## CRAZY DAYS AND NIGHTS

  - Blind Item #3
    - This foreign born A+ list singer/rapper was told by multiple people yesterday that if he wanted to have someone killed, they would do it. Our A+ lister has firmly said no, and that he knows other ways to get back at people.

  - Blind Item #2
    - This foreign born A+ list singer/rapper has plenty of time to play musical hookers (last one in the car each stop gets kicked to the side of the road or has to service the driver to stay in the game) but has no time he says to see his child. Not seeing or even trying to reach out and contact through video either. It is pretty sad. Probably why he always basically forces the women he gets pregnant into having abortions.

- Today's Blind Items - Rule Change

- It was not that long ago that this record label owner was the procurer of underage females for the stars on his label and others he was close to who would pay him. The one named owner would send one of his big acts to play a high school for free. It was always under the guise of some scholarship program or stay in school stuff. He would send in his people during the show and collect names, phone numbers and social media information. Then, people in his office would start communicating with them to see who would be interested in hooking up with one of the stars on the label. He literally had hundreds of names of females ranging in age from 12-18. They would be given tickets and a ride to the concert or party in a limo with some crap tale to tell their family about being a contest winner. So, at any given party there would be a dozen or so underage females.
- Well, with the dynamics of business changing and lawsuits aplenty, the individual artists started taking matters into their own hands. It is why there are so many cases of them being called out for it on social media. Oh, nothing happens to them legally for doing it. There have been hardly any consequences at all for the nearly hundred cases of an underage female being raped by a singer/musician/rapper that I have tracked over the past year. Almost zero is the percentage who speak up. Still though, it only takes one or two to bring everyone down. Maybe.
- One person who is concerned is the one named owner and his A-list celebrity significant other who has taken it upon herself to make a new rule that she will be the point person for requests for

underage females. She considers herself a matchmaker. I consider her to be sick. She has gone from A+ list and respected to someone who sells herself and others just to keep her lifestyle.

- Today's Blind Items - Two Worlds

- There is an interesting dynamic going on in the music world right now. Sick and disgusting, but interesting in how it divides. Apparently if you are a follower of this one named permanent A list singer, and by a follower, I mean attend his parties, work with his producers and guest talent, then that means you are more of a lover of underage boys. This whole group is dedicated to finding young male talent and then "developing" them. Yes, that A list singer was one of them. He, in turn has brought them several others.
- The other group, led by this foreign born one named permanent A list singer generally tends to attract followers who like finding and "developing" underage females. They like to model themselves after R. Kelly and his "development" of Aaliyah. They are all about getting these teens under their control both sexually and musically. They even informally call their group LMK after the song Let Me Know which featured R. Kelly and Aaliyah. You will often see it written on their shoes to let people know they are a member of that group.

- Blind Item #12 - Reader Blind

- The “Dutch” rapper can thank the Canadian rapper for drawing the world’s attention to his activities. He bad mouths him to anyone who will listen. Especially when there are women around. He talks about what the Dutch rapper did to a family in some place called Yalding and how he perforated the father’s colon as his children screamed. He talks about how he uses his dog to lure school age girls. He talks about how he makes money in Dubai. He talks about the dogs. And how jealous he was when the Canadian rapper collaborated with the Middle Alphabet rapper. Search the Dutch rapper’s name on Instagram and videos of the Middle Alphabet rapper will appear. Not an accident or coincidence. The Dutch rapper’s evil deeds in the U.K. have made him some very powerful enemies and some of them are the Canadian rapper’s friends

- Blind Item #15 - Reader Blind

- The Middle Alphabet rapper from Britain is laughing all the way to the bank because he is given all of the brand deals that were supposed to go to the Porta Papi before he was cancelled .  
Morality clauses stop companies from doing business with artists with bad reputations because that drives share prices down. The Porta Papi makes his money in Dubai and the Middle Alphabet rapper makes legitimate money selling music and modelling for the Pentland company. Should have left the little girls alone.

