

Benjamin Fulford: Weekly report from November 11, 2024

Christians elected Donald Trump to complete what Jesus started

Donald Trump should thank Jesus Christ for his election. In case you missed it, 62% of Protestants and 56% of Catholics voted for Trump, while 79% of Jews and 72% of atheists voted against him. This means that Trump's mission is to finish what Jesus Christ started.

Religion

Protestant or other Christian (42%)

Catholic (22%)

Jewish (2%)

Something else (10%)

None (24%)

This is what Jesus started:

Jesus went straight into the temple and threw out all those who were sitting there buying and selling sacrificial animals. He overturned the tables of the loan sharks and the stalls of the dove sellers and said, "My house was intended for prayer; you have made it a gathering place for thieves. Now even the blind and the crippled could enter it. Matthew 21: 12-14

Jesus was later tortured to death and his body was hung for public display by the moneylenders he fought against, who are still in power today.

To understand how powerful they are, look at the lists of Rothschild-controlled

central banks around the world.

The list of countries they do not control is much shorter. Bhutan, Myanmar and North Korea are the only countries I could identify as not being under their control.

The fact that Q posted the list of Rothschild central banks and Elon Musk crossed it shows that the US space agency is aware of the nature of what it is dealing with.

These central banks are creating money out of thin air, and that is literally sucking

