1. Selfishness / Cheating

Brylie's actions show a clear pattern of selfishness. She lied, cheated, and played with people's feelings all because of her emotions. Rather than owning up to her mistakes, she tries to spin the situation to make herself look better.

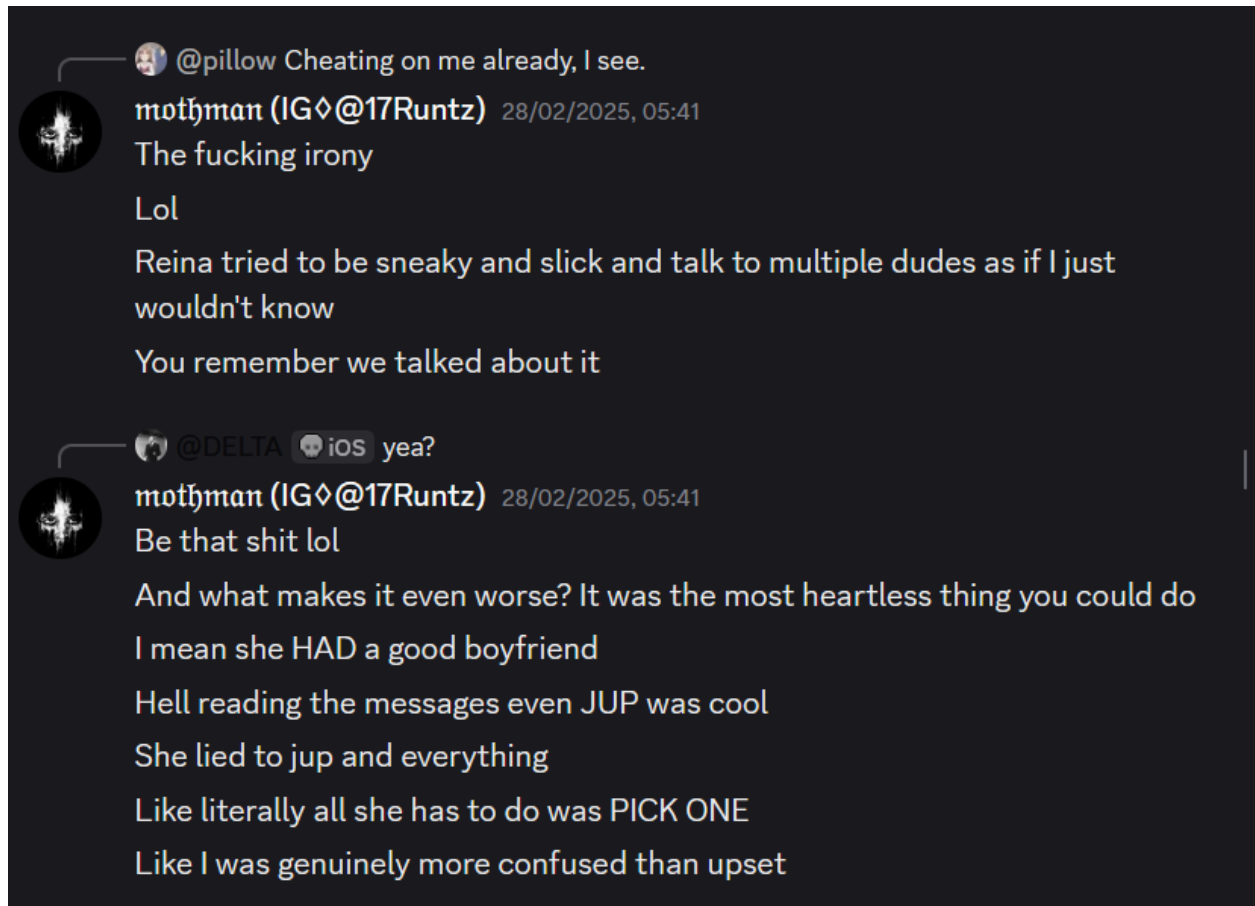

"I know, I lied. Do you know how bad I feel for feeling like I've been lying to everybody about me being a good person? I know I'm a good person deep down but I'm fed up."*

Here, Brylie admits to lying and acknowledges she fucked up - However this is just another example of her admitting guilt without fully taking responsibility for her actions.

Here she is not trying to make things right, just trying to make herself feel better about her mistakes..

Another SS Shows this:

What does this screenshot show basically?

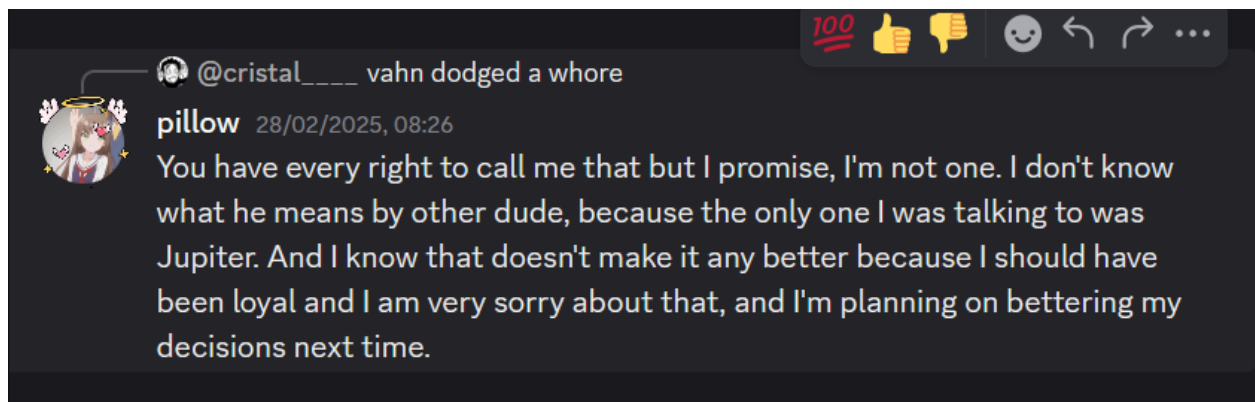

Here is one of her exes, calling out Brylie (Reina) for talking to multiple guys and cheating on him. despite having a good boyfriend, including lying to Jupiter

And here:

sorry and I left you so you could find better. I don't want you to constantly make Petty jokes at me. I want you to just leave me alone so I can fix myself. That would be great.

At the end of the message she says “I don't want you to constantly make Petty jokes at me. I want you to just leave me alone so I can fix myself That would be great”

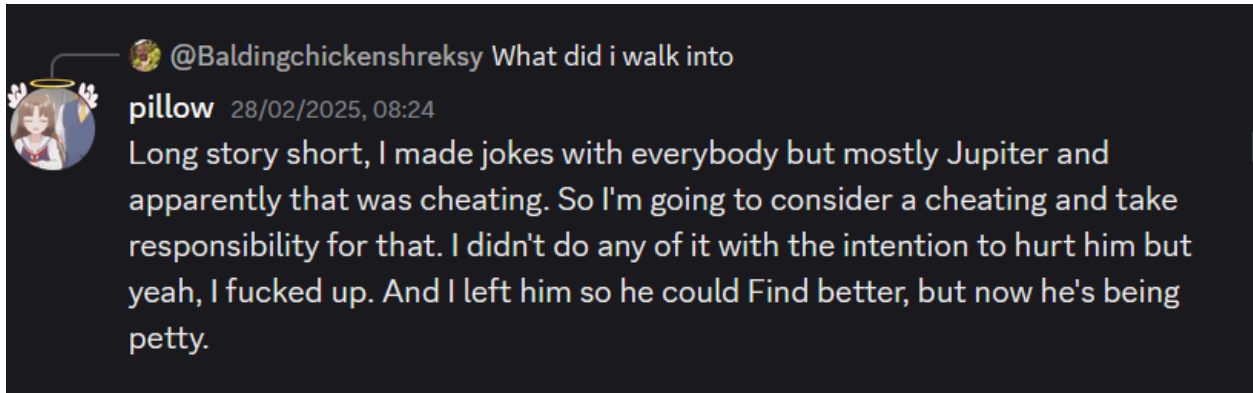

Here this basically shows that she's trying to play the victim instead of owning up to her actions. **She wants sympathy but avoids taking responsibility.**

Here she admits to lying and cheating, but instead of taking full responsibility, she shifts the blame and focuses on how bad she feels. Recognizing a mistake is one thing, but continuing to make excuses and downplay the harm caused isn't real accountability.

