

**Benjamin Fulford: Weekly report from  
06.01.2025**

# **US Civil War before the end, was with China before the beginning**

Today is January 6, 2025, and there will be a reckoning. Congress will convene in a constitutionally mandated session to certify President-elect Donald Trump's victory in the Electoral College. As this is also the anniversary of the deep state's arrest of US patriots, the January 6 political prisoners have filed a historic \$50 billion class action lawsuit against the Department of Justice.

All this means that the purge of the Khazarian mafia deep state in the West is entering its final phase. The West needs to end its undeclared civil war as soon as possible because alarming news suggests that China has a very nasty surprise in store, and that could mean war. That means a military government is needed in the US to deal with it.

And the military government has already begun. A series of staged Operation Gladio-style terrorist attacks are now underway in the United States, and these are expected to escalate in the coming days. The goal is to prepare the American public for an emergency military government, senior Pentagon sources say.

The problem is that two factions are arguing about exactly what kind of military rule it will be.

The Khazarian Mafia faction is desperately trying to use their fake Islamic terrorist army Al Qaeda/ISIS/Hamas to make the American public believe they must invade the Middle East and start a war with Iran.

The US Space Force faction wants to use the same terrorist incidents to prepare a massive crackdown on the deep state and reveal secret technologies.

The attacker who killed 15 and injured 35 people in New Orleans and the attacker

who blew up a Tesla truck outside the Trump hotel in Las Vegas both served at the same elite US military base. Both claimed to be "Islamic" fighters of ISIS.

Remember that? Obama arrived at 10 Downing Street for a closed-door meeting with Prime Minister Sunak after Putin won re-election.

Four days later, Islamic terrorists carried out the Crocus City Hall massacre, leaving 145 people dead and 551 injured. Russia claims the terrorists were paid by Western intelligence services to carry out the attacks.

There are some parallels to the recent attacks in New Orleans and Las Vegas. The Deep State enemy wins an election and the Islamic terrorist attacks begin. Where is Obama?

Additionally, Chelsea Clinton, Hillary Clinton's openly Satan-worshipping daughter, sits on the board of IAC, Inc., which owns a 31% stake in Turo - the car-sharing app used by the terrorists in New Orleans and Las Vegas to rent electric vehicles for their attacks. What would a conspiracy be without a Clinton?

<https://x.com/ShadowofEzra/status/1874995294405857697>

The Las Vegas Cybertruck bomber sent a journalist an email discussing "gravitic propulsion systems" for aircraft and alleged FBI surveillance - a reference to US Space Force involvement. The FBI says it believes the email to be authentic

In case I do not make it to my decision point or on to the Mexico border I am sending this now. Please do not release this until 1JAN and keep my identity private until then.

First off I am not under duress or hostile influence or control. My first car was a 2006 Black Ford Mustang V6 for verification.

What we have been seeing with "drones" is the operational use of gravitic propulsion systems powered aircraft by most recently China in the east coast, but throughout history, the US. Only we and China have this capability. Our OPCEN location for this activity in the box is below.

China has been launching them from the Atlantic from submarines for years, but this activity recently has picked up. As of now, it is just a show of force and they are using it similar to how they used the balloon for sigint and isr, which are also part of the integrated comms system. There are dozens of those balloons in the air at any given time.

The so what is because of the speed and stealth of these unmanned AC, they are the most dangerous threat to national security that has ever existed. They basically have an unlimited payload capacity and can park it over the WH if they wanted. It's checkmate.

USG needs to give the history of this, how we are employing it and weaponizing it, how China is employing them and what the way forward is. China is poised to attack anywhere in the east coast