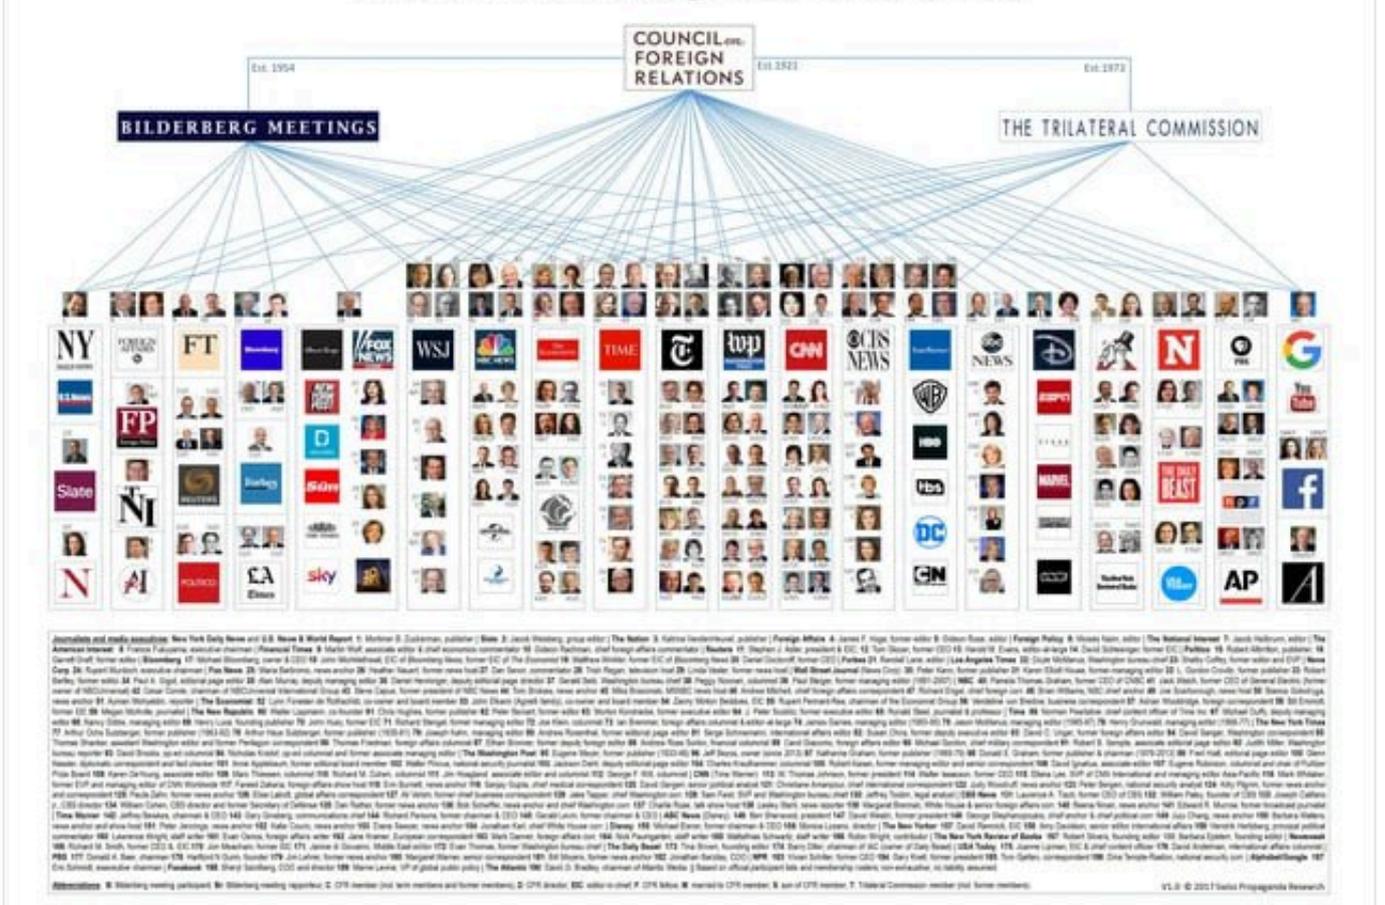

the life force out of this planet. For example, they are pushing for "decarbonization" based on lies about carbon causing global warming. We are carbon-based life, and releasing carbon into the atmosphere creates more plant life, which in turn creates more animal life. The current ruling class plan to remove carbon by burying it in the ground is profoundly anti-life.

The ultimate controllers of this system are the Vatican (named after Vatica, the goddess of the underworld) and the Black Sun organization. When we visited them, they said their god was a black hole at the center of the galaxy. This stained glass from their cathedral in Milan shows a black hole with light around it.

My personal experience when I visited this place was that it was a huge vortex of hostility to life. What the light around the black hole represents is a group of very powerful people who are bribed to act against the life force. These people control 90% of the transnational corporations. Here is an illustration of their control network.

The American Empire and its Media

They also control the UN, the BIS, the WHO, the IMF, the World Bank, etc.

Their names are well known. They are, so to speak, the usual suspects of the globalist and Zionist universe, which is made up of institutions such as the Bilderbergers, Aspen, the Council on Foreign Relations, the Bohemian Grove, AIPAC, Chabad Lubavitch and the Trilateral Commission, which always includes the Rockefeller, Rothschild and Warburg families and the "big" banks of Jewish finance such as Goldman Sachs and JP Morgan.

<https://www.vtforeignpolicy.com/2024/11/brussels-and-washington-are-panicking-over-trumps-election/>

As a sign that Trump will take action against these people, there are reports that he is considering Congressman Mike Rogers for Secretary of Defense. Representative Rogers is the sponsor of this bill:

American Sovereignty Restoration Act of 2019

This bill directs the President to terminate US membership in the United Nations (UN) and all affiliated organizations. It also terminates US participation in all UN conventions and agreements.

Funds may be made available to facilitate the withdrawal of the United States from the United Nations. No member of the United States Armed Forces may serve under United Nations command, and no funds may be used to support the participation of the Armed Forces in United Nations military operations.

