Rebekah Jones just can't restrain herself from lying about the size of her social media following. She doesn't have 1 million followers. She has a little more than half that many. Why lie about something this easy to look up? 🤔 <https://t.co/bNARiLj3fN> <https://t.co/g7AlZDj4Rb>

Rebekah Jones is denying one of her mugshots again. Granted, it's an unflattering one. But it's unquestionably her. <https://t.co/sgARo2mGKU>

Today was Rebekah Jones' @georebekah most successful day of grifting in quite a while. By lying and saying her son was arrested for "memes" (he wasn't) she managed to collect \$2,209.44 from well-meaning people who lack critical thinking skills. <https://t.co/IS2Ndqlaji>

Rebekah Jones wants you to know that there's no way she can survive on only \$15K/month. She now needs money for gas and food and wants you to give it to her. People are falling for it, too. Suckers. <https://t.co/4VgkjeLPH7>

RIP Media Literacy Project PAC. One of two PACs started by Rebekah Jones back when she thought she was going to get into a Yale PhD program, the Media Literacy Project began when Jones filed a statement of organization on 11/29/2022. (1/5) <https://t.co/k55X2uLMNj>

Rebekah Jones is telling people that she was "chief data manager for [Florida] DOH." In reality, she was responsible for one part of DOH's website. She didn't even have access to the department database. She's a liar.

Rebekah Jones' grift on TikTok 2 days ago didn't do too well, and netted only \$257. Today's is going better. Yet another appeal to cover her many legal costs, so far it's yielded \$1,110 for her. How are there still so many suckers out there? I blame @RonFilipkowski in part.
