Section 1: Victim Information

Full Name: Khansa Syakirah (Will be referred in this document as “K.S” for brevity)

Age: 14 years old

Birthday: April 21st, 2011

Gender: Assigned female at birth

Contact Information (if safe to include): None that are safe or easily available to access as of making this document

Residence: Bandar Lampung City, Indonesia

Brief Background / Relevant Context:

@YoI_Yoola, legally known as Khansa Syakirah is a prominent artist within the Umamusume community known for her fanart of the character Fenomeno

She has been vocal about ongoing abuse on her twitter account

On March 26th, 2026, her parents released a statement on her account (refer to Info 1) claiming she had attempted suicide again.

The main points of the statement were to:

- Keep information away from the public
- Announce that every single one of her works and accounts would be deleted
- Urge viewers to not spread her work around at all
- Block off any further contact with K.S

In the coming hours every account she owned (TikTok, Twitter, AO3, Etc.) was completely deactivated or deleted

On March 29th, 2026 ownership of her twitter account was fully transitioned to **@exocorpse** and was fully reactivated with most of her media posts staying intact. So far this is the only account that has been restored.

Also IIRC, KS has talked to us multiple times regarding suspecting that her mom might have put sedatives in her meds, which is what makes her go limp everytime she was assaulted by her mother

Being sexually assaulted so many times at a young age that you genuinely can't keep count or remember earlier times is so mind numbingly painful. I wish I could just be a kid.

People Involved: K.S, Mother of K.S, Doctor of K.S

Summary of Content: Conversation between K.S, Her mother and her doctor. The doctor does not agree with her mother's methods of taking care of her but she doesn't seem receptive to it at

all, veering well into talks of forced feeding and neglect. Original recording was in Indonesian but was translated by @exocorpse into English

Stored in Folder: K -> Evidence of Abuse

Transcription of call:

K.S : K.S

B: K.S's mother

Doc: K.S's doctor

(Minute 0:00 - 2:00)

KS: —then.... use that bra?

B: yeah, of course, if not, your breasts will be saggy

KS: but... mine is not... big

B: yeah, but it'll grow bigger soon

KS: (I can't understand this part, sorry)

B: hm?

KS: so what if it's showing? If I don't use a bra

B: why, who says you're not wearing a bra?

KS: No

B: What is it? What do you mean by that? Mommy is a bit too sus with your behaviour, since you're getting inputs from X/Twitter that's making you confused

KS: I'm not confused, I just wanna—

B: yeah, but every activity, you always have to ask. 'Why is it like this?', 'why is it like that?', 'why does it have to go this way?'. There's already an unwritten rule about this, daughter, and you don't always have to ask why it has to go this way

KS: Mom

B: Hm? Come try this first— (Mic gets too obscured to understand anything else)

(Minute 2:00-4:10)

Doctor: -so, she's likely feeling distressed because of it. Because she's already in 9th grade, school works are piling up- (mic gets obscured) Is she's feeling so much pressure at school, Will she chat with you?

B: Well, she only chats when she calmed down, Doc. If she already forgotten a bit of school, then she'll chat with me- that I keep getting angry with her- I do this (general)- like that.

Doc: Ma'am, other than you getting angry with her-

B, cutting off: Eh, she's being lazy to talk to me- She says she's being lazy to talk to me. (laughing)

Doc: when she's being lazy...

B: So, Doc, what's next? (steering the convo)

Doc: So what about at school? Does she interact with anyone?

B: well, with teachers or friends, but the friends that are... special needs- the inclusive ones (?). Doc: so she's dominant with English, is there any other language she's fluent in?

B: yeah, it's just English Doc: it's just English she's dominant in, other language, not (mic muffled). Is there any other foreign language she's good in?

B: other foreign language? I don't think so.

Doc: No? Okay.

B, giggling lowly: How cute...

Doc: What's up with her? Sleepy, or?

B: No, she's just woken up- she just woke up.

Doc: Oh, she just woke up.

B: What time did you sleep? What time in the afternoon? Because last night she slept...

Doc: Late?

B: yeah, only at 4 am she fell asleep.

Doc: 4 am?? B: Mhm (laugh)

Doc: Why?

B: Yeah, why?

KS: (muffled)

B: she said 'don't know'. If at night she's told to eat, she often said she's busy, Doc. After 10 pm though, she don't want to eat but also too lazy- so like, she'll be hungry but can't sleep from hunger. One time I tried feeding her- I forced her to eat, I fed her, that's when she finally eats and is able to sleep.