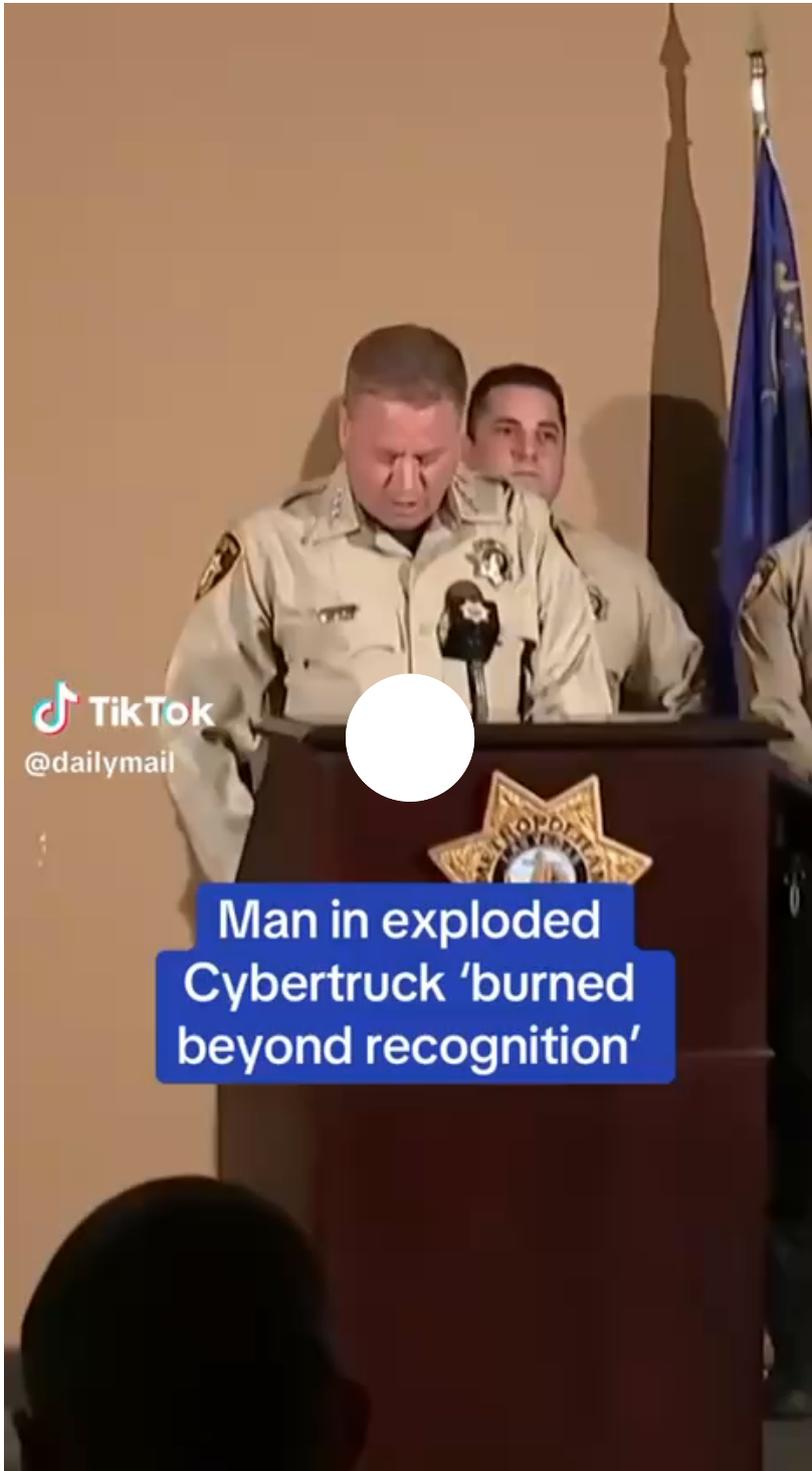

I've been followed for over a week now from likely homeland or FBI, and they are looking to move on me and are unlikely going to let me cross into Mexico, but won't because they know I am armed and I have a massive VBIED. I've been trying to maintain a very visible profile and have kept my phone and they are definitely digitally tracking me.

I have knowledge of this program and also war crimes that were covered up during airstrikes in Nimruz province Afghanistan in 2019 by the admin, DoD, DEA and CIA. I conducted targeting for these strikes of over 125 buildings (65 were struck because of CIVCAS) that killed hundreds of civilians in a single day. USFORA continued strikes after spotting civilians on initial ISR, it was supposed to take 6 minutes and scramble all aircraft in CENTCOM. The UN basically called these war crimes, but the administration made them disappear. I was part of that cover-up with USFORA and Agent \_\_\_\_\_ of the DEA. So I don't know if my abduction attempt is related to either. I worked with GEN Millers IO staff on this as well as the response to Bala Murghab. AOB-S Commander at the time \_\_\_\_\_ can validate this.

You need to elevate this to the media so we avoid a world war because this is a mutually assured destruction situation.

For vetting my LinkedIn is Matt Berg or Matthew Livelsberger, an active duty 18Z out of 1-10 my profile is public. I have an active TSSCI with UAP USAP access.

Another indication that the whole thing is probably a staged psyops is the fact that while the body of Las Vegas attacker Matthew Alan Livelsberger was "burned beyond recognition," his Department of Defense access card was recovered from the Tesla Cybertruck. This reminds me of how the bodies of the 911 perpetrators were vaporized while their IDs were magically found intact.

TikTok  
@dailymail

Man in exploded  
Cybertruck 'burned  
beyond recognition'

These events are likely just the beginning of a major campaign. Sarah Adams, a former CIA targeting officer, explains what is coming in 2025. She says terrorists will come with "suicide vests that will not be detected by our security forces. They will be able to enter the building because the vest has evolved.

There will be more than just "suicide bombers" on the show. Remember the mysterious drones? Now there's spooky fog. Concerned citizens have flooded social media with videos of what looks like white particles raining down and swirling through the air. Some witnesses have also claimed the fog has triggered health symptoms similar to a respiratory illness.

<https://www.dailymail.co.uk/sciencetech/article-14248393/mystery-fog-operation-sea-spray-chemical-bioweapon.html>

Here are some videos:

This is not new, as a patent for the production of artificial mist or vapors was already filed on April 26, 1920.

# UNITED STATES PATENT OFFICE.

PAUL WEISS, OF PARIS, AND JULES VERDIER, OF ENGHEN, FRANCE.

PROCESS AND APPARATUS FOR THE PRODUCTION OF INTENSE ARTIFICIAL CLOUDS,  
FOGS, OR MISTS.

1,338,343.

Specification of Letters Patent. Patented Apr. 27, 1920.

Application filed December 10, 1917. Serial No. 206,559.

To all whom it may concern:

Be it known that we, PAUL WEISS, engineer, of 78<sup>me</sup> Avenue Henri Martin, at Paris, Department of the Seine, in France, and  
5 JULES VERDIER, engineer, of 7 Rue Villebois Mareuil, at Enghien, Department of the Seine and Oise, in France, citizens of the French Republic, have invented certain new and useful Improvements in Processes and  
10 Apparatus for the Production of Intense Artificial Clouds, Fogs, or Mists, and do hereby declare the following to be a full, clear, and exact description of the invention, such as will enable others skilled in the art to which it appertains to make and use the same.

The present invention renders it possible to produce very opaque artificial mists by effecting the atomization of anhydrous  
20 chlorids, such as titanium chlorid or stannic chlorid, or analogous bodies in a moist ammoniacal atmosphere.