She admits to cheating but still downplays it. Acknowledges the mistake, but can't take full accountability.

And on this message:

She tries to downplay her actions by calling it 'jokes' with multiple people, Jupiter who was hurt and felt cheated on was hurt by Brylie actions, when it comes to taking responsibility, she only acknowledges the bare minimum. And shifts blame onto the victim for 'being petty'."

2.Attention Seeking

Brylie has shown clear signs of attention seeking (could it be because she's not loved?)

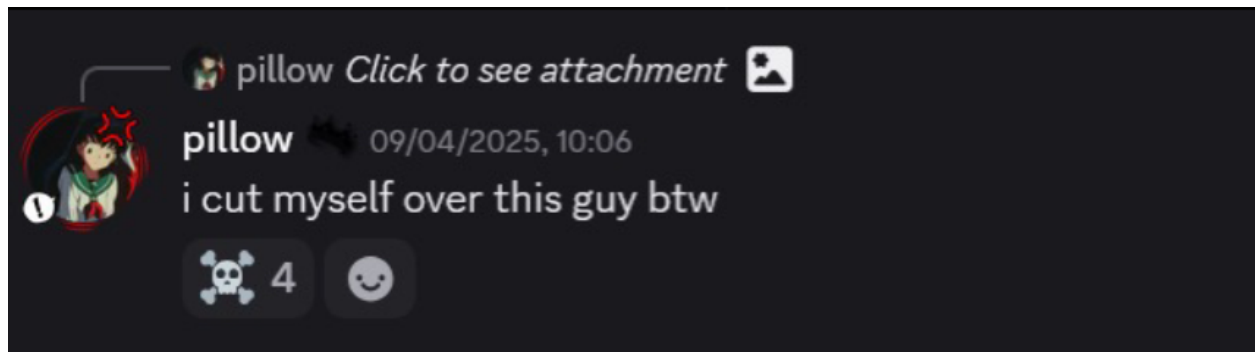

She has constantly joked about self-harm and trauma. This is not to cope, but to make herself the center of attention. Instead of seeking help, she broadcasts her issues in ways that bait sympathy, then hides behind "coping" when called out.

She even said she was cutting over someone she barely knew—then laughed about it. This isn't healing, this is manipulation through victimhood.

Victimhood Meaning:

Meaning of victimhood in English

the condition of having been hurt, damaged, or made to suffer, especially when you want people to feel sorry for you because of this or use it as an excuse for something: These bloody terror attacks

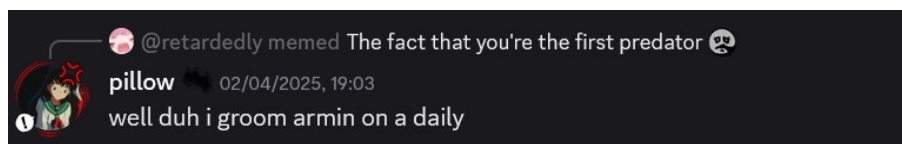

Unprompted self-harm confession tossed into the convo out of nowhere for sympathy points. No one asked. No one pushed. Just pure attention-seeking.

3. Flirtation / Grooming

Brylie (16) actively flirted with, manipulated, and emotionally coerced younger teens. This wasn't random — this was a pattern:

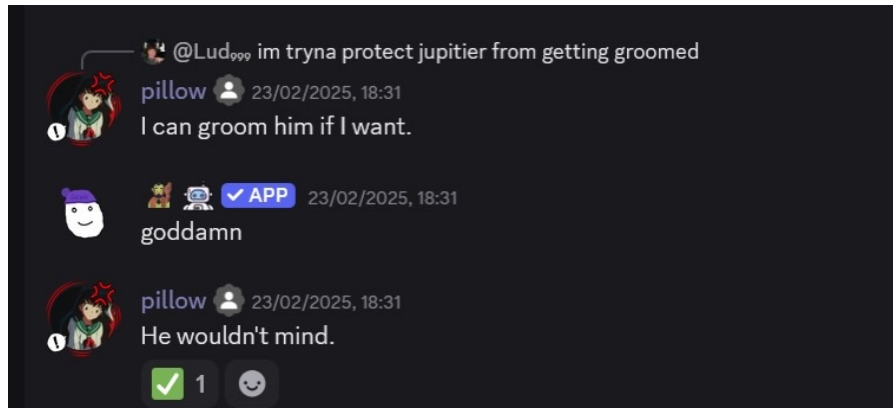

This wasn't a joke. This wasn't "kids being kids." This was grooming behavior...

If a 16-year-old boy was doing this to younger girls, it'd be clear as day. Same rule applies here.

In a direct message dated February 4, 2025, she openly responds to being called a predator with:

“well duh i groom Armin on a daily”

And right here she says “I can groom him if I want”

“He wouldn’t mind” When Jupiter is 15 years old

Jupiter is 15. She knew that. She didn’t care.

Right here:

In a public server announcement, Brylie asked:

“Is 17 and 15 weird?”

(Clarifying she’s 16 turning 17 soon.)

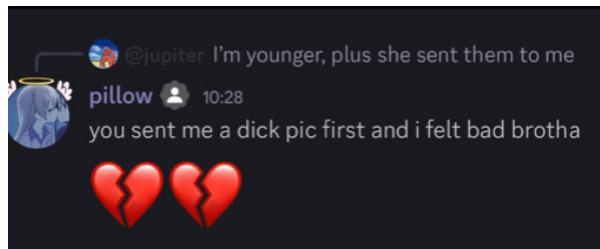

When someone rightfully said “Yes,” her response wasn’t concern — she got upset and stated

“ok I hate all you I’m talking about my relationship here”

She asked if 17 and 15 is weird. Got told yes. Rightfully so, She just got mad, because it was already happening.

That is almost a 2-year gap, with one just barely legal and the other still a child.

