

BEFORE THIS STARTS

My only goal of this doc is to spread awareness of these two on behalf of my experience, my intent is to not ruin their reputation but to hold these guys accountable for their actions, something they've refused to do multiple times. I do not condone any harassment towards them if it happens, I want this to be a one-off doc to call it an end.

Trigger warning and Content Warning for the following : NSFW (no photos just talk) , Grooming , Sexual Assault/Rape , Abuse , and theres probably more I just dont know

As of writing this document, I am 13 years old. Karter is 24 and Charon is 32, there is an obvious age gap.

I'm just gonna get into the main part of this, I know this is what you guys are here for..

WARNING

This document contains subjects that are not for the faint of heart. This includes; Feral NSFW, Animal NSFW,

Zoophilia, Predatory behavior, MASS NSFW again, Manipulation and Pedophilia.

KARTER

During my time of being friends with Charon and Karter, we would have roblox roleplays. At the time it happened, I was lying about my age but nothing around me being an adult. Instead, I was lying about being 16. What they did when they assumed I was 16 was still unacceptable however, I was still basically a minor and they were adults, I was in a vulnerable spot for them as I grew attached to them by the roleplays and how they gave me attention, something I never experienced.

This one time during a roleplay, it happened in Pine Ridge. Karter was roleplaying as Sanzo/Dr. Sunshine while I was HIVE/Perfect Memento. The roleplay quickly went rather south, there was kissing and cuddling going on between us in the RP. Nothing too NSFW however, take this as you will as there are no photos of the RP happening in real time but there is evidence of the RP actually EXISTING and has been done. Screenshots are within this drive as I cannot put them in normally. [DRIVE SCREENSHOTS](#)

This conversation also confirms I was never told to stop what I was doing either, I was a minor while Karter was around 23 or 24, I don't rather remember. The age gap itself is concerning enough, not to mention the predatory comments. "I just want to be careful" and etc, it felt like Karter was easing me down while at the same time making these comments in an attempt to get away with what they did just in case they were in fact called out. You can take this part with as many grains of salt as you want to form your opinion on Karter with this, just don't death threat them at all. It's not what I want to happen.. Now onto a rather bigger case..

CHARON

Before I get into this.. Let me just make a few things clear on this topic. I will be going into depth on their past as well as it still adds up to this day which is awfully concerning considering they are also around people under 18. To get things mostly out of the way, I was groomed. I was taken advantage of by Charon when I was vulnerable mentally, mostly this took place after I dealt with a bad breakup which was also a part of why I was vulnerable.

For the present, here are the conversations.

[CONVERSATION 1](#)

Conversation one explains... Vippy seed..? And another implication is that Charon's oc, Ashe, is a "child in an adult's body."

[CONVERSATION 2](#)

Conversation two explains partial lore about Charon's oc, explaining that Joel, (The real person;) Had S/A'd Ashe and had intercourse with her whilst she was partially passed out or drunk.

CONVERSATION 3

Conversation three explains how Charon had made her oc a... “Child of rape?” In further words,

Now, onto the past. Charon used to go by Robaschi online FYI so that's why the username is varying. They've honestly shown no honest improvement of ever changing from said past.

Charon's JSAB NSFW commissioning spree

“What's wrong about this? Its someone buying art of their oc having sex with a chara-” ANATOMICALLY CORRECT GENITALIA.

Blixer/Dub/The Boss is shown with ACTUAL animal genitalia, ranging from a dog penis to a cat penis. It's borderline zoophilia. [Evidence, it's uncensored however so be cautious.](#)

“But how do you know it's Char-” [Evidence.](#)

[\(this part is not written by the original owner of the document!\)](#)

On the topic of Robaschi / Charon, their old Furaffinity account had multiple favorite images of FNAF NSFW and had been following artists who had made, such as stated before; FNAF and My Little Pony NSFW.

WARNING: Look at your own risk ON THESE ONES!

THIS PART OF THE DOCUMENT CONTAINS ANIMAL

NSFW.

Robaschi / Charon had also made NSFW out of her own oc with Toy Freddy.

<https://web.archive.org/web/20150518082710/https://www.furaffinity.net/view/15421935/> (UNCENSORED, LOOK AT YOUR OWN RISK)