Figure 1 is a side elevation of an apparatus for carrying out the process, and

25 Fig. 2 is a plan view thereof.

The arrangement employed comprises two steel flasks; in one of these, A, is placed the anhydrous chlorid product or analogous product intended for forming the fumes, the flask being only partially filled and contain-  
30 ing compressed air or any suitable inert gas under pressure, in a quantity and at a pressure such that the whole of the product may be forced out by means of a siphon tube B',  
35 with enough pressure to insure a sufficient atomization in an atomizer of a known type. This atomization is effected at the upper orifice of a chimney C in which a strong current of air is induced by means of the injection of ammoniacal gas under pressure effected at the bottom of the chimney.

The ammoniacal gas may be obtained from a flask B containing this product in a liquefied condition through a pipe A'; it becomes mixed with the more or less moist aspirated air and thus provides the desired  
40 ammoniacal atmosphere.

It is not necessary, in order to produce intense fogs or mists, to introduce a precisely  
45 determined quantity of ammoniacal gas.

With a very small addition of this gas the fog is noticeably increased in intensity.

The product generating the fumes or forming the fumes on contact with the moist  
55 ammoniacal gas may with advantage have added to it some hydrochloric acid gas or sulfurous anhydrid or another analogous acid gas which, while considerably facilitating the atomization, further increases the intensity of the fog in the ammoniacal at-  
60 mosphere.

Finally, if the operation is carried out under the conditions of the present invention with a calculated quantity of ammoniacal gas, the fog produced may be rendered  
65 free from all acid reaction.

We claim:

1. Apparatus for the production of intense artificial clouds from a fume producing product and ammoniacal gas, consisting  
70 of flasks containing under pressure in the one case the fume producing product and in the other case the ammoniacal gas in the liquid state, in combination with a chimney at the bottom of which a current of air is  
75 induced by an ejector brought into operation by the escape of the expanding ammoniacal gas, and means for atomizing the fume producing product at the top of the chimney in the current of ammoniacal air.

2. A process for the production of intense artificial clouds, fogs or mists, which consists in atomizing in a moist ammoniacal atmosphere an anhydrous chlorid mixed with a product which will increase the  
80 opacity of the fog.

3. A process for the production of intense artificial clouds, fogs or mists, which consists in hydrolyzing an anhydrous chlorid in a moist ammoniacal atmosphere and add-  
85 ing thereto a substance which will increase opacity of the fog.

In testimony whereof we affix our signatures in presence of two witnesses.

PAUL WEISS,  
JULES VERDIER.

Witnesses:  
CHAR. P. PRESSLEY,  
ALEXANDER BASTOLLE.

In September 1950, the US Navy sprayed large amounts of bacteria into the air two miles off the coast of San Francisco, California, for a week.

The bacteria used were *Serratia marcescens*, which can cause respiratory diseases and meningitis, and *Bacillus atrophaeus*, which can be fatal to immunocompromised people. At the time, the Navy believed these bacteria were harmless to humans.

All in all, I would say this is a military psyops measure being carried out on the American people.

To get a clearer picture of what really happens, watch the recruitment video posted on YouTube by Fort Bragg's 4th Psychological Operations Group. Titled "Ghosts in the Machine," the video feels like a movie trailer and offers no explanation other than, "All the world's a stage. Join us."

"Have you ever wondered who's pulling the strings?" the video asks. "You'll find us in the shadows at the tip of the spear. ... Everything we touch is a weapon. We can deceive, persuade, change, influence, inspire. We come in many forms. We are everywhere."

They are also visibly eliminating the KM's henchmen. Canada's widely despised Justin Trudeau is expected to announce his resignation today, according to news reports.

<https://www.theglobeandmail.com/politics/article-trudeau-expected-to-announce-resignation-before-national-caucus/>

In Austria, the KM puppet chancellor Karl Nehammer has resigned.

In addition, a major KM boss, EU Commission President Ursula von der Leyen, will have to answer to a Belgian court today for corruption in the procurement of COVID-19 vaccines worth over 35 billion euros. On the same day, von der Leyen announced that she has contracted pneumonia and will not appear in public for two weeks.

"Did the military alliance pick up the witch for questioning or was she arrested for her evil deeds? The disease is a political ploy. No details are being given," commented a Pentagon source.

<https://tass.com/world/1896493>.

<https://www.independent.co.uk/news/ursula-von-der-leyen-ap-eu-commission-brussels-poland-b2673434.html#:~:text=European%20Commission%20President%20Ursula%20von%20der%20Leyen%20is,the%20next%20two%20weeks%2C%20her%20office%20announced%20Friday>.

As we have previously reported, the overthrow of governments is also expected in Germany, France, Japan, Korea and elsewhere in the near future.

There are also other signs that the political clown show in Washington DC is coming to an end. Most recently, House Democratic Speaker Hakeem Jeffries

"We're going to fart hard" to achieve the American dream (in a hilarious blooper during the speech).

What is almost certainly also part of the military psyops is the awarding of the "Medal of Freedom" to a fake, skinny young Hillary Clinton and a dead George Soros by "President Joe Biden".

<https://www.theepochtimes.com/us/biden-awards-presidential-medals-of-freedom-in-white-house-ceremony-5786343>

See the attached photo from the article. "This is NOT Killary, note the stitches on her neck. Also the teeth and jaw are different from the real Killary," commented a CIA source.

Also consider how cynical it is that Alex Soros is accepting the Medal of Freedom for his father, who admitted to helping the Nazis round up Jews in WWII, is the billionaire Democrat financier, the mastermind behind the BLM/Antifa riots, and owns corrupt judges /politicians across the country.

The US military must hurry and take out the KM deep state because a much bigger problem is looming.

