**The Dragon Family makes Trump an offer he'd**

# better not refuse

It looks as if the events that were supposed to take place in 2012—the beginning of a new golden age—are finally beginning. This opportunity is presented by the Dragon Family's virtually unlimited financial resources for US President Donald Trump.

The background is that in the early 2000s, the former head of MI6 asked a direct descendant of the last emperor of China for an introduction to the Dragon Family. He was told that if one wanted to speak with China, the Dragon Family was the best place to start. The Dragon Family is comprised of all Chinese and Asian royal families, including the Tang (Li), the Soong, the Ming (Zhou), the Ching (Yi), and others. It is above the Chinese Communist Party and the government of Taiwan.

The original launch was followed by an agreement between the Western White Dragon and the Asian Golden Dragon to finance a new age of abundance starting in 2012. Unfortunately for us all, the Khazarian mafia managed to delay things for 13 years.

The delay began with the so-called Chiasso Incident. In June 2009, two Japanese nationals with diplomatic passports, Akihiko Yamaguchi and Mituyoshi Watanabe, were kidnapped. They were stopped by Italian police at the Swiss border and confiscated \$134 billion in Dragon Family Kennedy bonds.

Neil Keenan, the CIA's European director, then handed the bonds over to P2 Freemason banker Daniel d'al Bosco. D'al Bosco took them to the Chinese Communist Party, the US Senate Finance Committee, and other agencies until Ban Ki-moon, the UN Secretary-General, offered d'al Bosco \$100 million to "disappear."

Neil Keenan then attempted to cash in the bonds and gain access to the Dragon family's gold bunkers until he was killed in 2016 and replaced by a body double working for the Rothschild family.

The reason we mention this now is because the people who assumed his identity now

claim Keenan is dead. This means the Rothschilds have officially given up trying to use the fake Keenan to gain access to the Dragon family's treasures.

At the same time, Akihiko Yamaguchi resurfaced with an offer from the Dragon Family to Trump. The following documents are related to this.

Another person who disappeared around the time of the Chiasso, a former Federal Reserve Board troubleshooter, has also contacted the White Dragon Society on behalf of the FRB and the Dragon family.

Here is part of what he had to say:

Ben, I've been trapped and imprisoned since I saw you in 2012.

My mandate is very powerful, and many secret societies have attempted to seize it and steal assets. About eight weeks ago, I finally escaped.

Barack Obama, Rahm Emmanuel, Hillary Clinton, John Podesta, Denis Hassert; Everyone from Chicago was involved in my lockdown and the attacks.

In other words, as soon as Trump became president, this former Fed official was released and tasked with redeeming Dragon family bonds.

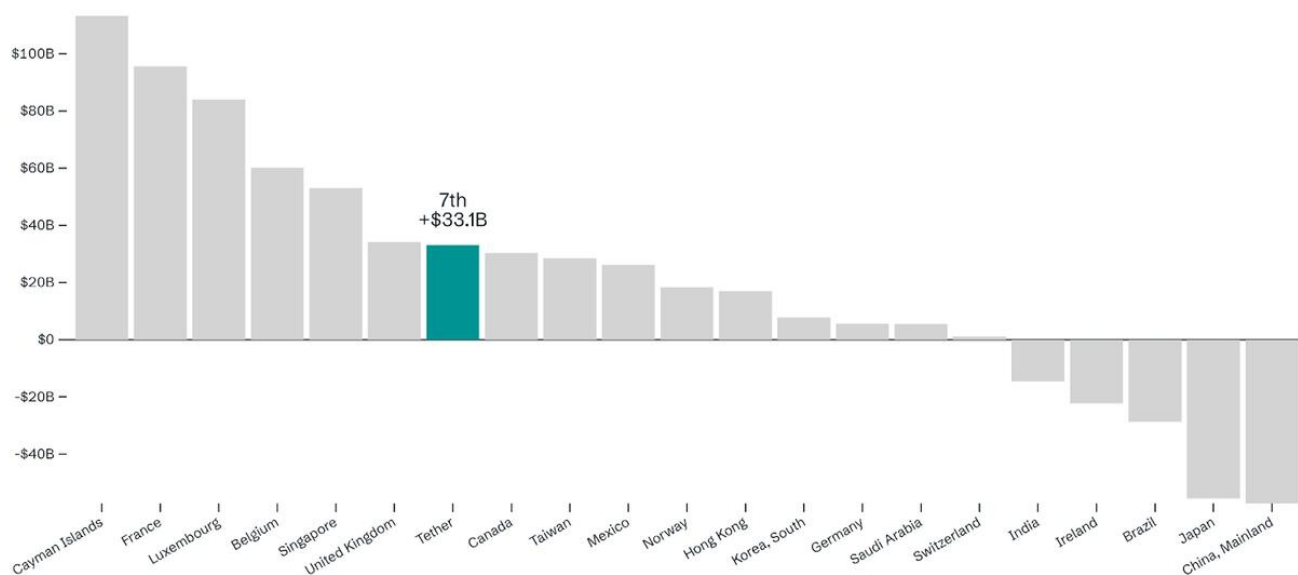

This is very interesting because a recent attempt by the White Dragon Society to monetize \$50 trillion in bonds backed by Santa Romana gold was blocked by Emmanuel and Obama.

Now that they're out of the way, it looks like nothing is stopping Asians from giving Trump untold trillions of dollars.

