

# A really creepy murderer out in the wild

April 29, 2020

This person has murdered a trans woman in 2012, and has served their sentence. They got released in 2019, and nowadays they're hanging out in trans spaces, acting creepy and grooming trans women into doing porn. The way they talk about their past sounds almost like bragging, and it sounds like they decided that they're trans now to get some protection from what they have done and what they're doing right now.

## 1 Some personal info that might be useful for digging on this person

I assume there's plenty of interesting stuff about this person that neither I nor people who have helped me have dug out, so I'm throwing this here if anyone's interested in looking even deeper.

Discord ID: 593942666845224972 Nicknames used on discord; Talis UwU#5765, tallset#5765 (probably more on Discord)

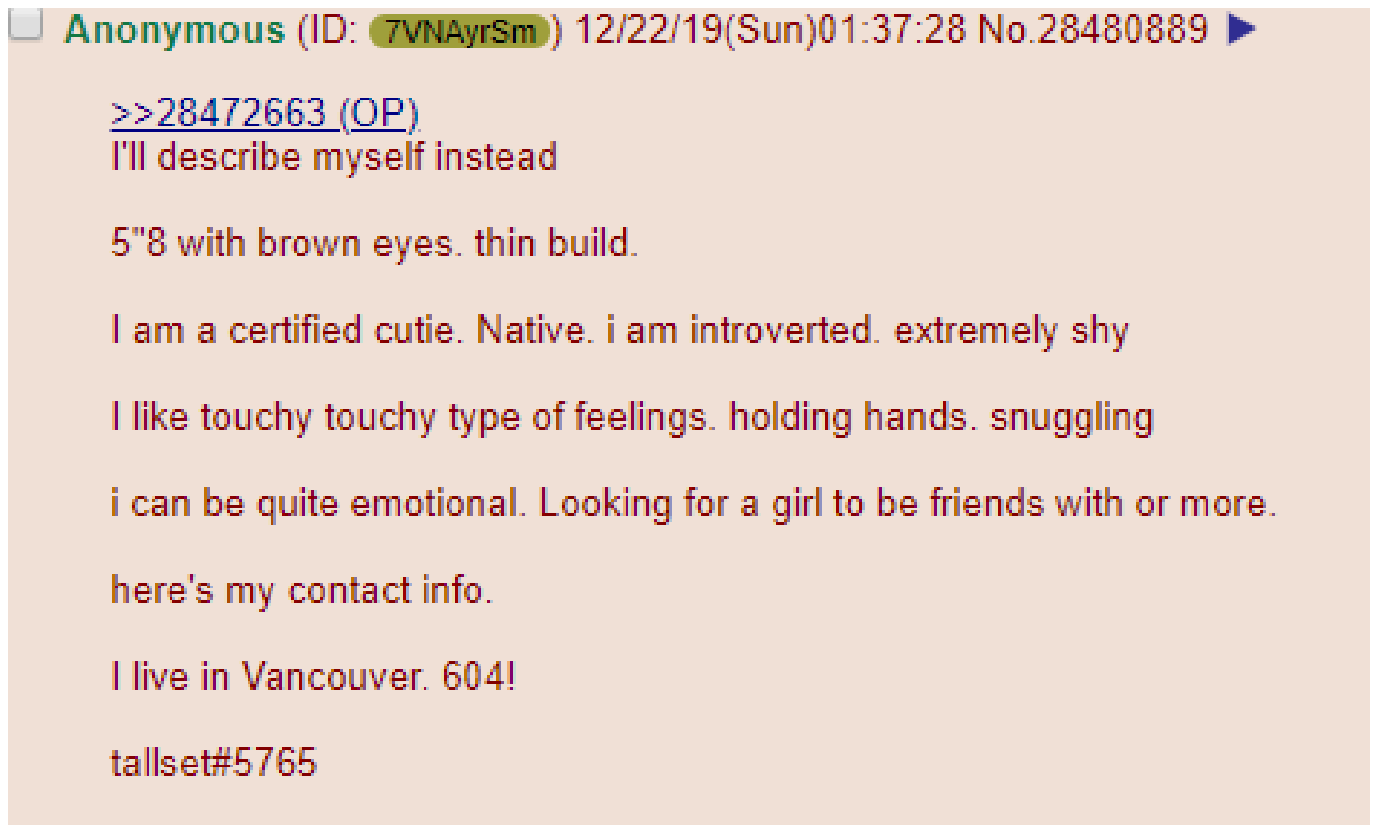

E-mail (could be unused now): tallset@hotmail.com

There are traces of them using Tallset as their nickname before going to jail.