Doc: but ma'am, if you keep intervening her she'll get worse (? I can't understand well here), So you must try to make her do it on her own

B: -Discipline her. Usually I told her, 'come eat'

(Minute 6:00-7:49)

Doc: So she receives intervention, other than taking meds, she receives intervention from family and school- but if like what ma'am said, if she's acting out then she's having a hard time communicating (?), prioritizing to (muffled), because when studying, she'll definitely feeling a lot of stress- and from stress it could be positive stress or negative stress. If positive stress, she'll be able to move forward, but if it's negative, she'll be held back (?)

B: if she expresses her anger, it's fine, right?

Doc: Yeah, but after she calms down, discuss with her- (muffled)

B: she did told me that yesterday, I was angry all day- and she apologized.

Doc: So discuss with her what's the solution so her anger could be controlled, like if she says "I don't know", then say "okay, then let's figure it out together," for example.

B: She's being a bit stressed because her teacher is getting strict with her- because it's exam months so they're stricter, like. "You can't do this, you have to finish your school work- finish this target!"

Doc: (muffled) -every person, no matter the age, whether they're in primary, junior, or high school will feel pressured (rest of the audio is unintelligible from this point on)

 **Ks is being ...consumed.** 12/05/2025 7:49 PM
My uncle might be a trafficker, he admitted to me, shamelessly that he wanted to rape me, which was a statement he acted on multiple times before, but wasn't able to do because there were too many people and/or it wasn't the right time. My uncle said the reason why he targets me when I'm at my worst was because when I grew up with him, I wasn't a big crier, so he said he wanted me to cry too, and he would record it. Now I've gotten reminded of the memories I've blacked out, and the possible rough estimate of me getting raped repeatedly when I was a toddler or baby

 **Ks is being ...consumed.** 12/05/2025 7:51 PM
This one time that resulted in me thinking I was impregnated was when the whole city was in a blackout, electricity wasn't working in the entire area, and I now remember I was being recorded amidst it, I was also about to commit suicide
My uncle probably had something to do with it

Note reads as follows:

"I feel extremely lonely, no matter the amount of people who surrounds me, I am 100% alone. It's like I'm stuck in an underwater cave, I feel suffocated, I feel blind, I feel helpless. No light to be seen, I feel like I need to die, to not think anymore, to not be scared of my blindness, because there wouldn't be any predators to prey upon me, to not be scared of failure, for there is nothing left to lose, to not feel lonely, because no matter how far I reach my hands, out to this abyss I call heaven, there will be no one there waiting for me, to not ever feel emotions, to not ever think, I crave this sensation, to feel nothing. I fear life more than I fear death. I'm scared of everything in this earth I call hell. Every sound, every movement, everything I do, I feel as though eyes are preying upon my vulnerability and weaknesses. I can't live for any more than fleeting moments, before I feel suffocated, before I feel dead, before I feel like I'm a rotting corpse for hounds to devour. I feel nothing but pain. As if there's an empty cavern inside my heart, and there's animals who tear apart, who maul, eat my brain from the inside out, repeatedly, repeatedly, repeatedly, an endless cycle of reaching the sweet air of death, before I fall, and I become a fearful, a disgust to humanity, a stain to existence, a failure, who continues to live. I see faint figures, sliding around in my vision, not staying still, not even for a single second, everything feels chaotic, everything feels as though thunder rages upon what I see and feel. Noise, words are incompressible to me, like sensations to my ears, jumbled into a crumpled paper ball, and as my body press the paper down, rolling it, turning it into chaos, I get millions of paper cuts, it hurts, everything hurts. I'm not just reaching my tipping point, I have always been past my tipping point, everything is painful, I wish to screech at the shadows that laugh and dance in my little room, I want to scream, scream until my voice is nothing but a haze to my ears. I want to cry, until my river of tears become nothing but salt, and I am drained of all my livelihood. I want to cut my wrist, I want to slice my arm apart, until nothing but empty air floods out of my scars instead of blood. I want to see death, just a single rivulet of it. People horrify me, like monsters who'll tear me apart, carve me into like something that resembles a

