@TwitterSupport @TwitterSafety While actual discussion comments stay mostly in the single digits, @GeoRebekah has apparently procured over 5,000 followers per day since April 8th, supporting a vengeful misinformation campaign against a former employer, @HealthyFla. @RealTal00673921 @sittinonthebaby @gregggonsalves @NickKristof @GovRonDeSantis Correct, because it's the same data from the FL Dept of Health. Just presented differently with some misguided interpretation to support a false narrative which has resulted in at least \$600k in donations solicited by Jones. It's apparently been a very lucrative scam for her.
