LIFETIME ACHIEVEMENT AWARD (NIGERIA)

DR. USMAN GAMBO ABDULLAHI,

**FANPA, MNCS, MBCS,
MACM, MCPN**

Dr. Usman Gambo Abdullahi is a distinguished IT professional and technology leader with extensive experience in Nigeria and the United Kingdom. He currently serves as Head of Information Technology Projects Clearance at NITDA and previously served as Director of Information Technology Infrastructure Solutions, where he coordinated major IT infrastructure, digital capacity building, innovation, and technology development initiatives across the country.

His decades of service, leadership, and contribution to Nigeria's technology sector make him deserving of the Lifetime Achievement Award. His work in coordinating major IT projects, supporting scholarships and capacity development, and contributing to innovation, research, and technology initiatives has made a meaningful impact on the development of Nigeria's digital ecosystem. The award honors not only his years of professional achievement, but also the enduring impact of his contributions to the growth of technology and digital capacity in Nigeria.

SPECIAL AWARDEES

BEST FEMALE LEADER IN DIGITAL & TECHNOLOGY (NIGERIA)

PROF. OLAYINKA DAVID WEST

DEAN, LAGOS BUSINESS SCHOOL, PAN-ATLANTIC UNIVERSITY

Prof. Olayinka David-West is Dean of Lagos Business School and a Professor of Information Systems with nearly three decades of experience spanning IT and financial services. Since 2015 she has led Sustainable and Inclusive Digital Financial Services (SIDFS) initiative, promoting research, capacity building and advocacy for financial inclusion and digital transformation in Nigeria.

A renowned advocate for inclusive finance and technology-driven business growth, she is widely recognised for her thought leadership in digital transformation and for mentoring the next generation of women in STEM and fintech. Her leadership at one of Africa's top business schools continues to shape digital leaders and accelerate Nigeria's inclusive digital economy.

PUBLIC SECTOR DIGITAL LEADER OF THE YEAR

DR. ABISOYE COKER-ODUSOKE

DIRECTOR-GENERAL/CEO, NATIONAL IDENTITY MANAGEMENT
COMMISSION (NIMC)

Engr. (Dr.) Abisoye Coker-Odusote is the Director-General and Chief Executive Officer of the National Identity Management Commission (NIMC). Under her leadership, the Commission has advanced digital identity services through expanded enrollment, improved identity verification systems, digital platforms, and stronger collaboration with government agencies.

Her leadership in strengthening Nigeria's national digital identity system and expanding access to identity services makes her a deserving recipient of the **Public Sector Digital Leader of the Year** award. Her efforts to improve service delivery, promote secure identity management, and integrate digital identity into public services demonstrate the important role of technology in building a more efficient and inclusive public sector.

CONFERENCE AND AWARDS NIGHT PHOTOGRAPHS 2025

SPECIAL AWARDEES

★ ICONIC LADIES IN BUSINESS & TECHNOLOGY AWARD ★

DR. OYENIKE ABIODUN ADELEKE

CONVENER, IBADAN ENTREPRENEURS NETWORK (IEN)

Dr. Oyenike Abiodun Adeleke is a business consultant, entrepreneur, and convener of the Ibadan Entrepreneurs Network (IEN). Through her leadership, she has supported entrepreneurs through business training, mentorship, networking, and initiatives that promote business growth and economic development in Ibadan and Oyo State.

Her commitment to empowering entrepreneurs and creating opportunities for business development makes her a deserving recipient of the **Iconic Ladies in Business and Technology Award**. Through IEN, she has helped build a supportive business community, encouraged collaboration, and promoted the use of digital platforms and technology to improve business visibility, learning, and growth.

★ DISTINGUISHED DIGITAL TRUST LEADER AWARD ★

PROF. OBADERE PETER ADEWALE

CO-FOUNDER, CHIEF VISIONARY
OFFICER & CEO, DIGITAL ENCODE LIMITED

Prof. Obadare Peter Adewale is the Founder and Chief Visionary Officer of Digital Encode Limited and a highly accomplished cybersecurity, digital trust, and GRC professional. He has over 66 international professional certifications and extensive expertise in cybersecurity, data protection, information security, IT governance, risk management, and compliance. He is also the First Professor of Practice in Cybersecurity at Miva Open University, Abuja.

His extensive expertise and contribution to cybersecurity and digital trust make him a deserving recipient of recognition. Through his professional engagements in Africa and globally, he has contributed to advancing cybersecurity, data protection, digital transformation, and responsible technology practices, making a significant impact in the digital technology space.

SPECIAL AWARDEES

★ VISIONARY LEADER IN TECHNOLOGY & BUSINESS ★

DANIEL AWE

GROUP HEAD, AFRICA FINTECH FOUNDRY (AFF)

Daniel Awe is the Group Head of Africa Fintech Foundry, with over 17 years of experience in digital payments, technology strategy, and innovation. He has played key roles in developing electronic payment solutions and advancing digital banking transformation within Nigeria's financial sector.