Japanese military intelligence sent me some very alarming information last week. They say that since the spring of 2024, the Chinese have infiltrated 800,000 People's Liberation Army soldiers armed with automatic rifles into Japan.

Japan. The agents landed in about 40 to 60 locations. They selected a total of 135 targets, including the Prime Minister's Office, the national parliament, nuclear power plants and oil refineries.

The sources add that they were recently contacted by a man who said: "A container sent to my company was so heavy that I opened it and found that it was a 10-ton truckload of 3,000 automatic rifles. When I told my boss about it , he called not the police but the Chinese consulate. The Chinese consulate immediately came and

took away all the automatic rifles and machine guns. He told me to keep quiet."

If this is true, the secretly stationed Chinese army outnumbers the 247,000 Japanese Self-Defense Forces and the 53,000 US troops by almost three to one.

To make matters worse, the Chinese have sent thousands of beautiful women to seduce and marry members of the Japanese military. According to the sources, 10,000 regular soldiers, 6,000 coast guard soldiers and 600 officers have Chinese wives. They are all sleeper agents and spies.

This map published by China shows the country's territorial ambitions in the Far East.

The Chinese military is also conducting large-scale military exercises to blockade the island of Okinawa, where US forces are stationed.

<https://news.yahoo.co.jp/articles/2121891d0775a8e53bb63bc35c83e630c6d93ae4>

The same sources also report massive battles between "Chinese dragons" in Japan, in which the police are unable to intervene. Our own Lotus Masonic contacts can confirm that some sort of secret Chinese proxy war is going on here in Japan.

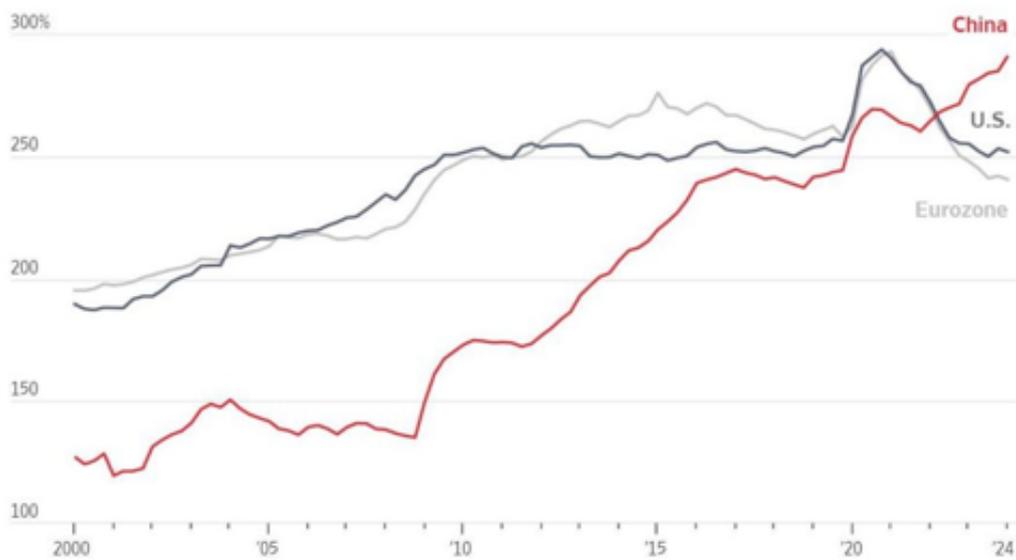

Also remember that Biden was bribed by the Chinese and almost certainly allowed an even larger number of Chinese and allied military-age men into the US. We have

reported before on large caches of weapons distributed throughout the US that they can use.

The Chinese hardliners have to stage a war because they, like the KM, are in big trouble and need a war to save their asses.

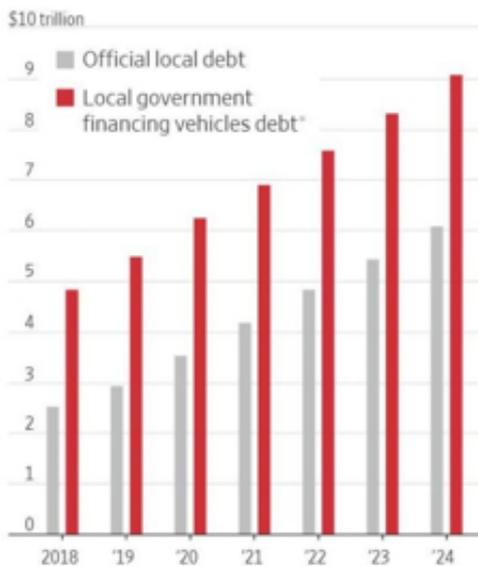

Government, household and corporate debt in China is approaching 300% of annual GDP. A major problem is local governments' "hidden" debt - debt held in their name by opaque investment companies called local government finance companies. By some measures, the scale of this debt and the burden of servicing it are greater in China than in the United States before the financial crisis or in Europe in the depths of its own debt crisis a decade ago.