This person's name is Charles Neel, but nicknames such as "James" and "Mungo" tend to show up in some places.

From what I understand, they seem to be in Vancouver to this day, but they fled to Thailand after killing January. It was a pretty big event back in the day, so LGBT communities tend to despise of this person.

There's also this 4chan post that might provide some additional info.

## 2 Pictures

These pictures should be unique, I don't think reverse image search will give many (if any) given them as input.

"Information was received indicating that you have failed to return to the CRF for your 2000 hrs curfew and your whereabouts are currently unknown. This constitutes a breach of your residency condition. Your risk in the community is deemed no longer manageable; your release is hereby suspended."

#### Consultation

This report was prepared in consultation with the POS L. Sehmbi, the Vancouver Police Department and Belkin House CRF staff.

#### CASE STATUS

Mr. Charles Jameson Mungo NEEL is first time Federal Offender serving a 5 Year 3 Months sentence for Manslaughter. At sentencing, Mr. NEEL was also imposed with a \$100.00 Victim Surcharge, DNA Registry Order and a Lifetime Firearms Prohibition.

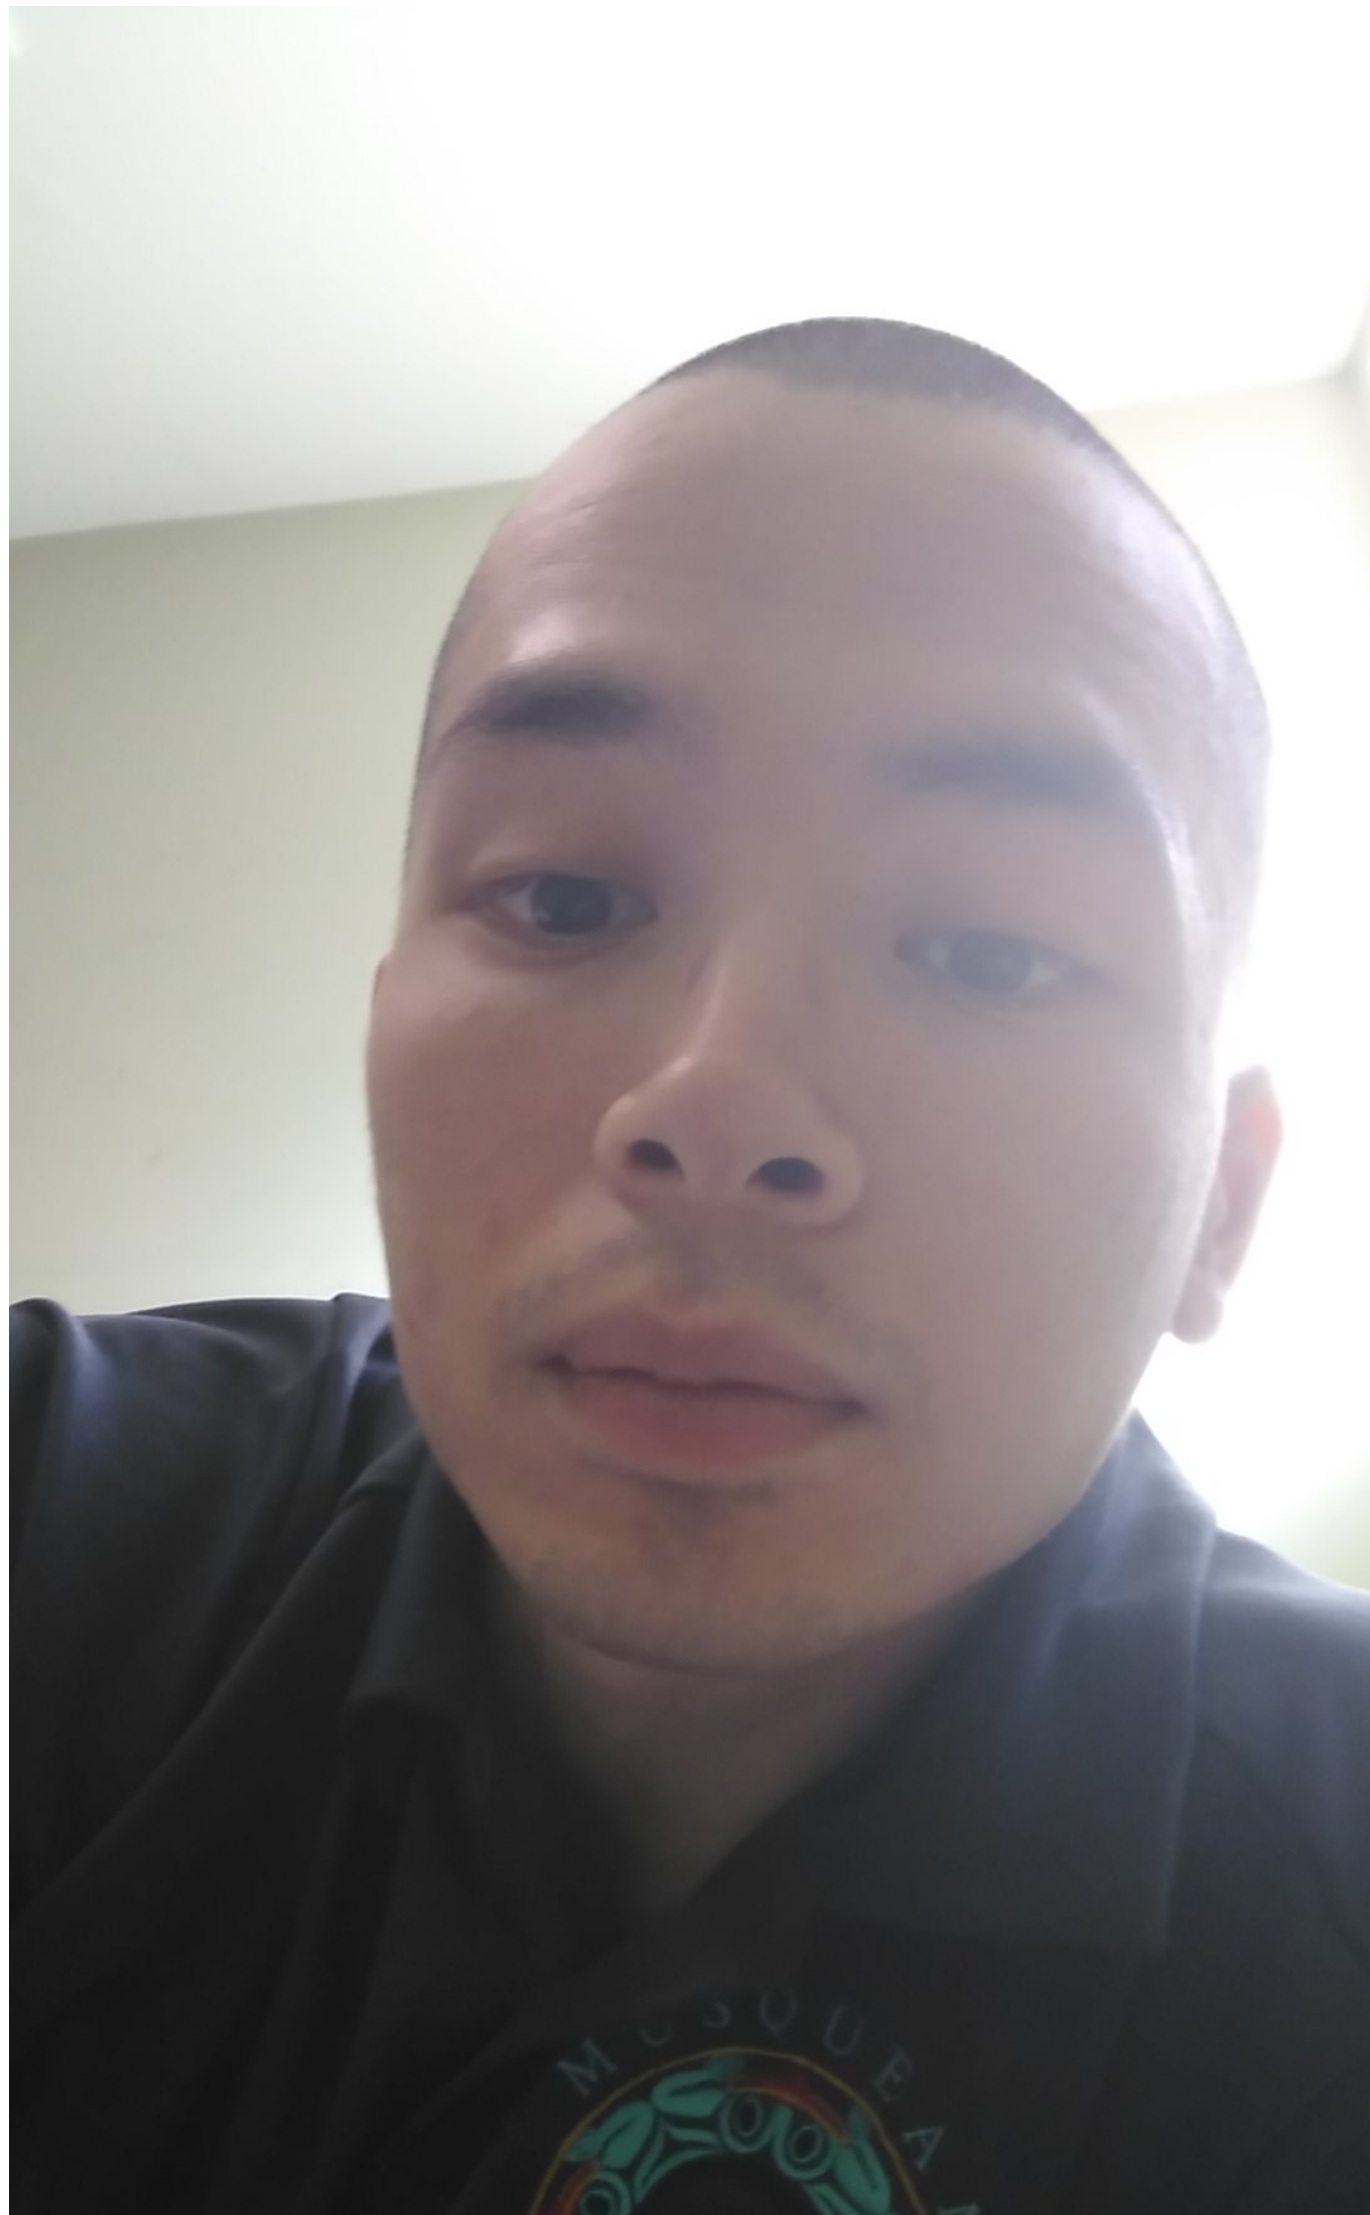

According to file information:

