US CORPORATION Extorts Thai Gold and Cheats Chinese Kings to Buy Time

[Part 1 translated by [max](#) / Part 2 by [Anti-Illuminati TV](#)]

UNITED STATES OF AMERICA CORPORATION has managed to avoid default by blackmailing Thai royalty with gold and coaxing Chinese kings to hand over some of their gold. This ruse will not go unpunished, however, and the corporation will still be liquidated, according to multiple intelligence sources. This is a mathematical certainty. As one commentator notes, " *You can't borrow*

7.3% of GDP from now to forever and get away with it. "

A member of the Dragon family says Taiwan-based Chinese kings have been duped by a fake King Charles, who has promised to "fund massive humanitarian projects" and has also offered huge bribes. However, the Khazarian mafia did not keep their promises once they received the money. The Dragon family now say they did not approve of the deal and promised to take "certain countermeasures".

Also, the Thai king, who is being held hostage in Germany, has been forced to trade gold belonging to the Thai people for worthless US Treasury bonds, Thai royal sources said. The fact that his eldest daughter has been in an induced coma since January probably had something to do with the blackmail.

Moreover, on the day the US "debt ceiling" was announced, Chinese official news channels bragged about the promises they made from their American debt slaves.

Xinhua announced, "The RCEP (Regional Comprehensive Economic Partnership) agreement came into force on Friday...for all 15 members."

This means that the KM has "handed over" control of

former US allies such as ASEAN, Japan, South Korea, Australia and New Zealand to the Chinese.

This is a typical KM scam that sells gullible buyers things they don't own.

On the same day, the Rockefeller-controlled think tank Brookings Institution released a report calling for greater integration of the US and Chinese economies.

Translation: "We will cede control of the US to China."

<https://english.news.cn/20230602/727253f3eaf5443197537cd685d3fa76/c.html>

We also note that just as various defense ministers were meeting in Singapore for a conference, an incident was

staged in which a US warship blinked and made evasive maneuvers to avoid a Chinese warship crossing its path in the Taiwan Straits blocked. This was a public sign that the US is unwilling to wage a war over Taiwan, according to Japanese military sources.

With all of this in mind, we asked various intelligence sources for the rationale as to why US Corporation was allowed to continue.

Japanese right-wingers linked to the Emperor say they have been promised that President Donald Trump would officially succeed Rockefeller puppet Joe Biden in late June or early July.

We've heard this story before. We were last told he was taking over in March. So, don't believe it until you actually see it.

Next, the P3 Freemasons came up with their own backstory. Said:

"Elon Musk is in China, not calling for Taiwan independence, building factories and companies in the PRC, and supporting equal cooperation with the Communist Party. These actions suggest that sensitive forces are preparing Musk for the presidency of the United States , when the elders in Washington are going to die. And that could happen very soon since we're all in our 80's."

For their part, the CIA sources say: "Janet Yellen (the Treasury Department) is issuing up to \$1 trillion in T-Bills (*US Treasury Notes with maturities of up to one year.*) and will flood the market with it. This is nothing more than a shift of counterfeit, computer-generated money from one page of the ledger to the other. This will definitely backfire as it will drain liquidity from the financial markets."

No matter what promises these snakes have made, we are sure that they will break them as soon as they get the chance.

For example, according to MI6, they still plan to launch an all-out nuclear war before the fake Biden's term ends in January 2025 and the new money runs out.

Next we find that as soon as the money was available, the false US government passed a budget that included unlimited funding for Ukraine. As Russian Ambassador to the United States Anatoly Antonov puts it: "The new US 'security package' ... is effectively facilitating the rotten regime in Kiev."

Ukraine is the world capital of money laundering, human trafficking and organ harvesting. "On April 14, 2022, the Ukrainian Parliament passed Law 5610, which allows Ukraine to export organs abroad. This law was pushed by former Minister of Health Uljana Suprun and allows

hospitals, prisons, military units and orphanages to export their organs entrusted persons without their consent," according to Polish intelligence sources.

We also note that three quarters of the arms shipped to Ukraine are sold on the international black market. For example, here is a Mexican cartel member carrying a US-made Javelin anti-tank missile that Mexicans say was traded for drugs.

<https://www.milenio.com/policia/carteles-se-preparan-para-una-guerra-tienen-lanzacohetes-militares>

Of course, the arms-for-drugs trade is nothing new to US INC.

The Chinese embassy in Mexico, for its part, claims that the fentanyl precursors that the US has accused it of selling to Mexico actually come from the EU (ie Ukraine).