- Why is the Canadian rapper tied to so many people who have been accused of Harvey Weinstein crimes. There is the Not Nice person who intimidated one of his victims into withdrawing her claims. There is the Porta Papi and there is his former Bird boss. The Butterfly rapper knows about it all and is getting ready to expose him. That is why he scared to respond.

- Blind Item #5 - Reader Blind

- So it looks like the Butterfly rapper confirmed what was said in this space some weeks back. The Canadian rapper leaked his own video to get attention , and is associated with Weinstein and Epstein men like the Not Nice person and the Porta Papi who lost opportunities to the Middle Alphabet rapper after he was caught trying to brainwash school girls and was accused of selling his meat in Dubai. “Never fall in the escort business, that's bad religion Always remember, you could be a bitch even if you got bitches”. Yes. This line in the new Family diss track is about him. It was a warning shot because he has heard about what happened to the little girls in England. Also count how many times the Butterfly rapper says the word dog in the 6am diss. Not an accident. He saw the dog video too. He'll expose how the Canadian rapper tried to throw Porta Papi under the media bus to save himself if he has to write more diss tracks. This should scare the Porta Papi because everything in the blinds about this beef has come true so far.

- Drake Not Dating a Teen After All

- Actually, Drake is not dating a teenager. That's according to both Drake and the teenager. So, that settles that?
    - Last week, reports surfaced that the rapper had "shut down" a Washington, D.C. restaurant for a date night with Bella B Harris. The daughter of the successful music producer and frequent Janet Jackson collaborator Jimmy Jam, Harris is an up-and-coming model and recent graduate...of high school. And while yes, being 18 does make you a legal adult, the Internet's collective eyebrows were raised for a few reasons. Because, first of all, Drake is 31. What does he have in common with this teenager? And didn't they meet, as this Vice article speculates, when he was 29 and she was 16? There's also the matter that Drake is a relatively new father. Social media posts seemed to support the story that the two were an item.
    - However, both parties have since issued a denial, of sorts. According to ET, "a source close to the rapper" says that "Drake and Harris are not and have never been dating." On Instagram, Harris posted a picture of herself and wrote, "Coming off an amazing New York fashion week, I feel I need to set the record

straight... I did not dine in DC recently. I was happily working & dining in NYC everyday.”

- It’s certainly not impossible. Her family is in the industry; they could have met when she was a kid and become friends. And then she went to his concerts because, you know, it’s a Drake concert, and posted pictures with him because, you know, he’s Drake! In a way, all of their pictures together can be seen as evidence that they aren’t an item.

## INDEPENDENT

- Wednesday, September 19, 2018
  - We need to talk about Drake texting 14-year-old Millie Bobby Brown
    - Who doesn’t love an unexpected celebrity friendship? Teen actress Millie Bobby Brown seems to be at the centre of quite a few of them. From Kim Kardashian to Aaron Paul to Miley Cyrus, the 14-year-old has been shot into the limelight by her role in Stranger Things and celebrities, young and old alike, seem to be falling over themselves to meet her.
    - Canadian rapper Drake is the latest of Brown’s celebrity fans, although it appears that this friendship goes further than Instagram selfies. On the Emmy red carpet this week, Brown told Access Hollywood about her and Drake’s friendship. “He’s honestly so fantastic. A great friend and a great role model,” she said, excitedly. “We just texted each other the other day and he was like ‘I miss you so much,’ and I was like ‘I miss you more.’”

- When asked what they text about, Brown replied, “About boys, he helps me.” When pushed to describe what kind of boy advice the 31-year-old rapper gives Brown, she says that “stays in the text messages.”
- The internet was quick to point out the large age gap between Brown and Drake – 18 years – and whether it’s appropriate for Drake to give relationship advice to a teenage girl who’s obviously a fan of his.
- Drake has yet to tell his side of the story and there is no indication that this is anything other than an innocent enough friendship, but take away that Brown and Drake are two household names and you’re still left with a 31-year-old man sending personal texts to a teenager.
- Like child stars before her, Brown is growing up with the world watching her. She’s an eloquently spoken person and seemingly wise beyond her years. Her red carpet style has come under scrutiny before with some worried that she’s having to dress older than her age. She was named one of Time’s Most Influential People in 2017 and has repeatedly been called an icon for her generation with 17.3 million Instagram followers.
- It goes without saying that Brown does not live the life of an ordinary teenager. That makes it seem easier to excuse the texts between her and Drake as nothing more than celebrity eccentricity, but Brown is still a 14-year-old and despite her career, it still feels inappropriate to me for Drake to be sending her “I miss you” texts.
- Even without the celebrity status of Brown, teenage girls are growing up faster than ever before. Have a quick scroll through Instagram and you’ll find hundreds of thousands of pre-pubescent Kardashian Mini-Mes with perfect make-up and

