

What is a Background Report?

Arrest Records

An arrest usually occurs when a law enforcement officer is investigating or trying to prevent a crime, detaining someone and depriving them of their liberty. Arrests may occur during a traffic stop, for example, or as a result of an arrest warrant issued for a person of interest. An arrest does not mean a person has been convicted of a crime, however. This only means they may have been detained by police or another officer at some point in time. Criminal/Traffic Records

Criminal offenses are those which result in a conviction in the court of law and a sentence of jail time and/or fines. Misdemeanor crimes result in up to one year in jail; felonies carry sentences longer than one year.

Traffic offenses can include anything from tickets for speeding to driving under the influence. Moving violations are very minor, but a criminal offense such as a DUI means that person has been convicted in court and provided a sentence. Other major traffic violations include reckless driving and driving with a suspended/revoked license. We do not guarantee that the information provided below is accurate, complete, or related to the individual searched.

Bankruptcies, Liens & Judgments

This section of the report will contain bankruptcy filings, legal judgements, property & tax liens. There are many types of bankruptcies but the two most common consist of liquidation (chapter 7) or reorganization (chapter 13). A legal judgment is a decision by the court that resolves an issue and decides the rights and obligations of any parties involved. A lien is a form of security interest granted over an item of property to secure the payment of a debt or performance of some other obligation.