Needless to say, the white hats are not taking this for

granted. A series of crisis meetings were held in Canada, China, Japan, the US and elsewhere to press ahead with the arrests of Khazarian mafia leaders.

For example, Google's Mexican offices and neighboring United Nations offices were evacuated last week following a "bomb threat." Mexican government sources say it was an operation against the Rockefeller/Biden regime.

In Canada, a military tribunal presented ample evidence last weekend of the KM-controlled Canadian government's vaccine and COVID-19 crimes. The military police are now acting on the evidence, tribunal sources said.

In China, Ukrainian peace envoy Li Hui, who has just visited Kiev, Warsaw, Berlin, Paris and Brussels, says: "Russia has the right under international law to conduct its special military operation against the Ukrainian 'integral nationalists'."

Even as the Chinese publicly refuse to meet with fake Rockefeller Secretary of Defense Lloyd Austin, Defense Department spokesman Tan Kefei says, "Military contact

and exchanges between the both countries has never been suspended." In other words, the Chinese military (unlike some CCP officials) is working with the US white men, not the Rockefellers.

<https://english.news.cn/20230531/5bad69cb4549408c81449cec51d7b9fa/c.html>

In Japan, the right also held an emergency meeting to challenge the KM's promise to hand over control of the country to the Chinese Communist Party. Japanese military and police prosecutors are now investigating the use of fake PCR tests by the puppet regime to inoculate the population with dangerous substances. You have already been informed that research journals have withdrawn well over 800 articles on COVID-19 for being fake.

The military is now demanding the removal of the fraudulently installed vaccinating LDP puppet regime. There's a lot more that we can't talk about for operational security reasons.

However, we note that North Korean leader Kim Jo Jong has accused the UN of acting as a "political appendage" of the United States.

<https://www.dw.com/en/north-korea-bitterly-condemns-un-talks-on-satellite-launch/a-65818445>

The reports on North Korea's admission to the board of

the private WHO (World Health Organization) are only a failed attempt at appeasement, North Korean sources add.

In the US, too, the military are becoming active and are aware that Joe Biden is "just the front man who is being handed the script... the real question is how much longer [the American people] will put up with it They violate the Constitution, you can't just push a button and create money," says Colonel Douglas MacGregor.

In a clear sign of white military action, 24 Republican governors have announced the deployment of National Guard troops to support Texas Gov. Greg Abbott's border security efforts.

<https://www.zerohedge.com/political/virginia-west-virginia-governors-sending-national-guard-troops-texas-border>

One reason the troops are being deployed is that the US Department of Health and Human Services for the "sponsorship" of unaccompanied minors has paid an incredible \$18,000 per child. The children were placed with abusive "sponsors" and up to 85,000 "sponsored" children are missing.

<https://www.openthebooks.com/substack-us-spent-13-billion-sponsoring-unaccompanied-minor-children-at-the-border-since-2012/>

The US also needs martial law because the social order

is crumbling: "Retail theft has increased tenfold in the last five years," which is "no understatement," while violence has "increased exponentially." Ira Kress, CEO of Giant Food, says. "We have the police come to our stores...they take the information and record it"... "But nothing is really being done because there have been two murders, a bank robbery and two shootings. So it turns out the Ask what to focus their time and attention on," said Chris Torossian, former manager in the Bakery Division.

<https://www.zerohedge.com/political/major-grocery-chain-struggles-survive-amid-wave-thefts>

If the government isn't even able to protect the retail outlets, it's inoperable and the military has to step in.

In case you haven't figured it out yet, the various trials in Washington DC of contempt of Congress by Hunter Biden, the FBI and others are "nothing more than a circus show for the sheep," according to CIA sources.