His leadership in promoting fintech innovation and supporting emerging businesses makes him a deserving recipient of the Visionary Leader in Technology and Business award. Through Africa Fintech Foundry's initiatives to mentor and accelerate startups, he contributes to nurturing innovative ideas, supporting entrepreneurship, and advancing Africa's fintech ecosystem.

OLAYEMI POPOOLA

GROUP MANAGING DIRECTOR/CEO, RELIANCE INFOSYSTEMS

Olayemi Popoola is the Group Chief Executive Officer of Reliance Infosystems Group, a technology company with business operations across Africa and other international markets. With a background in electrical and electronic engineering, he has built extensive experience in information technology, telecommunications infrastructure, and business leadership.

His leadership in expanding technology-driven business solutions and supporting digital transformation makes him a strong fit for the Visionary Leader in Technology and Business recognition. Through his work in technology, infrastructure development, and business innovation, he contributes to helping organisations and communities use technology to drive growth and create sustainable opportunities.

SPECIAL AWARDEES

★ VISIONARY LEADER IN TECHNOLOGY & BUSINESS ★

KAYOWA OGUNRINDE

CLUSTER HEAD, LOGITECH WEST AFRICA

Kayowa Ogunrinde is an experienced business and technology leader serving as Cluster Head for West Africa at Logitech. He has extensive experience in business development, sales, marketing, and regional market expansion, with a focus on growing business operations across Nigeria, Ghana, and Côte d'Ivoire. His strategic leadership and contribution to expanding Logitech's presence in West Africa make him a deserving recipient of the **Visionary Leader in Technology & Business award**. His work in building business partnerships, strengthening distribution networks, and driving market growth reflects his commitment to advancing technology and creating business opportunities across the region.

★ EXCELLENCE IN DIGITAL INFRASTRUCTURE & TRANSFORMATION ★

TAIWO ALUKO

CHIEF INFORMATION OFFICER, STERLING BANK PLC.

Taiwo Aluko is the Chief Information Officer of Sterling Bank Plc, where he plays a key role in the bank's information technology operations and digital infrastructure. He has also contributed to discussions on the role of technology and innovation in driving business growth and creating opportunities for young people in Africa.

His leadership in information technology and commitment to leveraging digital solutions for business development make him a worthy recipient of the **Excellence in Digital Infrastructure & Transformation Award**. His work reflects the importance of reliable technology infrastructure and innovation in strengthening banking operations, improving service delivery, and supporting digital transformation in Nigeria's financial sector.

SPECIAL AWARDEES

★ EXCELLENCE IN DIGITAL & TECHNOLOGY LEADERSHIP AWARD ★

DR. RASHEED OLU-AJAYI

DIRECTOR, ICT, LAGOS STATE INTERNAL REVENUE SERVICE (LIRS)

Dr. Rasheed Olu-Ajayi is an experienced technology professional who leads digital and ICT initiatives at the Lagos State Internal Revenue Service. He has contributed to the digitalisation and automation of tax administration processes, including electronic tax filing, payment, assessment, and taxpayer services.

His leadership in leveraging technology to improve revenue administration, transparency, accountability, and taxpayer convenience makes him a deserving recipient of the **Excellence in Digital and Technology Leadership Award**. His contributions to modernising tax processes demonstrate the important role of digital innovation in improving public service delivery and supporting Lagos State's revenue generation.

★ EXCELLENCE IN STRATEGIC MEDIA LEADERSHIP ★

VICTORIA A. AJAYI

GROUP MANAGING DIRECTOR & CEO, TVC COMMUNICATIONS

Victoria is a seasoned business executive and currently the Group Managing Director/CEO at TVC Communications. A media conglomerate which captures an audience of approx. 30 million people daily. She has extensive governance and boardroom experience as she currently serves as Chairman of Audit Committee of A.C.C.A. She also Chairs the Audit & Risk Committee of a financial institution amongst other board roles. Victoria is an Investor, a Board Advisor, a Mentor to many rising female leaders, a keen AI Proponent that spearheaded the deployment of AI News Anchors which delivers news in four indigenous Nigerian languages (first of its kind in Sub-Saharan Africa), and the Author of the timeless book, *The Precision-Led Woman-A definitive guide to landing leadership positions*. She has been recognised as one of the Top 100 Career Women in Nigeria, and one of the 65 Women Making Impact in Nigeria. She is a member of the Institute of Directors and The Society for Corporate Governance, Nigeria. She is also an alumnus of; Executive Programmes at Cambridge Judge Business School & Harvard Business School.