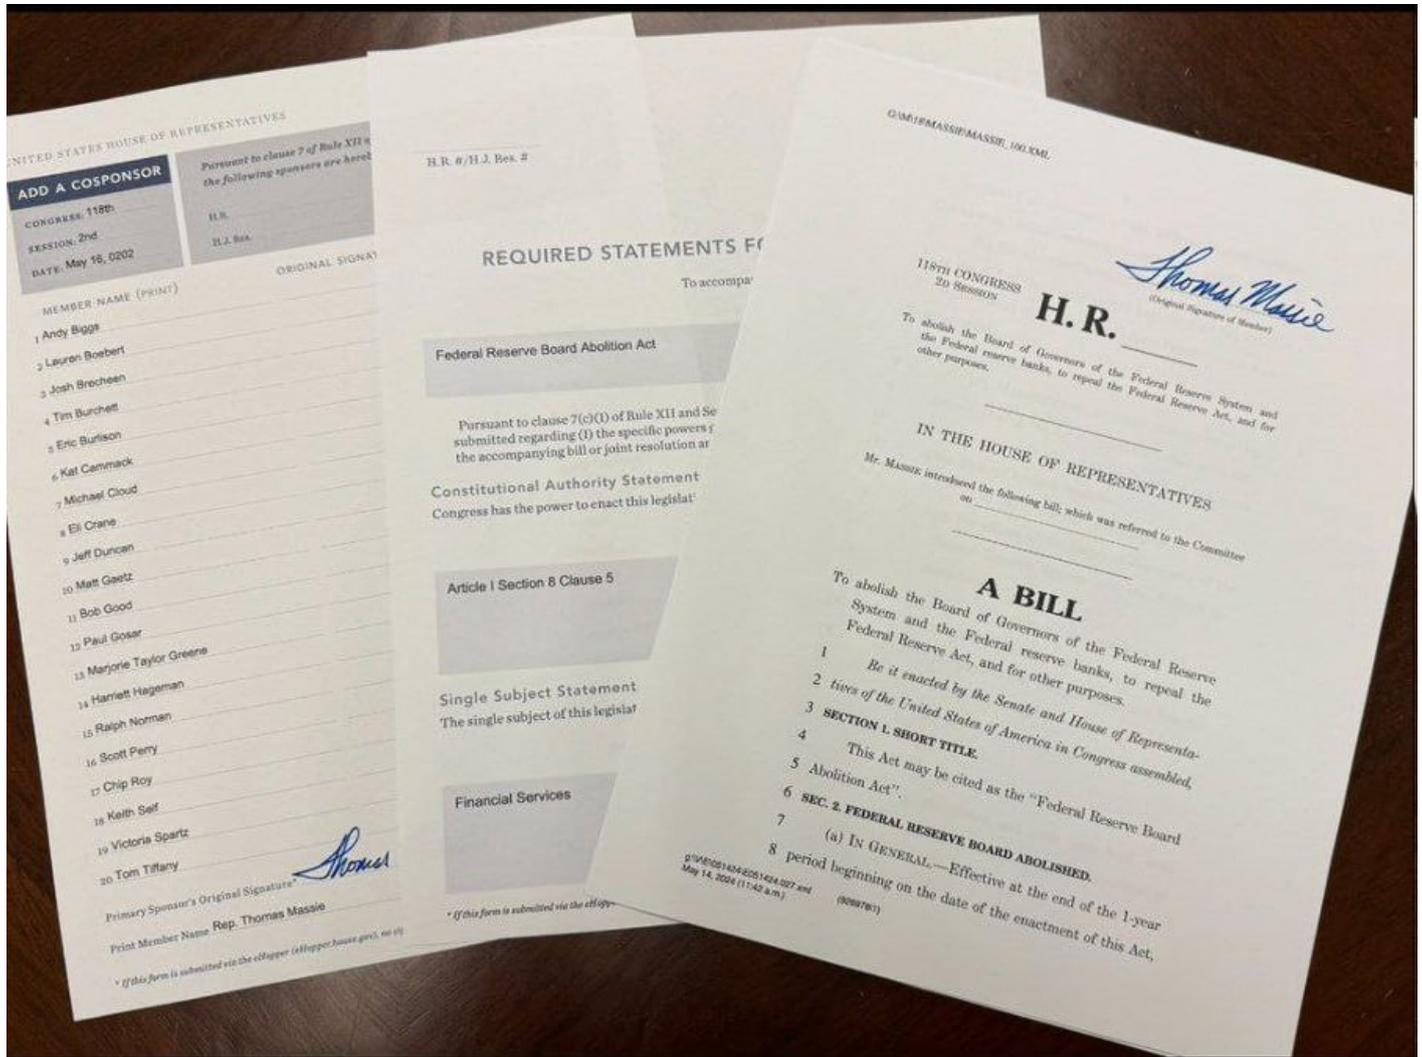

The bill also lifts diplomatic immunity for UN officers and employees, as well as for officers and employees of foreign government missions to the UN.

The bill repeals several laws related to the United Nations, including the United Nations Participation Act, the United Nations Headquarters Agreement Act, the United Nations Environmental Program Participation Act, and joint resolutions establishing US membership in the World Health Organization and the United Nations Educational, Scientific, and Cultural Organization.

<https://www.congress.gov/bill/116th-congress/house-bill/204>

This law has yet to be passed, and much of the rest of the world is still preoccupied with the UN Agenda 2030 to herd the world's population into concentration camps like 15-minute cities. They are also still pushing for control of the financial system through the mark of the beast, which will only allow people to receive food and other resources if they have a high obedience score (social credit).

For this reason, there is another bill that also needs to be passed. It is HR 8421 by Representative Thomas Massie, the Federal Reserve Board Abolition Act. Massie's bill abolishes the Board of Governors of the Federal Reserve and the Federal Reserve Banks. It also repeals the Federal Reserve Act, the 1913 law that created the Federal Reserve System.

<https://massie.house.gov/news/documentsingle.aspx?DocumentID=395644>

So far, Donald Trump has not promised to pass any of these bills.

What he seems to promise is to reassure people with the following reforms to the existing system:

1. On day one, issue the 2020 executive order restoring the President's authority to

fire renegade bureaucrats.