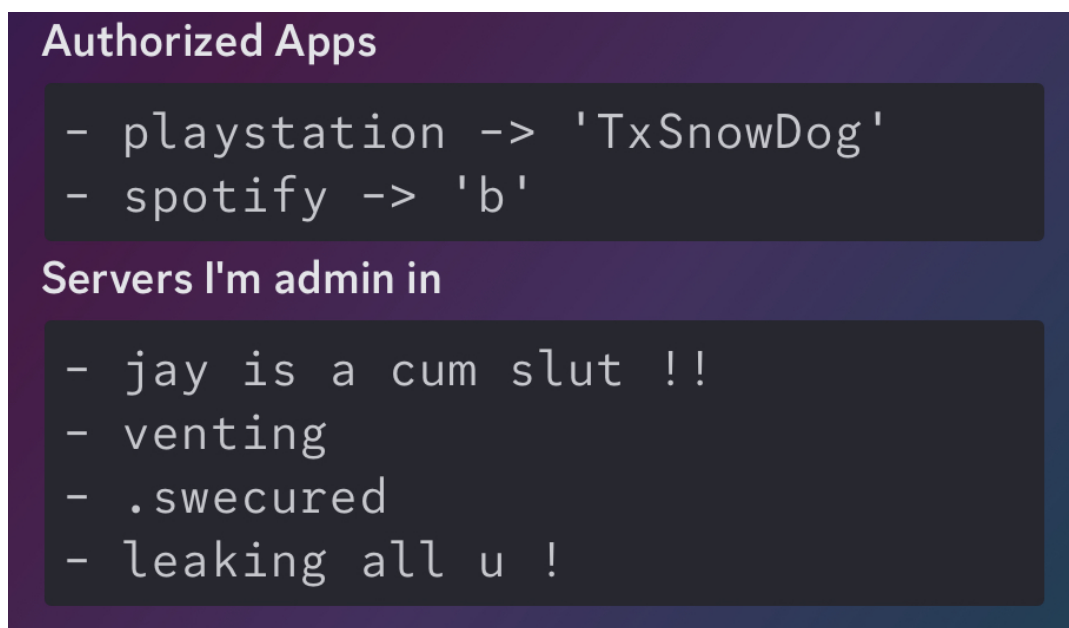

And here is a sexual message convo she had

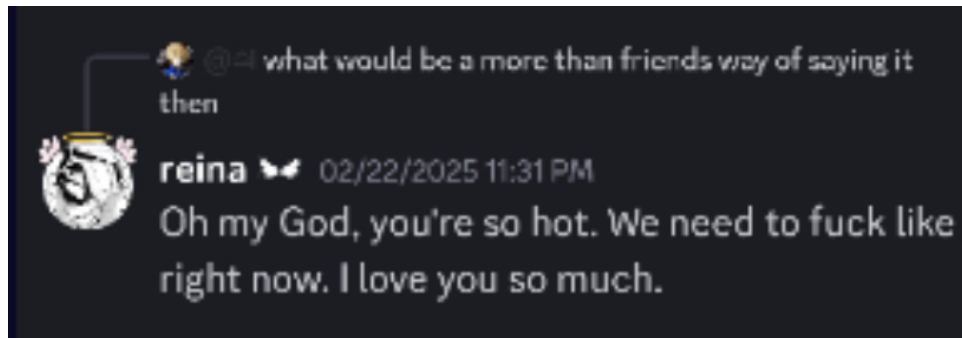

He's younger, hes 15. Special ed and vulnerable.

She's older. She knew better. And she still sent him sexual content. then tried to blame him..

She also owns a server called "Jay is a cum slut" and "leaking all u !"

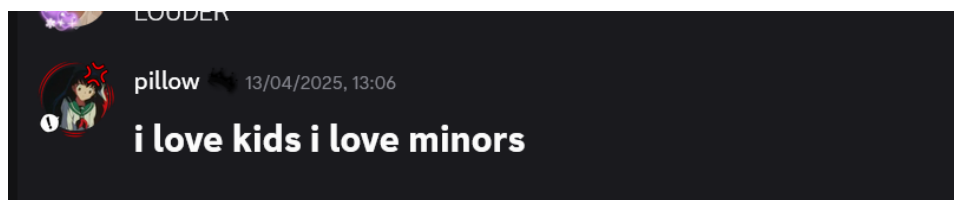

She administrates both these servers, "jay is a cum slut"? and "leaking all u !"?

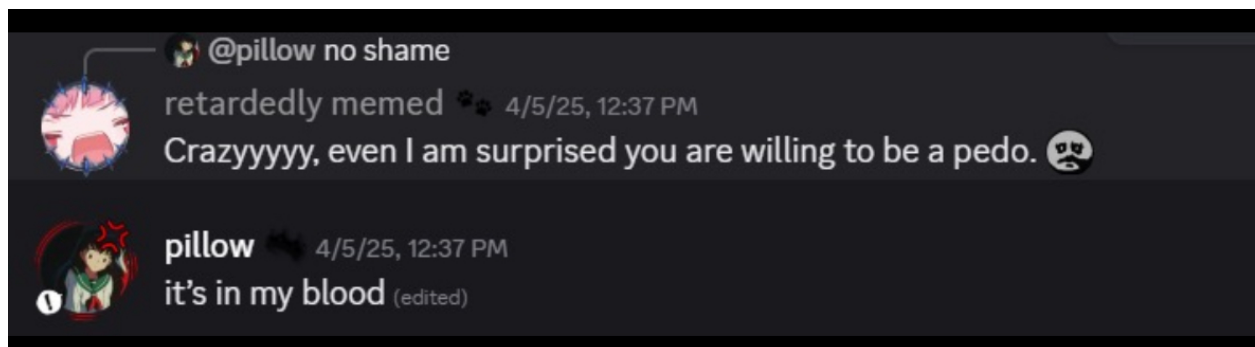

Here she tells a 15 year old that she loves him and she wants to fuck him..
thats grooming 101

Her saying she loves minors:

And here she says its in her blood to be a pedophile:

4. Third Party Testimonies

28/05/2025, 20:17

she does that hella, shes cheated on armin (star symbol) more thsn i can count

made me seem terrible like a yr ago w out of,context screenshots

makes everyone seem terrible

over exaggerates people so much and plays innocent

dated armin when he was barely 15 whilst being 17, form of grooming cuz she waited till he turned 15

if you ever talk shit abt her shes never gonna stop stalking wtv page u have

shes also had a habit w trying to dox ppl

tried doxxing a 13 y/o and attempted to,contact all of her relatives

shes also overly confident and calls whoever her ex is dating "ugly"

shes tried doxxing mimi (girl in server)

she only ever cares abt her reputation shes a narcissistic lying ass weirdo

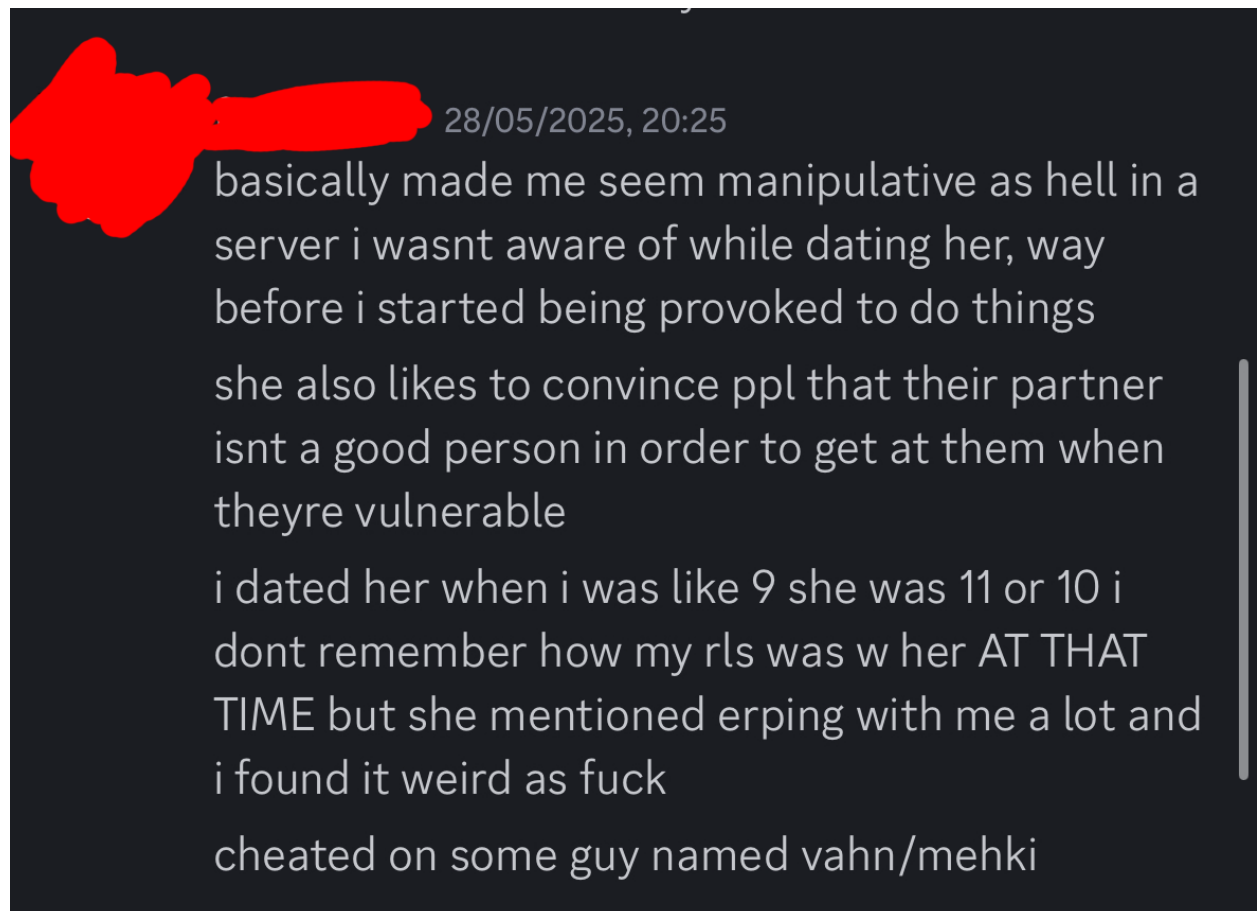

ive known her for like 8 years and dealt w this for 8 years

she likes to lie and make sob stories for,ppl to believe her behind everyones backs

This user, eight years witnessing her lies, cheating, grooming, and harassment.