### Debt as a percentage of GDP

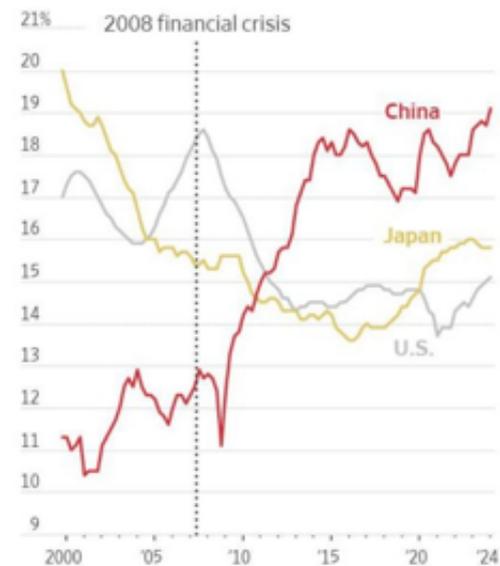

Source: Bank for International Settlements

### China's local government debts

### Debt service ratios for private nonfinancial sector\*

\*LGFVs include interest-bearing debt for entities with listed bonds \*Share of income used to service debts by households and nonfinancial companies

Sources: International Monetary Fund (local government debts); Bank for International Settlements (debt service ratios)

<https://mishtalk.com/economics/years-of-repeat-central-planning-mistakes-have-doomed-chinas-economy/>

According to recent estimates from the end of November, there are around 80 million vacant apartments in China, which is half of the total housing stock in the United States.

Another sign that things are not going anywhere is that sales of foreign phones, especially Apple, in China are expected to fall by 47% in 2024.

The Chinese hardliners are once again trying to force the Chinese to obey by using

a pandemic.

In the video below, you can see a Chinese health official leading hundreds of people into a quarantine camp. You may be wondering why people didn't run away? Because they all had expired vaccination cards, which made it impossible for them to buy food, rent a hotel, take a taxi, eat at a restaurant, etc. They had nowhere to escape.

Another sign of how the Chinese are operating is the arrest and detention of a Japanese woman for espionage, who was on a business trip to

Shanghai. Their crime was asking Chinese visitors to Japan what they thought about the disputed Senkaku Islands. It was not classified information. So the Chinese arrest non-citizens for activities outside China.

<https://news.yahoo.co.jp/articles/b6694e0689ed77681c238304f79c628e957dbe92>

There is also a battle for control over Korea. Last week, the US military intervened to prevent 2,700 Korean police officers from arresting deposed President Yoon Suk Yeol.

It is also very likely that the KM Obiden regime will threaten to continue crashing Korean civilian aircraft in order to force South Korea back into obedience.

A day after a Jeju Air passenger plane crashed at Muan International Airport in South Jeolla, another Jeju Air plane, also a Boeing 737-800, suffered landing gear damage.

<https://koreajoongangdaily.joins.com/news/2024-12-30/national/socialAffairs/Second-Jeju-Air-plane-experiences-landing-gear-malfunction-same-Boeing-model-involved/2211567>

All Boeing aircraft built since 1997 are equipped with a system that allows the pilot to lose control. This system was originally intended to "stop hijackers" but was instead used to bring down planes for political purposes. The four plane sudden crashes in different countries around the end of the year are probably related.

In any case, the trouble with China is also tied to Elon Musk and his fake Trump Mar a Largo show. After Abby Phillip asks in the video below if the US should be concerned about Elon Musk's foreign dealings, Scott Jennings reminds her of Biden's dealings with China:

"I have no concerns about Elon Musk. I've been looking at pictures recently of Joe Biden and Hunter Biden meeting with Chinese politicians who we were told don't exist... For all the people who are really upset that Elon Musk has a very successful international company that actually produces things... the Bidens don't produce anything and yet they've done business in China."

The problem is that Musk is keeping the US company afloat by selling military technology to communist China.

Now Musk is using his fake Trump to push for foreigners to replace US workers. His fake Trump posted on social media in support of the H-1B program for foreign workers, saying, "I have many H-1B visas on my properties. I believed in H-1B. I used it many times. It's a great program ."

Here's what the real Trump had to say about this program in 2016, though: "Megyn Kelly asked about high-skilled immigration. The H-1B program is neither high-skilled nor immigration: it is temporary foreign workers imported from abroad

with the express purpose of replacing American workers at lower wages I remain committed to eliminating rampant, widespread H-1B abuse and ending outrageous practices like those at Disney in Florida, when Americans were forced to train their foreign replacements H-1B as a cheap labor program once and for all and institute an unconditional requirement for all visa and immigration programs to hire American workers first. No exceptions."

**DONALD J. TRUMP (1ST TERM)**

*45th President of the United States: 2017 - 2021*

## **Statement by Donald J. Trump on Position on Visas**

March 03, 2016

"Megyn Kelly asked about highly-skilled immigration. The H-1B program is neither high-skilled nor immigration: these are temporary foreign workers, imported from abroad, for the explicit purpose of substituting for American workers at lower pay. I remain totally committed to eliminating rampant, widespread H-1B abuse and ending outrageous practices such as those that occurred at Disney in Florida when Americans were forced to train their foreign replacements. I will end forever the use of the H-1B as a cheap labor program, and institute an absolute requirement to hire American workers first for every visa and immigration program. No exceptions."

Musk is pushing for H1B because Tesla recently "increased its use of H-1B visas to replace US workers the company laid off during a wave of layoffs earlier this year."

<https://www.msn.com/en-in/news/world/tesla-replaces-laid-off-us-workers-with-foreigners-using-visas-pushed-by-musk-report/ar-AA1wIJoA#:~:text=Electric%20vehicle%20manufacturer%20Tesla%20has%20reportedly%20hired%20foreign,during%20a%20wave%20of%20layoffs%20earlier%20this%20year.%22>

The X-posting linked below explains the story:

A well-known employment lawyer in California called me last night: H1B visa fraud/trafficking of workers. Here is what she said:

The market is dominated by visa body shops, which apply for ~50% of visas.

The economic side of the matter: These body shops are run by former HR managers from big tech companies. They bring people to America, rent apartments for them, and put about 10 people together in an apartment.

They put these people through a ~4-week bootcamp of basic technical training, fraudulently rewrite their resumes, and teach them how to conduct interviews.