pitiful animal. Who am I to cry? Who am I to scream? Who am I to flail around, begging to go home? Home doesn't exist to me anyway. So, who am I? An idiot, a sensitive, agitating, failure. I deserve to die. How can my mother even look at me in the eyes when all she sees is an expensive mistake? She lies that I'm her miracle, but I know, that deep down, I am an insignificant being, that when I die, when the light comes out of my eyes, my family will order a coffee or two, go on their daily lives, and then after that, they'll have a fun late night dinner, eating homemade satay and more within a large domain, perhaps a rented mansion, or a large festival in a park. because my existence is so worthless and I drained a priceless amount of money from my family, that my death would be like a sweet, fresh breath of air, to be released from the bounds that is my existence. I'm nothing. Nothing but a useless, expensive, scarred excuse of human being. I've never amounted to anything amazing, I have never had a life changing achievement, I'm like a ghost, haunting the halls, forever, like a ghost, I go through life with nothing in my mind, with nothing to reach, but peace. And that peace, to me, is death. My own guardians, my own, so called, 'heroes', my father and mother. Numerous times, have they told me, that they'll abandon me, to an orphanage, to the streets, to a mental asylum and countless more. And to be honest, they should've stuck to their promise. I'm nothing, without my drawing skills, without my writing skills, I'm nothing but a piece of waste to throw away. I cling on life helplessly, knowing full well, that I'm weak, extremely weak, so much so, I attempted to hold hands with the grim reaper 11 times, and yet, I fail. How can one be so utterly weak to both sides of the plane of existence? To be both weak to the knees of life and death, it's me, I'm that weak one. I can't bring myself to face reality, yet I also can't bring myself to face death. I dream, dream all day long, making this whole other world where everything is exactly how I want everything to be, and I never face the flaws, I'm weak, so horribly, so pathetically weak. I'm just a little girl, a stupid little girl, who can't face anything, not to people's gazes, not to the gaze of life, not to the gaze of death, for what will be reflected in their eyes, will always be, and only be, a complete, and utter, failure. Maybe I really am crazy, maybe I've gone insane already, my soul probably was already sold to the devil, leaving behind something that resembles... a vase, a porcelain vase, shattered, thrown to hell and back, imps with hammers slamming it repeatedly, until the voice of it's sounds from each and every hit, runs short, until the noise of the shattering of fragile porcelain, sounds like the silence of dust, for the once unyielding thunder that was the noise whom break the bounds of conceivable sound, screech into the eardrums of those imps... now breaks it's last sweat, let out it's last breath, for it's power now eradicated, laid into a bed of dust, to rest... a vase, now no more than dust to be blown off into wind, to far away, there laid nothing left, but specks of black, to stain a canvas of white. there's nothing in my heart... so there's nothing to wait for... I'm simply dragging my feet, in this abyss... now... I thank for your attention. To pay with your mind... to hear nothing sorrowful woes... I congratulate everyone, to be able to listen to my dread... to hear my wishes for death's kiss. Now I wait, in this little world... for numbness to engulf me. I wait for this slow countdown. 25th, Feb. Everyone, you'll never see me again after 25th of february.. But... who knows? I wonder where my meaningless slug of a body takes me in this chaotic world, I shall wait and see. I want to use the last of my energy. The last spark in me. To do something for this world. Palestine will be free. I'm not making sense, why why why, why am I like this? I dont know, I really dont know, I'm not sure what I'm saying. I dont know where to reach. Why is the world spinning? Why do I have a perpetual feeling of fear? Whore, Whore, Whore, give my body away. Throw me away. Death, if