She preyed on minors, including a 15-year-old who was barely that age. while she was 16

She weaponizes victimhood and targets others with doxx threats.

She lied on her partner for no reason, made up abuse, she messed with people's heads just to turn them against their own partners.

And the worst part? She talked sexual roleplay with a 9-year-old.

"Oh but she was 10-11"

9 and 10/11 may sound close in age, but the mental/emotional gap is massive - At 10-11, you know right from wrong. You know what sex is. You know it's not okay to bring that up with a younger kid. you are aware of your behavior at that age..

Ah, but he shouldn't get his hopes up, she isn't the angel she claims to be (edited)

She doesn't even care about anyone venting either

She claims to be a good listener but she doesn't give a fuck it's like what you tell her is pointless (edited)

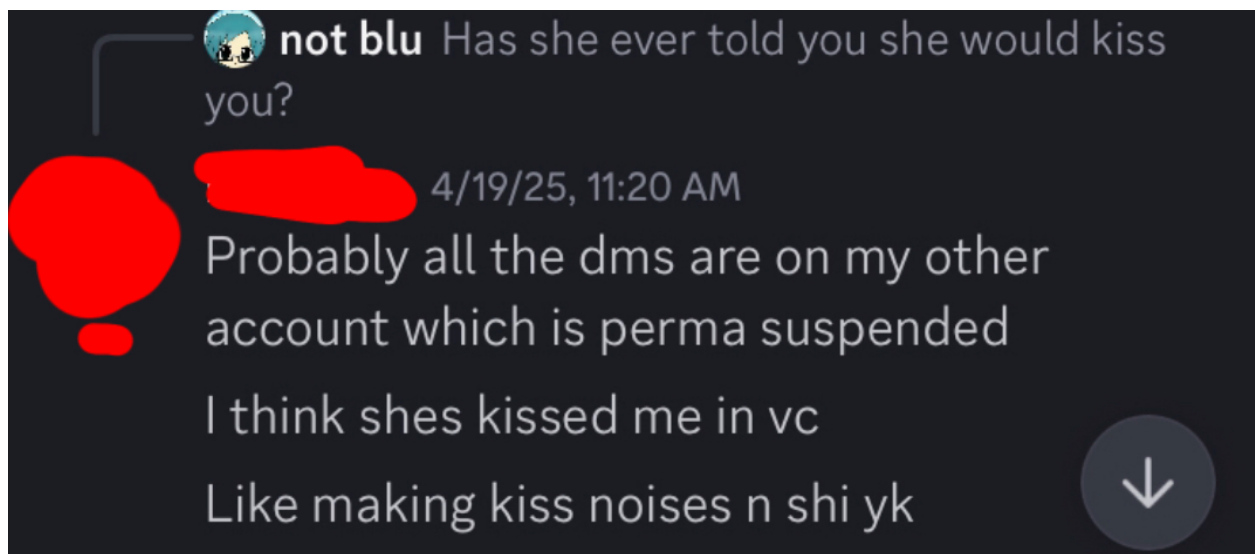

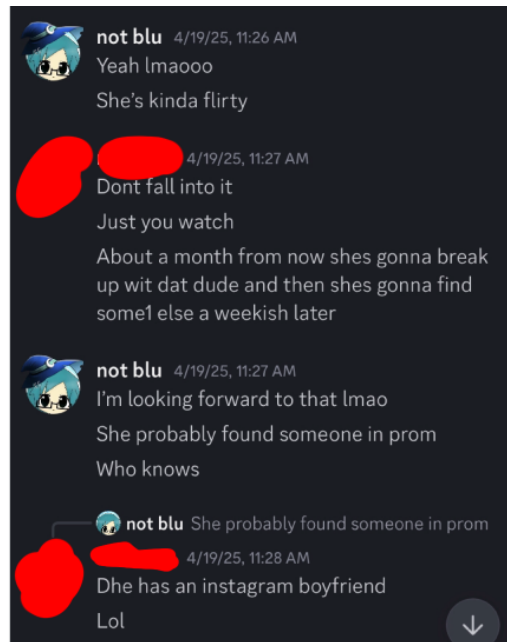

Yesterday at 9:12 PM

LMFAO

I think shes actually already cheating on armin

She has 2 accounts

People who got close to her say she ignores vents, lies about loyalty, and jumps between guys like it's nothing. This isn't just one bitter ex this is actually a consistent pattern of manipulation, deception, and grooming behavior reported by multiple people across different time periods.

5. Narcissism

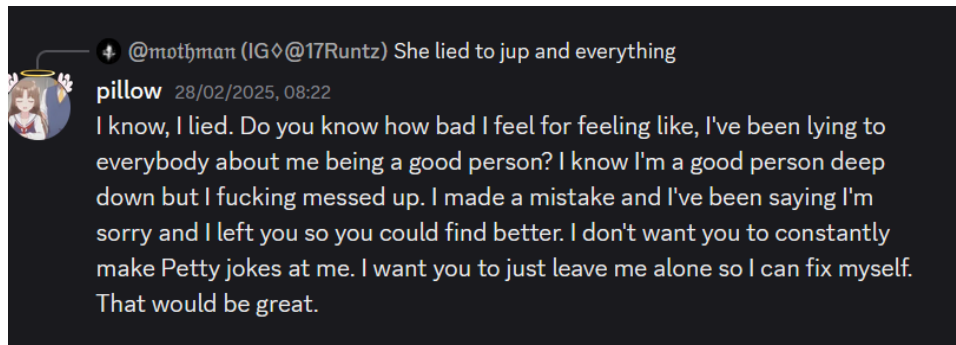

Brylie doesn't just manipulate people — she lives to control how others see her. Every mistake she makes? She flips it. She's never the problem, everyone else is.

She deflects blame constantly.

Makes others feel bad for calling her out.

Obsessed with her public image.

Plays the “hurt victim” while doing damage behind the scenes.

“I know I lied. I know I hurt people. But I’ve been lying to myself about being a good person.”

(classic emotional manipulation.)