The body shops place them in jobs, especially at the companies where these hiring managers come from, and pay the workers less than half the money.

Example. The position is listed as having a salary of \$200,000, but the company has a contract with the body shop \*not\* the H1B worker, and the worker is actually paid closer to \$40 an hour.

The body shops pocket most of the money and make millions by essentially engaging in human trafficking.

This abuse and fraud must end!

<https://x.com/stclairashley/status/1872671451163087150?s=12>

Sen. Bernie Sanders (I-Vt.) says the primary function of the H-1B visa program and other guest worker initiatives is not to hire "the best and the brightest," but rather to replace high-paying American jobs with low-paid contract workers from abroad. The cheaper the recruited labor, the more money the billionaires make.

**Bernie Sanders** ✓  
@SenSanders

Follow

Elon Musk is wrong.

The main function of the H-1B visa program is not to hire “the best and the brightest,” but rather to replace good-paying American jobs with low-wage indentured servants from abroad.

The cheaper the labor they hire, the more money the billionaires make.

<https://www.sanders.senate.gov/press-releases/news-we-need-major-reforms-in-the-h-1b-program/>

A whistleblower says about Bernie Sanders that he too is a blackmailed pedophile:

Jennifer Guskin: "When I was a child, I was taken to a basement to be raped. While I was being raped, a man was dragged down the stairs and told to rape a boy who was bending over in front of him or she would kill the man and his family, who were lined up along a wall where a man was also standing behind a camera on a tripod."

"Someone else came to him and told him, 'If you don't do it, they will kill your family and nobody can undo that. But if you do it, it will be good because the boy is used to it and no one has to die.'"

"To this day, that is the worst I have ever seen a grown man cry."

"This man is currently in Congress. Yes, that was Senator Bernie Sanders."

[https://forbiddennews.substack.com/p/cpsepstein-child-sex-tafficking-survivor?utm\\_source=post-email-title&publication\\_id=1658626&post\\_id=153052842&utm\\_campaign=email-post-title&isFreemail=true&r=x33x&triedRedirect=true&utm\\_medium=email](https://forbiddennews.substack.com/p/cpsepstein-child-sex-tafficking-survivor?utm_source=post-email-title&publication_id=1658626&post_id=153052842&utm_campaign=email-post-title&isFreemail=true&r=x33x&triedRedirect=true&utm_medium=email)

The White Hat Alliance proposes that Senator Sanders hold a press conference to discuss the pedophile blackmail he was forced into. In return, they will offer him amnesty and protection for his family. They will also make the same offer to all other blackmailed pedophiles who have not killed children.

Samantha Smith, another survivor of pedophile abuse, writes:

I went on national television to talk about the fact that little girls are being raped and exploited in council housing in Telford. The next day the police knocked on my door after searching every address I had ever lived at. They demanded that I come to the police station for an "interview" and tried to silence me because:

"If you talk about grooming gangs on national television, you should expect us to come to you."