🚨 BREAKING 🚨

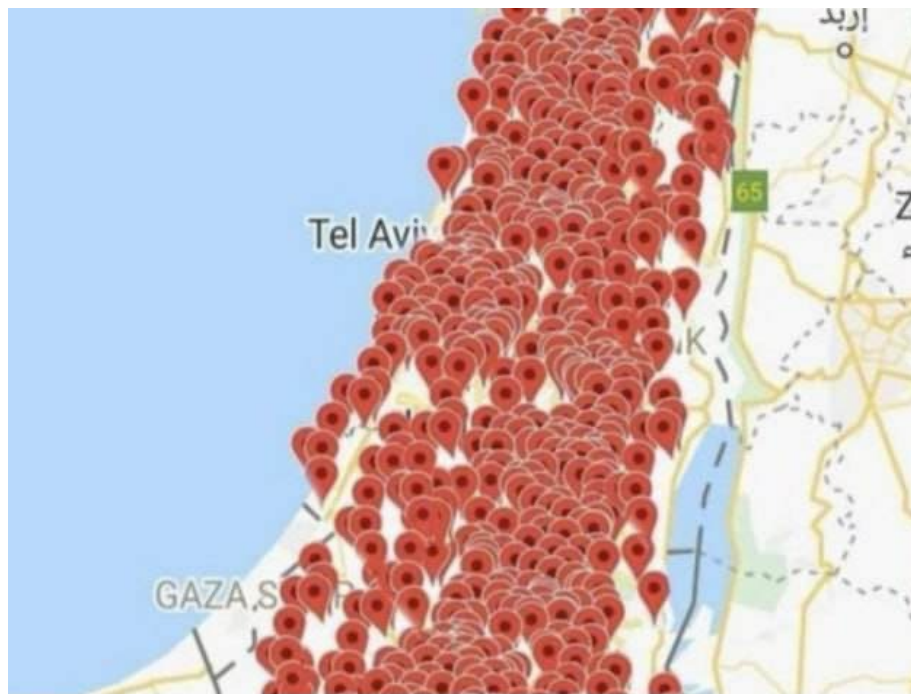

FBI Director Wray has confirmed the existence of the FD-1023 form alleging then-Vice President Biden engaged in a criminal bribery scheme with a foreign national.

He's allowing this unclassified record to be reviewed at the FBI but hasn't produced it to committee.

If the FBI fails to hand over the FD-1023 form as required by the subpoena, [@RepJamesComer](#) will begin contempt of Congress

To confirm it's on show, here's another example of Biden's mask not working.

Then, in June, there is a corporate pedophilia mass advertisement disguised as "Pride".

If that's not enough to justify military action, consider what else the pharmaceutical industry is up to.

The detailed video below describes how Pfizer and its partners hijacked the governments of Brazil and Argentina. The US "government" didn't need to hijack them because they already own them.

They want to link this to central bank digital currencies. Take a look at this letter shared by someone who

received it for their Coles Mastercard last week. If you read through the gibberish, you'll see that if you try to conduct transactions that run counter to the goals of the UN Sustainable Development Agenda, such as: B. Trying to buy meat or more than three items of clothing per year. "A lot of people still don't understand what CBDCs really mean for the future. It's a digital prison; forever," comments a Mossad source.

Brendan Murphy, Australia's former Chief Medical Officer and current Secretary of Health, has finally admitted that vaccination requirements "are no longer justified".

Westerners also have to thank the Russians for helping end the so-called "pandemic."

Igor Kirillov, head of the Radiological, Chemical and Biological Defense Force (RCBD), says the US is actively setting up biolabs near the borders of its geopolitical opponents and studying "economically significant infections" there outside of domestic jurisdiction. That is one reason why they acted against Ukraine.

Did you notice that the Covid variants stopped when Russia started tracking Biolabs? Omicron was declared a questionable variant on November 26, 2021.

On February 24, 2022, Russia began neutralizing US biolabs in Ukraine. Since then no more variants. Is that a coincidence?

<https://www.who.int/news-room/feature-stories/detail/one-year-since-the-emergence-of-omicron>

The Ukrainians are also taking action now. The Ukrainian State Bureau of Investigation is investigating Vladimir Zelensky for "high treason". This happened after the Pechersk district court in Kyiv opened a criminal case "against Vladimir Zelensky himself, the head of the Presidential Office Andriy Yermak, his deputy Roman Maskhovets, as well as ex-Chairman of the SBU Ivan Bakanov and former Deputy Secretary of the National Security and Defense Council Ruslan Demchenko" had

opened. They are charged with actions that led to the deaths of tens of thousands of Ukrainians.

<https://scotlandtoday.>

No wonder Zelensky's entire body twitched strangely during a meeting with Britain's Sunak in Moldova. This is likely due to fear of returning to Kiev and coke withdrawal symptoms.

In Israel, the army refuses to take action against those who have surrounded Crime Minister Benjamin Netanyahu's home. "Anyone with eyes can see the Khazerians exchanged Netanyahu for a very evil human being! He's gone but his actor is here & the people want him gone!" tweeted an Israeli patriot.

Most of the world is also acting to liberate the KM-occupied West. BRICS is no longer an "alternative" but strongly supports the reform of the UN Security Council to build a more equitable, inclusive and open international architecture with sustainable development at its core," said Indian Foreign Minister Subrahmanyam Jaishankar.