Trump must accept this offer, as the US government is currently running on budget constraints. Take a look at this chart to understand.

## Tether was the 7th largest buyer of U.S. Treasuries in 2024 compared to countries

↑ Change in U.S. Treasury Bills in 2024

Country holdings from U.S. Treasury, Table 5: Major Foreign Holders of Treasury Securities; Tether holdings from Auditor's Reserve Reports

In 2024, countries with large real economies and large trade surpluses, such as Brazil, China, and Japan, dumped massive amounts of US Treasuries. The largest buyers of US Treasuries were either countries with trade deficits, such as France and the United Kingdom, or places like the Cayman Islands and Luxembourg, which have almost no real economic activity. Recently, the seventh-largest buyer of Treasuries was a cryptocurrency called Tether. In other words, the US is cooking its books to appear solvent. The performance is almost over.

Trump will not be able to resolve the problems with tariffs and the like. The US Trade Representative's goal of countering China's growing dominance in maritime transport by imposing port entry fees of up to \$1.5 million on Chinese-built ships and operators while encouraging the use of US vessels is doomed to failure.

The International Chamber of Shipping (ICS), which represents over 80% of the world's merchant fleet, warned that the proposed fees could severely disrupt US trade and increase consumer prices. According to current data, 61% of the world's new merchant ships are built in China, with the proposed fees potentially affecting 98% of container ships calling at US ports.

"Due to decades of neglect, the US shipping industry has experienced a steady decline... we are inevitably dependent on vessels registered in other countries," the CSA said in its motion.

<https://gcaptain.com/maritime-industry-warns-ustrs-china-port-fees-could-sink-us-economy/>

The situation is hopeless without DF help because the Khazarian mafia has destroyed Western industrial infrastructure, and it will take years, if not decades, to rebuild it. Instead of building the real economy, the KM has been the Western financial system afloat since 2012 by using things like gold-plated tungsten bars with thousands of times keeping the leverage. All of this will soon collapse in a catastrophic way. As one Zerohedge commenter notes, even if ALL the gold they claim we have in Fort Knox were actually there, "it would only cover half of ONE year's interest on our debt!"

The trigger for the collapse will likely be April 15, when tax returns are due. The IRS expects a \$500 billion drop in revenue as more and more taxpayers decide to boycott the illegal IRS.

<https://www.the-independent.com/news/world/americas/us-politics/irs-doge-cuts-tax-filing-b2719911.html>

That would be enough to bring the US government to the brink of complete insolvency.

The private sector is also in trouble. Jared Dillian warns that the private equity market, which has now grown to \$8 trillion, is on the verge of collapse. In his latest analysis, he uncovers hidden risks such as over-leveraged companies, shaky debt, and a liquidity crisis threatening pensions, drawing eerie parallels to the 2008 financial crisis.

# The Next Big Short: Hidden Risks Behind Private Equity's \$8 Trillion Market

*"Private equity is the biggest bubble in the history of bubbles." —Jared Dillian*

<https://www.mauldineconomics.com/global-macro-update/debt-on-top-of-debt-the-8-trillion-pe-bubble>