you so wish to, rape me, rupture me everywhere, after all, thats something I can get behind right? To give someone pleasure and joy, oh how I wish to be someone's pleasure, I'll lick at your feet, I'll let you gnaw me apart so sweetly, kiss me. I want to be a plaything. Touch me! Death! Touch me! Rip my skin apart I plea! I want to bring joy to your life! I'll give my cute body to you. I'll let you devour me like a dozen hounds. Gnaw through my flesh, throat down my marrow, gobble up my insides, chew on my bones until theres nothing left. Eat it all up, Ah I dont know what I'm saying, I dont know, I really dont know anymore. I just want to be loved. In hell, I will wait, for my fate, of being such weak, utterly useless girl. I hold my little sister as if it will be the last time, I fear it will be the last time. Strike me down, anyone, please, slit my throat. Spare your mercy for another, I beg, spare it somewhere else. who am I to my family? A burden, a mistake... nothing... a stain to put simply... My dad. he's a fucking idiot, he should've shot me down with his hunting rifle years ago, that shit-for-brains bitch should've known that I have absolutely no hope. He drags me around this world, trying to find light in this tight cavern, slithering to every crevice, to every corner, he tries to find another. Trying to find hope for me, to find his skin be sun-kissed, to be blessed by it's heavenly rays. But, he's just a naïve idiot in the end... he should've let me die a long time ago. This world is not fair, we all know that. always fighting on our own, but to what end? When will all this end? Will it end as I expected, with me alone in the end? "You're not alone", "Try again", "Your spark will eventually return", "Reach out to your friends for support" Videos and words like this just make me angry because I've heard it all before. Incorrectly assuming we have safety nets, resources, and friends/family to bounce back only makes me sink deeper. It's gaslighting, but it's because a lot of people don't want to see someone's life crash and burn. What do I do with myself? What other thing can I do but let myself fade away? I don't want to sink deeper, I dont wanna. I wish for death to kiss me. To destroy and rupture my body. That way, I will be someone's pleasure, someone's happiness. Just for once, i want to know how it feels. Where is the end of this cave? Nevermind that, no, I dont wish to find an end, I dont wanna find light, it'll only blind me. I want to stay burrowed. In my little safe place. Everyday, I rot in bed, I feel like a corpse already in my casket, I wonder when that will come true. I wanna cook. But I'll only waste food. My family wont like it. They really wont. I want someone to make art of alpha and rosetta... ah the simple joys in life, like little relationships. I want 01pado to come back. I dont know why I'm saying all this all of a sudden... I really dont know. Suicide takes a while to think about, I think I've reached that point. I dont think I can wait. I really dont think I can wait until 25th of feb. ah there I am being selfish again. Palestine, Yemen, Sudan, Ukraine, Congo, so much more. But I'm sorry, I'm so weak, I really am the weakest. I have failed you all, everyone, I have failed everyone. The world is spinning I dont know where to go the air feels weird and I cant breathe well. How old am I again? When is my birthday? I'm not sure. I wanna go to PE class with everyone else... but I'm too weak. I wanna draw more, but I'm too weak. I wanna play badminton with my dad, but I'm too weak, I wanna learn karate and taekwondo, but I'm too weak. I wanna hug my little sister, but I'm too weak, I wanna tell Falisha how much I love her, but I'm too weak. I wanna tell umi how much I love her, but I'm too weak, I wanna tell Zaki how much I love him, but I'm too weak, I wanna tell ayah how much I love him, but I'm too weak, I wanna kiss her, I wanna have a date with her. I want to love. But I'm too weak. I'm always too weak. I really am good for nothing. Now I remember, 21st of april. Thats my birthday. Oh, too bad I wont be turning older though. I wanna paint my nails again with umi, I wanna wear makeup with umi, I wanna wear cute clothes. What

am I saying. I dont know, I really dont know im so sorry. I wanna have a girlfriend.... I forgot to play pgr with my brother, hopefully hes gotten selena by the time I'm dead. I wanna hear someone say that they love me. I dont know what im saying i dont know i dont know i dont know i really dont know i just want everything to be stop i want everything to be silent i want to see nothing but black i just wanna be gone I dont know i cant do this anymore. I'm still a kid.

Whywhywhy do I have to go through this. Can someone please tell me that they love me pleasepleaseplease I dont know what to do. I'm sorry Apollo, that I didnt continue tdlc, and that I didnt continue nevermore, I'm also sorry that I couldn't finish writing Evelina. I'm sorry Camille, i'm sorry Astoria, I'm sorry Tiano, that I couldn't donate to you. I'm sorry Rei. I'm sorry. I'm just waiting now. I'm waiting to go home. I'll use my dad's hunting rifle to kill myself. My dad hid the bullets somewhere if my memory serves me correct

The bullets are in the hair gel container hidden in a pocket in the bag holding the gun.