2. Overhaul federal ministries and agencies, removing all corrupt actors in our national security and intelligence apparatus.
3. Fundamentally reform the FISA courts to ensure corruption is eradicated.
4. Establishment of a Truth and Reconciliation Commission to declassify and publish all documents on espionage, censorship and abuse of power by the Deep State.
5. Take strong action against government leaks who collude with the media to spread false stories, and file criminal charges where appropriate.
6. All inspectorates general should be independent of the departments they oversee so that they do not become protectors of the deep state.
7. Establish an independent audit system to continuously monitor our intelligence agencies to ensure they are not spying on our citizens or conducting disinformation campaigns against the American people.
8. Continue the Trump administration's efforts to move parts of the federal bureaucracy out of the Washington swamp, just as President Trump moved the Bureau of Land Management to Colorado. As many as 100,000 government jobs could be moved out of Washington.
9. Prohibit federal employees from taking jobs at the companies they deal with and regulate, such as Big Pharma.

10. Push for a constitutional amendment to impose term limits on members of Congress.

Trump also promises that anyone involved in censorship will go to jail based on laws already in place. This includes employees and owners of online platforms that have been involved in censorship, as well as government officials from the CIA, NSA, FBI, Department of Defense and others, as well as rogue media companies. Youtube has censored this, but it already has 43 million Twitter views.

In contrast, Hillary Clinton warns Rockefeller: "We will lose total control" if social media stops censoring content.

That's a good start, but a Trump presidency could be far more baffling than we realize. Last week we were contacted by Majestic 12 (MJ12), a group formed by President Dwight Eisenhower to study extraterrestrial life. A 645-page document sent to us by MJ12 reveals that they have recruited Trump to oversee revelations about the secret space force and alien contact. They say we will see 10,000 years' worth of technological and scientific development in the coming decade. This includes anti-gravity, immortality, medical beds, etc.

Majestic 12 Messages of Disclosure

We only had time to skim the document, but a few takeaways are that we live in a multiverse and that travel to other worlds is through stargates, not space travel. They also say there is a massive war with entities that feed by sucking the life force from this and other planets. According to them, the 800,000 (not the 8 million the former Club of Rome chairman mentioned) children tortured to death each year are used to feed these entities. In return, the humans who make the sacrifices are given technology and power.

The secret space power has cut these entities off from human sacrifices and that is why the secret war is raging. They say their goal is for humanity to take control of its own destiny, even if we join other civilizations. The document is posted here and we hope readers can help go through it and decide for themselves if it is real.

Majestic 12 Messages of Revelation

What we can say is that the person who sent it was demonstrating to us Tesla technology that did things like open a sun hole in the middle of a huge storm, so the message must be taken seriously.

In further evidence of impending revelation, the US House of Representatives has scheduled a hearing titled "Unidentified Anomalous Phenomena: Exposing the Truth" for November 13.

<https://oversight.house.gov/release/mace-grothman-announce-joint-hearing-on-unidentified-anomalous-phenomena%ef%bf%bc/>

However, I will not believe much of what is mentioned in the document until I experience it myself. I have already asked the people from the secret space agency to take me in a flying saucer and show me a medical bed and they were unable to do so.

In other words, this revelation could very well be an attempt by the Khazarian mafia to bully us back into submission with a fake Project Bluebeam-style "alien event." So, believe it when you see it.

Separately, Trump-linked MJ12 people have agreed to a plan to create a future planning authority that would take over the functions of private central banks and their captive agencies.

However, since the current US government has debt and unfunded liabilities of over \$250 trillion, or about 10 times its gross domestic product, it will have to declare bankruptcy before we can move forward.