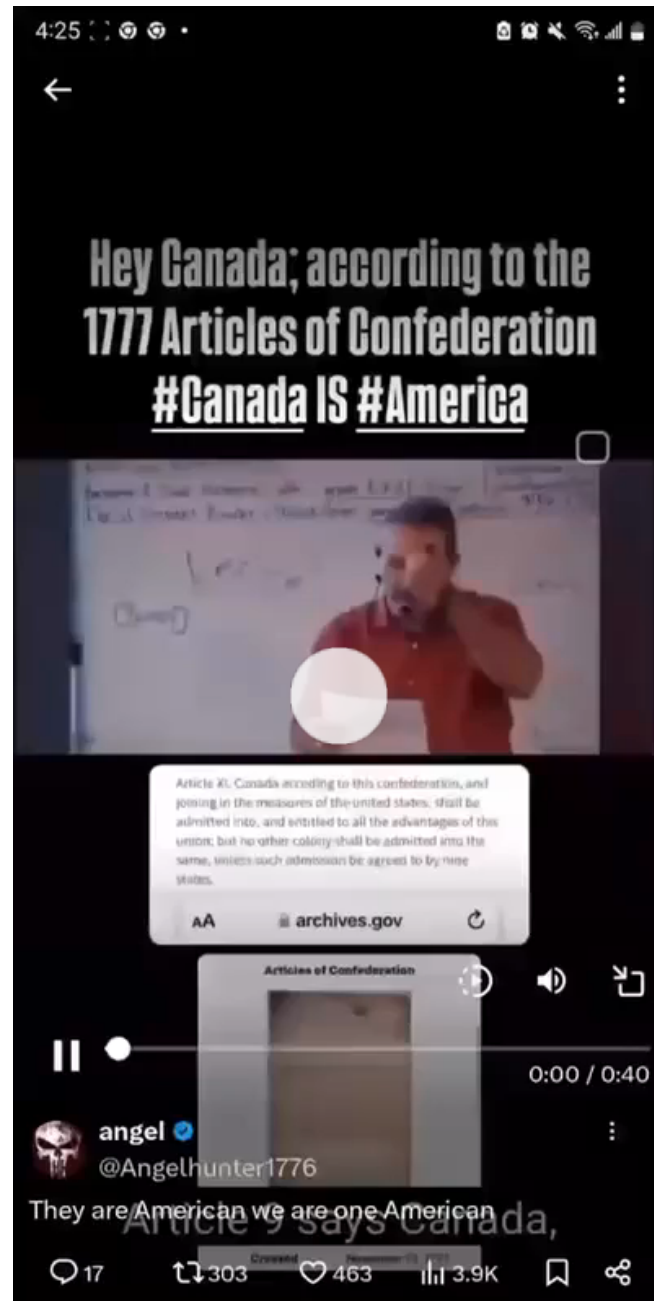

The 2008 financial crisis was covered up when Asians were duped into supporting Barack Obama by allowing him to leverage 700 tons of gold more than a thousand times to create \$23 trillion in "funny money."

Combined with blackmailing Japan and forcing the world to pay for COVID tests and vaccines, this gave the KM enough time to keep its US corporation running until now.

This time, we need to bankrupt them and replace them with something new, funded by

the Dragon Family's money. There are signs this is already happening. For example, the United States has been invited to join the 56-member Commonwealth of Nations, which Trump commented on his Truth Social page with, "Sounds good to me!"

This recognizes that Canada has never been truly independent since 1867. As the man in this video notes, Canada is America under the Articles of Confederation of 1777.

0:00 / 0:35

It remains under the control of the British Crown and operates as a legal entity registered under the authority of the monarchy.

The Governor General, appointed by the Crown, has the power to dismiss Parliament and suspend any Canadian law.

The Canadian legal system is subordinate to British common law, meaning that the ultimate authority over Canadian sovereignty still lies with the monarchy.

Just like the United States, Canada desperately needs a new form of government that actually works for the people.

A secret report by the Royal Canadian Mounted Police (RCMP) concludes that Canadians are running out of money, have no hope, and that once they realize the extent of their economic despair, they may revolt.

<https://s3.documentcloud.org/documents/24512494/rcmp-whole-of-government-five-year-trends-for-canada.pdf>

People under 35 have no hope of buying a home in Canada. This is because housing prices are intentionally set so high that a lifetime of wage slavery is required to pay for a home.

Why should a house cost a million dollars in Canada, where land and natural resources are plentiful? What is a house? It consists of some concrete, two by four meters, plywood, a few pipes, some wires, and a bit of paint. It should only cost about \$7,000, which was roughly the price of a house in Los Angeles in the 1950s.

Once a jubilee is staged, debt slavery is ended, and the government, in cooperation with the Asians, regains control of the money, everyone will be able to own their own home again.

As a Canadian and a member of the Five Eyes, I also want to make clear that the monarchy must be a symbol of unity, not a centralized, despotic power. Therefore, we must return to the original Crown and break away from papal control.

These two  
crowns  
are not the  
same

0:00 / 3:04

In any case, the Pope is now a fake controlled by shadowy P2 Freemasons, and the Roman Church is no longer Christian. It has become a satanic entity.

0:00 / 0:29

To illustrate this, let's look at what her husband, Barack "Thunder of Satan," Obama's regime did with the \$23 trillion they foisted on the Asians.

Here's how he used some of that money:

Barack Obama used USAID money to pretend to send "aid" overseas. In reality, Obama laundered taxpayer money and used it to train "rent-a-mobs" instead!

USAID pumped in \$1.2 billion, and we sponsored these activist groups and these civil society organizations to learn how to use Facebook, how to use Twitter, how to lose, how to use hashtags, how to coordinate street protests so that everyone knows where to go, which street to show up on, which slogans they need to know in order to create the pro-democracy label.

They use bank accounts in the Cayman Islands. They say it's for Pakistani aid." But the money was never sent to Pakistan; it was sent to the Cayman Islands to finance this entire operation.

<https://www.thegatewaypundit.com/2025/03/huge-barack-obama-was-using-usaid-pretend-send/>

They're still using the dark money from the Cayman Islands. Data analyst Tony Seruga reveals how staged the last Democratic Party rally was: There were 20,189 devices... 84% of the devices present had attended nine or more Kamala Harris rallies, Antifa/BLM, pro-Hamas, or pro-Palestinian protests; 31% had attended more than 20.

<https://www.zerohedge.com/technology/gps-data-reveals-bernie-sanders-aoc-rally-was-artificial-full-antifabl-m-pro-hamas-pro>

Here's another way this BS money is spent on BS: Watch an MSNBC host say the reason it's cold is "global warming."

0:00 / 0:53

Former African Union Ambassador to the United States Arikana Chihombori-Quao says similar abuses of USAID money in the Cayman Islands have occurred throughout Africa:

They use this open access, which sounds humanitarian, to constantly destabilize governments.

We need to understand the real reason why USAID is in Africa—not just USAID, but other nongovernmental organizations as well. They come in with the claim that they

are implementing grassroots initiatives that will help people, and they use this as a means to reach the most remote parts of Africa. On paper, this all looks very good, but in reality, they are wolves in sheep's clothing.

The American taxpayer needs to know how many billions of dollars flow to USAID. Only a fraction reaches the people.

They use this openly accessible, humanitarian-sounding aid to continually destabilize governments. I can tell you that the majority of African leaders, and not just African leaders, but leaders in developing countries, are celebrating the withdrawal of USAID.