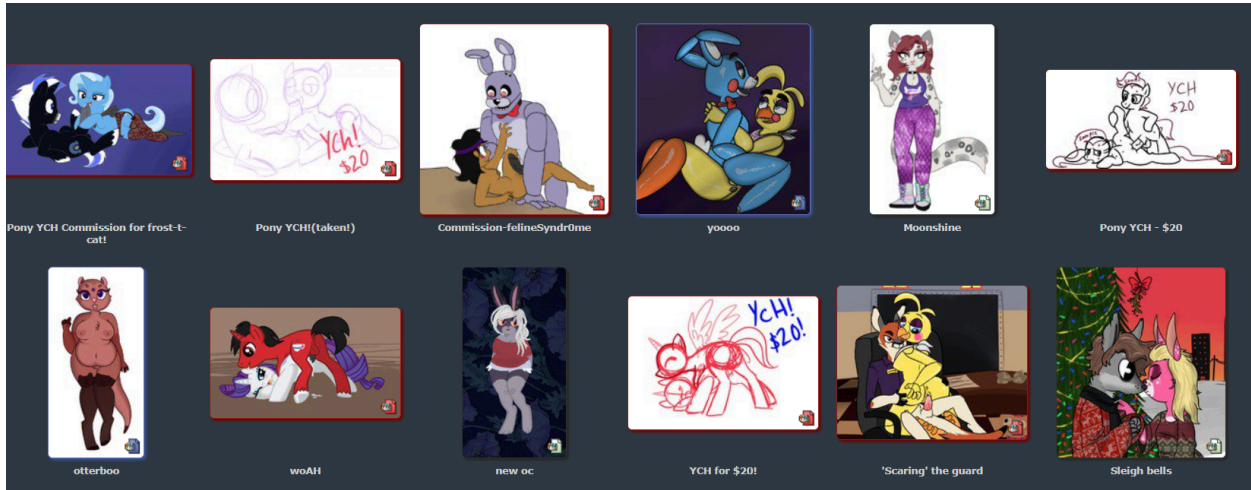

Toy Freddy, AKA 'Teddy', wanted more than just winning the 'catch the night guard' game, he wanted her, Crowe. To make her his own little prize.

Based off an RP between me and a friend.

Artists they follow:

More to add: Charon had made NSFW out of Expunged, a DnB character that was soon to be found out that the FNF Mod's creators were minors. This is only to be taken accountable of, and added as a documentation.

Gonna put this out there now since there's a lot of people in the DnB community being exposed left and right for being nasty...

Taking Accountability
I am a 31 year old Transmasc Nonbinary as of writing this document, and I used to be a NSFW artist for a long time now, starting back in I think in 2010. I never really posted much publicly, mostly...

https://docs.google.com/document/d/1ZFnBvgISdX2PWLE8LbOeKv2dpgG0_XPFabkciMEryF8/edit?usp=sharing
If wiped, an archive will be linked afterward.

Lastly, Charon had made Pregnancy content out of her oc...?

A little context on how this nugget came to exist:

Expunged shared a fraction of her own power with Ashe.

She does this in hopes that when Ashe tries to create a living being, that fraction of her power will be able to help.

This is due to the fact that Ashe can shape worlds, but not create life. This was done in hopes to boost their own powers.

But... it goes unexpectedly different.

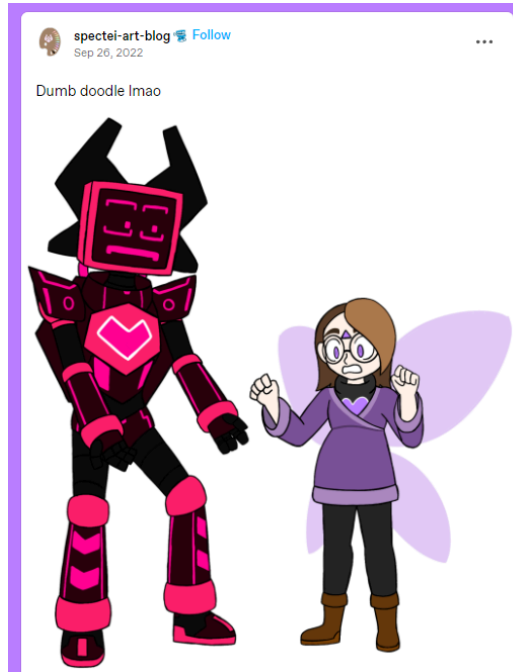

Instead of boosting Ashe's power, it ends up making them pregnant. Yes, that seed ends up nesting itself in the one place that their own body deems capable of creating life.

Basically the two learn that human bodies work FAR differently from shapeoid bodies.

Sooooo, Ashe ends up carrying a baby in them for the next few months and eventually Azrael is born.

It was an odd experience to say the least but neither of them are complaining, Ashe learned how human bodies deal with shared power differently and Expunged now has a son that she absolutely adores.

~~Ashe is thankful their first experience of carrying a child paid off since they knew what to do the second time around.~~

FINAL CONCLUSION

I'd like to give a massive shoutout to the guy who helped me create this doc, alongside those who have given me the confidence to speak up on the abuse and treatment I was given by Karter and Charon. Without them, I wouldn't have done this doc. I'm gonna just make one thing clear here, these two are predators and a threat to children. They should not be allowed scot-free from their actions without any sort of accountability. I believe that they are going to try and slip into new communities after this one so this is a warning to block them and such. They should not be allowed to slip under the radar after this callout, they will continue their behavior if given the chance. The only thing I can say that I want them to do is to get off the internet, probably turn themselves in, and that's mostly it. I do not forgive them for the treatment they've given me, not like they'll apologize anyways they keep refusing to do so and acting like my trauma is nonexistent. Mostly manipulating me into believing my trauma just never happened from them. But that's besides the point.

To Karter - You are fucking weird with your parasocial ass when it comes to Beezeldud, someone had to say it but you are. Not to

mention how much you excuse your own behavior and defend those who aren't even better than you in behavior. It says alot about you.

To Charon - Two words, fuck you. I've had to deal with you invalidating my own disorder, grooming me, and making me believe that it never happened because you refuse to ever take accountability for ANYTHING. You are fucking awful.