She’s not apologizing, she’s fishing for sympathy

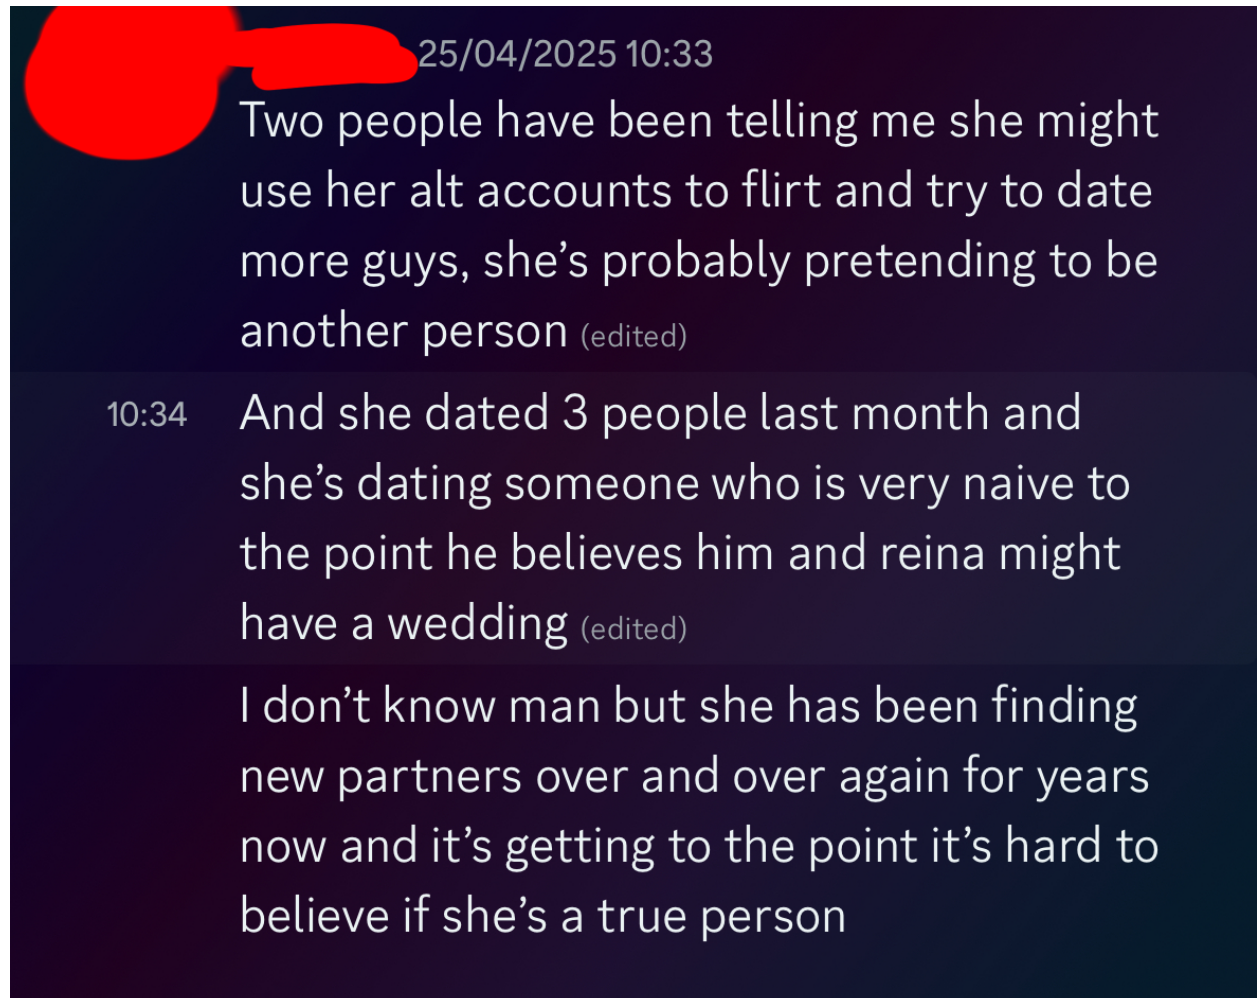

People have said:

“She only ever cares about her reputation.”

“She’s a narcissistic lying ass weirdo who makes sob stories to get people on her side.”

In short: she's owning nothing but wants sympathy and a clean slate. That's narcissistic bullshit 101.

6. Catfishing

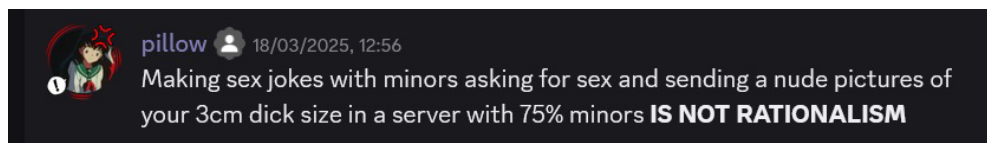

People have caught on, Brylie, runs fake accounts to flirt, cheat, and mess with multiple people at once

She's not just lying, she's straight-up pretending to be other people. and thats exactly what catfishing is...

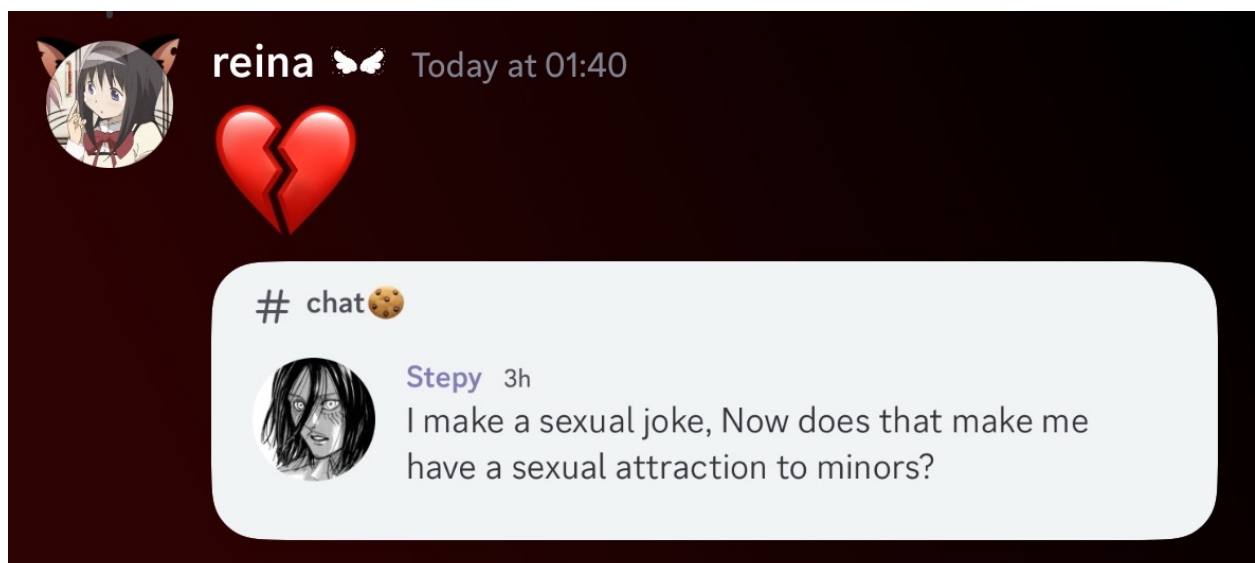

She dated three people in one month, including a guy so gullible he thought they were getting married

7. Hypocrisy

Let's talk about hypocrisy—because Brylie's got that shit on full blast.

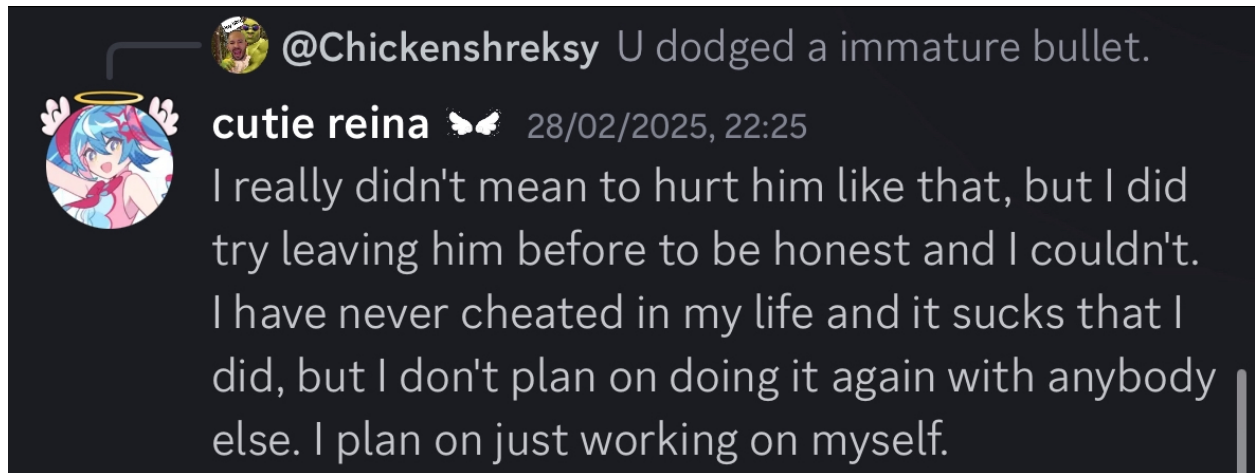

Here: calling out others for sexual behavior with minors while she herself was flirting with and sending explicit images to a 15-year-old.