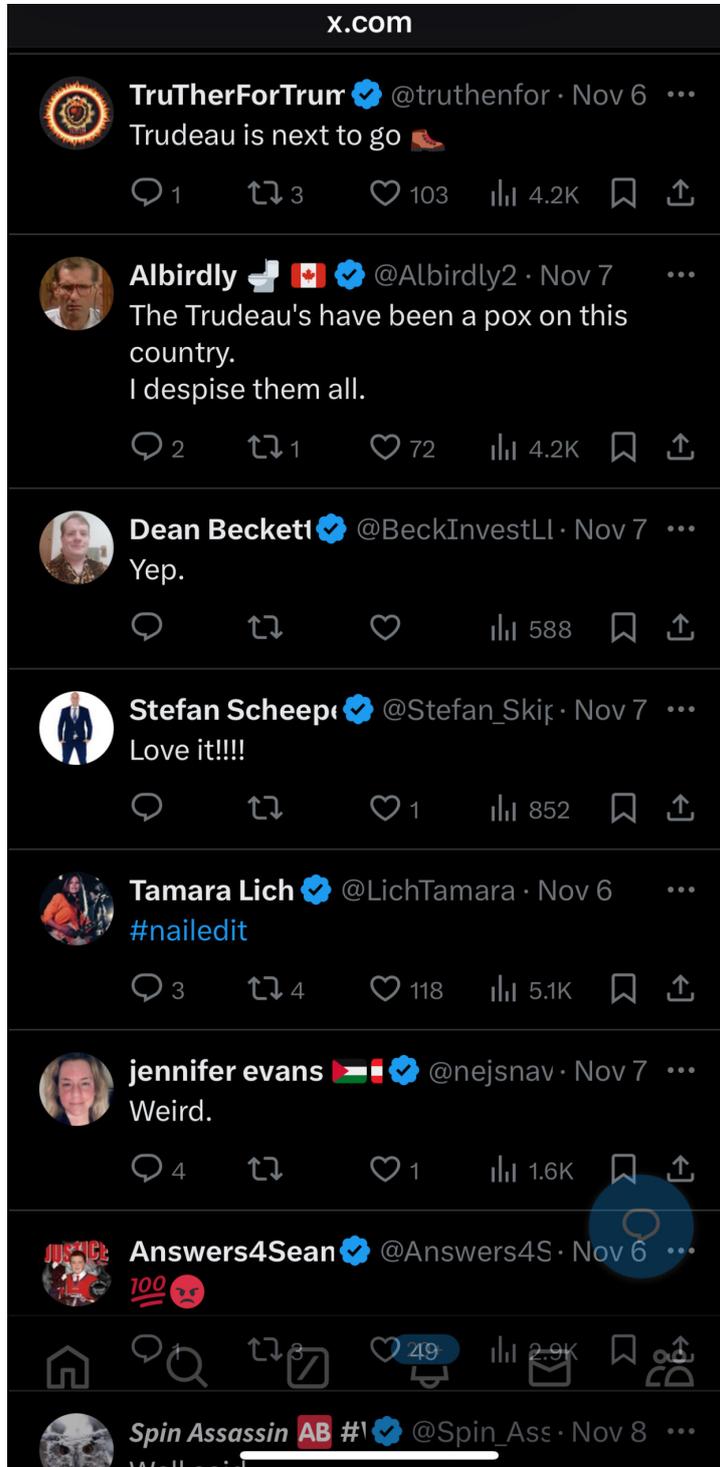

The White Dragon Society and the Asians have proposed replacing the UNITED STATES CORPORATION with the Republic of the United States of North America and making Trump its first president. This Republic would begin with a Jubilee Year or a complete cancellation of all public and private debt.

Chinese President Xi Jinping says: "We live in an interdependent world and rise and fall together. Since the interests of all countries are closely intertwined, they must reach the greatest possible consensus to achieve win-win results for all parties. This is the fundamental starting point for China's view of the world and China-US relations." In other words, Trump should be able to achieve a good result.

A meeting between representatives of the MJ12 group and Asian secret societies is

planned for the end of the month to discuss the agency and the new republic.

Rest assured, Justin Castrudea of Canada will play no role in this scenario. When he posted on X: "Congratulations to Donald Trump on being elected President of the United States," the comments were scathing.

He is widely despised and will be charged with war crimes for mass murder.

If Trump does not accept this deal and seizes control of the private central banks, he will lose the support of the people. Because the current system is making people poorer and poorer.

According to Deutsche Bank, this is the first time since the late 19th century that the incumbent party in the White House has lost three consecutive presidential elections.

<https://www.zerohedge.com/political/alex-soros-shocked-incumbent-political-order-being-crushed-around-globe>

In an attempt to find an excuse for his party's defeat, Alex Soros says:

Incumbents in every single one of the 10 major countries tracked by global research project ParlGov that held national elections in 2024 were trounced by voters, the first time this has happened in nearly 120 years of records.

https://x.com/AlexanderSoros/status/1854616045996458216?ref_src=twsrc%5Etfw%7Ctwcamp%5Etweetembed%7Ctwterm%5E1854616045996458216%7Ctwgr%5Ea28e8180ec16a460e4c2c70ccca34dde1c3f497e%7Ctwcon%5Es1_&ref_url=https%3A%2F%2Fwww.zerohedge.com%2Fpolitical%2Falex-soros-shocked-incumbent-political-order-being-crushed-around-globe

The reason for this is simple: the current parasitic, privately owned central banking system is sucking wealth out of the people.

When people lose money, governments throw them out.

