clarifications and debunks

CLARIFICATIONS AND DEBUNKS

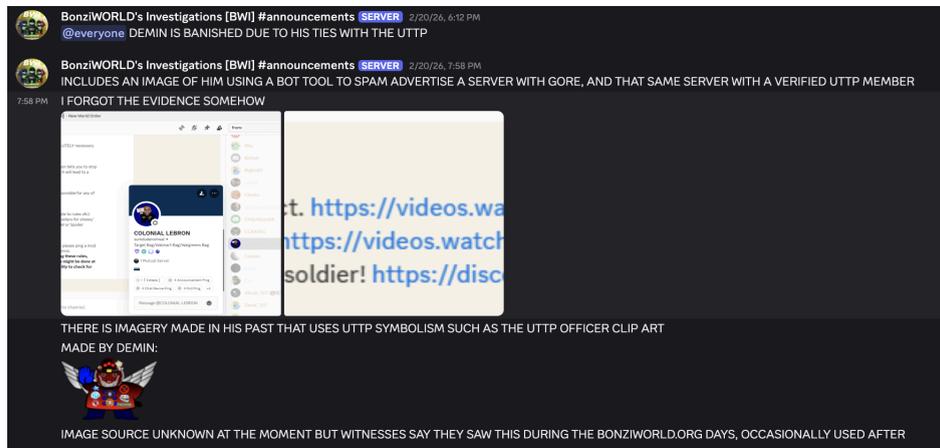

THE FIRST SERVER

The so called “UTTP hangout server” i was in was spammed constantly in anarchy servers (such as cyan imposter time) by its owner, i had the selected account for less then 15 minutes before it got raped by discord. I tend to join random servers just to see them and the account got phoneBLACKED by discord before i could leave.

THE SECOND SERVER

The second server was the server for the spam report army, an AUTTP splinter group that rapes pedophiles, gooners, and 764 niggers. The AUTTP (at the time lead by antitroll) copied the UTTP officer format which inherently lead to the splinters coping it, which explains all the people with PMG avatars.

THE GORE SPAM

Although i did spam gore in an anarchy server filled with pedophiles, i did it to disrupt some retards arguing (not sure which one was a pedophile)

THE UTTP OFFICER ART

The PMG art i made was for a UTTP splinter group called BNRAN i was in for like a week (due to it being advertised in anarchy servers) (this was all the way back in 2023 and this splinter banned 'p and foodist shit as far as i remember), the group shut down and the only reason i kept using it after (such as in SCOURGE) was because it was the best option to use as a self insert at the time because everything else were copy-pastes of an edgy numberblock OC i made years ago, i didnt make a new one because i didnt have access to a computer nor did i have the free time.

I am unaware if BNRAN had any 'P spammers since it was over 3 years ago at this point and nobody ever posted 'P using BNRAN's branding.

words on the matter

WORDS ON THE MATTER

I would like to say a couple of things to top this off,
I do NOT support illegal/degenerate activity such as CSAM spam and i never will, i believe
its degenerate and disgusting and that every pedocoon should be given the brazen bull. I do
NOT want this old shit combined with misconceptions tarnishing my name given i am in 6
billion other communities.