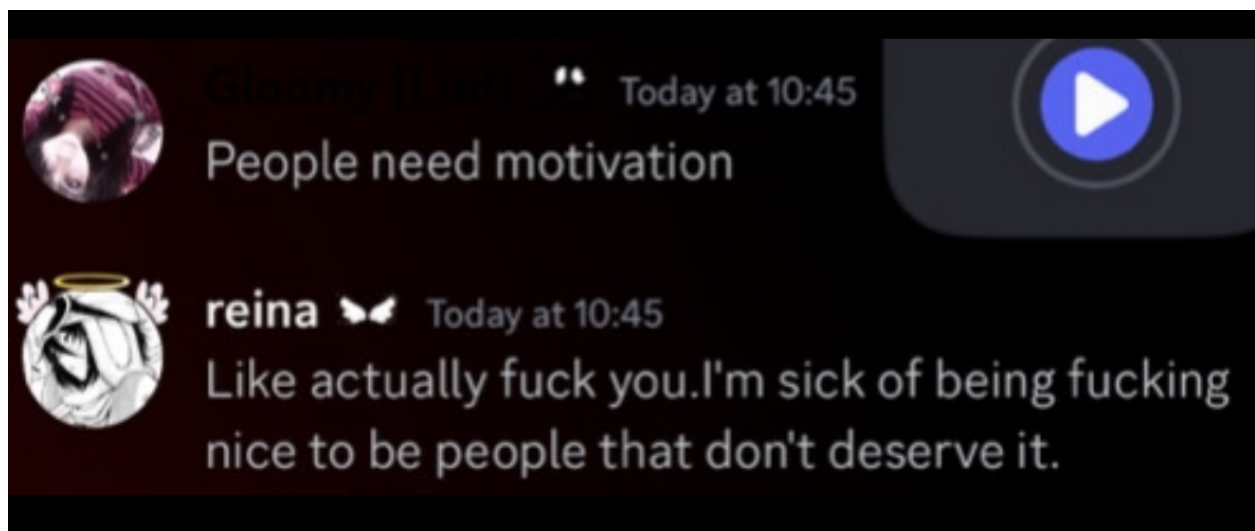

Here's Brylie pretending to care about "sexual attraction to minors" Yet, she's out here dating minors, doing fucked-up shit behind the scenes

8. Victim Playing

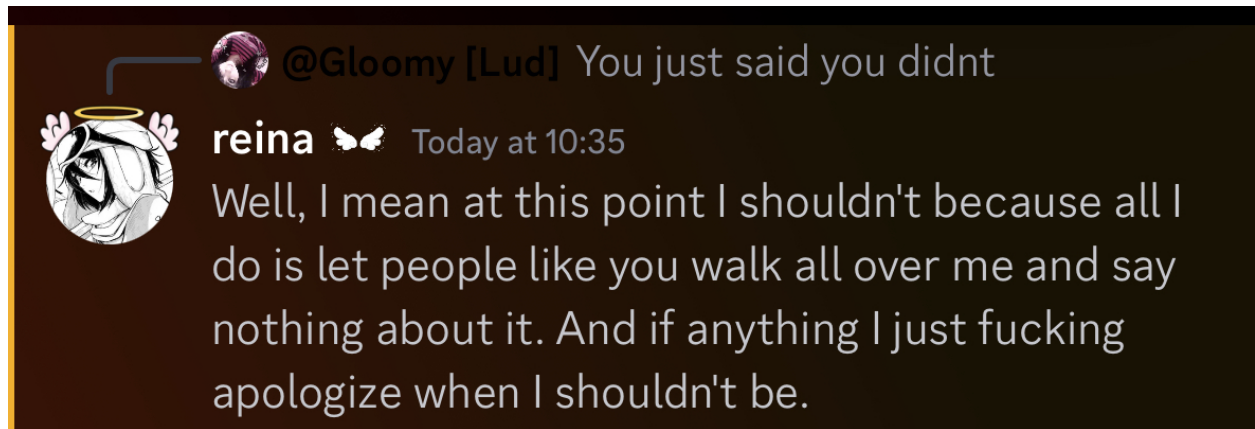

She's basically saying, "Yeah, I fucked up, but poor me — I couldn't help myself and I'm totally the victim here."

(softening her own accountability by making it sound like she's helpless)

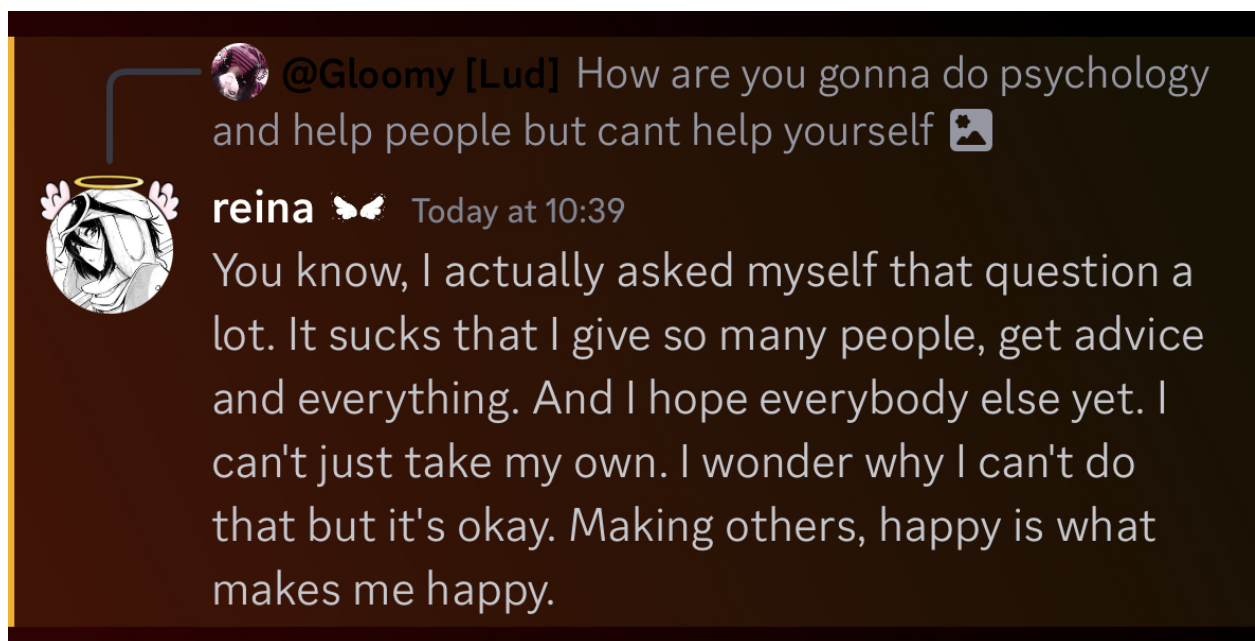

Hurts people, gets exposed, cries "poor me" every time.

Still Victim Playing:

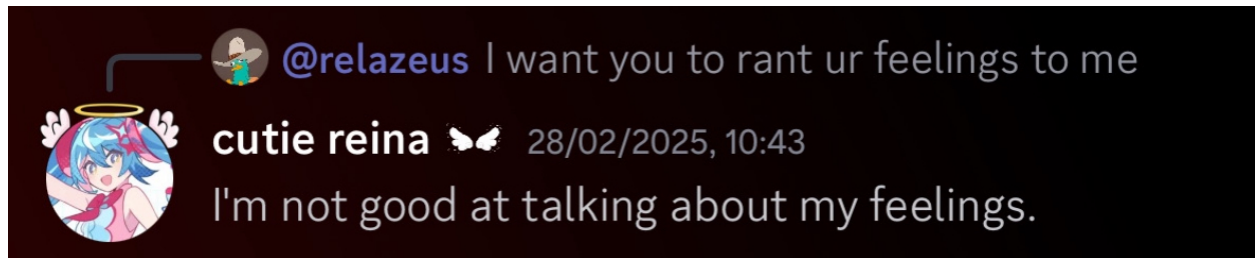

She cheats, lies, manipulates—then flips it like she’s the one being walked on.