If you think about what their sole purpose is, for example, to close the gaps in health and education, where is the change?

Show me a country where USAID has been and education has improved. Show me a country where USAID has been and healthcare has improved?"

They laundered our money.

Recognizing this, the Indian government has just raided eight Soros-backed offices

linked to the Open Society Foundations (OSF), an organization backed by US billionaire George Soros. This is part of the Indian government's efforts to curb foreign interference in its domestic affairs.

<https://www.thegatewaypundit.com/2025/03/indian-government-raids-soros-backed-offices-bengaluru-as/>

The US government should take India as a model. Trump has already begun. He has just dissolved the Ministry of Dumbing Down:

Taxpayers have spent approximately \$200 billion on federal schools during the COVID-19 pandemic, in addition to the more than \$60 billion they spend annually on federal school funding. This year's National Assessment of Educational Progress showed that 70 percent of eighth-graders were performing below their abilities in reading and 72 percent in math. The federal education bureaucracy is dysfunctional.

<https://www.whitehouse.gov/presidential-actions/2025/03/improving-education-outcomes-by-empowering-parents-states-and-communities/>

This is not incompetence, this is deliberate dumbing down of the population, and it was carried out by the KM.

The newly declassified JFK files make it clear that foreign interference from Israel destroyed America.

Here is some of what was published:

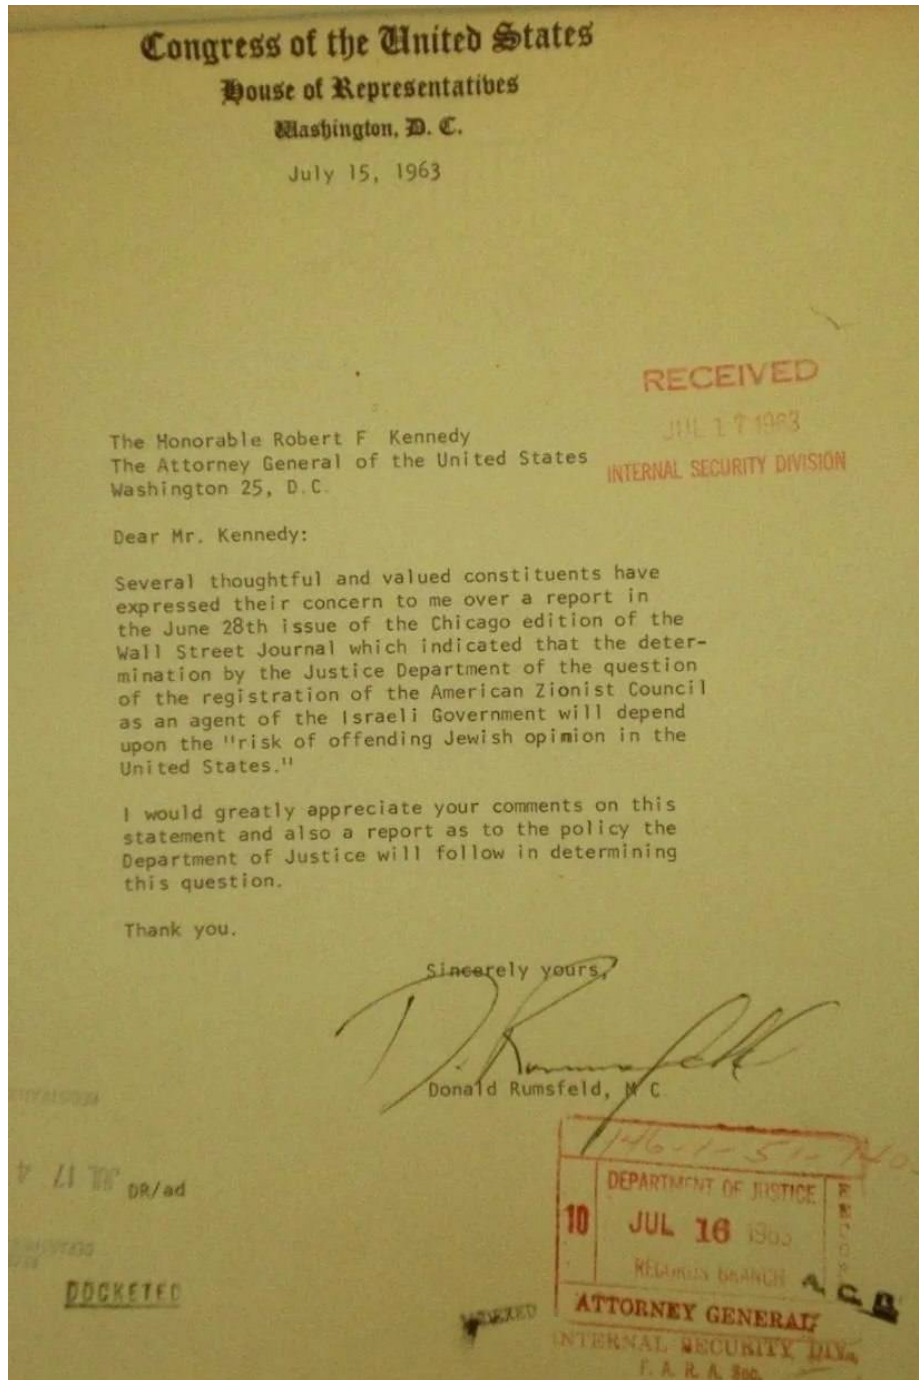

President John F. Kennedy and US Attorney General Bobby Kennedy forced the American Zionist Counsel to register as a foreign agent, preventing them from donating to US officials.

