

Benjamins Weekly Report of 17 June 2024

A series of public and private meetings over the past week have confirmed that the Swiss-based Octagon group and its G7 subsidiary are suing for peace. This involves - as previously reported here - a world council of seven regions and a future planning organization to take on the functions of the UN, BIS, World Bank, IMF, etc.

Before this happens, however, there is still the risk of some very nasty satanic surprises, several agency sources agree.

The Black Sun organization, for example, says it will continue to increase chaos and threaten all-out thermonuclear war unless a world federation is announced. For this reason, Russian nuclear-armed submarines, warships and missiles have been stationed in Cuba, Venezuela and Mexico, it says. *"The majority of the Russian people want to put the US in its place by repeating the Cuban missile crisis ,"* confirms a Russian FSB source.

At the same time, NATO Secretary General Jens Stoltenberg stated that member states had started consultations on the need to keep nuclear weapons on alert.

In addition to the constant threat of nuclear war, Friday this week also marks the summer solstice. Satan worshipers always hold some kind of massive fire sacrifice or holocaust to Satan on or around June 21. In addition, messianic fanatics in Israel have promised to sacrifice a red cow before June 22 to start building the third temple. As these fanatics want to provoke "God" to appear. Mossad sources say some kind of very nasty surprise is in the works, but they say they don't know the details.

As a sign that it won't be pretty, the Danish government is urging citizens to prepare for an attack or other potential crisis by stockpiling water, food and medicine, and keeping iodine tablets at home.

For their part, secret Space Force sources say Operation Blue Beam began with a hologram projection of Jesus Christ

There will be more such appearances, culminating in "an alien visitation before August 15th." Thousands will see the ships in the Midwestern United States. The MSM can't cover this....

Photos and videos will be all over the internet and the thing will spread," it says. We'll see, keep your eyes on the sky.

In the meantime, the outlines of peace in Ukraine can be seen by looking at the peace proposals presented by Russian President Vladimir Putin and the Octagon group in Switzerland last week. Peace in Ukraine would mean an end to the secret war for planet Earth that has been raging for decades.

Putin's proposal calls for Ukraine to withdraw all its forces west of the Dnieper and cede the territories east of it to Russia. In

addition, Ukraine would be neutral, nuclear-free and lift all sanctions against Russia. Russia also proposed a new security framework for Eurasia that would include NATO.

In the meantime, the Octagon group and its 78 client states just wrapped up a major Ukraine peace conference in Switzerland. In their manifesto, they essentially demand control of the Zaporizhia Nuclear Power Plant and access to the Black Sea ports for export. In other words, they will surrender, but demand that the lights be turned back on and that they be given access to the ports.

These proposals show that both groups are adhering to a secret agreement made months ago between the Five Eyes and Russia. Under this agreement, Russia will assume responsibility for European security. In addition, Odessa will be turned into a free port so that Ukraine can export and import via the Black Sea.

Last week, talks took place between MI6 and the Russian secret service FSB about the situation in Ukraine. As a result of these talks, Five Eyes special forces were deployed to Ukraine to

to shut down forced reproduction facilities, forced organ harvesting, arms, drugs and child trafficking, and other criminal activities in Kyiv.

The forces were deployed in response to the following information from the FSB:

There are baby factories in Ukraine, and Ukrainian women are forced to give birth to babies that are shipped to a Swiss

biotech company. One example is the BiotexCom clinic in Kyiv, where a child can be bought for \$43,000. It is one of 20 such facilities in Kyiv. Some women are forced to give birth to three babies in a row.

At the link below you can see that the babies are offered to LGTBQ people and everyone else, no questions asked.

<https://www.sensible-surrogacy.com/surrogacy-in-ukraine/>

Older children are also taken from orphanages and the streets and sold for an average price of \$150,000. Since more than 700,000 Ukrainian children have disappeared since the beginning of the war, this means that if all of them were sold, the gangsters in Ukraine earned \$105 billion from the sale of these children.

Russians estimate that the criminal regime also earns \$2 billion a year from the sale of organs. Vladimir Zelensky signed a law allowing organs to be harvested without consent.

Also remember that any so-called Western leader sending hard-earned tax money to Ukraine is funding this satanic pedophile mafia and belongs in jail.

Warmonger Senator Lindsey Graham reveals another reason why Ukraine must fight to the last Ukrainian; so that the Khazarian mafia can steal "\$10-12 trillion in critical natural resources." As you can see, this has nothing to do with "fighting for democracy."

Ukraine currently *"cannot exist without huge external borrowings. It is a bankrupt country, a black hole for the Western economy, a concentration camp for the Ukrainian*

people, from which everyone wants to escape, except for the criminal gang that rules there ," says Ukrainian opposition leader Viktor Medvedchuk.

