Aaand, this is exactly why we need @TheRippaverse. With content this bad, @EricDJuly is absolutely right to seize the moment and create a better product. Should be like shooting fish in a barrel, the wokies just can't help themselves. <https://t.co/1FO2VBc62g>

Yep. I used to be a world traveler. I have zero desire to fly unless absolutely necessary. Airlines treat ppl as disease-riddled terrorists rather than paying customers. Traveling is no longer a joy. Glad I got it out of my system when I was younger. <https://t.co/bslAgHgfZO>

AI is like all those Covid "models" that were consistently and grotesquely wrong about everything: garbage in, garbage out. Computers are only as good as the inputs they receive. <https://t.co/Y9evGWjwX7>

On the left, the original doc from the FCHR saying Jones was not retaliated against and was, in fact, fired for cause. On the right is a tweet from the newly reinstated Rebekah Jones sharing the document she doctored and tried to blame on @MarcACaputo. Why she always lying?

Dang. Dr. Drew giving Steven Kirsch a platform. Thatâ€™s great to see dissident voices sneaking into more mainstream platforms. <https://t.co/NA9EXUDxJe>

Latest episode of 'What Can We Do?' is out! I shine a light on deadly Covid hospital protocols (yes, even in the "Free State of Florida") and talk to 2 women who lost loved ones in the hospital. One woman's mother was flat out euthanized! <https://t.co/OHbOY3bejf>

Theyâ€™re gonna try and convince you America First and MAGA is dead and we just need to follow the Mitt Romneys and Kevin McCarthys of the world to save the GOP. Thatâ€™s called gaslighting. We just saw the depths of the cheating via FTX.