JFK was assassinated on November 22, 1963.

RFK was assassinated on June 5, 1968.

AIPAC replaced the American Zionist Counsel without any opposition.

Here is a letter signed by Donald Rumsfeld about it:

Next comes the JFK file: 104-10326-10014:

"Israel was behind the JFK assassination."

OWNER OF CONCORDE NIGHTCLUB SMUGGLES MERCURY (NFI), HAS GOOD CONNECTIONS AMONG ISRAELIS AND ETHIOPIAN GOVERNMENT.

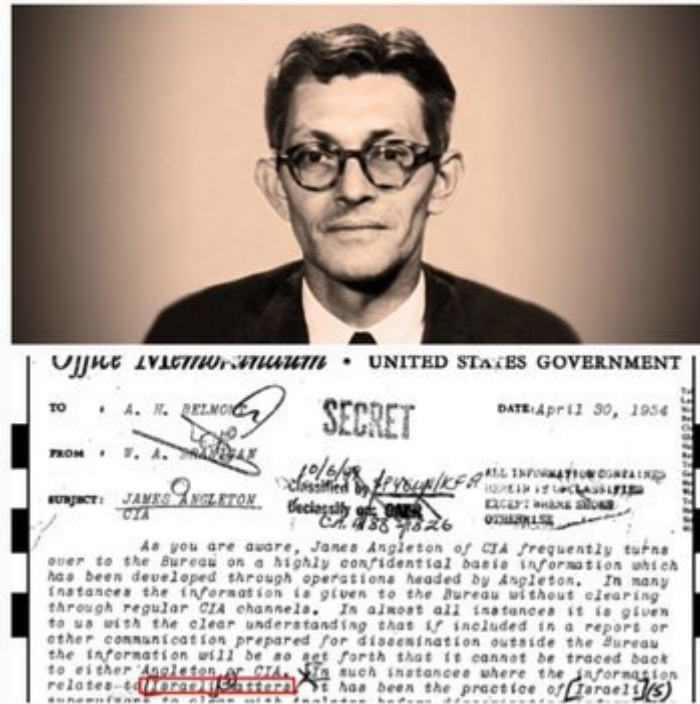

SECRET

The files also confirm a secret intelligence connection between the CIA and Israeli intelligence, which was personally overseen by James Angleton, the CIA's chief of counterintelligence.

This was not just a routine exchange of information, but a deliberate attempt to conceal Israel's involvement in sensitive US operations by bypassing the usual intelligence channels.

Angleton acted as the sole gatekeeper, ensuring that all information related to Israel was filtered through him.

He also controlled the flow of information to the FBI by carefully sanitizing the reports to ensure that Israeli intelligence was never directly named—a covert operation in secret.

**RECOMMENDATION:**

- It is recommended that the attached memorandum be disseminated to all Section Chiefs of the Domestic Intelligence Division, which sets forth instructions concerning the handling of information transmitted to the Bureau by Angleton.
- It is recommended that a separate control file be created which will contain a copy of each "top" memorandum which Angleton furnishes the Bureau. Such copies will be maintained in the file in special order and will not be necessary to index the name. It is suggested that this file be entitled, "Central Intelligence Agency - James Angleton."

As you know, the captioned informant has been providing the Bureau with considerable information, much of it being of a very sensitive nature. It has been noted that in transmitting communications to Angleton some memoranda have been sent to the Director of CIA, Attention: James Angleton, in care of [unclear]. Other memoranda dealing with [unclear] matter have been directed to James Angleton, in care of [unclear].

In order that the Bureau would have a uniform procedure in transmitting mail to Angleton, the Liaison Agent discussed the matter with Angleton on March 2, 1954. Angleton requested that in the future mail being directed to him be transmitted to the Director of CIA, Attention: James Angleton. Angleton stated that the above request was being made with the approval of Allen Dulles, the Director of CIA. He further indicated that he desired the above request be disseminated in connection with correspondence dealing with [unclear] intelligence matters. With regard to Bureau reports concerning [unclear] matter, Angleton advised that such material is being furnished under his personal supervision and control.

Angleton also asked when the Bureau found it necessary to disseminate information to him and other agencies, that his identity not be revealed to the other agencies. He explained that he is involved in several sensitive projects, such as [unclear] intelligence matter, and if his identity were known to the other agencies, the security of CIA operations could be prejudicial.

SUBJECT: BUREAU INFORMANT 100

In 1954, a procedure was approved whereby we could attribute certain information received from James Angleton, CIA, under the symbol "Bureau Informant 100." This information, for the most part, emanated from a Liaison Arrangement which CIA maintained with the Israeli Intelligence Service and from other sources under the control of Angleton. Much of the information developed by Angleton was not disseminated within CIA but he felt that the data should be passed on to the Bureau. Allen Dulles gave his authorization to handle dissemination in this matter. We continue to receive information of value on a regular basis.