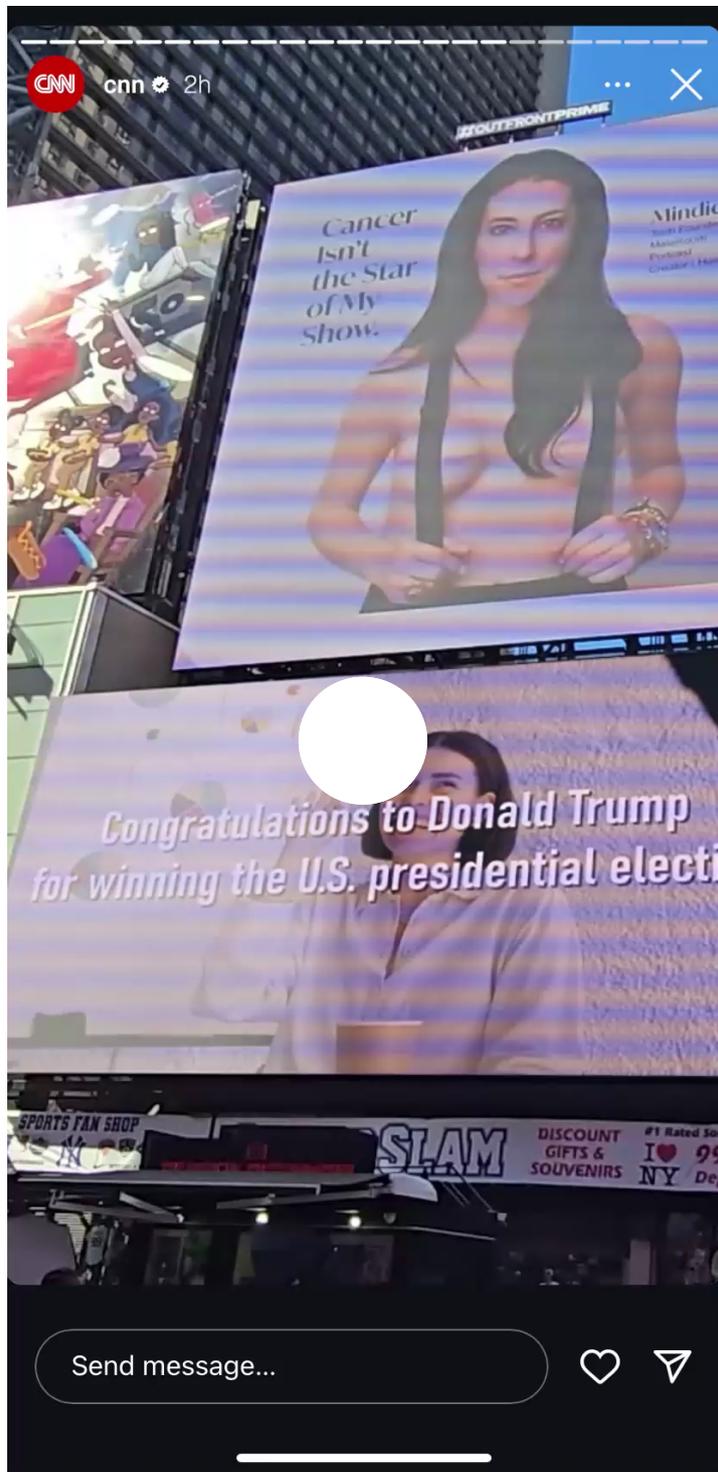

According to exit polls, 46 percent of voters in key states said their family is worse off now than it was four years ago - the highest figure ever recorded in presidential exit polls.

states/

There is a joke going around that states like Alabama and Tennessee will rename themselves Israel and Ukraine so they can receive billions of dollars from the Fed.

Many people assume and will insist that Trump stop funneling money into these KM constructs. An example of this is this sign in New York that says, "Congratulations to the millions of American citizens that billions of their dollars will no longer be spent supporting Ukraine."

Before that happens, we learn from Russian FSB and CIA sources that the Khazarian mafia will do everything in its power to prevent Trump from taking office on January 20th.

A senior Space Force commander said the following:

President-elect Trump will not take office until January 20, 2025. Anything can

happen between now and then. The deep state (the Zionists) will not accept his victory. They have controlled this planet for a very long time. Don't expect them to disappear quietly into the night. They have multiple contingency plans. There could be civil disorder. There could be another assassination attempt. They could try to take down the entire power grid and blame it on Russia. Expect anything. But there are positives: The White military alliance has armed itself with countermeasures against all their attacks. Many of the DS actions will be neutralized before they materialize. Trump and his newly appointed cabinet have a lot to deal with when he officially takes over. We are at war. It will most likely get worse before it gets better. Be prepared.

One sign that they are already planning this is that a fake General Michael Flynn has shown up to warn that Trump would be assassinated.

<https://www.theburningplatform.com/2024/11/09/general-flynn-delivers-bone-chilling-post-election-warning/>

We know this Flynn is a fake because he didn't recognize the people who served under the real Flynn.

It also looks like the KM will try to blame Iran for an assassination attempt on Trump in order to start their long-awaited Third World War.

<https://www.dailymail.co.uk/news/article-14060461/iranian-plot-kill-president-elect-donald-trump-thwarted-election.html>

Trump also dodged another KM bullet when he rejected attempts to install a fake Mike Pompeo as Secretary of Defense.

