remember that time you got destroyed in a debate with truthdefender? and then you had a tantrum and spammed defamation threads and harassment pins at us ever since?

why do you run defense for pedophiles so much?

i had to ban your ass after you tried posting a picture of a real child at my face

like here, here's a time when you fought tooth and nail to defend pedos:

remember this time @My10thaccount (https://voat.co/u/My10thaccount) called you a "fucking pathetic pedophile sympathizer who should be disgusted by this and is a shitty human being"?

remember this time @PatriotLady1 (https://voat.co/u/PatriotLady1) told you for your pedophile defense "you should be shot on sight. how's that for 1st amendment"?

remember that time you made a bunch of threads trying to frame us as pedophiles?
