SEMANTIC ERROR

A screenshot of a calendar application window. The window has a red title bar with three colored window control buttons (red, yellow, green) on the left and the word "ERROR" in white capital letters on the right, followed by three small white error icons. The main content area is a grid with seven columns labeled "MON", "THU", "WED", "THU", "FRI", "SAT", and "SUN" from left to right. The grid consists of 10 rows, each containing a large, faint, light gray error icon in the background. The entire application window is set against a background with a repeating pattern of the same error icon.