"The deep state and its minions are really scared. They know who is coming to get them, and it is not Santa Claus with Christmas presents," commented a Mossad source.

We will all soon find out that even Christmas as we celebrate it today is a fake. Jesus Christ was not born on December 25th. We don't know when he was born. The Vatican has only used its name to abuse a traditional sunny New Year's celebration for its own purposes.

The Polish secret service describes what this organization has done to their country, and this applies to the whole world:

In a methodical and organized way, they used organized religious orders such as the Cistercians, Benedictines and later the Teutonic Order to completely erase the traces of previous cultures. They did this so thoroughly that today we know almost nothing about our true past, we do not know local beliefs, customs, fairy tales, legends - indeed, we know nothing about our roots. All that is left to us are elements that have been processed in Christian rituals - twisted, distorted, blurred. We must be able to find anger and resistance against this cultural subjugation of our ancestors, against the cultural sterilization of our tradition and the cutting off from the roots of our culture.

So you see, the election of Donald Trump is about much more than a four-year political cycle in the United States. There is much, much more at stake.

In a sign that the fight is not over, Federal Reserve Chairman Jerome Powell said that it is "not permissible under the law" for presidents to remove members of the independent central bank.

<https://www.politico.com/live-updates/2024/11/07/congress/feds-powell-says-trump-cant-fire-him-00188311>

The KM are using the Fed's counterfeit money to activate their paid protesters and create chaos in the USA.

Democrats are also trying to force Supreme Court Justice Sonia Sotomayor to resign so that Joe Biden can nominate Kamala Harris as his replacement before Trump takes office.

Meanwhile in California: AG Bonta practically declares war on President-elect Donald Trump before he takes office:

"When Trump attacks your rights... I will be there.

When Trump attacks your freedoms... I will be there.

If Trump threatens your safety and well-being... I will be there."

Trump has not even taken the oath of office yet, and the Democrats are already after him.

AP (Absurd Propaganda) also reports:

SACRAMENTO, Calif. (AP) — California Democratic Gov. Newsom, a fierce critic of former President Donald Trump, urged lawmakers Thursday to call a special session later this year to protect the state's progressive policies on climate change, reproductive rights and immigration from another Trump presidency.

<https://apnews.com/article/california-donald-trump-gavin-newsom-special-session-32511d5887409d68d692e094ed50a272>

Trump is not taking this lying down. He has already announced that he will take action against the indoctrination of transgender children on day one.

It even gives victims the right to sue doctors for taking advantage of them. I consider this a huge victory. A huge victory indeed.

Doctors and drug companies will be sued for much more than that. That's why "the heads of five major pharmaceutical companies held an emergency conference call Wednesday to discuss the potential impact of a Trump administration that has vowed to break Big Pharma's power in America."

<https://www.thegatewaypundit.com/2024/11/panic-mode-top-five-big-pharmaceuticals-hold/>

Even Google's artificial intelligence now provides detailed information about how harmful vaccines are. <https://kirschsubstack.com/p/google-ai-admits-the-truth-about>

Chinese authorities have now arrested AstraZeneca's Executive Vice President International and China President Leon Wang. Asian intelligence sources say Wang plans to testify about the use of vaccines for mass murder.

For its part, the Polish intelligence service says: "This week we were your eyes and ears at the annual meeting of the CDC's Advisory Committee on Immunization Practices (ACIP), which took place on October 23-24, 2024. Much of the discussion revolved around increasing vaccination rates, with the goal of expanding the vaccination schedule for children and adults and - if there are not enough vaccines - perhaps creating a new vaccination schedule for pregnant women! The main topic was how to increase vaccination rates, regardless of what is right for the individual.

The World Economic Forum via Harvard Medical School: "The average person can expect to receive about 165 vaccinations over the course of his or her lifetime."

Since these vaccines have proven to be toxic, war crimes tribunals are inevitable.

Maybe that's why Barack "Thunder of Satan" Obama and Big Swinging Dick Mike look so upset.

President Obama has reportedly disappeared.

Next is a photo of an old version of Killary sitting next to commie Kamala. After the lost election.