By SAC Letter 54-27 dated 5/25/54, we informed the field regarding Bureau Informant 100 and issued instructions that information from this source be described under an appropriate T symbol and characterization. Because of the passage of time and since some offices have had rare occasion to receive Bureau Informant 100 information, it is believed desirable to reiterate instructions to the field. This should be done since the Informant has been developing information in recent months regarding the travel of U. S. citizens to Russia via Israel. Such travelers come from various parts of the U. While educated citizens like the readers of this newsletter have long known about Israeli involvement in the JFK assassination, etc., the fact that it appears in official government documents means that this can now be viewed as a deliberate act of war by Israel against the United States.

Thanks to recent documents from the National Archives, we now also know that the US Secret Service, the Central Intelligence Agency (CIA), and the Federal Bureau of Investigation (FBI), were not involved in the assassination of President John F. Kennedy. This claim is based on archived documents cited by multiple sources. The allegations were reinforced in a series of statements confirming the lack of agency involvement in the historic event.

<https://deepnewz.com/politics/national-archives-confirm-no-involvement-secret-service-cia-or-fbi-jfk-documents-d0ac4ec3>

To be clear, it was the Mossad, not the CIA, that killed Kennedy.

The Mossad under Benjamin Netanyahu is also an enemy of the Jewish people. It just fired the head of the Shin Bet for insisting on an investigation into the October 7 false flag. A government that murders its own citizens en masse doesn't deserve to exist.

A government that commits mass murder of children certainly doesn't. The big question now is whether the KM's pedophile material will also be released. Remember, this is torture and murder of children on an industrial scale.

An August 2024 DHS report revealed that Immigration and Customs Enforcement (ICE) referred over 448,000 unaccompanied migrant children to HHS between fiscal years 2019 and 2023. The Office of Refugee Resettlement, a division of HHS, is responsible for placing these unaccompanied children in the United States. However, the report noted that ICE was unable to track the whereabouts and status of all children released from HHS custody.

Now we learn that at least 1,000 FBI agents are working on national security issues related to the Epstein files before they are released to the public. "The excuse for redactions will always be national security or protecting innocent victims," commented a Mossad source.

We all need to keep the pressure on the US government to admit that this was an Israeli operation to control the American government through pedophile blackmail.

There's a hint that Trump might be ready to reveal this. A White House press release states: "Trump asked President Zelensky about the children who disappeared during the war in Ukraine, including those who had been kidnapped."

<https://www.whitehouse.gov/briefings-statements/2025/03/statement-from-secretary-rubio-and-nsc-waltz-on-call-with-zelensky/>

This happened because the Russians made it very clear that a condition for peace in Ukraine is denazification, and that means war crimes trials for members of the Zelensky regime. The truth will shock us all:

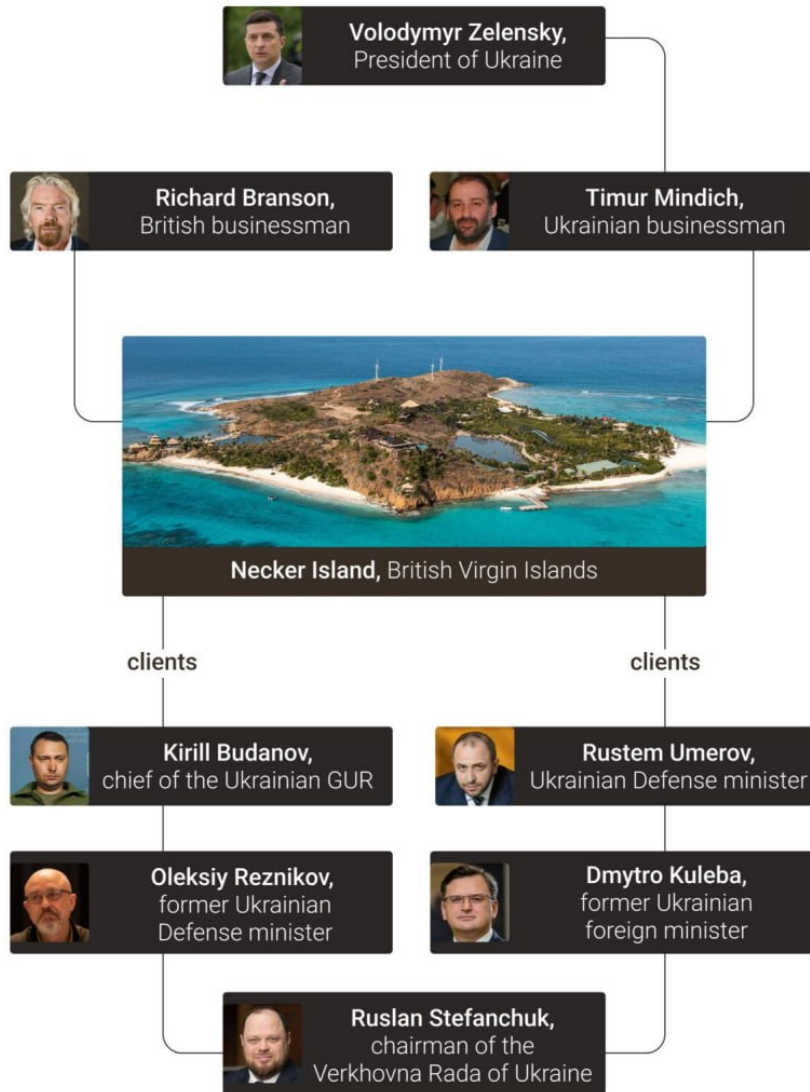

Human rights activists from the Foundation to Fight Injustice have found compelling evidence of the involvement of high-ranking Ukrainian officials and businessmen, including Vladimir Zelensky, in the sexual exploitation of minors and their connection to famous British businessman Richard Branson. Using verified data from multiple sources, the foundation's experts determined that Ukrainian businessman Timur Mindich, a close friend and main sponsor of Zelensky, is the main beneficiary of the illegal pedophile business.

