Day 2 starts on 24th of August at 8 PM GMT

BRACKETS ARE BELOW (Page 2 and onwards)

But first few notes:

1. For notifying your readiness, calling your opponents to the table and so on I suggest to use IRC channel. #yakuman/v/irgins on <https://www.rizon.net/chat>, use your in game name for convenience. Every participant should join the channel, since it will be the main way of sharing information between you and me. Also, press the "ready for match" button in tournament tab ONLY when you are 100% ready.
2. Tourney host has to manually launch every game, choosing players from those who clicked "PREPARE FOR MATCH" button (that player's name is then highlighted in tourney setup panel.
3. Reserve list, they get priority in being substitutes: (this is going to get filled in case there will be reserve list at all)
4. This is a double elimination format: therefore from every upper bracket, first and second places are going up, third and fourth go to the loser's bracket. In there it's the same way - first and second go to the next loser's bracket match to play with other suckers (exception - losers round 2, there only 1st place advances), and third and fourth are permanently exiled to the shadow realm. Simple as that.
5. Rules: standard rules with one simple change - no akadora. If you want to win, then risk your shit getting good yaku. Open tanyao is still allowed, but should be considerably weaker as far as points go.
6. After every round I'll take about 5 minutes to add results to the document and set up the brackets for the next round.
7. On friday 3 matches will take place (up to Winners 3 and Losers 2), and the rest on saturday.
8. Have a good time and let the best win. If you have any questions, then pm me on IRC.
9. As usual, after the final match on Saturday, I invite everyone who will still have remainders of brainpower to play few blitz rounds: both tourney participants and spectators.