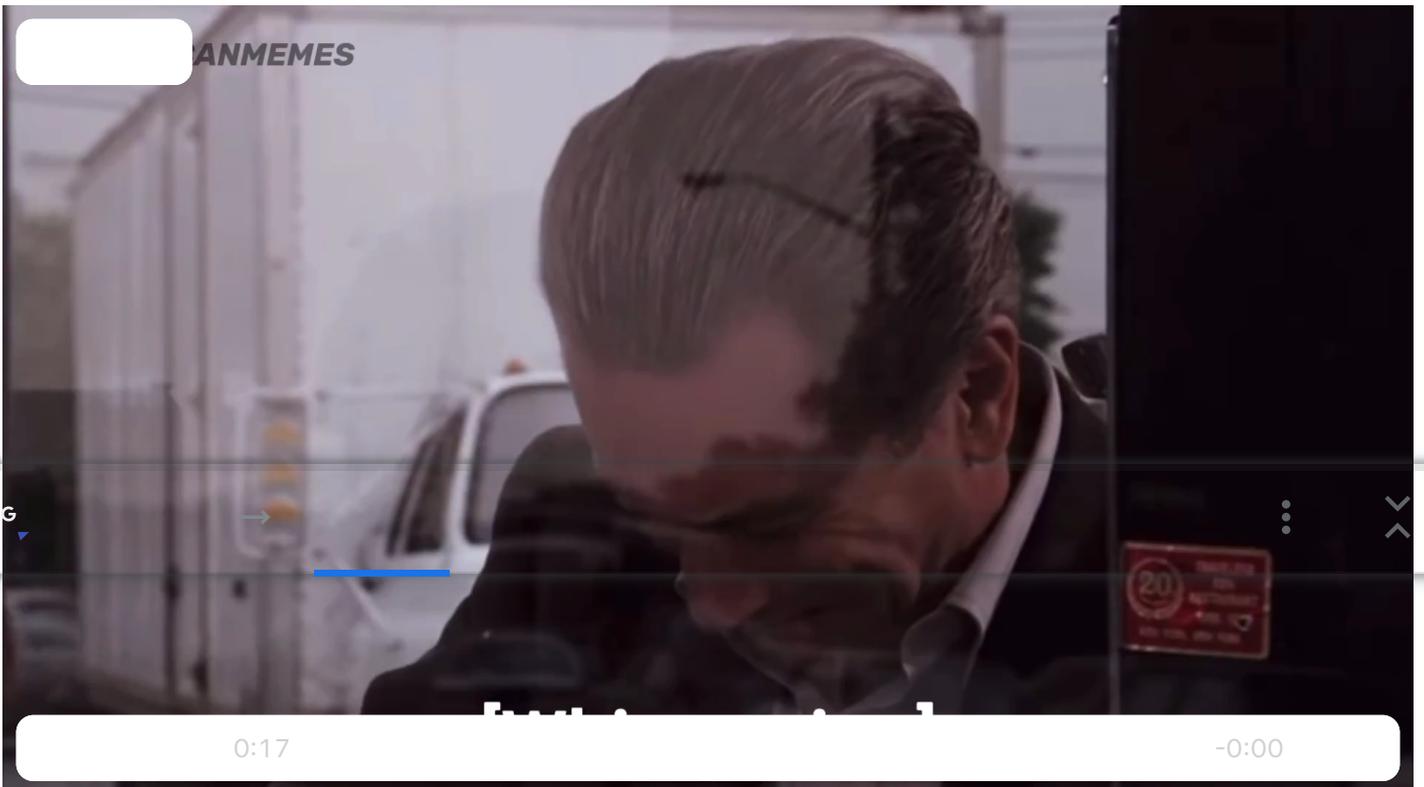

Kamala is already being literally erased. But that happened quickly.

You are not alone. Here you can see late night host and Zionist puppet Jimmy Kimmel start crying on his show and saying election night was a terrible night for everyone, including those who voted for Trump.

In this satirical video, you can watch Robert De Niro receive the news that Donald Trump is the 47th President of the United States.

The news is also causing uproar in Europe. The German government collapsed just hours after Trump's victory was announced, as mass strikes brought the economy to a standstill.

<https://www.zerohedge.com/economics/german-government-collapses-mass-strikes-grind-economy-halt>

German Bundestag member Anton Hofreiter now openly admits that his country's involvement in the Ukraine conflict is motivated by access to natural resources such as lithium. They won't get it.

Behind the scenes, an agreement has already been reached that the Dnieper River will be the border between Russia and Western Europe, according to Russian FSB and MI6 sources. In addition, Odesa will be returned to Russia but operated as a free port like Hong Kong, allowing Ukraine to trade unhindered with the rest of the world.

The US will also withdraw from NATO and Russia will chair a new security agreement for Europe, the sources said.

This is the reason for reports that Trump wants to bypass Congress to withdraw

from NATO.

"Europe is on the threshold of profound changes," said Hungarian Foreign Minister Peter Szijjarto. "The presidential elections in the US have changed the situation. It is obvious that the European strategy [regarding Ukraine], which has clearly failed, cannot be continued," said Szijjarto.

"The hour of truth is coming. The current world order is irrevocably a thing of the past. One can say that it is a thing of the past," said Russian President Vladimir Putin on Trump's election.