bodycon dresses. Inevitably looking older can lead to young women being treated as if they are older.

- While I grew up before Instagram, I remember older men coming up to me and my teenage friends in the park, telling us they liked the way we looked and if we would like to go with them for a drink. It's hardly a rarity for adult men to hit on teenagers.
- Drake and Brown's text messages may be innocent enough. Still, with the fallout from #MeToo, Hollywood is currently under intense scrutiny about what is or isn't appropriate behaviour.
- Maybe it's easy to read too much into the situation but personally, I can see no circumstances in which a 31-year-old man sending an "I miss you" text to a 14-year-old girl to whom he's not related is appropriate, no matter how wise beyond her years that girl seems.

  - People Are Calling Out Drake After Billie Eilish Revealed He Texts Her
    - You know, the "Bad Guy" singer. The 17-year-old made a splash this year with her Grammy-nominated debut album, *When We All Fall Asleep, Where Do We Go?*
    - "Drake is, like, the nicest dude I've ever spoken to," she said. "I mean, I've only, like, texted him, but he's so nice. Like, he does not need to be nice, you know what I mean?"
      - Billie Eilish: Same Interview, The Third Year | Vanity Fair

        - <https://web.archive.org/web/20231012054326/https://www.youtube.com/watch?v=YltHGKX80Y8>
    - Billie continued, saying, "He's at a level in his life where he doesn't need to be nice, but he is, you know?"
    - Well, her revelation didn't sit well with fans. Many called out the 33-year-old rapper's friendship with Billie (who turns 18 on Dec. 18), noting the 15-year age gap between them:
      - i don't blame billie eilish one bit for thinking it's cool that drake wants to be her friend. i loved it when i was 17 and adult men wanted to know me. it's only in hindsight that i found it weird, and it's really on adults to interrogate what "being nice" actually means here

- Others pointed to a similar situation last year when Millie Bobby Brown, then 14, revealed that Drake also texts her:
  - On a scale of 1 to 10, we would give her an 11. Millie Bobby Brown looks fabulous on the #emmys gold carpet, and she revealed that Drake is the man behind the curtain when it comes to her dating life! Hey, stranger things have happened! 😊

- The actor later defended their friendship on Instagram, writing, "U guys are weird...For real. I'm lucky to have people in the business extend their time to help me further my career and offer their wisdom and guidance."
- Still, a lot of fans found his texting "creepy":
  - can we talk about drake texting billie eilish and millie bobby brown... he's a whole ass grown man and they're two underage girls... that's some creepy shit if you ask me.

- Does anyone else think it's strange that Drake just has Billie Eilish and Millie Bobby Brown's numbers? It's definitely possible he's just being a role model and it has to do with marketing but why's a 32 year old man texting girls under the age of 17?

- This person thought Drake might be embarrassed by the "creepy" headlines after Billie's interview:
  - Drake when Billie Eilish tells Vanity Fair they text all the time

- Some people thought Drake's texting of Billie and Millie was simply harmless:
  - Has Drake actually done something wrong by texting Billie Eilish and Millie Bobby Brown? If he has anything close to romantic intentions, it's definitely creepy, but I haven't heard anything that suggests it's anything other than friendship.

- Honestly I think #Drake texting #BillieEilish isn't a problem. Drake seems like a great guy to me and Eilish isn't saying it's something weird so she should be fine and he should as well