This is more than just talk Iran, Russia, Oman, Saudi Arabia, the United Arab Emirates, Qatar, Bahrain, Iraq, Pakistan and India have agreed to form a naval alliance to work together to ensure security in the northern Indian

Ocean, according to Iranian military sources.

Because of this, the UAE has decided to withdraw from the US-led international naval force in the region. A number of important cooperation agreements have also been reached in the past

between Iran, Iraq, Russia and China. Iran, Iraq and Saudi Arabia: "They are part of this new global alliance," writes oilprice.com.

OPEC excluded Reuters, Bloomberg, the Wall Street Journal and Dow Jones from the Vienna meeting, where it announced a production cut of one million barrels a day. The ban was ordered by Saudi Arabia, which considers these reporters to be nothing more than Rockefeller agents. The fact that the Rothschild-controlled Financial Times was authorized speaks volumes. It is suspected that the production cuts will be concentrated in fields owned by the Rockefellers.

In addition, the leaders of Armenia and Azerbaijan signed an agreement on mutual recognition in Moscow last

week. This means that KM's attempt to incorporate the region into its planned Greater Khazaria has been halted. One of the key figures behind the failure of the KM plot in the region, Turkish President Recep Erdogan (now represented by an avatar) showed whose side he is on by canceling his expected participation in a European summit.

Erdoğan pulls out of European summit

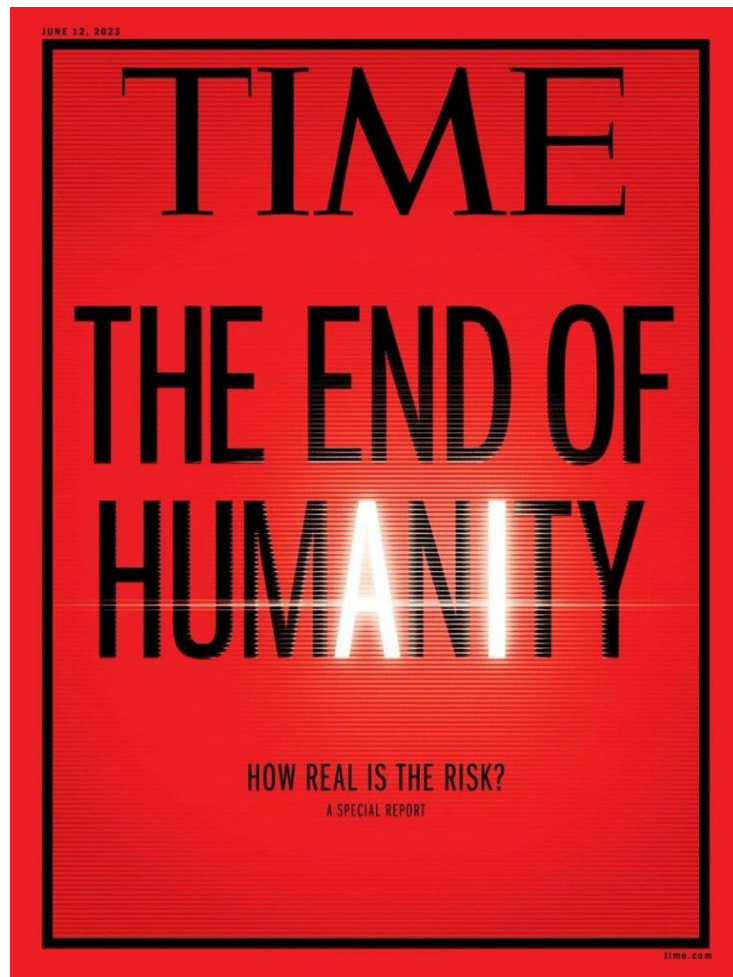

The Turkish leader, who won reelection Sunday, was expected to attend the meeting, which is meant as a show of solidarity against Russia.

Despite all of this, members of the fake Biden cabinet are desperate to deny reality. For example, see Rockefeller slave Anthony Blinken telling outrageous lies about the situation in Ukraine.

An NSA source comments: "The last NAZI broadcast in March 1945 showed that the NAZIs were victorious on all fronts: sinking US battleships, destroying Russian tanks,

etc. Six weeks later came the NAZI surrender. So here we are. .. Bank failures, the CBDC being hatched, dozens of things and a crumbling financial system...."

The big question, of course, is whether all of this will unnerve the secret space force created by the white hat Nazis.

This news suggests that may be the case:

"In an important move, the Space Force chooses Florida's Space Coast as its STARCOM training center."
