I combat the conspiracy theory promoted by Rebekah Jones. Disinformation is bad no matter what purpose it seems to serve. Not paid by DeSantis or anybody else.

George Santos, the winner of the NY-3 US House seat, has admitted lying about his education and career. <https://t.co/atdIPFzm1n> Is Rebekah Jones, loser in the FL-1 race, ever going to do the same? Not holding my breath.

Rebekah Jones has signed an agreement saying she admits she is guilty of violating 815.06(2)a of the Florida Computer Crimes Act - a felony. Her admission was not that she had a file on the computer. The username & password to the system were not freely available online.

Over the last week, Rebekah Jones has been promoting the idea that her campaign is "grassroots" and that she is "redefining Florida politics" by primarily relying on small contributions. This is false. (1/5) <https://t.co/rdMBo2Rdls>

This @lesleyabravanel tweet is incredibly irresponsible. As of Friday 109K people were still without power. Cell service in those areas likely out too. This happens in EVERY DISASTER. A very small % of ppl "missing" this long are dead. Suggesting that they suicided? OMGWTF

Which was more harmful to Rebekah Jones' kid? 1) someone taking a photo of the top of his head 2) his mother throwing a giant shit-fit over it, discussing his disability in detail, and having the whole thing end up in the national media.

Disheartened today by the appeals court's decision to overturn Rebekah Jones' disqualification in the FL-1 election. Note that they did make references to the possibility of criminal charges for perjury and about "candidates who have qualified under false pretenses."