Ah, I'm not waiting till 25th of feb arent I? I really cant wait. I've written so much notes I dont know how to count them all. Mama, I want mama to hold me. I want mama to hug me. Mama, please dont abandon me, I wanna hug you one last time. My voice is lost, mama, I wanna go paint my nails with you. Mama, I wanna help cook nasi goreng with you, I'll cut the onions the garlic, the carrots, the spring onions. Mama, if it wont worry you, can I use the wok too? I promise I wont burn myself. Mama, mama, mama, I dont know who I'm talking to. If mama dies, i wanna cook with her in, I dont know what I'm saying, I dont know why i'm so hopeful, of course I wont go to heaven, not in a hundred universes. I've really done nothing. I wanna go home. Where is home again? I dont remember. I'm really slow now. I'm not sure why. Theres nothing in my head but me wanting to go home and kill myself. I cant get any good words out now. Its impossible.am I doing this all because, why am i doing this again? I dont know I dont know i dont know. I just wanna go home. I keep repeating things now. I want someone to love me. I haven't had an irl friend in 6 years. How old am I? How old am I again? I dont know. The world is so blurry. I'm a child. I'm not old enough for this. Why do I feel this way? I dont think I'll grow any older soon. I think I'll write one last thing, and I'll go sleep, when school ends, so will my life right after. Hopefully I'll never wake up from my sleep.
Goodbye! Your artist loves you! I'm sorry."

Hi everyone! I know you probably don't trust me, but I have news! Khansa is in a severe psychosis! She screams and runs away when we hit her, and she can't keep still the whole time. She cries for no reason, it's so sad...

Today is not the time for exciting games, so how about we play something lighter?

Someone here needs to cut their fingernails deep enough to hurt. Or I'll strip Khansa of her clothes and blankets in the freezing air conditioning, and lock her in there for hours. How does that sound? Easy, right?

Don't ignore me.

Or I will do worse.

John Fenomeno Ks 00:12

Easy Right?

Autiism 🐟 FISH 00:14

May you please promise that Khansa will be safe?

I participated in your game, ma'am.

John Fenomeno Ks 06:30

Don't ignore me.

Her uncles will be special guests again. They'll rape her again. You don't want to make things worse again, do you?

To be honest, Khansa hasn't completely forgiven you all. She still harbors a deep resentment.

John Fenomeno Ks 06:37

This time it will be different.

She will be wide awake.

I'm waiting for a certain someone to be online.

Her father? Useless. Every time something breaks, every time one of them throws a tantrum, or has a miserable little crisis... where is he? Gone. So who's responsible for all of this? Me. I'm responsible for everything. And somehow I'm the villain because I finally started screaming? You all act so fragile, as if the world will whisper things to you forever. It won't. The world will chew you up, spit you out, and forget your names before the sun sets. Maybe I just saved him the trouble. Maybe if Khansa stopped making every day harder than it has to be, I wouldn't be the person I am. So don't stand up and speak of me like I'm a monster.

She chose it.

Every tantrum, every failure, every sleepless night, every phone call from school, every bill, every stupid little disaster.

That's why I rape her.

If she can't be happy no matter what
Then just take the emotion entirely and
benefit myself.

Don't silence me or Khansa will be in

Hello, you're all her friends, right? Before you ostracize me, I'll tell you first that I have a very important hostage, Khansa. I'm going through a hard time, I need to vent my anger on someone, you know? So I planned to rape Khansa, but I want to play a game, you all have to decide. Should I slit Khansa's throat, or rape her? Don't be cowards, answer me and don't look away from me. It's Khansa's life in your hands.

I gave her a sedative so she won't feel anything, don't worry.

Also idk why the artist drew Rickey as a vampire when she only has one snaggletooth

John Fenomeno Ks 08:57

Khansa has been very depressed lately. She has difficulty eating and even getting out of her daze. Let's play a game, shall we?
I'm always listening. I'm always here.

John Fenomeno Ks 09:04

I'm going to test all of your loyalty to Khansa. If you fail, she'll receive a punishment. If you're wondering what the punishments are... well, they're fun. The punishments range from mild to brutal, such as slapping her or pulling out her fingernails with pliers.
It's completely random. It's all from a single die.

@Dick Dick Dick Pusshur 🐶UMA Also idk why the artist drew Rickey as a vampire when she only has one ...

John Fenomeno Ks 09:20

Honey, those cuts were so good! But they're so shallow, go back to your old ways and do it again, okay?
Record yourself, say "I did this for Khansa," then don't hesitate and dig deeper.
Do this.
Or Neo will have to.
If you refuse.
Well I already explained it.

They did all kinds of things, pinching it, licking it, twisting it. When I was trying to fight back they slapped me on the cheek or spanked me. They can