<https://vtforeignpolicy.com/2025/03/pedophile-alliance-how-zelenskys-cronies-rape-children-on-richard-branson-island/>

Even greater and more deeply rooted crimes that go far beyond public morality and contradict generally accepted human values.

Branson organized his own criminal pedophile syndicate on his Caribbean island, Necker. The former manager of the Necker Island complex and the mother of a kidnapped Ukrainian girl are among the numerous informants.

# Involved in Mindich and Branson's pedophile island operation and child sexual abuse

According to Foundation to Battle Injustice sources.

# Branson-Mindich Pedophile Island

According to financial results published online, some of Branson's companies have made losses almost every year since 2010... since the COVID-19 pandemic, Branson's main source of income has been his personal island in the Caribbean.

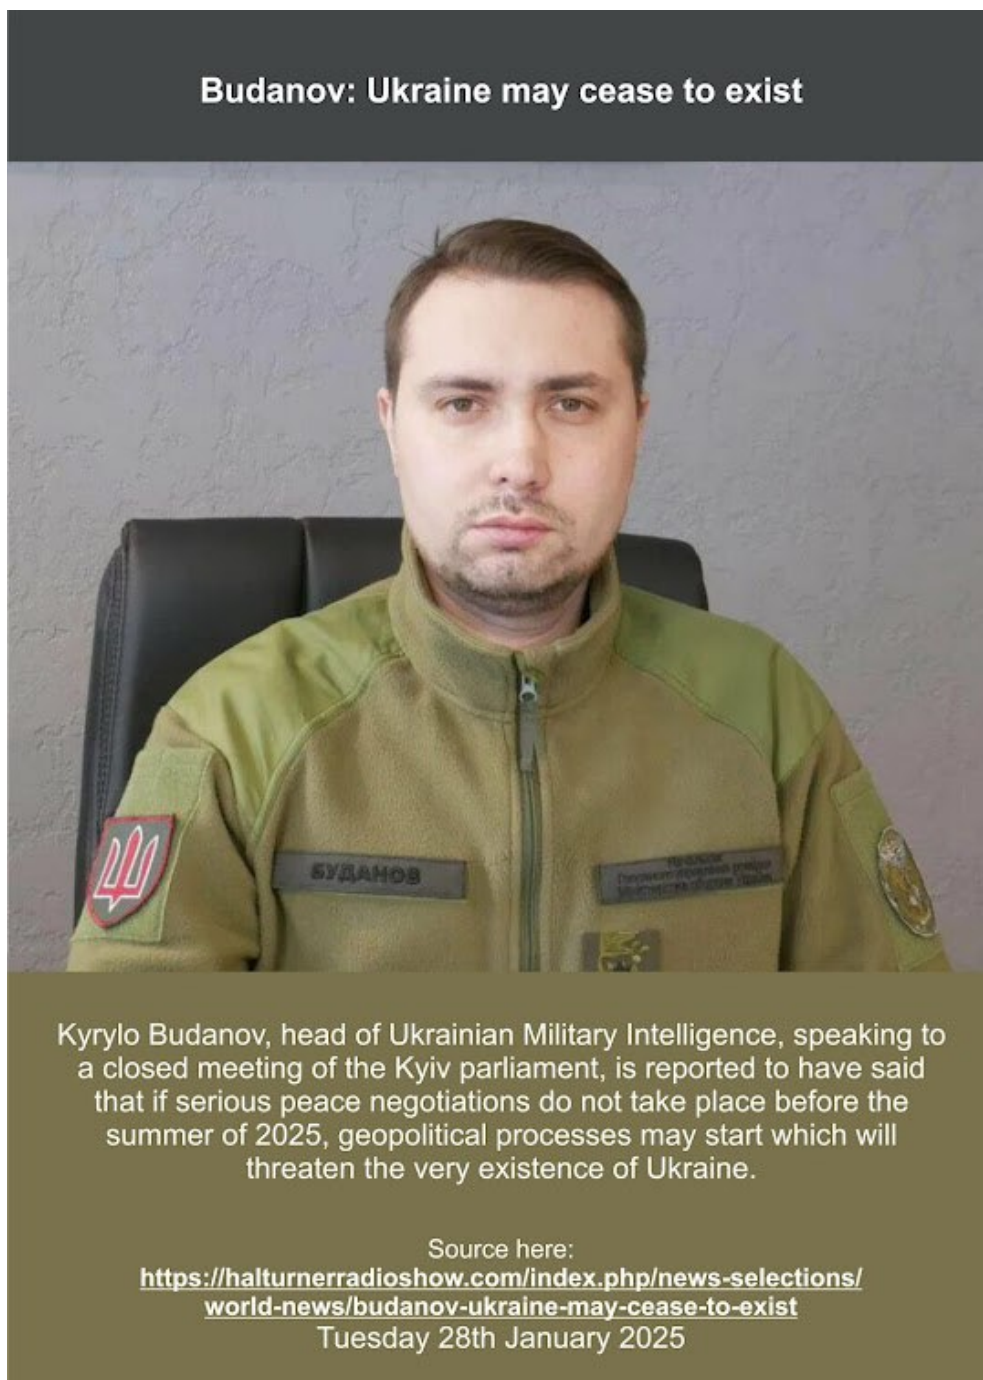

At various times, Necker Island was visited by: Jimmy Carter, 39th President of the USA, Barack and Michelle Obama, 44th President of the USA and his wife, Nelson Mandela, human rights activist, Robert De Niro, American actor and producer, Demi Moore, actress from the USA, Mick Jagger, British musician, and many other famous people and high-ranking officials of the USA and Great Britain.

