

GESTUREDRAWING!

■ Keyboard shortcuts

General shortcuts

- F10** Toggle fullscreen.
- F12** Reset the main window to its default size and position (small size, upper-left).

While in a drawing session

Left & Right arrow keys Go to previous/next image.

Space Toggle pause.

H Flip image horizontally.

V Flip image vertically.

S Skip image.

Shift + Delete
(Shift + Fn + Backspace on Mac) Delete the current image file immediately without showing the warning window. **Use with caution, since the file won't go into the recycle bin.**