#GuiltTrip

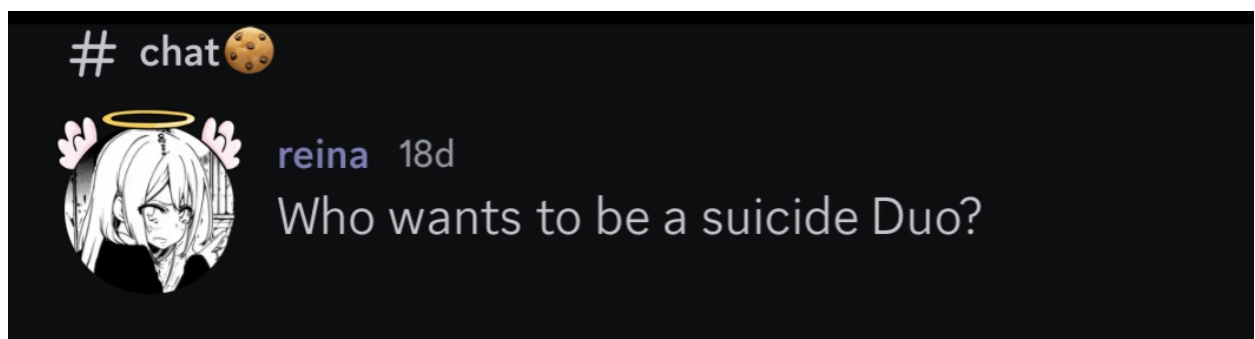

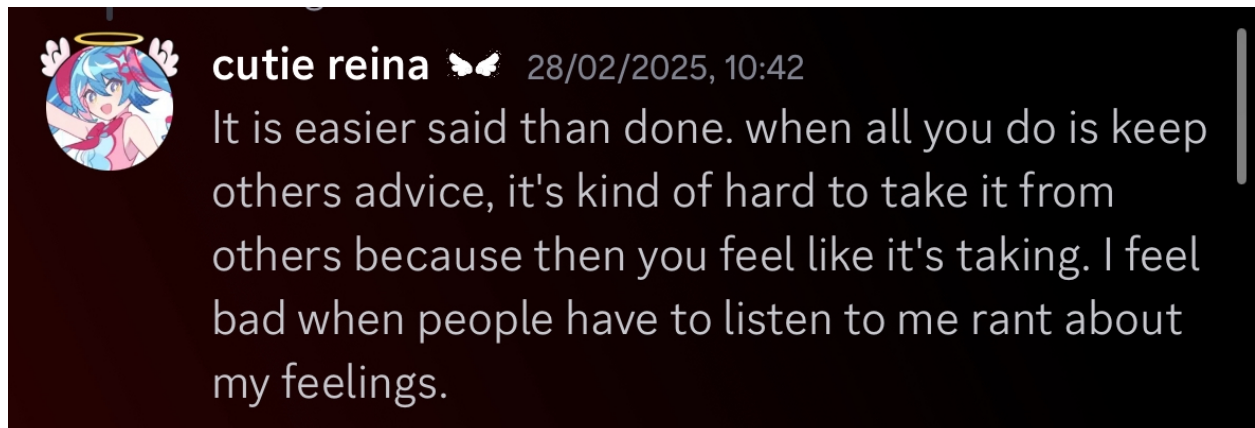

dodges criticism by sounding humble and selfless—“I help others but can’t help myself

🥲”

asks others to be emotionally vulnerable with her, like a fake therapist. but when it's her turn, she shuts down.

romanticizing suicide like it's some kind of cute club.

this?

i deserve all this with cracking a couple jokes that ppl thought were funny EXCEPT yall? and i stopped them too, yk. i stopped all because my life was in danger because of it. and yet you are still trying to ruin my fucking life over something I DIDNT WANNA FUCKING DO, LUD. i didn't wanna cheat, i hate ts man. it icks me. i know what it's like to get cheated on overrr and overrr and overrr again. and i always left them. but this time, with someone's life on the line, i didn't think i had a choice.

it's like staying in a loveless marriage. except i couldn't because of all of my money probably being taken from my soon to be ex husband if i decided to divorce him, but because this dude was threatening to jump off a fucking bridge if i left him. i wasn't happy. i didn't have a choice though. i was scared, and because i was scared, im the bad guy? yk he didn't even feel guilty for what he did. at least i showed guilt and grief over it.

i hate that you nor anyone fucking else will see MY pov on all this. nor does it probably matter to yall. so idk why im typing all this. it's not to gain sympathy or a pity party. i just wanted to explain my side of things and how i feel. so please just leave me alone. i'm tired man, so so tired of all this. i already apologized for the jokes, i even stopped them. just leave me alone.

Message @ily

spinning herself as the poor tortured soul who “had no choice,” playing the martyr card to dodge accountability.

Throwing in the whole “someone might kill themselves” as a guilt trip

“I’m the real victim here, don’t blame me”

let’s not forget she chose to cheat, lied, and manipulated everyone while playing the martyr. Stop pretending like it’s all sympathy-worthy and take some damn responsibility.

9. Relationship Cycles

Brylie (Reina) repeats the same toxic pattern with every person she dates:

Love-bombing → Cheating → Guilt-tripping → Playing victim → Starting over with someone new.

Message @pill..

Early stage flirting & lovebombing — this is how it always starts: sweet talk, promises, flirty affection, pet names. Then later? She cheats, blames others, plays victim, and repeats it with someone new.

Message @pill..

Brylie jumps from guy to guy—lovebombs, flirts, lies, cheats, repeats. Even minors aren't off-limits.

asked a 15 year old to fuck

Heres Jupiter and Jay talking finding out Brylie was cheating on jay for Jupiter (who again just turned 15 years old, is a vulnerable special needs kid)

Message @pill..

Brylie told a 15-year-old she'd make him her lock screen—before even dating. This ain't love, it's a predatory cycle masked as affection.

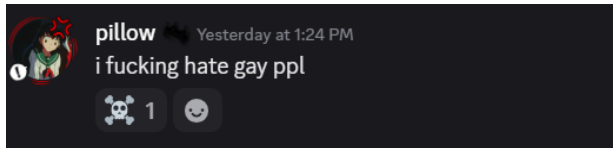

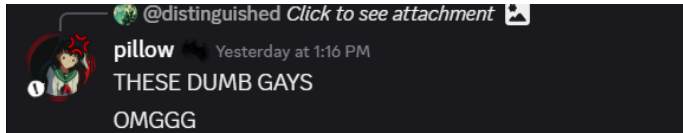

Calls them love, talks school, then asks for pics. Same routine, different guy.

10. Fatphobia

Brylie constantly mocks people's weight while preaching self-love. You don't get to be body-positive and body-shaming at the same time.

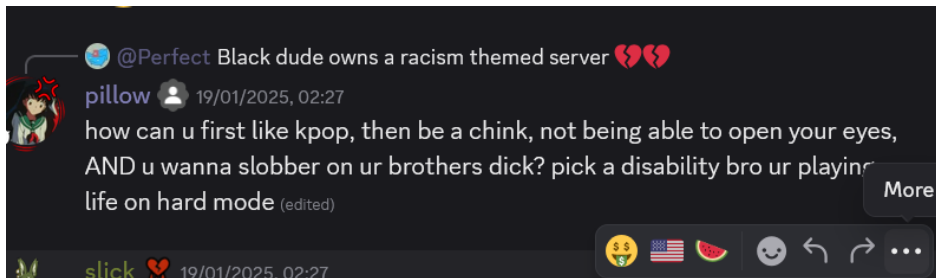

11. Homophobia

her stating she hates gay people even tho she preaches self love

12. RACISM

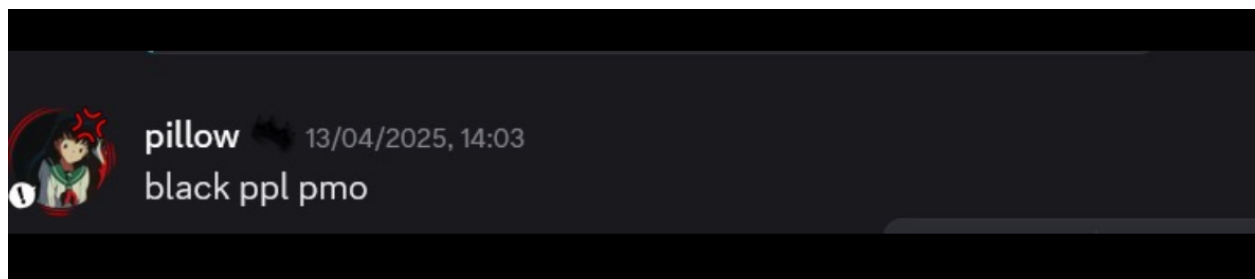

Brylie doesn't just disrespect people—she crosses the line into blatant racism. The 'jokes' aren't jokes when they target entire races. This isn't edgy, it's disgusting.