BEST YOUTH DIGITAL BANKING INNOVATION AWARD - ALAT XPLORE

Wema Bank continues to set new standards in youth-focused financial services with ALAT Xplore, an innovative platform created to introduce teenagers to banking in a simple, engaging, and responsible way. By bringing together digital payments, savings, financial education, and parental involvement, the platform addresses the unique financial needs of today's younger generation.

With a strong focus on early financial literacy and digital inclusion, Wema Bank is helping young Nigerians build practical money-management skills while becoming more comfortable with formal financial services. ALAT Xplore reflects the bank's commitment to innovation and its vision of creating a more financially empowered generation.

CYBERSECURITY EXCELLENCE AWARD

Digital Encode Limited has demonstrated exceptional leadership and impact in the field of cybersecurity, helping organizations strengthen their digital infrastructure and protect critical information from evolving cyber threats. Through its expertise in cybersecurity, risk management, compliance, and technology assurance, the company has consistently contributed to building safer and more resilient digital environments.

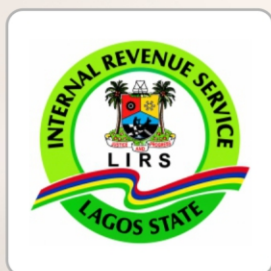

Its commitment to innovation, professional excellence, and cybersecurity awareness has positioned Digital Encode Limited as a trusted contributor to Africa's growing digital security ecosystem. Through its solutions and expertise, the company continues to empower organizations to manage cyber risks effectively, safeguard valuable data, and build greater confidence in the digital economy.

BEST INNOVATION IN PUBLIC DIGITAL SERVICES AWARD

NIMC has played a significant role in advancing Nigeria's digital public infrastructure by modernizing identity management and making access to essential identity services more efficient and technology-driven. Its use of digital platforms and biometric technology has helped improve the way citizens interact with national identity services.

Through its continued focus on digital transformation and service accessibility, NIMC is contributing to a more connected and efficient public service system. Its efforts reflect the growing importance of technology in delivering reliable government services and strengthening Nigeria's digital ecosystem.

EXCELLENCE IN REVENUE INNOVATION & DIGITAL TRANSFORMATION AWARD

LIRS has embraced technology and innovative approaches to modernize revenue administration, making tax-related processes more efficient, accessible, and convenient for taxpayers. Through the adoption of digital platforms and improved service delivery, the agency has strengthened the way revenue services are managed and accessed.

Its continued investment in digital transformation is helping create a more transparent, efficient, and user-friendly tax environment across Lagos State. These efforts reflect LIRS's commitment to leveraging innovation to improve revenue administration while delivering better experiences for taxpayers.

CORPORATE AWARDEES

DISTINGUISHED AWARD FOR DIGITAL TRANSFORMATION IN AVIATION

The Nigeria Civil Aviation Authority (NCAA) continues to advance the modernisation of Nigeria's aviation industry through technology-driven regulatory processes and digital innovation. Through initiatives such as the EMPIC digital licensing and medical certification system and the Safety Management System Pro platform, the authority is improving regulatory efficiency, strengthening aviation safety oversight, and enhancing the management of critical aviation information. These initiatives reflect its commitment to building a more efficient, transparent, and technology-driven aviation regulatory system. With a strong focus on aviation safety, operational efficiency, and digital innovation, the NCAA is contributing to a more modern and responsive aviation sector in Nigeria. Its efforts to digitise licensing processes, improve safety data management, and strengthen regulatory oversight demonstrate a commitment to adopting technology to address industry challenges. These achievements reflect the authority's dedication to innovation and its vision of a safer, more efficient, and digitally advanced aviation industry.

RESPONSIBLE AI & INTELLIGENT FINANCE AWARD

FCMB has taken meaningful steps in applying artificial intelligence and intelligent financial technologies to improve banking services, strengthen decision-making, and create more personalized customer experiences. Its approach to responsible AI reflects an understanding of the importance of using emerging technology in ways that deliver value while maintaining customer trust.

Through its focus on digital innovation and smarter financial solutions, FCMB is contributing to the evolution of modern banking. The institution's efforts demonstrate a commitment to using technology responsibly to improve efficiency, accessibility, and the overall quality of financial services.

EXCELLENCE IN TRAVEL TECHNOLOGY & DIGITAL TRANSFORMATION AWARD

Sabre has demonstrated outstanding innovation and leadership in travel technology, providing advanced digital solutions that help airlines, travel agencies, and other industry stakeholders operate more efficiently. Through its technology platforms, Sabre supports travel distribution, reservation management, and the delivery of seamless travel experiences, helping businesses adapt to the evolving demands of the global travel industry.

Through its continued investment in digital innovation, data-driven solutions, and modern travel technologies, Sabre is helping transform how travel businesses connect with customers and manage operations. Its commitment to technological advancement, operational excellence, and improved customer experiences positions the company as a leading contributor to the digital transformation of the travel industry, making it a deserving recipient of this recognition.