<https://tass.com/world/1804049?ysclid=lxhhtuz6vl462896483>

The Russians are also calling for the denazification not only of Ukraine, but of the entire West. As proof of this contagion, French journalist Thierry Meyssan calls the D-Day commemoration in France, where "Biden" publicly shit on everyone, a disgrace. The real victors of World War II, the Russians, who lost over 27 million people, were not invited, but representatives of Ukrainian Nazi groups that murdered over 1.6 million Jews, Slavs, Gypsies, etc. were.

<https://www.voltairenet.org/article221018.html>

In any case, the fake Biden show and its Ukraine-Nazi money laundering is coming to an end. These two videos show that whoever is playing the role of Biden is either completely senile or is behaving that way on purpose.

Also, the US Corporation is now definitely bankrupt. Here is a photo of the Treasury Department from last week. It is boarded up and fenced off. Where have the employees gone?

Here in Japan, fake US ambassador Rahm Emmanuel - who has a bounty on his head for the murder of 500,000 Japanese citizens - is asking the Japanese slave government to hand over its Patriot missiles so he can sell them on the black market to fund his fake government.

Multiple sources confirm that similar requests have been made in other Western-controlled capitals.

In another desperate attempt to stay in business, the fake Biden administration announced \$50 billion for Ukraine (i.e., themselves) immediately after Saudi Arabia ended the petrodollar. The problem is that in return they promised to use Russian money that didn't belong to them as collateral for a loan from the Europeans. The Europeans said no.

"What Washington is proposing is: 'We [the US] take a loan, Europe takes all the risk, you [Europe] pay the interest, and we [the US] use the money for a US-Ukraine fund,'" said a senior European diplomat. "We may be stupid, but we are not that stupid."

<https://www.politico.eu/article/us-eu-war-in-ukraine-loan-russian-assets-negotiations-g7-us-election-western-support->

The looming bankruptcy of the US Corporation was the subject of a high-level meeting of bankers chaired by the Rothschild agent posing as Pope Francis last week. At that meeting, they agreed that the current international financial architecture of the UN, IMF, World Bank, etc. is dysfunctional. They agreed to create a future planning organization to take over the functioning parts of the post-war system. They also agreed that "the debt crisis may outgrow current solutions." For this reason, they called for a global debt relief in 2025. The New York Times reported this in its print edition, but not online (at least as far as Google is concerned).

In reality, this means that the collective West is bankrupt, has lost its ability to steal resources from the world, and is therefore asking for debt relief.

Asian intelligence sources say they do not trust the West and will wait and see before deciding what to do. This is the real reason the P3 are threatening all-out nuclear war: *"Either you fund us or we blow up the world."*

For their part, the Western white hats agree that no debt should be forgiven to the West - or the rest of the world - until the criminals are removed from power. That process is already well underway.

Our CIA sources say that Barack Obama has now been taken to Guantanamo Bay and is no longer in control of the Biden show. John Desouza, a former FBI special agent with 25 years of professional experience, explains why Obama was arrested

in the video below.

(See detailed video.... *video missing*)

Obama's removal is why the National Defense Authorization Act (NDAA) of 2025 eliminated Diversity, Equity and Inclusion (DEI) positions, stopped paying for gender reassignment surgery and hormone treatments, and stopped unscientific "climate change" policies.

<https://www.zerohedge.com/markets/house-passes-883-billion-annual-defense-bill-anti-dei-amendments>

The bill also includes an amendment that would require all male US citizens between the ages of 18 and 26 to be automatically registered for possible draft registration. This is intended to bolster the P3 threat of starting WWII unless a world federation is announced, CIA sources explain.

We also note that the guilty verdict against Hunter Biden is a small step. However, he must be found guilty of child rape, etc., and not just for the weapons.

We further note that Louisiana District Attorneys have filed criminal charges, including for murder, against Dr. Anthony Dr. Fauci and other public health officials.

The requests made by attorneys Rodriguez, Miller, and Tarpley ask the District Attorneys to make criminal referrals to Attorney General Liz Marrill for investigation and charges, on behalf of the next-of-kin relatives of nine victims in Louisiana who have sought their assistance in requesting investigation into the deaths of their loved ones under COVID hospital protocols, intentional COVID-19 infection mismanagement, and suppression and denial of life-saving treatments in Louisiana hospitals, nursing homes, and other facilities.

The criminal referrals accuse Dr. Fauci, current and former federal officers, and hospital systems providing care within Louisiana of committing crimes per Louisiana criminal code, including:

In the video below, you can see the Fauci avatar being arrested while being played an audio of Fauci at the hearing. He can't talk his way out of this.

The public attacks on Fauci (or his avatar according to the CIA) are part of an ongoing war against the pharmaceutical mafia.

The criminals are still at work. The video below shows Bill Gates releasing a swarm of his genetically modified mosquitoes from hell in Florida, according to the Pentagon.

