

Preview the Shopstr seller workflow before paying.

This free page shows the method behind the paid Shopstr Seller Launch Kit: copy, thumbnail, Nostr promo, listing fields, and fulfillment boundaries built for Shopstr sellers.

What the paid kit does

The paid version is a local browser app. It does not need your keys, accounts, or private data. It helps turn a product idea into a Shopstr-ready listing package.

- Creates buyer-facing listing copy from your product, buyer, price, and deliverables.
- Renders a square product thumbnail you can use on Shopstr.
- Maps your listing into Shopstr/NIP-99 fields like title, summary, price, image, shipping, tags, status, and location.
- Generates Nostr promo posts and DM replies without hype or income claims.
- Includes fulfillment messages for inquiry, paid, delivered, and follow-up states.

Trust checks

Sample listing output

Shopstr Seller Launch Kit

Built for Bitcoin-native sellers, creators, and service providers who want a trustworthy Shopstr listing without figuring out copy, images, Nostr tags, and fulfillment messages from scratch.

Included:

- Local listing builder
- Square thumbnail generator
- NIP-99 / Shopstr field map
- Nostr promo posts and buyer DM replies
- Fulfillment tracker and delivery messages
- Markdown and JSON exports

Digital delivery after payment. No guaranteed sales, no financial advice, and no private account access required.

Why not just ask AI?

Generic AI can write a marketplace description. The paid kit packages the actual Shopstr fields, image rendering, copy boundaries, promo formats, and fulfillment states into a repeatable local workflow.

Included field map

The paid app turns this into an exportable JSON draft.

```
kind: 30402
title: product title
summary: buyer-facing description
price: amount + SAT
location: Online
shipping: N/A, 0, SAT
image: public square thumbnail URL
t: Digital, shopstr, nostr, seller-tools
status: active
```

No earnings guarantee. This is a listing and fulfillment workflow tool, not financial, legal, tax, employment, investment, or business advice.
