

## Al Qaeda's War Plan

Al Qaeda and its allies have announced plans to destroy the West through mass immigration and propaganda (Dawa) and by draining the Western economy and morale by drawing welfare and involving the army in long wars.

- Khalid Sheikh Mohammed: Destroy the US Through Immigration and Welfare<sup>1</sup>
- Yusuf Qaradawi: "Occupying Europe and defeating Christianity will become possible with the spread of Islam inside Europe until it becomes strong enough to take over the whole continent."<sup>2</sup>
- Mohamed Akram: "The process of settlement is a 'Civilization-Jihadist Process' with all the word means. The Ikhwan must understand that their work in America is a kind of grand jihad in eliminating and destroying the Western civilization from within."<sup>3</sup>
- Anjem Choudary: "We are on Jihad Seekers Allowance, we take the Jizya which is ours anyway ... We are going to take England — the Muslims are coming."<sup>4</sup>

Al Qaeda affiliated groups in the United States have been seen advancing these goals by using the slogans "Diversity", "Social Justice", and "Islamophobia", by falsely claiming that immigrants are "refugees", by opposing civilian and law enforcement efforts to track terrorist organizations such as CAIR and the Palestinians, by accusing opponents of these goals of affiliation with the Alt Right on the grounds that white supremacists also oppose Al Qaeda, and by demanding that police agencies redirect their efforts towards investigating and disrupting any organization that seeks to stop Al Qaeda.

## Al Qaeda and Big Tech

Amazon, Microsoft, Google, Facebook, and Twitter are part of Tech Against Terrorism run by the UN Counterterrorism Directorate which has posted a message on its Facebook page promoting the UN Alliance of Civilizations, UN Migration, and "#migration, #diversity, social #inclusion, and the prevention of #xenophobia" which is in line with the slogans used to promote Al Qaeda's war plan. The Alliance of Civilizations was co-founded by Recep Tayyip Erdogan who has eradicated Turkey's past secularism and is run by Qatar which supported the Zawahiri faction of Al Qaeda through the government of Mohamed Morsi, which Qatar sponsored.

The Directorate is affiliated with the Pentagon's Highlands Forum through the presence of Linton Wells in the ICT4Peace Foundation.