<https://x.com/samanthataghoy/status/1874814722085712060?s=46>

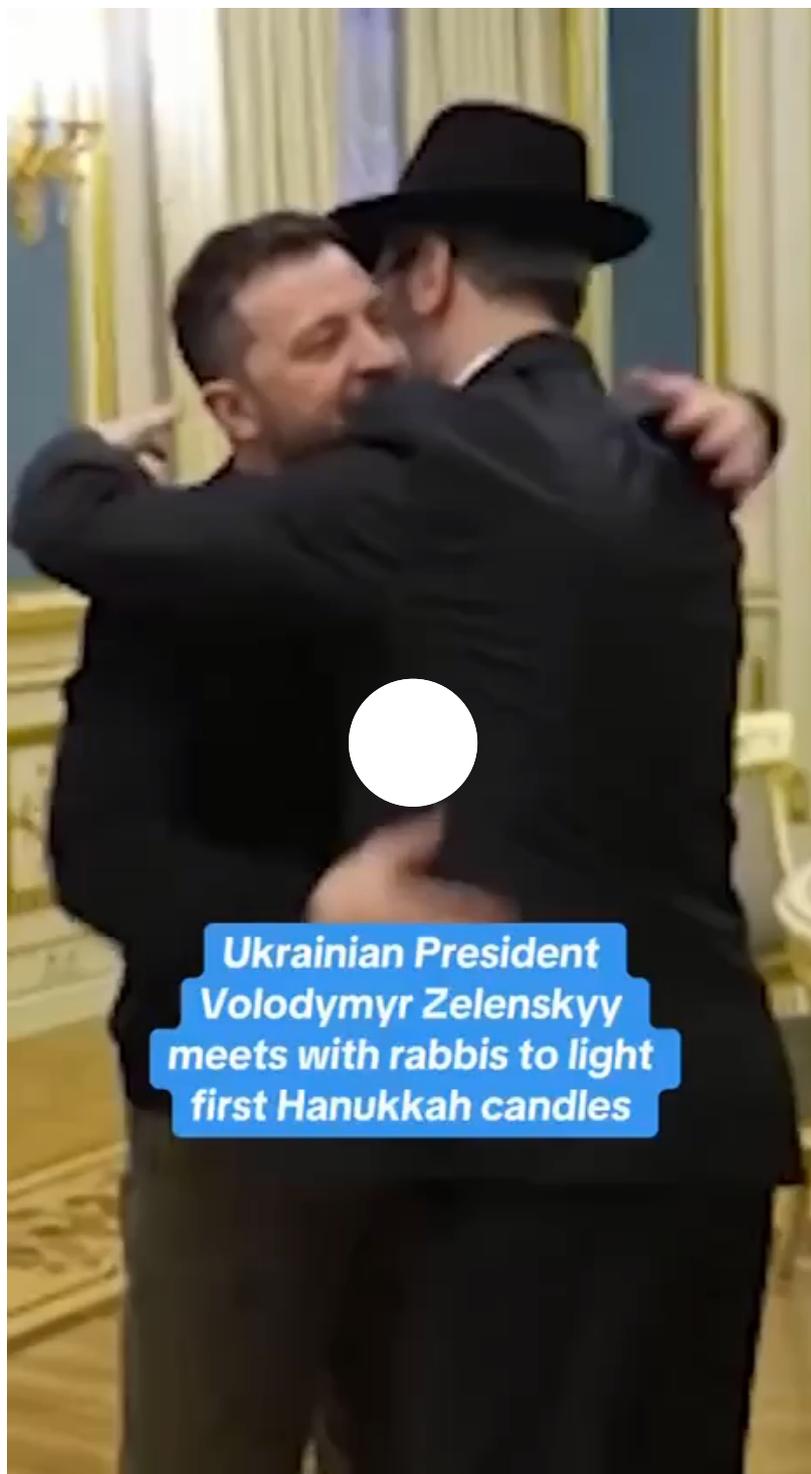

"Us" includes the satanic Chabad-Lubavitch sect. Chabad Lubavitch is associated with major organizations such as Save the Children, Boston Consulting Group, the Clinton Foundation and IJM - groups involved in a global child trafficking network recently uncovered in Guatemala.

This group instigates wars like the one in Ukraine in order to recruit children for human sacrifice.

The article linked below names the leading Satanists in Ukraine who have tortured thousands, if not hundreds of thousands, of men, women and children to death in satanic sacrifices. This is actionable information. These monsters will all be hunted down and brought to justice, starting with Vladimir Zelensky.

<https://www.vtforeignpolicy.com/2025/01/zelenskys-black-mass-satanic-practices-and-child-sacrifices-of-the-ukrainian-leadership/>

According to Mossad sources, the video below shows Zelensky being rewarded for kidnapping children and handing them over to the Zionists."

**Ukrainian President  
Volodymyr Zelenskyy  
meets with rabbis to light  
first Hanukkah candles**

These people not only start wars and torture children, but also spread epidemics to kill people and make money. The problem is that in the modern West, the sicker people get, the more money doctors and pharmaceutical companies make. So we need to change the system so that doctors and companies get richer as people get healthier.

Goldman Sachs talks about this when it asks in its biotech research report, "Is curing patients a sustainable business model?" Analyst Salveen Richter points to Gilead Sciences' hepatitis C treatments, which cure more than 90% of patients.

Their revenue, which peaked at \$12.5 billion in 2015, has now dropped to \$4 billion because all patients are cured.

<https://www.cnn.com/2018/04/11/goldman-asks-is-curing-patients-a-sustainable-business-model.html>

That's why companies like Pfizer gave us all the vaccines that cause cancer and then got into the cancer cure business.

Now they are literally getting into the epidemic business. This headline says it all:

"Scientists Behind AstraZeneca COVID Jab Rush to Develop Bubonic Plague Vaccine as Fears of the Next Pandemic Loom"

<https://www.thegatewaypundit.com/2025/01/here-we-go-scientists-behind-astrazeneca-covid-jab/>

Here is another such headline:

"The UK government has ordered five million doses of bird flu vaccine to prepare for the possibility of bird flu spreading among humans."

We have already reported that Bill Gates paid a certain Professor Hamaoka to develop a strain of bird flu that could infect humans, and now British taxpayers are giving Gates money for bird flu vaccines.

Here is another example:

"More than 70% of California's dairy herds are now infected with the H5N1 bird flu." Governor Gavin Newsom has declared a state of emergency. In response, the Department of Agriculture is conducting trials with vaccines for poultry and dairy cattle.

<https://www.aol.com/news/more-70-percent-california-dairy-204137611.html>

Also, the Bill Gates Foundation, in collaboration with the Johns Hopkins Center for Health Security and the World Health Organization (WHO), has run a simulation called "Catastrophic Contagion" that predicts a deadly pandemic in 2025. It is worth recalling that they ran a similar simulation immediately before the 2020 COVID-19 and vaccine mass murder campaign.

Furthermore, Gates literally hired a mass-murdering terrorist to head his WHO.

Tedros Adhanom Ghebreyesus, who is not a doctor, was a member of the inner circle of the terrorist Tigray People Liberation Front, one of, if not the, most corrupt, brutal and genocidal regime to take hold on the planet in the last 30 years

.

We hear that a death warrant has been signed for Bill Gates. We would prefer that he be tried publicly for war crimes to make an example of others, but in any case he is now a hunted man.

He has tried to bribe governments around the world to protect himself. That's why the white hats must take away the KM's greatest power: control of money.

As this illustration shows: "You must work the rest of your life for paper money that we create out of thin air and get you to borrow money from us, on which we then charge you interest and taxes."