As the next video shows, the corporate attack on humanity is so bad that 287 toxic chemicals are found in the blood of a typical baby.

According to this Project Veritas investigation, this is possible because pharmaceutical companies pay the FDA to approve their products.

As an example of the toxic vaccines the FDA has been bribed to approve, below you can watch a silent murder of a targeted vaccinated (nano-chipped) person via 5G frequencies with focused beams of energy that cause heart failure (the red beam of light was added for dramatization, as this beam of energy is not visible to the naked eye).

They also use this technology to kill livestock.

"During microscopic examination, we discovered nanographene structures in vaccines for livestock (cattle). This is probably the reason for the sudden and massive death of a large number of animals worldwide," says Ricardo Delgado of

La Quinta Columna.

Next, look at the government officials who have pushed these vaccines on their own populations, calling them all "safe and effective."

Now the political criminals who forced everyone to get the COVID vaccine are trying to say, "Nobody forced anyone to get the COVID vaccine."

Pathologist Dr. Ryan Cole says: "After the introduction of these genetic injections, which were never a vaccine, we have seen a rise in deaths from all sorts of causes around the world."

Next, see how Dr. Rashid Buttar's "disinformation" turned out to be spot on . He was one of the first doctors to call out the fake scamdemic and the "non" vaccines. He told CNN's Drew Griffin that the vaccine he got was a time bomb. He was spot on: CNN's Drew Griffin died of "cancer" on December 17, 2022.

As you can imagine, people are very angry about this. In the next video, Dr. Roger Hodgkinson says: "It's not time to say 'I'm sorry' - it's time to put these bastards in jail."

Additional footage from J6 shows police in the Capitol handcuffing a protester and then taking him to an adjoining room, where they remove the handcuffs and punch him.

We also have someone pretending to be disgraced actor Kevin Spacey (he looks very different from the real thing) telling Piers Morgan that he and members of the Clinton Foundation flew on Jeffrey Epstein's planes with "young girls."

In Canada , *MPs named in a classified version of a national*

security watchdog's report on foreign interference are traitors to Canada, NDP Leader Jagmeet Singh said in a blistering news conference in which he also accused the prime minister of allowing malign states to infect domestic politics. They are, in fact, traitors to the country." The NDP leader criticized Prime Minister Justin Trudeau for failing to take action despite having had the classified report since March. And he accused Conservative Leader Pierre Poilievre of turning a blind eye by refusing to read the report.

<https://www.theglobeandmail.com/politics/article-ndps-jagmeet-singh-says-classified-version-of-foreign-interference/>

The Canadian media establishment is itself compromised, which is why they fail to mention that these are young executives like Chrystia Freeland and Justin Castrudeau from Davos, who are paid by the likes of Klaus Schwab and Alex Soros. The intelligence agencies, however, are informed.

In England, the Reform Party led by Nigel Farage has now garnered 19% of the vote, compared to 18% for the Conservatives and 37% for Labour. Farage, who supports a criminal investigation into the mRNA vaccines, could come to power by offering an alliance with the Conservatives.

Meanwhile, Labour leader Keir Starmer is expected to be ousted soon over his involvement in the satanic sacrifice of Madeleine McCann, MI6 sources said.

<https://www.zerohedge.com/geopolitical/farages-reform-uk-party-overtakes-sunaks-conservatives-poll>

Speaking of satanic sacrifices, Kate Middleton, Charles and their family made their "first public appearance since Christmas."

The pictures Britain has been waiting for:

Frame by frame, the glorious images of Kate returning to the public eye after her brave battle with cancer

<https://www.dailymail.co.uk/news/article-13533541/Kate-Middleton-Trooping-Colour-2024-best-photographs.html?ico=related-replace>

"This is not the real Kate Middleton or Charles, they are avatars or body doubles. Note the term frame by frame... this is 100% CGI and AI. Look at the background," a Pentagon source commented.

For comparison, they sent an AI-generated video of Kate Middleton.

MI6 will not comment on this, but we know that if it turns out that Kate Middleton was really sacrificed to Satan, a major purge would begin in the British royal family.

In Japan, a major purge is already underway among the criminals responsible for the murder of 500,000 people through vaccines, right-wing Japanese sources close to the emperor say. However, since so many government officials have accepted bribes for vaccines, arresting everyone involved would lead to a collapse of government work. For this reason, the operation is being carried out gradually, the sources say.

A revolt is also underway in Germany. The Germans are

refusing to buy even more expensive Rockefeller gas and oil and have instead agreed to the border agreement with Russia across the Dnieper River, German sources say. The German business lobby has insisted on this.