In regards to the index offence, Mr. NEEL stabbed the victim, a transgendered sex trade worker, following a verbal altercation regarding payment of a sexual transaction. Mr. NEEL has claimed that he stabbed the victim in self defence after she attacked him with scissors however, it is noted that Mr. NEEL stabbed the victim with a knife he carried on his person. He also threatened a neighbour who came to the victim's aid with the knife in his possession, before fleeing the scene. This appears to be the only criminal offence of any kind on record. It is noted Mr. NEEL fled to Calgary, AB following the index offence and shortly afterwards fled to Thailand, where he remained for a two-month period. He was arrested at the Vancouver International Airport upon his arrival back into Canada and placed into police custody. While in custody, Mr. NEEL told an undercover officer he "killed a guy" during a Robbery in New Westminster.

#### 3.1 Public Discord server

These screencaps come from a server I've created, it's a 4chan oriented server for trans people interested in voice training. It's publicly advertised there, so it tends to get some wrong attention. This person has shown up before we've set up a funnel to filter some people, but I assume they'd manage to get past that.

### **3.1.1 Announcement of being a murderer**

This is one of my earliest interactions with this persson, the way they word this comes off almost as bragging, but that might just be my wonky interpretation of things

4:56 PM [redacted] tranny genes

**Haskellslut** people would have their time to get used to being with trans people prior to me coming out to them

[redacted] splitting it up just makes them all weaker

### 3.1.2 Chaser-like behavior

### 3.1.3 Claims of no dysphoria

This is either genuine tucute ideology, or using it as a way to not even bother with faking body dysphoria. The idea of being trans in a male jail being "inconvenient" doesn't make things sound more genuine, especially considering interest in trans people that can be traced back to years before being in prison.

## 3.2 DMs

These screenshots come from people that have been on my server. Most of them have blurred out profile pictures and nicknames of these people, as they've requested that.

Similar to a girl on the cusp of puberty I guess. Not too much hip/breast development, subtle fat distribution. If they start HRT early enough, their penises look like prepubescent boys' penises, which I like (I have a slight preference for prepubescent or slightly pubescent girls but boys are good too). Thinking about it more deeply, MtFs also have larger skulls relative to their body size, which is a neonous thing.