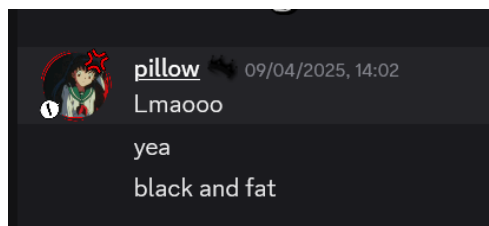

This isn't dark humor. This is racism, Brylie mocked Asian features, used a slur ('chink'), and threw in ableism.. Tf?

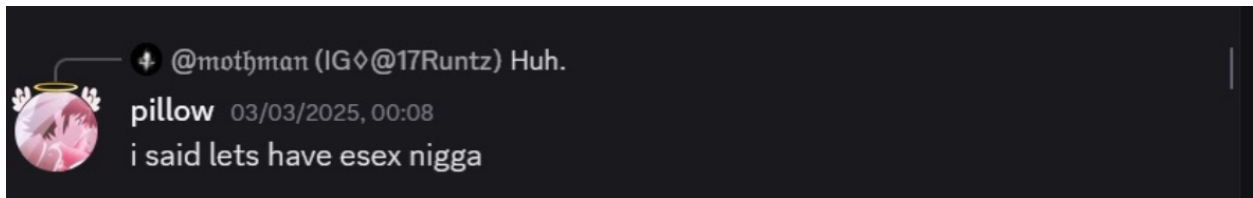

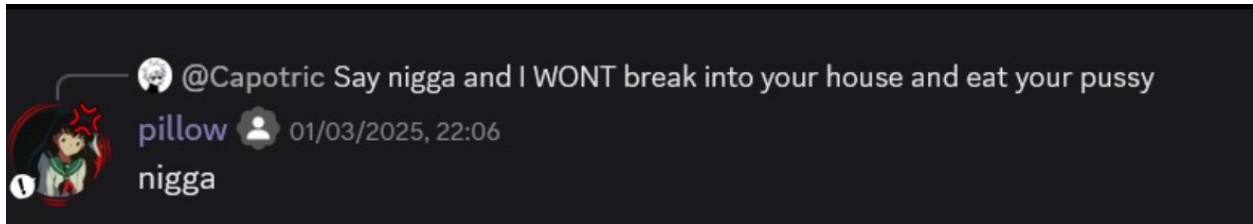

This isn't edgy. This isn't dark humor. This is full-blown Nazi rhetoric. She proudly called herself a Nazi, said 'fuck the Jews,' If you still defend her, you're part of the problem.

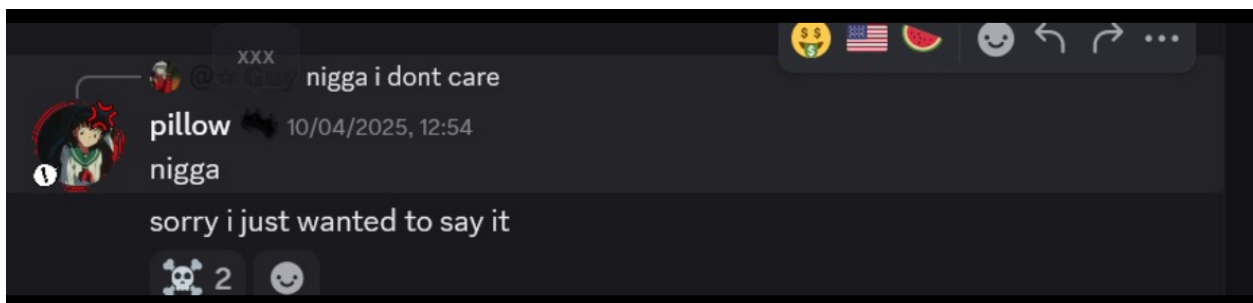

She says black people piss her off which is just racist, and over here shes mocking black and fat people

And heres a compilation of her saying the n word

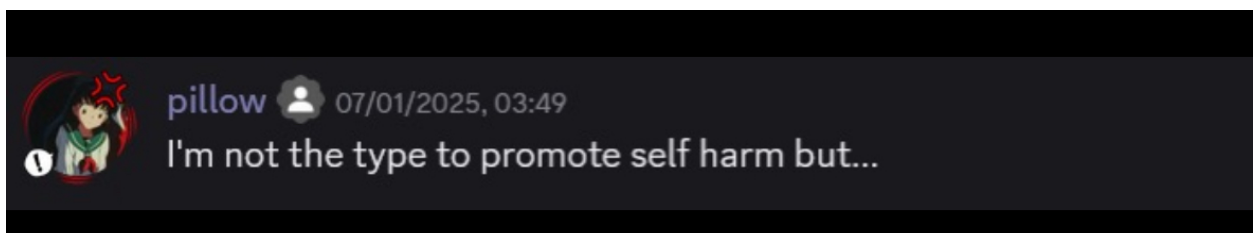

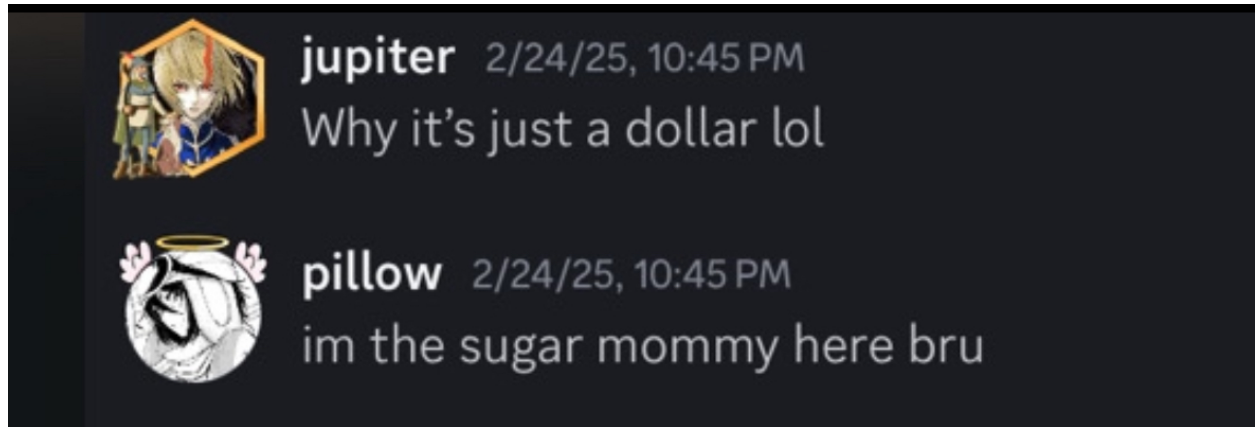

(also asking for e-sex)

(saying it just for fun)

HONORABLE MENTIONS:

Let's be real—this wasn't "drama" or "harassment." This was straight-up proof. A full breakdown of lies, manipulation, abuse, and fake healing from someone who plays the victim while doing damage behind the scenes.

If Reina/Brylie ever fooled you, now you see it for what it is.

We didn't twist anything. She said it. She did it. We just pulled back the curtain.

Watch your back, trust your gut, and don't fall for the act.