Theodor Weimer, CEO of the Frankfurt Stock Exchange, etc., says in a viral speech: *"I have now met with our Vice Chancellor and Minister of Economic Affairs Robert Habeck for the 18th time and I can tell you, it is a sheer catastrophe... our reputation in the world has never been as bad as it is now."*

Weimer also points out that stock markets around the world no longer function based on fundamentals but on speculation, momentum and other factors.

<https://rmx.news/article/german-stock-exchange-boss-slams-government-says-economic-policy-is-sheer-catastrophe-and-migration-policy-is-universally-wrong/>

He also criticized the chaotic immigration policy that has allowed millions of military-age men, many of them criminals, into the country.

An example from the US: A 25-page report from the Bureau of Justice Statistics shows that non-citizens were responsible for 64 percent of arrests for federal offenses in 2018.

<https://www.breitbart.com/politics/2024/06/13/study-non-citizens-64-percent-arrests-federal-offenses-2018/>

Illegal immigrants are now being registered to vote and are also being hired by the police. This is the result of the Obama-led Biden show.

In a sign of how Orwellian the US has become, the FBI has just announced that crime dropped sharply in the first quarter of 2024. The reason for this is because 40% of police forces have stopped reporting crimes to the FBI because they don't trust them.

<https://x.com/bonchieredstate/status/1800532966222999911/photo/1>

The FBI is widely seen as the enforcement arm of the Khazarian Mafia in the US. The photo of the Boy Bride ritual seen below is the kind of thing they cover up, Mossad sources say. "The ritual is recorded and performed in full public view."

The member, who is likely a high-status person, lives in fear that his family and the public will find out should he try to leave the cult or refuse to complete assigned tasks in the future. Every single one of the politicians has gone through many of the rituals and must perform more when called upon. These are the people who make decisions about our lives. And as you can see, they are causing nothing but more chaos and misery," they say.

The chaos and misery they are causing in Gaza may soon be coming to an end. The Israeli army announced a "pause" in military operations in Gaza so that food supplies can be provided to the Palestinians. This decision was made by the military itself, independent of Netanyahu or other Israeli politicians.

This is a major rift in the power structure of Zionist-controlled Israel, meaning that a de facto military coup has taken place.

<https://www.rumormillnews.com/cgi-bin/forum.cgi?read=241986>

Presumably, the Israeli military deposed Benjamin Netanyahu and his war criminal Hamas buddies because Israel is facing an extinction event.

The Yemeni Houthis have attacked 145 ships with ties to Israel, the US and the UK in retaliation for the Israeli genocide in Gaza. They have paralyzed 90% of container traffic in the Red Sea.

Bryan Clark, a former Navy submariner and senior fellow at the Hudson Institute, told the AP, "This is the most sustained combat the U.S. Navy has seen since World War II."

<https://english.almasirah.net.ye/post/40588/US-Navy-Says-Faces-Most-Intense-Combat-since-World-War-II-Against-Yemenis>

Israel's land borders have also been de facto sealed. Hopefully, Satanyahu will soon be publicly tried for war crimes. This news comes as millions of Muslim pilgrims from around the world begin the annual hajj pilgrimage to the holy city of Mecca in Saudi Arabia.

"The pilgrimage involves considerable physical exertion, as pilgrims must walk an average of five to 15 kilometers per day to perform the rituals at various sites. It is a test of patience and is challenging on a mental, emotional and physical level. Proper preparation is often necessary, as for many it is a once-in-a-lifetime experience.

<https://www.presstv.ir/Detail/2024/06/15/727486/Saudi-Arabia-Hajj-pilgrimage-Mecca-Muslims-Gaza>

As mentioned in the report above, Israel and the US corporate government are unlikely to survive in their current state.

Another country that may soon disappear is South Korea. North Korea has just delivered 10,000 containers of 5 million artillery shells to Russia...

In exchange for the munitions, Russia has reportedly provided North Korea with technology that will allow the country to deploy spy satellites as well as tanks and aircraft.

<https://www.yahoo.com/news/north-korea-could-send-5-092636473.html>

North Korea's military has been building roads and walls inside the demilitarized zone that separates the country from the South, Yonhap news agency reported Saturday.

<https://www.japantimes.co.jp/news/2024/06/15/asia-pacific/north-korea-dmz-build/>

According to our own North Korean sources, they are preparing to "liberate" South Korea and know that the US will not use nuclear weapons to stop them. That's because they know that the North Koreans and their Russian allies will destroy many major US cities in retaliation for any US nuclear attack on North Korea. However, the "liberation" of South Korea will likely take the form of a peaceful reunification, Asian intelligence sources say.

And finally, there are a couple of interesting articles this week. The first shows that your Tesla or other electric car isn't doing much for the environment. Don't be an idiot if you still believe this nonsense.

Next, a sign that white minds are at work in the digital world. For the first time since I can remember, my junk mail folder was completely empty, not a single new junk mail item came in.

Maybe there is hope for us after all. But first, let's see what the summer solstice brings.