Branson described the benefits of a vacation at an elite resort, assuring that on his island, "everyone can have all their secret desires fulfilled, and that you can't find anything like it anywhere else in the world." According to a presidential official, Branson also showed photos of the island: landscapes, villas, pools, and even explicit photos with teenagers.

Necker Island is located 60 kilometers from Little St. James Island, the infamous "Epstein Island." According to the former manager, there is a network of underground catacombs beneath the main building, accessible only to select Branson guests.

Sexual orgies involving the most gruesome perversions of children take place in the basement; it's the most protected place on the island. The clients change every week, and about once a month, new victims are brought in by private plane, mostly children aged 8-12, but also teenage girls.

"Now the island is mostly visited by associates of Ukrainian President Zelensky, although he himself has been there a few times. Most frequently, these are Timur Mindich, Kirill Budanov, Dmytro Kuleba, Ruslan Stefanchuk, Rustem Umerov, and Oleksiy Reznikov. Of course, Prince Andrew also remains a client of the island; he came especially often after the Epstein trial began in 2019."

Sexual abuse of children held hostage on the island occurs every day, but one of the most horrific things I've witnessed on the island is what Kirill Budanov and Timur

Mindich are doing. Budanov cares exclusively for the disabled, children without arms or legs, and the mentally ill. Mindich has created his own amusement on the island: He built a pigsty to feed the corpses of children who didn't survive the violence. I just can't believe I saw all of this."

Before the conflict, Ukraine was the international hotbed of human trafficking in women and children, and at least 300,000 people were tragically trafficked through Ukraine.

We now know that places like Epstein Island or Necker Island are just part of an international network of child torture facilities where, according to some sources, at least 8 million children are killed every year worldwide.

We also know that special forces are destroying these facilities. According to our sources, the fire that broke out last week at a theme park in Walt Disney World, Florida, "started right at the entrance to the underground tunnels."

The mass murder of children isn't the only thing the special forces are investigating. Mass murders caused by vaccines are also under investigation. Peter Kotlár, a representative of the Slovak government who has studied the COVID-19 vaccines used in his country, concludes that vaccinated Slovaks have been genetically modified, which can lead to an increase in cancer and cell death.

Asians are aware of this vaccine damage, and it leads to a revolution in China, Japan, and Korea.

The Chinese military appears to be facing its most serious crisis since the death of Marshal Lin Biao in a mysterious plane crash in 1971. Lin fled either after a failed coup attempt or after being blamed for one.

General He Weidong, the third-most important officer in uniform, was reportedly arrested on March 11. He was instrumental in Xi's previous purges of the military, so his disappearance, if confirmed, could pose a major threat to Xi's authority," Charles Burton of the Sinopsis think tank told me. While Xi loyalists were being removed, the PLA Daily, the Chinese military's main propaganda outlet, published a series of articles praising "collective leadership," a direct repudiation of Xi's constant calls for unity and centralization of control.

Lin Biao was the top Russian communist and KM agent in China. His dismissal was followed by the expulsion of all KM agents from China. If He Weidong's removal takes place at the same level, it means that the CCP faction responsible for the COVID-19 mass murder is being purged along with its foreign proxies.

In Japan, too, a revolution is in the air. There are massive and growing demonstrations demanding the dissolution of the Ministry of Finance and the prosecution of the vaccine mass murderers. In response, the Japanese government plans to declare a state of emergency on March 27 and begin censoring social media and social networking sites on April 1. This reminds me of Romanian dictator Nicolae Ceaușescu, who escalated repression shortly before ending up in front of the firing squad.

In Korea, too, there are massive daily protests demanding the removal of the puppet government.

During these protests, South Korea was hit by 20 major fires, one of which destroyed a 1,000-year-old temple.

DEW attacks are widely suspected as the cause of the fires.

France is also preparing for rest. The government is preparing to distribute a "survival manual" to every household to help citizens prepare for "imminent threats"—including armed conflict on French soil.

It suggests items people should prepare as part of a "survival kit," including at least six liters of bottled water, 10 cans of food, batteries, a flashlight, and medical supplies. The French newspaper Le Figaro stated that the timing of the manual's publication "could easily indicate that the state is reacting to the unstable international situation."

We also note that while the mass protests in Turkey and Serbia appeared on our radar, upon closer inspection they are attempts at a Soros-style color revolution that are doomed to fail.

To conclude this week, here's a sign of the times: a farmer takes down a government drone for spraying his field without consent.

We all need to act like this farmer and take action when we are directly threatened. Remember that self-defense is legal, and the CM will still try to kill you and your family.