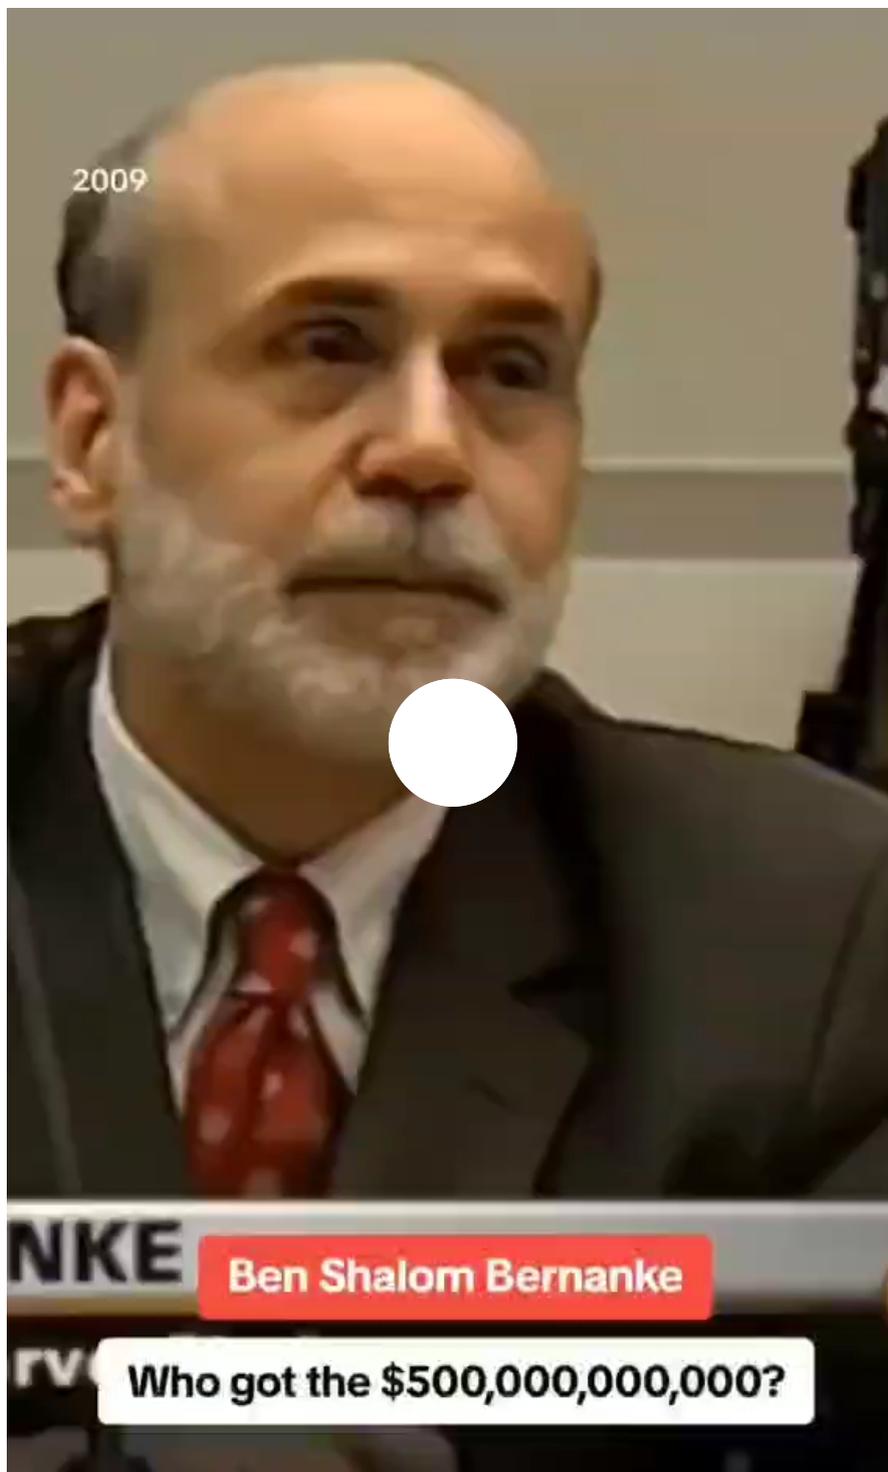

Be the 1%.

you have to work the rest of your life  
for paper money that we create  
out of thin-air and make you borrow  
from us and then charge you  
interest and taxes on.

Fuck  
This

As further proof, here you can see Federal Reserve Chairman Ben Bernank testifying in 2009 that the Fed sent half a trillion dollars to other central banks and that he doesn't know who got it. No one gave the approval and he says he doesn't need approval. During the Covid scamdemic, more than \$10 trillion was created this way.

Let that sink in.

You pay 30% of your check as federal  
income tax

You pay 10% income tax in most states.

You pay an additional 7% in sales tax.

You pay an additional 8% in property tax.

55% of your check is deducted before you even get home from work.

Then they doubled the gasoline prices.

Then they doubled food prices.

Then they doubled the mortgage interest rates.

And then they give away all their money to other countries.

After decades of investigating how these people gained control of the money, it turns out that it is all based on fraudulent bonds from the 1930s backed by a fictitious treasure "somewhere in Asian caves" in collaboration with the controllers of communist China.

Now that they are losing control of the central banks, the KMs are desperately pushing cryptocurrencies. The problem is that people have seen through this scam too. Bitcoin is a case in point. It is now said to be worth countless trillions of dollars, but this is all fake. Bitcoin has three times less adoption and less usage for daily purchases than it did in 2020. Even these were Bitcoin pushers, pumping and dumping Bitcoin over and over again... and not using it for actual purchases... who wants to wait an hour for a transaction to complete? In other words, you can't buy anything with it, so what is it worth? Nothing.

In summary, the battle for control of the world's money will reach a crescendo of sorts around the time Trump takes power on January 20. It might be wise to stock up on basic commodities, because the people behind President Biden may try to shut down US trade. The longshoremen's agreement that has prevented US ports from closing expires on January 15. This is a sign that the US will no longer be able to buy from the rest of the world using Chinese-issued debt. The US should bite the bullet and go cold turkey. The alternative is eternal debt slavery to the Khazarian mafia.
