am the haunting past,

I am the uncertainty of future.

# THE INFINITE

Nothing less.

Nothing more.

FUCK THE LAW.

This is not a protest,

Just a lost human being honest.

I AM INFINITE UNIVERSE.

and uni is every verse,

and i am all the mens,

that sees trough the glasses for the blind,

I am the one who sees clearly with the fucked mind,

I am blindness itself that's asking for help,

To be able to see:

THE HEAVEN AND THE HELL.

Do I really?

need to name all of you individually?

## LETS END IT.

Fuck you all.

Love you all.

(And there is no person on earth I hate,  
not even murderers, rapists, robbers. No one.  
Don't get shit twisted.)
