Covid-19 Protocols Update

As salamu Alaikum Community Members,

After meeting with the ISGH Health Task Force on Oct 19th and receiving feedback from the community, the ISGH Shura met in our regularly scheduled October meeting and approved the following changes to the COVID-19 guidelines to be followed inside our Centers:

- **Wearing of masks will continue to be mandatory inside all ISGH centers.** The mask should cover both the nose and mouth at all times while inside the Masjid premises.
- **For Vaccinated Community members:** All restrictions inside the Centers related to distancing and prayer rugs will now be relaxed. Community members who are vaccinated can start praying next to each other and do not require prayer rugs.
- There will be a space designated for community members who are not vaccinated. (space may vary based on each center)
- Any community member who is not comfortable praying next to another can pray at a distance in these designated areas.

The health and safety of our community is the paramount concern of all the Shura members and the Health taskforce. Please stay at home if you feel sick or are exhibiting any related symptoms. We need everyone's cooperation in maintaining a safe place to come and worship. Thank you for being vigilant in following these guidelines.

Jazakallah Khair.

ISGH Shura
